LAKE LEMAN.

to the toer of the Lake. Brightly shone the sun; and it can shine the triap almosphere. We caused the triap almosphere. We caused to wear the triap almosphere. We caused to wear in front of my Pention or home here. Yet a mellowness, like that of Indian sommer, reats softly over throbbing heauty eyerywhese. Still we hope that later this will will be lifted by the fervid kissen of a regal sun. So we steam out beyond the Pharus on one side, and the Pierres de Nitron on the other. These last are two great grantte blocks, rising from the water, and said to be two altars, sacred to Neplane, and upon which the old Romans sacrificed to the potent God of the Ocean. We akirt the northern bank of the Lake as far as Nyon, and then aweep across to Evian; thence back to Lausanne, and so on now along one side and then along the other. The Lake is crescent shaped; about the middle. It is enclosed in mountains, some of which stand always clad in snow. But until we reach the upper or eastern part of the always be applied to him most clad in snow. But until we reach trophe suits the theme, and will the upper or eastern part of the always be applied to him most take, these monarchs leave an ample worthy of its noble praise.

THE MOUNTAINS. ones—Lausune has 30,000 inhabitractions of this trip. Nothing has splendid private residences, are nothing could be said worthily, of thick strewn along the sloping lands. Some houses sit on the very crests of round hills. Most of the word cannot be over the villages and towns look a thousand passes these asure waters like a rich and rare setting around a priceless gem. The ranges of Valais and said and rare setting around a priceless gem. The ranges of Valais and said some houses look a thousand politics, is of that transpires in that State, loaves, old stone houses begrinmed with age, or covered with ivey—

That transpires in that State, loaves, old stone houses begrinmed with age, or covered with ivey—

That transpires in that State, loaves, loaves, covered with loaves, loave with age, or covered with ivey-everything is built of gray stoneconstruction, latethe Republican convention, latethe Association, nominated Hon.
There has been, and

everything is built of gray stone—
church towers and spires peeping in solemn grandeur. Above and behind the imposing amphitheater in the story of above each other on the steep hillside, as if each tried to jump over the other in a game of leap frog: this was what we saw all along. Sometimes the whole area seemed sowed with houses and vineyards. Sometimes the whole and vineyards. none can break his battlements.

Yet not all the space, oh, no. This is a wonderful wine country. Vine Lake a sacred spot. No wonder its praises have challenged the pens of his veto of the Crosby High yards are everywhere. They begin praises have challenged the pens of climb and climb. We wondered beauty increases; and presently, upon what the people lived. Noth- the sun having lifted the mists and each tied to its own short stake, air, Mount Blanc bursts on our view! The fields were small, and rec- Mile after mile, field after field, up

HISTORIC ASSOCIATIONS. Not only may we run back to very ancient days to gather ro-romance and stern heroic deeds, that these natural besuties may have new glories; but we remember that Necker, the great banker and financial minister of Louis 16th of France, and his dauguter, the celebrated Madame de Stael, lived youder in Coppet and were buried there. Copper and were buried there. General Carnot lived at Nyon, and Joseph Bonaparte near. In that old Cathedral of Lausanne, dating from the 13th century, John Calvin and other Reformers had a FOITOR JOURNAL:—A wonderfal day has this been, amid marvelin the stirring times of 1538, which
had wide reaching results in the
establishment of the Reformation
in Switzerland, and breaking the
marked in this historic and classic
city of Geneva on last Saturday.

The results of the Reformation
in Switzerland, and breaking the
canton of Vand. In the church of
St. Martin, built in the 15th century, in the town of Vevey, are
turied Ladlow and Broughton, whe famous Ecclesiastical Disputation in the stirring times of 1536, which

(pronounced La Cotay). On you-

section has been also made immortal bus antiquity; for it is as old any other lake on the globe. Its is a positive, distinct blue, as tained with indigo, or Lapis. It say other lake like it? transparency is phenomenal, can look down, and downing its pellucid waters and man see a pin on the bottom. It is a massive, well preserved old pile of solid masonry, resting on solid rock. Its outer walls rise shear from the water, which is here 500 feet deep. It is surrounded by a deep moat, which could be always alled with water. Access within the castle could be had only by the drawbridge. Near the mountains awent six years to units with the Arve, at the Rhone—to hasten on the 1th century. It belonged to the counts of Savoy, enemies of Geneva, and remains now as it was in the 13th century. If belonged to the counts of Savoy, enemies of Geneva, and remains now as it was in the 13th century. If belonged to the counts of Savoy, enemies of Geneva, and remains now as it was in the 13th century. If belonged to the counts of Savoy, enemies of Fleurs de Lia, old oak pannelling and wide fire places; through bedrooms and Hall of Justics, torture room; looked into the textible, profound well of death, into which the blindfolded victim of hate was led lindfolded vi

vation. Little towns and large Faintly have I written of the atold square church turret, with a with its white mantle, lift auto the point, in some cluster of five or sky their majestic heads. Soft six stone cottages, jammed to purple veilings drop around them gether in a green valley, or on a all. Boats, buildings, towns, men, mound; great modern hotels with are nothing here. Mighty works of staring gilt names; sometimes building after building, climbing giants look as if they were closing their arms around everything for final crashing. No! We look up and remember that the mercies and promise of God are as the everlasting Mountains. He guards, and none can break his battlements.

ing but vines were cultivated and hung them in purple haze high in tangular, enclosed by gray stone to its highest peak, away above all walls. Beyond Nyon the Jura other hights and ranges, its snows mountains gradually retire, and cleave the heavens. The sun is there is a rich semicircle reaching setting; the sun goes down behind the have a national platform Rolle, where is raised the famous Swiss white wine, called La Cote, and valley and mountain, but youder fields flame still in ruddy reflec-

der steep slopes above the villsges of Lutry, Culfy and St. Saphorin, are the vineyards yielding La Vaux wines. And so on everywhere. No horses, sheep or cattle are seen. Yet we have good milk and butter us today over the beautiful Lake of
