NEW BERNE, N. C., WEDNESDAY, AUGUST 22, 1888.

PRICE 5 CENTS.

BUSINESS LOCALS.

SPECIAL NOTICE TO CONSUMERS.
Having put my delivery wagon on the street, I am now in a position to furnish all my customers with FINEST Choice Groceries at a price notice and a very small profit. I defy competition, without my goods, and only ask a trial to convince the most doubtful. Now some of my friends say that my advertising and my wagon don't pay me (with my small profit), and that I will soon break. Let me be the best judge of that. I am still paying 100 cents on the dollar, my property is in my own name, and I am determined to sell good groceries cheap.

Very respectfully,
THE GROCER, E. B. HACKBURN.

A CONSPIRACY has been discovered at Madrid.

BREDS of a feather—Blaine, Harrison, Ingersoll, Dockery.

No winter no summer; no night no day; no trial no reward.

COMMUNITIES, like individuals, are mutually dependent on each other.

It is all humbug about the vaccinated or inoculated yellow fever patients not dying in Brazil.

GREEK and Rome successfully resisted foreign invasion to fall at last by corruption and self abuse.

SPEAKER CARLISLE has indicated his willingness to meet Mr. Blaine in the discussion of the tariff.

VIRTUE has its reward. The world is not retrograding, but year after year brings us nearer to the millenium glory.

The fact that every once in awhile a money fend slips over to the Republicans is conclusive proof that the Democratic party is the party of the people.

"STOP!" "No, I cannot stop. I haven't time to stop." Push and rush are great things in this world, but he who never stops to think will be wrecked on its rocks or in its whirlpool.

LET every young man lay for himself a sure foundation. Family reputation may afford him ground on which to stand while he hews out for himself the rock on which he is to rest the structure of individual character.

THERE is no time when it is not appropriate to render thanks to the Creator for His merciful goodness. But it seems especially appropriate when the earth is bringing forth abundantly and health and happiness is the portion of our people. Hardly within the recollection of the oldest inhabitant have the crops of Eastern Carolina been better than they are now, and never, at this season, was the health of the community better than it is at the present time.

PERSONS looking out for homes cannot do better than to consider the inducements offered by Eastern Carolina. Here all varieties of field crops abundantly repay the labor of the husbandman, and delicious fruits tempt the appetite of the most fastidious. The best fish and game is here in abundance; and, above all, a royal welcome awaits all good men and women

who come to abide with us, in this realm of health and happiness.

WE have before us a very attractive pamphlet bearing the words TRINITY COLLEGE. It is a full presentation of the claims of this popular and meritorious institution of learning. It is called Trinity College, but it might well claim to be a University having fifteen distinct schools. It is with genuine pleasure we witness the progress of Trinity. It is dear to the hearts of North Carolinians. May we not say that the present position of Trinity is in answer to the prayers of many of the most consecrated sons and daughters of the people of God! Honor to Trinity, and those who are carrying it so grandly to the front!

LOCAL NEWS.

The tide was very low yesterday—driven out by the southwestern winds.

Strong winds prevailed yesterday. Supposed to be the introduction of the September equinoctial storm.

A portion of the old rickety pavement on Middle street is being torn up to be replaced by better. Actual fact.

We are glad to note that Mr. Geo. Allen, who has been confined to his home a few days from sickness, is able to be out again.

Dispatches last night from the fever in Florida are not so favorable. It is claimed there has been suppression in promptly reporting cases.

At sunset yesterday evening the horizon presented one of the most rich and magnificent views we have ever witnessed. Indeed it was grand enough to drive the artist into ecstasy.

The grocer, Hackburn, gives notice of his handsome delivery wagon and talks like a man who knows his business about advertising, delivering goods and selling groceries cheap.

The large brick building known as the Club House and recently purchased by Mr. E. L. Cox, is being thoroughly overhauled and improved. When completed it will be an elegant mansion.

Miss Leah Jones has been very fortunate in securing the services of Miss Houghton of Amherst, Mass, a French and German teacher. This is a great advantage, and one which the parents as well as children should fully appreciate.

Mr. N. W. Schenk of New York, representing the North Carolina immigration department, is making arrangements for a party of Burnside veterans—23d Massachusetts and others—to visit New Berne and Roanoke Island sometime in October next.

A beautiful cluster of grapes were shown us yesterday by Mr. Isaiah Wood. They were grown in his garden from a young vine and are of such fine variety that Mr. Wood is anxious to know what kind they are. It is of a clear purplish color, has a thin hull and good flavor.

Steamer Movements.
The Vesper of the E. C. D. line will sail this afternoon at 4 o'clock. The Esplet of this line will arrive tomorrow.

