GOT any horse to swap?

WHAT'S in a name? Letters, nothing but letters.

REPUBLICANS, you have sworn that your horse is sixteen feet high, and you must stand to it.—Matt Quay.

THREE is speculation why Mr. Cleveland delays his letter of acceptance. We take it that it is because of the shifting scenes of the Republican drama. The party has not yet determined whether to have a campaign on the Chicago platform, Blaine's manifest, the Senate tariff bill, or one of brovado and bamboozlement.

MR. PARNELL has taken steps in Scotland to sue the London Times for libel there. Perhaps Mr. Parnell could not do better than to intrust his vindication to a jury of hard headed, common sense Scotchmen. At any rate the move seems to indicate lively times for somebody. The commission appointed by Parliament to try Parnell, upon charges preferred by "the Times," may impose a heavy fine on the Irish leader, and he, in turn, may recover of the Times enough money to pay the fine, and have something to rattle in his pocket besides.

EX JUDGE HILTON, of New York, declares himself in favor of Cleveland. Now, when it is asserted by the Republican press that Timothy Thngmutton and Doolittle Hoodygo have left the Democratic party and gone to the Republicans we don't care a fig. We don't know them, and we hardly think they know themselves. But when Judge Hilton becomes a Democrat everybody interested. The judge is known to have a large interest in several woolen mills and other manufacturing properties throughout the country. He has looked into the Democratic platform, the President's message and the Mills bill for himself, and he says the Democratic policy is the only true and safe policy for the country.

PROCTOR KNOTT made Diluth famous, and linked his name indissolubly with Diluth. A little while ago Cohoes was as little known as ever was Diluth. Cohoes. What is Cohoes? Who is Cohoes? Cohoes is now the centre of American industries, and, in the line of cotton and woolen manufacturing industries probably leads the world. A few days ago Republican newspapers went wild over the announcement that Cohoes was against the Mills bill. We rise to say that Cohoes is for the Mills bill. It is true, that Jim Spangulas, Tom Firecracker and Sam Skyrocket have declared for Blaine Harrison and Money Bags Morton. But, David John Johnston is for Cleveland and

Thurman. The New York Herald of last Sunday says: "The man who towers above all his associates in the extent and importance of the interests in his keeping is David John Johnston, superintendent of the Harmony mills. The importance of this gentleman in a local sense may, perhaps, be best exemplified in the statement that the Harmony mills, of which Mr. Johnston is absolute manager, are synonymous with the town of Cohoes." Mr. Johnston has over 5,000 workmen, and they are contented and happy. They have the fullest confidence in their superintendent and always follow his lead. As goes Harmony mills so goes Cohoes. Next.

LOCAL NEWS.

John M. Mann, Esq., of Hyde county, is in the city.

Auction sale of goods assigned by Dail Bros at their store on Craven street, today at 12 o'clock.

Tim Keeler wants the equipments of the Mechanics' Hook & Ladder Co. returned to him. See notice elsewhere.

A case was before Justice Hill yesterday of a colored man prescribing for a patient without license. Trial comes off this morning at 10 o'clock.

Mr. John O. Gardner, the candidate for county treasurer on the Hahn ticket, was taken ill suddenly on Monday night and is reported in a dying condition as we go to press.

Sunset Cox was greeted in Goldsboro on his return from Morehead City by a large crowd of enthusiastic Democrats who levied on him for a ten minutes' speech. He responded (obliged to do it) in his characteristic style, mixing wit and humor with words of wisdom, sound logic and statesmanship. It is well that he slipped through New Berne unbeknownst to our people, for we were preparing to give him such a reception as he has not heard of since the notable one he received in Ohio many years ago.

We give space to a complaint from "Samaritan" this morning, but we hardly think there is as much "selfishness" in the matter as he supposes. We are sure there is none on our part; we did think there was merit in the point raised by the E. C. D. and Clyde lines, that theirs were strictly freight boats, but perhaps in this we are mistaken, and the city council will not raise the quarantine as to these lines without relieving the others. But it really seems to us that any line can urge any existing difference between it and other lines without even appearing selfish.

Steamer Movements.
The Eagle of the E. C. D. line will sail tomorrow afternoon at 4 o'clock. The Veep of this line will arrive tomorrow.

The Manteo of the O. D. line arrived last night.

No Yellow Fever.
A telegram was received from the Surgeon General's office, Washington City, yesterday stating that it was reported that there was a case of yellow fever in New Berne and asking the particulars. The answer was promptly and truthfully sent that there was no case of yellow fever in New Berne.

