THE moon last Sunday night; the Republican party next November.

WE have not seen the joint appointments of Fowle and Dockery. Have you?

WHITE gets five years hard labor on public roads, Cross six. Terrible experience in banking.

THE English Chinese puzzle and the American Chinese conundrum. Puzzle how to make the Chinaman pay a hundred pounds poll tax—the conundrum how to regulate the tariff on rats.

BELVA LOCKWOOD, the Equal Rights candidate for President, says that she has "stripped for the fight." We hope that's a mistake. She had better put on bathing costume and take water.

Is there any more room on board the Democratic ship, the Constitution, commanded by Grover Cleveland? Yes; all aboard! "She has landed many thousands and can land as many more O—!"

MR. NUNN is not in the office just now and his associate editor takes occasion to say with Fowle Governor, Simmons in Congress and Nunn in the Senate there is a bright future for Eastern North Carolina.

MICHIGAN Democrats have fused with the Greenbackers and Labor Unionists on the basis of giving Cleveland and Thurman ten electoral votes, and the Labor-Unionists candidates three electoral votes. Upon this the Democrats base hope of carrying the State.

NEVER before was any question of public policy so thoroughly discussed as was the Mills bill that passed the House last Saturday. Twenty-three days and eight evening sessions were given up to its consideration, and one hundred and fifty-four set speeches made upon it.

It is said that Mr. Dockery failed to meet Judge Fowle in Raleigh for the purpose of arranging for a joint discussion, but that Mr. Walker appeared for that purpose. Correct. When the Captain is absent the Lieutenant acts for him.

The window glass manufacturers are disgruntled at the passage of the Mills bill, and are growing like hyenas. These gentlemen tax the sunlight in the people's homes from 68 to 108 per cent on every pane of glass that goes into a window. Many of them have become millionaires while the wages of

their workmen is 60 per cent less than they were in 1860.

COL. FULLER in his speech before the jury in the White-Cross case intimated that there was some one else more guilty than they, but the fact had been concealed from the jury. Why not unravel the whole business? Let no guilty man escape.

REPORTS from Illinois are of the most encouraging nature. A correspondent from McHenry county gives the names of twenty-five Norwegians who have hitherto been Republicans and who have declared their intention of voting the Democratic ticket this year. A report from Will county gives the names of forty-six Republicans in one town who have left the party since the Chicago convention. And so it goes all over the State.

JUDGE FULLER is now Chief Justice. Republicans put off confirmation as long as they could. The people became indignant at the betrayal of public trusts, by the Senate, for party purposes. Hale and Fry, of Maine, voted for confirmation, and it is believed they did it at the suggestion of Blaine who saw that the people would not tolerate the longer dismemberment of the Supreme court.

A REPUBLICAN paper created a sensation by publishing that Col. Lamont's house had been robbed and important papers taken including a carefully prepared list of the voters of New York. Now, considering the fact that a Republican paper made the statement, it is remarkably accurate. Colonel Lamont has a house; no robbery has occurred, no papers were lost, no list of the voters of New York was ever in Colonel Lamont's house. One truth to only three lies is pretty good for a Republican.

LOCAL NEWS.

The schooner Melvin, Capt. Howland, sailed for Jordan's creek yesterday evening to load lumber for Atlantic City.

Lumber is being collected on the lot adjoining Major Hughes' residence for a new residence for Mrs. Windley, who recently purchased the lot.

Many of our people were up till past midnight on Sunday night watching the moon. It was a beautiful night, and the eclipse was an interesting sight.

Cottage prayer meeting under the auspices of the Y. M. C. A. tonight at the residence of Mrs. M. F. Perry, corner of Johnston and Hancock streets at 8 o'clock.

A large audience attended the Baptist church on Sunday night. The pastor, Rev. H. W. Battle, though suffering much from neuralgia, gave them a fine sermon on the temptations of our Lord in the Wilderness.