Personal.
Mr. F. Ulrich, wife and children, and Miss Mamie Ulrich took passage yesterday on the steamer Newberne for Atlantic City, N. J.

Mr. J. W. Stewart left yesterday for a trip to the mountains in the Western part of the State. He will also visit the stock regions of Tennessee and will keep an eye to the interest of his customers.

A. M. Moore, Esq., elector at large on the Harrison ticket, arrived last night and will speak to the people tonight. Col. Dockery did not arrive nor did he put in his appearance yesterday at Kingston. Probably he will arrive tonight.

Messrs. M. Bryan and A. M. Williams of Vanceboro arrived yesterday.

Miss Mamie Wolfenden left yesterday morning for Greensboro female college.

Mr. A. W. Wood has returned from Blowing Rock. He says the Democrats in the West are enthusiastic and that they are going to carry Wilkes beyond all doubt.

Mrs. George Henderson and daughter, Mrs. Emma, and son George returned from their mountain trip last night and passed on to Morehead City.

Mr. Henry Blanton arrived last night. Mrs. B. Barry returned from a mountain trip last night.

Mr. and Mrs. A. H. Holton returned from Boy's Springs last night.

Democracy Booming.

J. J. Moore, Esq. of Hookerton township, Greene county, has had two sons to arrive at voting age since the last national election, and to make matters more encouraging his good lady presented him with a pair of boys on the 15th inst. so near alike that the old nurse had to pin a Cleveland badge upon the gown of the older one, to distinguish him from the younger.

The old nurse thinks he ought to be allowed to cast 20 votes in the coming election as he is now 20 years old and commencing to raise two Democrats at a time.

Literary.

Although Harper's Magazine for September is a full number, there are no signs about it of turning in the rear and yellow leaf. On the contrary, all the leaves retain the vigor and freshness of summer to a degree that is simply fascinating. The fancies of all classes of readers are catered to—people of sentiment, practical, common-sense people, lovers of fun, lovers of fiction, and lovers of fair women and brave men. These, and more too, will find articles to interest them in this number. Artistically, the September Harper's is of marked excellence. E. A. Abbey's "Harvest-Home" drawings, one of which is used as a frontispiece, reach the high-water mark of perfection in their line.

We have received the two first number of the Graphic library, which have met with a success that invites the pleasant anticipations of the success of the rest of the series. Number one contains the most concise and comprehensive life of Grover Cleveland ever published, and embraces all his notable State papers. It is illustrated by pictures of the President and Mrs. Cleveland, the wedding at the White House, Cleveland's birthplace and other interesting places and events. Number two presents the great tariff speech of the Hon. Roger Q. Mills of Texas, summarizing the famous Mills bill, and is set off with a number of powerful cartoons. Each number will be made up of sixteen pages, beautifully printed on paper of extra weight, so as to be easily preserved. The Graphic library will issue a number every month, and the series is likely to become a highly interesting and valuable contribution to contemporary historical literature. It is published by the New York Daily Graphic.

It is evident that these publications were not intended by the publishers for campaign documents, but the thorough manner in which they cover the matters treated causes them to be of great value in educating the masses respecting the administration of President Cleveland, and the all absorbing tariff question. Our local committee should see that a portion of the copies ordered by the National organization are placed in their hands for distribution among the people of this section.

The North Carolina Dead in Richmond, Va.

One thousand seven hundred and eighty North Carolina soldiers are buried in Hollywood Cemetery, Richmond, Va. Their graves are unmarked. The Ladies of Hollywood Memorial Association desire to place granite blocks at the head of each grave, and ask contributions for the purpose. The Ladies Memorial Association of New Berne appeal to the citizens to aid the undertaking. Contributions can be sent to Mrs. Geo. Allen, Treasurer of Memorial Association, or to the JOURNAL office. Do You Catch On?

A "Dunced" is needed, (quoth Scribe Robinson)
Who wrote the lively message sent by Isaac John.
But surely this young fellow, really ought to know
It is a task beyond a whilom Priest in embryo.
He does not, cannot dare to hope
To emulate the lofty strains of Pope.

STATE NEWS CONDENSED.

Goldboro Daily Argus: Mr. "Buck" Wiggins conversant at his home near this city, we are glad to know, and it is thought he will be "out" in a day or two.

Wilmington Review: Our neighboring town of Southport has quarantined against the fever-inflicted district, and a notice to that effect is published in this issue. This is well.

Elizabeth City News: The different Sub-Farmers Alliances of Pasquotank eight in all, met at the court house Wednesday and organized a County Alliance with a full membership of 150.

Greensboro Patriot: The citizens of Liberty held an indignation meeting a few days since and denounced the parties who circulated the report that fever was epidemic up that place as "unbounded liars."

