YELLOW FEVER QUARANTINED.
Although poor old New Bern has received ridicule and abuse from her sister towns, she is still prepared to say there is not nor has there been one case of yellow fever this season, and with the present prevention of the physicians and city council, with the assistance of the proprietor of the Only Cash Store in North Carolina, at Humphrey & Howard's old stand in New Bern, there will not be. Hence the proprietor, Hill Humphrey, wishes to say to the people of Eastern North Carolina they need not hesitate to visit New Bern, that his quarantine against high prices is a protection for all.

THE "Jarman Ice Factory" has opened a depot for the sale of ice at E. M. Womble's store, Middle street, near Broad. ONE HALF CENT PER POUND.

SPECIAL NOTICE TO CONSUMERS
Having put my delivery wagon on the street, I am now in a position to furnish ALL my customers with FIRST CLASS Groceries at a very small profit. I defy competition, warrant my goods, and only ask a trial to convince the most doubtful. Now some of my friends say that my advertising and my wagon don't pay me (with my small profits), and that I will soon break. Let me be the best judge of that. I am still paying 100 cents on the dollar, my property is in my own name, and I am determined to sell good groceries cheap.

Very respectfully,
THE GROCER, E. B. HACKBURN.

REPORTS from Jacksonville are not reassuring.

THE White Caps of Indiana have disbanded. Startling developments are expected.

MR. BLAINE has kicked the Chicago platform to pieces and Gen. Harrison complains that the workingmen did not make it strong enough, but they insist that they made it water tight, but it would not hold whiskey.

A HEAVY rain storm deterred many people from going to the Atlanta Chatauqua last Monday to hear Hon. William McKinley speak on the subject of protection, consequently the crowd was not large. It may be added that Georgia is a bad place for a protection orator any way.

OUR fellow citizen Sam. Duffy, Esq., has received a letter from a gentleman in Michigan in which he says: "I am very much surprised at the turn this State has taken politically. From present indications it looks as if will go Democratic. We think in the North that the Democrats will be successful in these elections." Mr. Duffy's correspondent is well informed and has traveled extensively.

A CORRESPONDENT of the New York Times interviewed Senator Vance, and from the interview we copy the following: Now, who in this protection cry is protected? The manufacturer of course. He receives twice the sum the workingmen do for their labor, and as he places it securely in his pocket he 'hollows' loudly for the benefit of the workingmen. I have disagreed with President Cleveland on some matters, such as civil service reform, but I admire his courage.

AFTER a debate extending through many weeks, the Fisheries Treaty with Great Britain has been rejected by a strict party vote—Democrats for Radicals against the treaty. Such action had been determined on before the debate began, but the Democrats, with

Senator Morgan of Alabama; in the lead, have made a brilliant fight for the treaty upon grounds credible alike to their patriotism and their common sense. The discussion very clearly showed that the object of the Republicans was to gain votes for Harrison by arousing Irish opposition to the Democracy.

FROM the Wilmington Star: "An ounce of preventive is worth a train load of cure. It is better to keep yellow fever away by daily fumigations than to keep it from spreading after it gets a firm foothold. We would be glad to know that the city authorities are doing all they can to prevent the fever from coming here, and to prevent it from living if it should get here. We believe that much could and should be done that has not been done, and we fear will not be done." The Star expresses in regard to Wilmington just what we have advocated in behalf of New Bern. It is the right position. The officers of cities, situated as Wilmington and New Bern are, are criminally guilty if they neglect anything for the better protection and complete security of the people.

LOCAL NEWS.

Sweet potatoes of the new crop were in market yesterday.

Love feast at the Adventist Church tonight at 8 o'clock.

Mr. Thos. H. Mallison of No. 6 township says he began picking cotton last Tuesday. Only picked four or five bolls, however.

Two reports came to this office yesterday evening that Ed. Tucker had fallen in the dock at Peter Jones's wood yard and baptised himself. He says, though baptised in Hahn-Republican waters, he intends to renew his efforts for the coalition ticket.

It is hardly necessary to compliment a man occupying an official position for doing his duty, but we think the thanks of the citizens of New Bern are due R. P. Williams, the acting Mayor in the absence of Mayor Meadows, for the manner in which he enforced the quarantine regulations. He has endeavored to carry out the ordinances to the letter and kept a constant watch for any suspicious persons who may have come in contrary to the same. The greatest energy and forethought has been exercised by him.

We welcome the return home of the party who have been spending the summer at Yopon Cottage, Morehead City. We know of no more satisfactory, pleasant and economical way of spending a few months at the seashore, than that adopted by this party, where each member contributes alike amount and takes with them their own articles of furniture, both of necessity and comfort. Another attractive feature is, they know who is to compose their household as their companions are chosen before leaving home. We wonder that more of our New Bernians do not follow the example of this party, it being so accessible to New Bern, and taking into consideration how inexpensive and yet how perfectly independent a life it is, the responsibility resting on no one, and yet alike enjoying the many pleasures owing their own bath house, wharf, etc. Let us have more of the cottages.

Steamer Movements.
The Eagle of the E. C. D. line arrived yesterday with a cargo of general merchandise and will sail this afternoon at 4 o'clock. The Vesper of this line will arrive tomorrow.

Personal.
Mr. Wm. Ellis has returned from Morehead City after spending a month or two in a delightful recreation.

Mr. Charles Slover and family, Mr. and Mrs. C. E. Slover, Mrs. E. B. Ellis and daughter, Miss Emma Katie Jones and Miss Lizzie Slover have returned from Morehead City.