J. E. Peterson & Co.'s excursion train for Morehead City will pass New Bern at 1 p. m. today and return on Thursday at 11 a. m. Fare for round trip, fifty cents. A pleasant trip with a forty hours' stay at Morehead is now offered at a very small cost.

Rev. B. F. Marable had a large audience at the Presbyterian church last Sunday; and he gave them a good sermon. He answered the question that puzzled Job, and one that is, perhaps, asked every day, "Why do the wicked live?" His answer was satisfactory to the audience. The sermon was one of logical force, such as usually falls from the lips of this able minister of the Gospel.

Col. W. H. Owens, civil engineer of the war department, left yesterday morning for Washington City. He has been in the city a few days making a survey of the proposed road to the national cemetery. He also visited Col. John N. Whitford's plantation, in lower Jones county, and examined the shell rock which abounds along Trent river, and pronounced it suitable for the purpose of building the road.

A letter from Pollockville proposing a gentleman's name for Senator of the ninth district, does not contain the name of the writer. If we were to publish it and the gentleman whose name is suggested for the nomination should feel offended and demand the name of the author we could not furnish it. We will publish the announcement with pleasure if the name of the author is sent us.

Steamer Movements.

The Eaglet of the E. C. D. line sailed yesterday afternoon with cargo of truck, lumber and general merchandise. The Vesper of this line will sail tomorrow afternoon at 4 o'clock.

The Newberns of the O. D. line sails today at 12 o'clock noon. The Manteo will arrive tonight.

Fatal Accident to a Horse.

A valuable mare belonging to our county man, Daniel Lane, Esq., was killed yesterday in a singular way. Mr. Lane's daughter and Mrs. Joseph Richardson drove the animal to the city and on their return when near Mr. E. B. Cox's plantation, she stepped on one end of a crooked stick of wood that had fallen from some cart or wagon and the other end flew up coming in contact with the animal, entering the bowels and producing death in a short time.

It is a severe loss to Mr. Lane who is an industrious and successful farmer.

Dime Party.

There will be a dime party next Wednesday evening, given by the Aid Society of the Baptist Church, in the vacant store-room near A. M. Baker's store. The beef of ice cream and cake, and all the luxuries of the season, will be furnished by the prettiest and best ladies in the world. A young man of economical turn can get along very well on twenty-five cents, while capitalists will have an opportunity for profitable investments. This is leap year, you know, and New Bern is capable of making the best offers in the State.

Our Next Fair.

The work of repairing the Griffin building and grounds recently purchased by the Fair Association is going forward. The stockholders of the Association will hold a meeting on the 1st day of August, when the time for holding the Fair will be discussed and probably settled upon. In the meantime we wish to remind our farmers that liberal premiums will be offered for exhibits of farm products, and they ought to look out while gathering their crops this fall and arrange for a good exhibit. The farmers had but short notice for our first Fair, but they made a very creditable exhibit. With timely notice this year we expect them to excel in their department.

Serious Affray at Kinston.

Parties arriving from Kinston last night state that a serious affray occurred there yesterday evening pending a trial before Justice S. H. Rountree, in which Chas. H. Brown, Esq. struck Mr. J. C. Kennedy a serious blow on the head with a hickory stick.

It appears that Mr. Kennedy was a witness in the case on trial, and Mr. Brown, who was engaged as an attorney, while addressing the court on the merits of the case made some allusion to Mr. Kennedy, who interrupted him and asked that he confine himself to the evidence. Whereupon Mr. Brown raised a hickory stick and struck Mr. Kennedy a violent blow across the head. At last accounts Mr. Kennedy was not doing so well as his friends at first expected. The court sent Mr. Brown to jail for thirty days for contempt.

Personal.

Mr. H. S. Gracy of Beech Grove was in the city yesterday and reports crops looking well.

L. J. Moore, Esq. and family left for Beaufort last night to remain the balance of the summer.

Miss Nellie Walker has returned from Morehead City.

Miss Mary Bryan left for Morehead City yesterday evening.

