

THE DAILY JOURNAL

VOL. VII.—NO. 128.

NEW BERNE, N. C., SATURDAY, AUGUST 25, 1888.

PRICE 5 CENTS.

BUSINESS LOCALS.

TO ARRIVE TODAY by steamer "Scout," 100 bbls. BUILDING LIME, and for sale low by J. C. WATTS.

SOMETHING NEW—Boraxine washes clean. A blessing to mankind. Try it. J. F. TAYLOR.

FINE stall-fed Beef at Chas. E. Nelson's stall on Broad street this morning. Call early and get a good cut.

YELLOW FEVER QUARANTINE. Although poor old New Berne has received its share of abuse from her sister towns, she is still prepared to say there is not now there has been one case of yellow fever this season, and with the present prevention of the physicians and city council, with the assistance of the proprietor of the Only Cash Store in North Carolina, at Humphrey & Howard's old stand in New Berne, there will not be. Hence the proprietor, Hill Humphrey, wishes to say to the people of Eastern North Carolina they need not hesitate to visit New Berne, that his quarantine against high prices is a protection for all.

THE "Jarman Ice Factory" has opened a depot for the sale of ice at E. M. Womble's store, Middle street, near Broad. ONE HALF CENT PER POUND.

SPECIAL NOTICE TO CONSUMERS. Having put my delivery wagon on the street, I am now in a position to furnish ALL my customers with FIRST CLASS Groceries at short notice and a very small profit. I defy competition, warrant my goods, and only ask a trial to convince the most doubtful. Now some of my friends say that my advertising and my wagon don't pay me (with my small profits), and that I will soon break. Let me be the best judge of that. I am still paying 100 cents on the dollar, my property is in my own name, and I am determined to sell good groceries cheap.

Very respectfully,
THE GROCER, E. B. HACKBURN.

PHILADELPHIA BUTTER, the best in the market, on ice at Dana's, only 30 cents per lb.

CAR LOAD FRESH WHEAT BRAN just received at S. W. & E. W. SMALLWOOD'S.

USE PURE ICE, manufactured by the Jarman Ice Factory.

ON draught, Bergner & Engel's celebrated Beer, ice cold, at A. H. HOLTON'S.

BOTTLED BEER, ice cold, and all other cool drinks at A. H. HOLTON'S.

CALL at the Broad St. Store where you can buy all kinds of Fresh Groceries low for cash only.

G. F. M. DALL, Ag't.

WHITE LEAD, Mixed Paint, Varnish, Oil and Glass at GLO. ALLEN & CO.

MR. BRECKINRIDGE of Kentucky, has introduced into the House five bills against trusts.

ALL vessels from ports south of Cape Henlopen, bound for New York, must hereafter stop at quarantine for inspection.

THE tall and beautiful tower of the new church of the covenant, Washington City, fell with a tremendous crash Wednesday and carrying with it all the front portion of the edifice.

LONDON papers do not consider the failure of the Senate to ratify the Fisheries Treaty a matter of any consequence, as they regard it as simply postponement until after the Presidential election. Correct.

TEN million dollars on account of pensions were paid out yesterday by the Treasury Department, but in spite of this the total receipts of the month so far exceed the total disbursements by five million dollars.

THE gale and heavy rain which prevailed in the South from Friday morning until Sunday morning, did great damage in New Orleans and throughout the sugar belt, from Baton Rouge to the Gulf, including all the rice section of the State.

A REPUBLICAN paper says: If Cleveland is defeated, the Democratic party is busted." Not at all. The Democratic party is not dependent upon the political fortunes of any man. It never was and never will be. General Jackson was an iron man, but his metal was made of pure Democracy. If Cleveland is defeated the stronger will be the delegations of the Democracy to stand by the people and the Constitution. But there is no danger of the defeat of Cleveland.

We have read with great pleasure, and no little instruction, the

pamphlet of William H. Oliver of New Berne, on the silver question. It has been some years since we made a systematic study of the subject, but, if our memory is not at fault, we arrived at the same conclusions as those of Mr. Oliver, so far as we went, but our investigation did not extend as far as his. We commend Mr. Oliver's treatise to the careful study of all interested in the investigation of the silver question.

COL. HOLT has written a letter to Judge Fowle, dated Buffalo, Lithia Springs, Va., Aug. 20, 1888, in which he expresses his regret that severe rheumatism has kept him out of the canvass. Judging from Col. Holt's present condition, and the nature of his disease, we presume that he will not be able to take part in the campaign. This is no fault of his, and the Democracy will see to it that his absence from the field will detract nothing from his vote on the day of the election.

LOCAL NEWS.

Carry the news to Goldsboro. The port physician has removed the restrictions as to travel from that city.

See the new advertisement of the Old Dominion Steamship Company. The Manteo will leave Norfolk for New Berne Monday next. The Newberne will leave New Berne for Norfolk Tuesday next.

