ADVICES of the 16th inst. from Cayenne, French Guinea, report a destructive fire in that city. Loss \$2,000,000.

A DESTRUCTIVE fire at Norfolk, Va., last Friday night destroyed John L. Roper's lumber saw mill. The loss is \$30,000.

THE North German Gazette asserts that the question of a commercial treaty between Germany and Russia has never been raised and would not be.

THE eleventh conference of the Young Men's Christian Association of the world convenes in Stockholm Wednesday. Rev. L. C. Vass, D.D., of this city is present as a representative from North Carolina.

A DUEL between two ladies of good families was fought on the 15th inst. at Cannes, France. Pistols were used, and rules of the code were strictly obeyed. One of the ladies was wounded in the chest and the other in the arm.

A FAMINE prevails in Turkey, and serious disorders have occurred. On or about the 15th inst., the Albanian garrison at Metzooa sacked the town. Many Christians were killed and their property destroyed.

SENATOR DAN VORHEES seems to think that the greenback question is an issue in the Indiana campaign this year. No doubt of it, Senator. There will be a tremendous issue of greenbacks this year, and if you don't want to get left you had better be on hand with your ball.

THE late Republican convention of Michigan inserted in their platform a plank which may be said to be a masterpiece of statesmanship. "We believe," say these Michigan patriots, "in a reduction of the increasing surplus and national revenues to government requirements by an American protective and Republican system and not by an English free trade and Democratic system." This concentrated tomfoolery is pure Albigism, and is as clear as mud frozen on a hot summer day.

ON Sunday morning the JOURNAL said, "Indignation meetings cannot arouse our hospitality towards our neighbor, nor can they prevent us from quarantining our people." We intended to say, "indignation meetings cannot arouse our hostility towards our neighbor, nor can they prevent us from quarantining our people." The hospital-

ity of New Berne is proverbial, and to the people of no community is it more cordially extended than to those of Goldsboro. We feel a just pride in the moral elevation, business energy, and social refinement of our sister city, and we trust that the Christian charity of her people will be equal to the occasion. The exhibition of ill feeling that some persons see fit to exhibit, is not creditable to them, and will not be regarded as representative of the beautiful city that reflects the highest credit upon our noble State. In times of great excitement, involving matters of business interests and personal safety, hasty and injudicious action may take place, but the second sober thought will prompt to just dealing and ungrudging sentiment. Again our politest bow and best wishes to Goldsboro.

LOCAL NEWS.

Frank Lane, a colored man who was well known here, fell dead on yesterday forenoon while plowing in a field in this city. Two opinions prevail—one is he died of sunstroke, the other that his death was from heart disease. He was about 80 years old.

The fire alarm at about 8 o'clock yesterday morning was met with a hearty response from the department but their services were not needed as it was soon put out by persons present. It was the kitchen of Mrs. Churchhill on Pollock street and caught from a defective flue of the stove.

Craven county folks are happy. Satisfied with Cleveland's administration, confident of Fowle's election, and looking forward to the good time when Nunn will be in the Senate and Russell in the House, they pursue the even tenor of their way indifferent alike to the maledictions of the wicked and the hum of mosquitoes.

The services at the Baptist church last Sunday morning conducted by Hon. C. O. Clark, was highly interesting and instructive. During the service Mr. Clark read a postal card from the pastor, Rev. H. W. Battle, stating that he had heard rumors of yellow fever, and would return to his post if the fever came to New Berne.

Steamer Movements.
The Vesper of the E. C. D. line arrived Sunday with full cargo of general merchandise. The Eagle of this line sailed yesterday afternoon with lumber and general merchandise. The Vesper will sail at 4 o'clock tomorrow afternoon.

The Newberne of the O. D. line arrived yesterday and sails this morning at 9 o'clock for Norfolk via Ocrakoce.