Capt. Killey E. Terry of Stella is in the city.

C. C. Green, Esq., of Trenton, is in the city. He reports crops good in some sections of Jones, but only fair in others.

Mr. Joshua Dean of Pamlico county arrived yesterday evening and brings good reports from the crops.

Captain John Dunn gives notice of special practice by the Craven County Gun Club. A team is to be selected for the shooting tournament at Morehead City, and it is important that all turn out in order that a good selection can be made.

Shooting Practices.

Special practices of the Gun Club this evening at 5 o'clock and tomorrow evening at 5 o'clock, to select a team to shoot at the tournament at Morehead City, commencing July 31st. A full representation of the Club is expected to take part in these practices.
JOHN DUNN, Captain.

ADVICE TO MOTHERS.

Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle. War 13 dist.

STATE NEWS CONDENSED.

Charlotte Chronicle: Thirteen killed and thirty-seven wounded is the correct report of the casualties of the recent wreck on the Virginia main land.

Wilmington Review: It seems that everybody and his wife and sweethearts went to the sound last night. There were large crowds at Manning's and Stockley's, and dancing in the pavilions at both places.

Winston-Salem Sentinel: It is estimated there are at least 19,000 people here to witness the execution of William Houston. The Grand Commandery of Knight Templars will hold its annual convocation in the Asylum of Piedmont Commandery No. 6 at Winston, commencing August 1st, 1888, at 8 o'clock p. m.—The Salem Home was dedicated on July 10th.

Elizabeth City News: The talk among the Democrats hereabouts is mostly for Skinner for Congress. So far no Republican has been prominently mentioned for the office. Large colored posters announcing Elizabeth City Fair on 15th, 17th and 18th of October. What we know about farming would be of little service to anybody, but in riding through the county this week we were convinced that if more fruits and trucks were raised and less corn and cotton the country people would be better off.

Rockingham Rocker: Machinery for the San Christian gold mine continues to arrive by the car load. There is lots of money in that mine, but whether it will ever repay the outlay is very doubtful. Leadbetter Bros. will build a large brick warehouse west of depot.

Rockingham was rather slow to catch on the Cleveland boom, but when she started she went with a rush. In this immediate section (mine) have been abundant and prices are very fine. Mr. James T. Grand will not have to try any new mine. Recently he got seventy tons of silver and thirty-five off forty acres of land at one mowing. The Baptists have had a glorious revival at Roberson during the past two weeks. They have had 30 or 40 accessions to the church. The people of Montgomery need a railroad and ought to have one. There is lots of valuable turpentine and land in the county that are as good as any.

All the Way from Japan.
MR. A. K. HAWKINS—Dear Sir: I am much pleased with the pantoscopic glasses you so perfectly adapted to my eyes, with them I am enabled to read, as in my youth, the finest print with the greatest ease. I cheerfully recommend them to the public. Respectfully,
E. B. HUBBARD.

Ex-Gov. of Texas, Minister to Japan. All eyes fitted and fit guaranteed by F. S. DUFFY, New Bern, N. C. 1881

Jones County Items.

Crops are needing rain in our county.

Some of the public schools have opened in our county.

Died, very suddenly in Beaver Creek township, on the 9th of July, Mr. William R. DeBruhl, aged about 65 years. Mr. DeBruhl was an honest, industrious, hard working man, leaving a widow and several children with many friends and relatives to mourn his demise.

We are now passing through the dull season between finishing up the crop and fodder saving time, the dulllest time of the whole year. Farmers are saving the dimes to pay for saving their fodder, while many of the laborers are negotiating terms with farmers and merchants for rations during this dull interval. All the willing workers succeed in getting very fair terms.

Charles Pollock, colored, while rafting some timber at Trenton on Saturday last, came near being killed by three large logs rolling down a steep bank and passing over his body. Dr. Woody attended him and says that his thigh was broken just above the knee, but don't believe he is injured internally. The soft sand and a small pole prevented the logs from crushing him.