Drowned.
Yesterday about one o'clock the body of a dead man was discovered in Trent river at the foot of John G. Sutton's shipyard on South Front street. Coroner Oden was notified and he summoned a jury and repaired to the spot at once. Upon examination facts were developed showing that the man was a colored man named Nelson and was an inmate of the poor house. He has at times appeared to be deranged, and left the poor house with a quilt on his arm on Saturday morning. He was seen in the city on Sunday and is supposed to have gone on the wharf on Sunday night and fallen in the river. There were no signs of foul play and the verdict of the jury was "accidental drowning."

County Convention.
The delegates from the various townships to the County Democratic Convention will assemble at the court house in New Berne at 11 o'clock, a. m., Thursday, Aug. 23, 1888, pursuant to the action of the convention at its late session.

Injustice and Selfishness.

EDITOR JOURNAL.—Please allow me the use of your columns to call attention as a humble citizen to an act of injustice, born of selfishness which was attempted in your issue of the 14th inst., and which by the plausibility of those presenting the case has caused you to remark: "There seems to be merit in this view of the matter and it should receive just and proper consideration." "Selfishness is always voluntary and always wrong, being that to regard our own interests, gratification, etc., which is sought or indulged at the expense and to the injury of others." In your report of the special proceedings of City Council, it is stated that "Councilman Gray moved that a quarantine be established on all sailing vessels and steam vessels bringing goods or passengers in this port at Green Spring Buoy." The action of our City Fathers was no doubt in the interests of our citizens on the recognized assumption that "an ounce of preventive is worth a pound of cure," but by what reasoning they could have deduced the fact that in order to prevent the influx of "Yellow Jack" from Florida they should quarantine the port against Baltimore, Norfolk and Elizabeth City I know not.

Our nature is prone to feed on excitement, and while this panicky feeling is amongst our citizens, caused by the arrival of a native North Carolinian who has been sojourning in Florida coming home sick, it is good for the welfare of our community that these entrusted with the power to protect our lives and our property should display activity in using proper precautions against the introduction of that terrible disease, Yellow Jack.

Now to the selfishness spoken of above, I would like to call attention to an article in another column of your "Journal" only two removed from the column containing the report of the special proceedings, etc., in which the "agents of the E. C. D. and Clyde line of steamships claim that the quarantine order passed by the Board of Council works them injustice, putting them to great inconvenience and expense without subserving any good purpose."

The good purpose which the City Council hopes to promote is to prevent the introduction of yellow fever in our midst, which the agents of the aforesaid lines are well aware can be introduced by a crew or the freight of a steamship or boat as well as by passengers—that is that the E. C. D. line or the Clyde line is as likely to bring the disease into this port and introduce it in our midst as the N. & T. R. S. Co., the O. D. line, the Independent line or the numerous schooners arriving from Maryland or any other port north of us. "They claim that inasmuch as they are strictly freight lines, bringing no passengers" (can they truthfully claim as much?) "and their freights coming from domestic ports north of us, where no known contagious diseases exist, that there is not a remote possibility of their introducing one." There is not only a remote possibility of the introduction of this disease by these two lines but there is as much probability of the introduction of this disease by personal effects sent as freight as by passengers from domestic ports north of us who pay their fare, or by schooners bringing in a few barrels of lime, bales of hay, coal, etc.

"They have asked the Board of Council to make the order inoperative as to them." &c.

Asking and obtaining are two different things. The writer is too well acquainted with the members of the Board of City Council to think that such a selfish request would for a moment entertain consideration, unless other lines were to obtain equal benefits.

When our city council, in their wisdom, shall find that the order shall be inoperative against the Clyde and E. C. D. lines, then, by the same reasoning, they will find that the order shall be inoperative against other steamers and schooners bringing paying passengers and freights from domestic ports north of us. A law passed pro bono publico is of no effect if partial. It should be enforced on all alike, and if inoperative against one should be inoperative against all classes in the same category.

The port is not quarantined if some steamers bringing goods, etc., from domestic ports north of us are allowed to enter, while others under the same circumstances are detained. The covering over this mass of selfishness is too thin to prevent the monster from sticking out on all sides. "Noblesse oblige." Pardon me, Messrs. Editors, for taking up so much of your valuable space, but the selfishness is too glaring to pass without comment. **SAMARITAN.**

Kinston Items.

Superior Court convenes next Monday, Judge J. H. Merrimon presiding. The crops in every section of the county have greatly improved recently and the prospects are now much brighter.

Capt. W. W. Carraway, "D. R. Walker," arrived on Monday evening last and will spend a few days with his family and many friends in this county.

Col. O. H. Dockery, the Republican candidate for Governor, and Thos. P. Devereux, Esq., the candidate for Attorney-General, are billed to speak here next Tuesday, the 21st.

The Democratic convention held here last Thursday, was one of the largest and most harmonious ever held. A good ticket was nominated. The Democrats are fully aroused and hope to carry the county by an increased majority.