Mayor's Court.
R. P. Williams, acting Mayor, had the following cases before him yesterday: Isaiah Hill, disorderly, fine \$1.00 and cost. Haywood Huff, cursing and swearing, submitted, cost. Haywood Huff, disorderly, submitted, cost. Charles Nelson, disorderly, submitted, cost. John Slade, cursing and swearing, fine \$1.00 and cost. R. G. Mosley, violating chap. 5, sec. 1, city ordinances, fine \$10 and cost.

Personal.

Mr. A. J. Cook, the clever proprietor of the Atlantic Hotel, was in the city yesterday.

H. E. Kornegay, Esq., is on a short visit to his daughter, Mrs. Dr. Street.
Clement Manly, Esq., is off to Onslow on professional business.

Temporary Change of Schedule of the O. D. S. Co.

The steamer Newberne will sail on regular schedule, Tuesday, Aug. 21st, 1888, for Norfolk, via Ocrakoce and Roanoke Island wharf. There will be no steamer from New Berne on this line on Friday, Aug. 24th, as the steamer Manteo will be detained in Norfolk for repairs which will occupy the space of a week. On Monday, Aug. 27th, the steamer Manteo will resume her regular schedule from Norfolk to New Berne, and together with the steamer Newberne will form the semi-weekly line, without change, unless a change for the better is put in force later in the season.

Cowardly Act.

We give space to a communication elsewhere which makes complaint about some miscreant throwing chemicals on members of the Salvation Army while they were engaged in worship. The Army had been making its accustomed street parade and were halted at the corner of Middle and Pollock streets where they usually congregate for short worship preparatory to marching to their hall. It was after dark and while engaged in prayer some person threw what supposed to have been chloroform in the face of a woman which so stupefied her that she had to be taken home. Portions of the drug fell on others and from the odor, they pronounced it chloroform. This was very unbecoming and cowardly to so treat people while engaged in religious worship. The Salvation Army has given but little trouble since they have been in New Berne and to be thus treated is shameful. They have their rights as well as others, and should they become obnoxious, the courts are open for redress, but do not take advantage of them while kneeling in prayer.

New Berne High School.
We are glad to learn that Prof. Neal has made arrangements for drawing in charcoal and crayon and painting in oil and water colors, according to the latest methods, for the ensuing year.

This art, so full of beauty and refining influences and advantages, is made in our school to bear its important part in the scale of education.

We note also with much interest the provision for a course of lessons in stenography, or shorthand writing, and the principles of type-writing.

Shorthand, as it is sometimes called, is deservedly becoming a popular branch of education because of the high salaries received, ranging from \$500 to sometimes as much as \$2,000 a year.

These quick workers are used as secretaries, amanuenses, corresponding clerks and reporters; in railroad, shipping, express, bank, law, insurance and real estate offices; in manufacturing and mercantile houses, in taking testimony in courts, and in fact in many of the business departments of life.

Let young men and young ladies, who desire to prepare themselves in this line, begin with this opportunity a work that does not require so long a time as might be supposed.

Outrageous Conduct.
EDITOR JOURNAL:—The Salvation Army since it made its appearance here to stay, has accomplished much good; many have been turned from their evil way into paths that leadeth unto everlasting life.

In view of the good that has been accomplished through their instrumentality, I ask, is it not in bad taste, not to say wicked, for them to be disturbed in their mode of worship by malicious persons who cowardly insult them while marching on the public streets by throwing poisonous stonches in their way? On Sunday evening last chloroform was thrown on one of the sisters which so affected her that she had to be conducted home.

We caution those persons against a repetition of this act for they may rest assured that they will be prosecuted to the fullest extent of the law.

Democratic Executive Committee.
There will be a meeting of the County Democratic Executive Committee at the court house, August 23d, at 10 a.m. A full attendance is requested, as there will be business of importance to transact. S. R. STREET, Chairman. JONATHAN HAYNES, Sec'y.

County Convention.
The delegates from the various townships to the County Democratic Convention will assemble at the court house in New Berne at 11 o'clock, a. m., Thursday, Aug. 23, 1888, pursuant to the action of the convention at its late session.