The primary meetings of the Democrats of Jones county will be held on Saturday next, the 28th of July, to delegates to attend a county convention which meets at Trenton August 8th to choose delegates to attend the senatorial convention of the 9th district. We trust that every Democrat will attend these primaries and not trust to others to choose for him. Township will be out in full force.

A Cleveland and Fowle Democratic Club was organized at Trenton on Saturday by electing Dr. Rom Whitaker President, J. W. Wooten, W. H. Mallard, John L. Hawkins, William McDaniel and F. H. Foy, Vice-Presidents; N. B. Foy Secretary and O. C. Green Corresponding Secretary; Sylvanus Parker, Treasurer. The old flag which floated so majestically at the top of the Democratic pole during the last presidential election was unfurled by Patrick Murphy Pearson, the sight of which caused a real storm of enthusiasm which he as chairman of the executive committee of Trenton township, presented in a forcible, neat and patriotic speech to the Club, and was accepted by the President in a

telling and forcible speech. We must say our fondest anticipations have been realized. We have been attending political meetings at Trenton for the last 40 years, and we never have seen such thorough unanimity, such determination in every one to do his whole duty. We know there is a general blaze of enthusiasm in Trenton township which will be sure to tell in November next. A committee of five was appointed to make an inquiry as to the cost of procuring and raising a Democratic pole. Some one suggested that the last pole that we raised was high enough. This brought to his feet our friend J. B. Banks, who desired to know the height of the old pole; some one said 70 feet. Why, said he, I want a taller pole than that; if possible let it be three hundred feet, and let us carry up to the top our old flag and send up in large blazing letters the names of Cleveland, Fowle and Simmons. The Club will meet at Trenton again Saturday the 10th of August at 4 p. m.

RENEWS HER YOUTH.
Mrs. Phoebe Chesley Peterson, Clay Co., Iowa, tells the following remarkable story, the truth of which is vouched for by the residents of the town. I am 75 years old, have been troubled with kidney complaint and lameness for many years, could not dress myself without help. Now I am free from all pain and soreness, and am able to do all my own housework. I owe my thanks to Electric Bitters for having renewed my youth and removed completely all disease and pain. Try a bottle, see and 21 at R. N. Duffy's drug store.

CANCER.

CANCER CURED—DEAD.
RIS 1888 N. C. May 2, 1888.

Dear Madam: Most kindly give my thanks to you for the public bearing testimony of the marvelous cure effected on me by your most valuable Remedy. Fifteen years ago I was troubled by what seemed to me a little sore appearing on the right side of my face under the eye resembling dry measles, which could not be removed when I washed, but they would return again in a short time. Soon an enlargement appeared under the same eye, attended with itching and burning sensations and sharp, darting pains from the affected place to the eye, causing great difficulty in closing the eye, even to sleep. Sometimes it would feel better, but never as any time disappear. Some physicians pronounced it eczema, others chronic ophthalmia, and all advised me to let it alone. This I did until two years ago, when a little scale began to form right under the eye, resembling a wart, which could not be removed, in size and appearance it soon grew to be as large as a strawberry, and the scales came off and left the place entirely raw. Having fear of a cancer, I began to use various kinds of salves to heal it up, but never could. I consulted with physicians of great experience, they said it looked suspicious of it, and advised me to have it cut or burnt out at once. I did not wish to do either, and being persuaded it was in my blood, I resolved to try your Remedy, as it had been recommended to me. I did so with the most happy results. I can say I am a well man. I cannot say too much for your Remedy. It is worth its weight in gold. Before I had used one bottle I was hopeful, and at the expiration of five weeks the sore was entirely healed, the scales or roughness of the skin all gone, and left me a new man. I will give you similarly affected any further information they may desire, and can only say, if the public will give your Remedy a trial it will speak for itself, and your success will know no bounds. God speed the day that must dawn upon your future prosperity. Yours most truly,

JAMES CARTER ARRINGTON.