W. W. Clark, Esq., has returned from Morehead City where he has been resting and preparing for the fall court.

Mr. L. H. Cutler and family, except Miss Bertha who enters Greensboro Female College, returned from their mountain trip last night.

In Defense of Flavor.
And the efficacy of its action have rendered the famous California liquid fruit remedy, Syrup of Figs, immensely popular. It cleanses and tones up the stomach and liver, cures constipation, and restores the system, and is the best remedy for Colic and Fevers.

Wants To Settle.

The man Baird who sent the insulting telegram to the Mayor of this city and who was suspected of writing a communication published in the Goldsboro Argus reflecting upon our physicians and city council, intimating that politics was the controlling motive in their action, now wants to come to the city to set himself right. It is said that he holds a position in the postal department at Washington City, and the President and Postmaster General having been informed of his conduct, he has probably been informed that the government cannot afford to keep in its employ men who thus openly and wantonly insult a whole community.

P. S.—Since writing the above we learn that Mr. Baird came down to the quarantine station last night where he met Mayor Meadows and Councilman R. P. Williams who was acting Mayor at the time that the telegram was sent, and to them denied sending the telegram as it was delivered, and that he had not written such a communication as was described to him in the Argus. The following is a copy of the telegram received here:

GOLDSBORO, N. C. Aug. 18.
E. H. MEADOWS, Mayor.

If you are advertising fool doctors dare to stop train 50 from Beaufort Monday wire me and I will bring men and ammunition from Goldsboro, La Grange and Kinston enough to raise your quarantine. Plenty men mad enough at folly.

JOHN B. BAIRD,
Washington, D. C.

The city council should demand a full and complete apology from Mr. Baird and let him look after the parties that have perpetrated a forgery, if such has been done, on him.

The issue in Craven County.

Elsewhere will be found the proceedings of the Democratic convention which assembled at the court house yesterday.

The convention endorsed the county ticket headed by Daniel Stinson for Sheriff. It could not do otherwise if the people of this county hope to succeed in getting representatives in the General Assembly who will be able to take part in shaping legislation, preventing such as is injurious to our welfare and against the development of our section.

The ticket headed by Mr. Stinson, except the coroner, is composed of the present incumbents. They can well afford to challenge a comparison of their administration of the duties of their offices with their predecessors.

But suppose the ticket headed by Mr. Hahn, the supporters of which propose to send Messrs. Green and Hussey to the General Assembly, is in every respect the equal of that headed by Mr. Stinson whose supporters propose to send Messrs. Nunn and Russell, two Democrats, to the General Assembly, can any Democrat hesitate about which ticket to support? If they can by supporting the Stinson ticket secure good county officers and two good representatives in General Assembly is it not sound policy and good sense to do it?

Let every Democrat and every Republican who has the interest of Craven county at heart and desires to see her people prosper, her wastes places built up and an honest and capable administration of the county affairs, consider well this question, and laying aside all prejudices, vote as his good sense dictates.

The Democratic Convention.
The Democratic Convention of Craven county reassembled at the court house Aug. 23, pursuant to the call of the chairman, who stated the object of the meeting, whereupon Mr. S. W. Latham moved that a committee of three be appointed to draft resolutions.

The chair appointed Messrs. S. W. Latham, H. H. Perry and Wm. P. Hays who, after resting a short time, submitted the following report:

Whereas, The Republicans of this county have two tickets in the field for county officers. And, whereas, that portion of the Republican party which has placed in the field a ticket headed by Daniel Stinson for sheriff, has endorsed the Legislative ticket nominated by the Democratic Convention held July 13th. Therefore

Resolved, That the Democrats of Craven county in Convention assembled, in view of the present condition of things, and considering the material interest of our county, deem it unwise to nominate a ticket for county officers, but endorse the ticket headed by Daniel Stinson as worthy of their support, and earnestly call upon all good Democrats in the county, in the interest of honest local government, and for the protection of Craven county in our General Assembly, to support that ticket at the polls.

S. W. LATHAM,
H. H. PERRY,
W. P. HAYS,
Committee.

The report was adopted and the convention adjourned sine die.

Winston Republican. A short time since revenue officer Vanderford seized a quantity of whiskey belonging to a man named Cain near Mocksville, Davie county, and placed a guard over the same. Last Friday Deputy Collector Roberts started with wagons to remove the same to the residence of a Mr. Anderson. The wagons proceeded the collector and upon arriving at their destination a brother of the man to whom the whiskey belonged declared that it should not be removed to the house of Mr. Anderson and deliberately cut the hoops of the barrels and set fire to the whiskey, burning it and the store-house to the ground.

The Roll Call.

In every military encampment, at sunrise, a roll of all the names of the members of each company is called by the orderly sergeant. Beginning with Allen Adams he goes down the list to Zacharias Ziegler; all present call out "here!" and are so entered. If no response is heard, an inquiry is instituted, and absent ones are in some way located, when the orderly sergeant turns and salutes the captain, who is awaiting the result, and reports "All present or accounted for."

In the office of two Philadelphia physicians there is a roll of patients who answer by letter each three weeks to the call of the roll of their names. In the list are hundreds from every State and Territory, beginning with Alabama and ending with Wisconsin and Wyoming. These patients' reports are very curious in the minutia of their details. An interesting feature is the emphasis of gratitude expressed for being cured, in many cases the patient having only been led to try treatment by these physicians, after every other resource had proved fruitless. The name given to this treatment is "Compound Oxygen," and if you would like to learn more of it, send your address to Dr. Starkey & Pelen, 1519 Arch street, Philadelphia, who publish a brochure entitled "Compound Oxygen—its mode of action and results." "The right sort of a jury," besides monographs on various diseases, all of which are sent free to any applicant.