CHAS. C. CLARK, Chairman. Aug. 14, 1888.
The Sage of Seguin. AUSTIN, TEX., Aug. 8, 1885.
To MR. A. K. HAWKES—Dear Sir: It gives me pleasure to say that I have been using your glasses for some time past with much satisfaction. For clearness, softness and for all purposes intended, they are not surpassed by any that I have ever worn. I would recommend them to all who want a superior class. I am very respectfully yours, JOHN IRELAND, Ex-Gov. of Texas. All eyes fitted and fit guaranteed by F. S. DUFFY, New Berne, N. C. 41311m

The Quarantine Modified.

It will be seen that the city council has modified the quarantine regulations. This, we think, is very proper. It is still necessary, however, to be cautious. No longer than last night a man was put off at the quarantine station who was strongly suspected of being direct from Jacksonville. There was evidence that he was from that point, and it would have been better to have refused him passage on the train down here.

Special Proceedings of City Council. August 20, 1888.

At the request of Mr. Clement Manly, a special meeting of the board of city council was held today at 12 o'clock, Councilman R. P. Williams acting mayor.

Present: Councilmen R. P. Williams, B. B. Lane, F. Ulrich, Ralph Gray, H. B. Simmons and J. H. Thomas. The Mayor stated that the object of the meeting was to modify the quarantine ordinance as regards passengers and freights passing through from Goldsboro to New Berne.

After hearing the report of the mayor and Dr. F. W. Hughes on the subject, the following resolutions were unanimously adopted:

Resolved, That the quarantine laws now in force be amended by adding at the end thereof the following: Provided that such persons, freight and things may come and be brought into and pass through New Berne as may be passed and allowed to enter by the port physician or his representative and the mayor or some councilman. Any person making any false representation for the purpose of obviating either of said officers shall be subject to the penalty hereinafter imposed.

Under the provisions of the above ordinance, after consultation with the city council, to further define his discretionary power, the port physician hereby gives notice to the public that all persons arriving at Goldsboro from non-infected places will be allowed to pass into and through the city of New Berne provided that they make immediate transfer from trains entering Goldsboro to the next train going to New Berne. For the present it is deemed proper to defer persons who have remained longer in Goldsboro from entering the city of New Berne.

The Mayor received a telegram from one Jno B. Baird of Washington, D. C., which was read to the board. It was then, on motion of B. B. Lane, ordered that the mayor take such steps as he may think advisable to inform the department at Washington of his insulting communication to the mayor.

Minutes read and adopted.
Board adjourned.

STATE NEWS CONDENSED.

Winston Sentinel: Rev. L. W. Crawford of New Berne is here visiting his brother, Capt. R. H. Crawford. A letter received from Evangelist Pearson states that he will be in Winston by the third Sunday in September, at which time he proposes to commence his series of meetings in the Centenary M. E. Church.—The citizens of Kernersville don't propose to be without a newspaper. Arrangements are now being made for the resuscitation of the News.

Asheville Citizen: Asheville perfectly healthy.—The mean liar is abroad in the land, and Asheville is the object of his miserable attack.—The new Athletic Club rooms in the new Johnston building are the handsomest in the State. The excellent gymnasium ordered by the Club has been received and placed in position.—Work on the new Southern Express office is progressing and will be completed in a few days. The building is very handsome.

Wilmington Star: A call has been issued for a convention of Republicans to be held at the court house today, in opposition generally to the "regulars," and particularly to Gen. Manning the regular candidate for Sheriff.—Articles of incorporation have been filed with Mr. S. Van Arings, clerk of the Superior Court, for the Dalton Chemical Company. The business of the Company is to manufacture Maynard's black dye, from the acid products resulting from the distillation of pine wood, and other chemical products the Company may see fit to manufacture.