The board of engineers and officers of the New Berne Fire Department met on Thursday night and reinstated the Mechanics' Hook and Ladder Company. With suitable and proper apparatus and facilities this company may be made an important part of the department.

Turner Baker, colored, brought to the JOURNAL office yesterday a lot of cedar worms, an ugly looking worm that plays havoc with the cedar tree, and says he picked a gallon. He will pick them from anybody's trees for the small sum of fifty cents per gallon.

Where to Send It.

Had very idea of a people that was supposed to have good sense quarantining against a case of MALARIAL fever. Will some one be kind enough to send a box of mustard—the yellowest kind—to the city council of New Berne?—Goldsboro Mercury.

Wouldn't it be more appropriate to send it to your physicians who pronounced it YELLOW FEVER?

Keep the Ball in Motion.

The yellow fever scare has caused considerable cleaning up in the city. This important work should not be discontinued as the fear of an epidemic passes away. The condition of back yards, alleys, docks, market places, butchers' stalls and other places should be constantly looked after no matter whether there is danger of yellow fever or not. Let the good work go on until the city is thoroughly cleansed and then keep it so.

The North Carolina Dead.

Memorable, through all times, is the devotion of the women of the South to the brave men who laid down their lives on the altar of Southern independence. Year after year they scatter flowers on the graves of our hero dead, and day after day teach their children to revere the memory of Lee, Jackson and their men. If the wishes of the mothers and daughters of North Carolina's soldier dead could have been consulted, the heroic band would not be scattered like the leaves of autumn, but they would be gathered in one grand mausoleum beneath our own bright skies. But this could not be. Many of them sleep their last sleep beyond the borders of their State in soldiers' sepulchres. As previously stated in the JOURNAL, "one thousand seven hundred and eighty North Carolina dead are buried in Hollywood Cemetery, Richmond. Many of their graves are unmarked. The ladies of Hollywood Memorial Association desire to place a granite slab at the head of each of their graves and ask contributions for the purpose. The ladies Memorial Association of New Berne have become auxiliaries in the noble cause, and appeal to their fathers and brothers to assist in the laudable undertaking. Let them not appear in vain. Three-fourths of the present contributions have been made by the ladies themselves. Our business men, our young men and our boys—one and all, ought to regard it a duty and a privilege to contribute to this undertaking. A penny consecrated to honor, virtue, truth, valor like a star in the firmament. Contributions may be sent to Mrs. George Allen, Treasurer of Memorial Association, or to the New Berne JOURNAL office.

Quarantine Matters.

The following is from the Wilmington Star:

The four police officers who were sent out of town because they had come in contact with refugees from Jacksonville when quarantined here some two weeks ago, have returned to the city, and yesterday reported at police headquarters for duty. The Jacksonville refugees have also been discharged after two weeks' quarantine. There is no relaxation, however, in the regulations instituted some time ago, and there have been no advices from infected Florida points to justify it. Refugees from Florida who have reached Northern cities give a much more discouraging report of the epidemic at Jacksonville than the advices received from the health authorities and the press reports. A refugee who reached Pittsburgh, Pa., last Friday, gives a doleful account of the situation. He says that he escaped quarantine by a twenty mile drive out of Jacksonville. All business, he says, is at a standstill, citizens are rarely met from the streets and the yellow flag floats from many dwellings, and the deaths as well as the full extent of the epidemic are suppressed.

We are glad to see that our sister city is maintaining its watchfulness against the introduction of so terrible a scourge as yellow fever. Had Goldsboro promptly instituted a strict quarantine when the exodus began in Florida there would have been less cause for alarm in New Berne. But instead of that they published to the world that they had a case quarantined a mile from town, refused the courtesy of a reply to our port physician who asked for information in regard to the case; and began a tirade against our people for taking steps to protect themselves; that is, if the various slurs and unkind things published in the Argus are their sentiments. In the columns of that paper constantly appear such as the following:

Just how people who know the situation look upon the action of the city council of New Berne in quarantining against Goldsboro, may be seen from a letter received yesterday from a gentleman in Richmond. It is indeed a sad and commentary on the "Elm City." We simply give it as it comes to us, and without any expression of opinion on our part. The writer, after speaking of the great damage New Berne has thus perpetrated upon Goldsboro in the outside commercial world, says: "But it seems to me you people of Goldsboro ought once for all to put a stop to this folly of New Berne by legal means. I do not know anything of the ancient village myself, but it seems to be well enough known here. An old gray haired friend of mine said to me today in his office on Main street: 'Yes, that is an old trick of New Berne's. I have known the town for forty years and between foggyism, fools and chronic candidates, they will quarantine against a sick cat if it can attract attention.' Another thought it an 'old rose head town' which was easily thrown into panicky convulsions by any sort of sensational telegram. Well, as Sir John says, New Berne will never be any younger, and everybody is perfectly willing to leave it to its hopeless dry rot provided it don't assume to 'cut the cables' to the detriment of live and useful places, as in this instance." We copy this paragraph simply that the good people of our sister city may see how sensible people in other towns and States who are entirely uninterested comment on the silly action of the city council in quarantining against the whole world. Alack! Alack!

