Senator Vance Called Out.

Senator Vance with Mrs. Vance passed up yesterday morning. Many of our citizens were at the depot and when the New Berne Fire Company marched up preparatory to leaving on the excursion to Morehead City they called for the Senator. He appeared on the platform and responded in his usual happy style. He told them that the political campaign now about to begin would be fought upon a different basis than heretofore. The "bloody shirt" had been buried and, waiving a large bandanna, he said here is a substitute for it. The question was a finan-

cial one; the government is taking from the people a great deal more money than it needs and the great Democratic party thought the proper place for a dollar is in the pocket of the man who earned it if he earned it honestly. He congratulated the Democrats of Crayen county upon their growth and hoped that they would continue to grow in political strength. He couldn't tell whether or not they are growing in at 8 o'clock p.m. sharp, August 6th, for

like himself "growing in grease."

The Senator seems to be in fine trim, and if Congress would just adjourn he would make some telling blows for reduction of taxes and stopping the collection of a surplus.