News and Observer: Raleigh will have the greatest occasion next week. The Farmers' Inter State Cotton Convention begins Tuesday.—At Moore court yesterday R. L. McNeill was tried for murder and acquitted.—Mr. G. W. Sanderlin will deliver the address of welcome on Tuesday to the State Farmers' Convention.—Robert Leeson Porter is still recuperating his health in this city, preparatory to making his arrangements to sail. Porter's health is evidently very much improved, and his physical strength much wasted. He says he wanted to regain his health entirely before he goes to claim his fortune in Ireland.

STURP OF FIGS Is Nature's own true laxative. It is the most easily taken, and the most effective remedy known to cleanse the System when Bilious or Costive; to Dispel Headache, Colds, and Fevers; to Cure Habitual Constipation, Indigestion, Piles, etc. Manufactured only by the California Fig Syrup Company, San Francisco, Cal. H. N. DUFFY, agent, New Berne.

The North Carolina Dead in Richmond, Va.

One thousand seven hundred and eighty North Carolina soldiers are buried in Hollywood Cemetery, Richmond, Va. Their graves are unmarked. The Ladies of Hollywood Memorial Association desire to place granite blocks at the head of each grave, and ask contributions for the purpose. The Ladies Memorial Association of New Berne appeal to the citizens to aid the undertaking. Contributions can be sent to Mrs. Geo. Allen, Treasurer of Memorial Association, or to the JOURNAL office. Contributions will be acknowledged in the JOURNAL.

Kinston Items.

Thermometer on Saturday reached 93 degrees.

The river is low again but the steamers are running.

Leg days don't deter Kinston youth from frolicking in the waves of the Neuse.

Why are dry goods now, in our market, like physics? Because once a dry in the market.

Watermelons have reached hard pan prices—three for a buck, or the whole load for a quarter.
Our town is exceedingly healthy. The citizens don't seem worth a cent about the yellow fever.

Our mill pond fishermen keep the market well supplied with pecks and pikes. The first horse fish of the season was sold on Saturday.

Our lawyers sit about under shade trees or lounge in their cool offices, waiting for and preparing for the harvest to come this week.

Kinston College begins its seventh year on September 11. Dr. Lewis has received several applications for admissions from surrounding counties—all new ones.

Crops are certainly better than for five years past. The corn crop which was thought to be very seriously injured by the dry spell, has been very much helped by the recent rains.

Mr. B. W. Canady is putting the college property in the order. The high fences which have inclosed the grounds are being removed—a lawn mower is to share down the high grass. The house is to be painted inside and out, and a bright, fresh aspect will be given to all the surroundings.

Our widowers and old bachelors have been having a gay time this summer. They ride out in the afternoons with their dulcimers and then drop in after tea. Songs and music can be heard in every direction. Wonder if the approaching winter season will be enlivened by the sound of marriage bells.
Our Montana boys have been heard from several times since their migration from Kinston a month ago. They are all four in very good health and employed at unusually good wages. They write that employers there want all the men they can get that are sober, industrious and muscular. And, if the new railroad from Boykins, Va., don't come along soon, or something else, to wake up our people, many more of our athletic young citizens will be leaving us.

Its Delicacy of Flavor
And the efficacy of its action have rendered the famous California liquid fruit remedy, Syrup of Figs, immensely popular. It Cleanses and Tones up the clogged and feverish System, and dispels Headache, Colds and Fevers.

City Ordinance.
Whereas, Yellow Fever exists in a neighboring community with which the city of New Berne is in constant, intimate intercourse; and,
Whereas, In the opinion of the City Physician, sustained by other medical authority, including Dr. F. W. Hughes, the only sure preventive against the entrance of the disease, is the immediate stoppage of all travel and traffic to and from said infected community for the period of at least twenty-five days; therefore,
1. Be it ordained, That all intercourse by rail, or otherwise, between New Berne and Goldsboro, or other infected places, be prohibited for twenty-five days from the passage hereof.
2. Be it further ordained, That the Mayor be invested with full power and authority to carry out the provisions hereof.
3. Be it further ordained, That for each and every violation hereof the offender shall be fined \$50 or imprisoned thirty days.