Sensible people indeed! So thinks the Argus. But Don Platt would say of this Richmond letter writer and his gray-haired friends, they make themselves living insults to all who have the misfortune of their acquaintance. Their self-assured excellence and superior wisdom qualify them to attack the sins and follies of the people of New Berne, and if they have any other business it is unknown in New Berne. The Argus calls them "sensible," because, forsooth they assist in abusing the city council and physicians of this city whose action the people endorse, and which action was brought about by the folly of Goldsboro itself. The Argus might as well understand that the people of New Berne will always take such steps in matters concerning their own safety and welfare as their own good judgment suggest and not upon suggestions of the Argus or its gray-haired Richmond letter writers.

We have endeavored to let such notices as the one copied above from the Argus pass unnoticed, but their constant appearance is becoming annoying to those who have respect for that paper. Its date and slings are always aimed at the board of council, knowing that the members of the board acted upon the advice of the resident physicians whose reputation, learning, skill, scientific knowledge, and honor and integrity the Argus dare not attack.

The Argus will live to regret some of the unkind things said of our people. We know that a communication has already been written retracting the insulting telegram sent in the name of Mr. Baird and withdrawing the article over the signature of "J. B. B." and it will be sent to the Argus for publication.

Steamer Movements.

The Reglet of the E. O. D. line sailed yesterday with cargo of lumber, shingles, naval stores and general merchandise. The Vesper of this line will arrive today.

Competitive Examination in the Second District.

Hon. F. M. Simmons requests us to state that there will be a competitive examination of applicants for appointment from the Second Congressional district to the vacant cadetship in the Military Academy at West Point, at Rocky Mount, N. C., September 4th, 1888, beginning at half-past three o'clock, p.m.

Prof. Jos. Kinsey of Lenoir, Mr. Elias Carr of Edgecombe, and Dr. Robert C. Stanell of Northampton have been requested to conduct the examination.

The appointment will not take effect until June, 1889, thus giving an opportunity to the successful candidate for preparation.

Mr. Simmons requests us to ask all papers in the district to make a note of this announcement.

Personal.

Dr. and Mrs. Bates have returned from Connelly's and their mountain trip much improved in health, and the doctor says ready for business.

Clement Manly and R. B. Nixon Esqs., have returned from a business trip to Onslow. Mr. Manly was counsel for a man who was charged with highway robbery and who after the hearing before the magistrate was discharged.

T. A. Green, Esq., and family, except Miss Maude who enters Greensboro College, and Miss Katie Churchill returned from their mountain trip last night.

F. H. Busbee, Esq. of Raleigh arrived last night.

Col. J. N. Whitford, after remaining in exile for two weeks, came down last night.

Mrs. Ralph Gray is visiting friends and relatives in Hyde county.

The North Carolina Dead in Richmond, Va.

One thousand seven hundred and eighty North Carolina soldiers are buried in Hollywood Cemetery, Richmond, Va. Their graves are unmarked. The ladies of Hollywood Memorial Association desire to place granite blocks at the head of each grave, and ask contributions for the purpose. The Ladies Memorial Association of New Berne appeal to the citizens to aid the undertaking. Contributions can be sent to Mrs. Geo. Allen, Treasurer of Memorial Association, or to the JOURNAL office. Contributions will be acknowledged in the JOURNAL.

Mrs. John Hughes	\$1.00
M. M. Nash	1.00
C. W. McLean	1.00
George Allen	1.00
JOURNAL	1.00
Maj. Graham Davenport	5.00
Miss Annie M. Slover	1.00
C. T. Hancock	1.00
Mrs. M. DeW. Stevenson	1.00

QUARANTINE NOTICE.

NEW BERNE, N. C., Aug. 24, 1888.
I hereby declare all those provisions of the quarantine regulations of the city of New Berne having special reference to Goldsboro removed and abrogated as regards persons and freights of every kind.
FRANCIS DUFFY, Port Physician.

Mr. Thomas B. Hill.

A most estimable gentleman and excellent citizen of Hillsboro died recently at that place at the age of 75 years. He was widely known through Eastern Carolina as a man of fine culture, good business habits, amiable disposition and pronounced and active Christian virtues. He was a native of Halifax county and was a large planter on the Roanoke river. Many years ago he changed his investments, and retired to live in Hillsboro a life of quiet usefulness. He married in New Berne, Miss Simpson, a sister of the wife of Judge Manly.—Asheville Citizen.