Wilmington Star 19th: The first bale of cotton of the new crop was received here yesterday by Messrs. Worth & Worth. The first bale last year was received on the 17th of August—one day earlier than the bale this year.

Receipts of cotton at this port: From Sept. 1st, 1887, to August 1st, 1888, 163,916. Increase 34,461 bales.

Wilmington Messenger: Yesterday afternoon a swarm of bees came over the city, and without much ado settled on the arc electric light lamp at the intersection of Front and Market streets. They remained there during the night, and observers think they will be so well pleased that they will decide to make their home in the drum of the lamp.

News and Observer: Mr. J. C. L. Harris is again very ill. It is reported that a cold wave from the Northwest is heading this way. The Oxford baseball team will play the Raleigh club of this city on the 23d and 24th inst.

Mr. Porter, the Irish heir, is beginning to realize the dignity of his wealth and relations. He took a stroll down Fayetteville street yesterday in a new suit of clothes and with a cigar in his mouth.

Asheville Citizen: Convention yesterday the largest ever assembled in Bluncombe. The court house was packed with earnest and harmonious Democracy and a strong Legislative and county ticket nominated. Ananias and Sapphira were paragons of truth when compared with the "Chinese" trait organ of this city. The boys appear to have been on a strike, and wages had almost ceased to appear on the market. Now the cows stand on their dignity and butter is scarce.

THE COTTON BAGGING TRUST.

RESOLUTIONS OF CONTENTINEA NECK GRANGE.

Whereas, The manufacturers of cotton bagging in the United States have formed a trust for the purpose of putting up the price of bagging; and whereas Temperance Hall Grange, No. 43, of Tarboro, N. C. has adopted resolutions condemning the trust, now therefore be it

Resolved, That Contentine Neck Grange, No. 122, of P. of H., endorses the resolution of Temperance Hall Grange, No. 43, P. of H., in their grand and noble effort to break down the bagging trust.

Resolved, That we, the members of Contentine Neck Grange, No. 122 will not use any baggage of baling goods going through the hands of the monopoly.

Resolved, That the executive committee of this Grange be instructed to investigate and see what article they can substitute for bagging and report to the Grange at our next meeting.

Resolved, That we request all members of the Granges and Alliances, and farmers generally throughout the Southern States, to co-operate with us in this action, and that these resolutions be published in the New Berne JOURNAL, Roanoke Patron, and all other papers friendly to the farmers.

DAVID ROBINETTE,
J. C. WIGGINS,
J. E. MCCOY,
Jsq. H. BARWICK,
Committee.

RESOLUTIONS OF MOUNT HOLLY GRANGE.

Resolved, That the Patrons of Husbandry, assembled at the Encampment at Mt. Holly, Gaston county, do hereby endorse the action of Temperance Hall Grange, No. 43, P. of H. in condemning the combined action of dealers and manufacturers in their efforts to form a Trust on cotton bagging, and we call upon all Patrons and members of other farmers' organizations and also all farmers to unite for the purpose of using some other material for packing and baling cotton thereby rendering the farmer independent of the so-called Bagging Trust Co., and we also ask the co-operation of the Farmers' Alliance and of farmers generally in our efforts to ameliorate the conditions of the farmer.

Resolved, That a copy of these resolutions be sent to the International Farmers' Convention which will assemble in Raleigh on the 21st of August, and that we respectfully ask an endorsement of the same, also that a copy be sent for the same purpose to the State Farmers' Alliance now assembled in session at Raleigh.

Resolved, That a copy of these resolutions be sent to the Roanoke Patron, Progressive Farmer, N. C. Farmer, New Berne Journal, Mt. Holly News and Gastonian Gazette for publication, and that all papers friendly to the cause will please copy.

The Mother as a Physician.

As there is always a want for the reliable person, so there is always a place for an article of proved reliability. This consideration was forced upon us by observing the great demand for Humphrey's Family Cases of Homoeopathic Specifics, yet there are thousands of families who do not realize their priceless value in the cure of what are known as summer complaints. Such diseases as diarrhoea, dysentery, summer complaint or cholera-infantum carry off their thousands every year in cities, towns, villages and the open country. Yet these diseases are absolutely in the control of Humphrey's mild, pleasant sugar pills. His Specific No. Four is effective for dysentery, leaving nothing to be desired in that direction. While the use of No. Six in connection with No. Four is equally effective for cholera-infantum. A mother having these Specifics and using reasonable care, is safe from the life and sorrows which these diseases inflict upon her children, and may always treat them with assurance of success. Thousands of families have used them for years with perfect satisfaction and entire success, saving time, money and even the health and lives of the household.