Its Efficiency of Flavor.

And the efficacy of its action have rendered the famous California liquid fruit remedy, Syrup of Figs, immensely popular. It cleanses and tones up the clogged and feverish system, and dispels Headache, Colic and Fevers.

Jones County Items.

We are having so much rain for cotton.

A new liquor store and bar is in full blast at Trenton.

W. C. Kinsey is having a new storehouse erected on Jones street.

Miss Maggie Dawson and Miss Fannie Brooks of Craven county are visiting Mrs. E. G. McDaniel at Trenton.

P. M. Pearsall, our worthy and efficient superintendent of public schools, is off to Morganton and Asheville for a few weeks.

The health of our vicinity is good—a few cases of chills, which yield readily on the application of a few doses of quinine.

Watermelons are selling at Trenton one to five cents and hard to dispose of at that price, as carts are scarce and hard to get.

The Trenton Cleveland and Fowle club will meet here on Saturday next. We trust every member will attend as there is some important business to transact.

F. M. Simmons, our member of Congress, was at Trenton on Saturday last. We are inclined to believe that all parties and all colors are proud to have it known that he is a native son of Jones county and will give him in November next a rousing vote.

We are glad to note that there has been quite a change at Trenton during the last eighteen months in regard to drinking alcoholic liquors, as very few persons now when visiting Trenton call at the liquor shops but generally attend to business and return to their homes, real pure sober men. Of course there are a few who call, but they appear to be on the road to reformation, as it is a rare case to see at Trenton on public days a man real drunk. We must say if the people continue to drop off from the saloons as they have for the last two years, a drunken white man will be a thing of the past in Trenton.

On Wednesday, the 5th of August, the county senatorial convention of Jones county was held. Mr. Henry Brock of Cypress Creek was recommended to the convention as worthy to carry our banner and represent us in the next Senate. Mr. Brock is well known in Jones county as a modest, unassuming gentleman whose word is taken as his bond, and will surely make us a worthy and efficient legislator. He is fully conversant with the needs and interest of the 9th senatorial district. Mr. Brock is just such a man as we need to represent us, being well informed and a close observer. We predict for him the largest vote ever given any candidate in our county.

Bayboro Items.

Skinner for Congress. Brown for elector. Both got there just the same.

Last week was the hottest weather we have had this season. Thermometer went past one hundred in the shade.

Politics is warming up some with the weather. The woods is beginning to be full of the "self sacrificing" candidates for the various offices.

Sheriff Dawson's failure to account for about fifteen hundred dollars of the county taxes collected is a subject of general discussion just now.

The rains of Thursday and Friday nights have done much good to the crops in this community as they were badly needing it in some sections.

A Cleveland and Fowle Club was organized at Stonevale on Saturday evening with 25 members. S. W. Ferberie, President, and F. G. Tutten, Secretary.

Mrs. Annie Clayton, living near Upper Goose creek, died last Wednesday. She was said to surely have been 95 years old when she died. It is said by some she was over 100.

The Bayboro Cleveland and Thurman, Fowle and Holt Club raised a flag pole at Bayboro on the 25th, 150 feet high. Let every member be on hand promptly as well as visiting brethren. Hip, hip, hurrah!

A Cleveland and Thurman and Fowle and Holt Democratic Club was organized here on last Saturday evening with forty members. D. F. P. Gates, President and J. F. Cowell and J. F. Sawyer, Secretaries.

The Democratic Senatorial Convention of this, the 2d senatorial district, convened at Washington on the 15th to nominate two candidates for the next Legislature. Every county in the district has her favorite son for the nomination. Some are bound to get left.

The Democratic Executive Committee is endeavoring to get Democratic Clubs formed at each voting precinct in the county, and already we hear of several that are expected to be formed. This is a very good idea. Organize boys and lets down 'em again if they rise.

A big barbecue is to be on the programme here during the campaign when Fowle comes through to pay us his respects which will be sometime between the first and middle of October. Pamlico is bound to give the Democratic ticket from 250 to 300 majority.

A SOUND LEGAL OPINION.

E. Bainbridge Munday, Esq., County Atty., Clay Co., Tex., says: "Have used Electric Bitters with most happy results. My brother also was very low with malarial fever and jaundice, but was cured by timely use of this medicine. Am satisfied Electric Bitters saved his life."

Mr. D. I. Wilcoxson, of Horse Cave, Ky., adds a like testimony, saying: "He positively believes he would have died, had it not been for Electric Bitters."

This great remedy will ward off as well as cure all malarial diseases, and for all kidney, liver and stomach disorders stands unequalled. Price 50c. an \$1 at R. N. Duffy's drug store.