Lemon Elixir.

A PLEASANT LEMON DRINK.
Cures indigestion, headache, malaria, kidney disease, fever, chills, loss of appetite, debility and nervous prostration, by regulating the Liver, Stomach, Bowels, Kidneys and Blood.

Lemon Elixir is prepared from the fresh juice of Lemons, combined with other vegetable liver tonics, cathartics, aromatic stimulants and blood purifiers.

W. A. Jones, Bell Station, Ala., writes: "I have suffered greatly from indigestion or dyspepsia. One bottle of Lemon Elixir done me more good than all the medicine I ever taken."

An Old Citizen of Atlanta, Ga.

By the recommendation of Rev. C. C. Davis, I used Dr. Mosley's Lemon Elixir for a severe chronic case of indigestion, palpitation and irregular action of the heart with constipation and biliousness. I also suffered greatly with gravel and great pains in the back and kidneys, much of the time unable to stand alone. I was treated by many physicians and used many remedies, but got no relief.

Dr. Mosley's Lemon Elixir alone has made a perfect cure of all these diseases. I am now a well man. My wife has for many years suffered greatly with constipation and sick headaches from which she could get no relief. The Lemon Elixir has permanently cured me.

A. C. ARNOLD,
28 Ellis street, Atlanta, Ga.
Sold by druggists, 50 cents and \$1 per bottle. Prepared by H. Mosley, M. D., Atlanta, Ga.
Sold in New Berne by R. N. Duffy, druggist.

STATE NEWS CONDENSED.

Goldsboro Mercury: The Catholics of La Grange had the pleasure of a visit from Rev. Father Price of New Berne, last week.

Durham Recorder: From every section comes the good news that those good and true men who contemplated voting the third party ticket are coming back to the Democratic fold. They are pure temperance men.

Goldsboro Argus: The artesian well at the Ice Factory has reached a depth of over 200 feet and still the other side of the stone barrier has not been reached, beyond which the management hope to strike water in inexhaustible abundance.

Clinton Caucasian: Complaints are coming in of rust upon the cotton plants.—Mrs. Ashton Clute has a rooster sitting upon a nest of eggs. He is said to understand the business first rate.—Rev. J. L. Stewart is holding an interesting protracted meeting at New Hope church.

Wilmington Star: The Wilmington District Conference of the Methodist E. Church South, convenes at Richlands, Onslow county, on Wednesday, Aug. 29th, and continues to Sept. 3d.—The good people of Southport are no little disturbed at the appearance of scurrilous placards and caricatures of some of the leading citizens of the place, which are posted during the night on walls and fences about the town. Every effort has been made to catch the perpetrators but without avail. The posters are torn down daily by indignant citizens only to reappear with glaring effrontery the following morning. It is mentioned that two men armed with shot guns were posted one night in the leafy branches of a tree to watch a certain building, the walls of which were placarded every night with these objectionable posters. They kept close watch through the night without seeing any one, and yet when morning dawned much to their amazement, they found fresh placards staring them in the face that had been posted during the night, right under their noses. People begin to think that there is something uncanny in all this, and are awaiting further developments with no little curiosity.

Sanitation—The Best Disinfectant.

Bichloride of mercury is recommended by Dr. Holt, of New Orleans, and other scientific sanitarians, as the best disinfectant for vaults and surface disinfection, and its use has been adopted by the health authorities of Savannah, Ga., and other Southern cities. The preparation is destructive to all microbe organisms, and is, therefore, at the head of all known disinfectants as the surest agency for the destruction of all germ life. The solution is made by taking six ounces each of the bichloride of mercury and muriate of ammonia, rubbing together well in a mortar, dissolving in a gallon of hot water and adding to it forty gallons of water.—Wil. Star.

Attention, Alliance.

The officers of the Sub-Alliance of Jones county will please have elected delegates to attend at Trenton Saturday the 1st day of September, 1888, to a called meeting of the County Alliance. By order of the President.

JAS. B. STANLY, Sec'y.

PERSONAL.

Mr. N. H. Frolichstein, of Mobile, Ala., writes: I take great pleasure in recommending Dr. King's New Discovery for Consumption, having used it for a severe attack of bronchitis and catarrh. It gave me instant relief and entirely cured me and I have not been afflicted since. I also beg to state that I had tried other remedies with no good result. Have also used Electric Bitters and Dr. King's New Life Pills, both of which I can recommend.

Dr. King's New Discovery for consumption, coughs and colds, is sold on a positive guarantee. Trial bottles free at R. N. Duffy's drug store. Wholesale and retail.

Gaston House Barber Shop.

Prof. W. H. Shepard is now running four chairs and has secured the services of Harper of Goldsboro, a skilled barber.

Good shave, 10 cents; hair cutting, 20 cents.
