YELLOW FEVER QUARANTINED.
Although poor old New Berne has received ridicule and abuse from her sister towns, she is still prepared to say there is not now but there has been one case of yellow fever this season, and with the present prevention of the physicians and city council, with the assistance of the proprietor of the Only Cash Store in North Carolina, at Humphrey & Howard's old stand in New Berne, there will not be. Hence the proprietor, Hill Humphrey, wishes to say to the people of Eastern North Carolina they need not hesitate to visit New Berne, that his quarantine against high prices is a protection for all.

HAY, BEAN, DOUCE, CORN AND OATS at
S. W. & E. W. SMALLWOOD'S.
ON draught, Besmer & Engel's celebrated Beer, ice cold, at
A. H. HOLTON'S.

SPECIAL NOTICE TO CONSUMERS.
Having put my delivery wagon on the street, I am now in a position to furnish all my customers with FIRST CLASS Groceries at a very small profit. I defy competition, warrant my goods, and only ask a trial to convince the most doubtful. Now some of my friends say that my advertising and my wagon don't pay me (with my small profit), and that I will soon break. Let me be the best judge of that. I am still paying 100 cents on the dollar, my property is in my own name, and I am determined to sell good groceries cheap.

Very respectfully,
THE GROCER, E. B. HACKBURN.

PHIL'S BUTTER, the best in the market, on ice at Dunns', only 30 cents per lb.

KELLY of Pennsylvania, Reed of Maine, and all present lights of the Republican party, say that Protection makes goods cheaper. John Quincy Adams said, "The doctrine that duties of import claim to cheapen the price of the articles on which they are levied seems to conflict with the first dictates of common sense."

BOARDS of Trade are of inestimable value in all commercial cities, and should be upheld by public opinion, and the active cooperation of all good citizens. That community is to be congratulated whose Board of Trade admits of the existence of no difficulty that cannot be overcome by wise council and resolute action.

He trains His soldiers, not in tents of ease and luxury, but by turning them out and using them in forced marches and hard service. He makes them ford streams, and swim rivers, and climb mountains and walk many a long mile with

heavy knapsacks of sorrow on their backs.—Spurgeon.

CONGRESSMAN JOHN NICHOLS of the fourth district, in speaking of North Carolina a few days ago in Washington, said: "The outlook is extremely favorable for Republican success. Judge Russell in his recent interview in the Post vastly underestimates the prohibition strength. They will poll 10,000 votes, and draw principally from the Democracy." We do not believe "the Republican outlook is favorable to Republican success;" but we know that it is a burning shame that Democratic success is menaced, and Republicanism encouraged by third party in North Carolina.

LOCAL NEWS.

The county commissioners will be in session tomorrow.

During the squall of yesterday morning a sharp upset in Trent river. The occupants escaped with a ducking.

An unusual supply of fresh fish was in market yesterday. Trout, blue fish, flounders, spots, &c., were in abundance.

Eight prisoners in Craven county jail, one for the U. S. and seven awaiting trial at the next term of our Superior Court.

The Hahn Republicans have nominated Mr. R. Berry for county treasurer, to fill the vacancy on their ticket caused by the death of Mr. John O. Gardner. Mr. Berry, we are informed, has accepted the nomination.

Birmingham has quarantined against Atlanta, not that yellow fever is known to be there but because refugees from Florida are taken in and a case or two is reported to be there. Wonder if Atlanta will out a Goldsboro caper?

The furniture factory of Palmer & Avery are turning out handsome bedsteads. Their work is better than any imported, and they are turning it out as cheap. This is an industry that ought to be encouraged. Five hundred hands ought to be constantly engaged in various wood works in New Berne.

Steamer Movements.
The Eagle of the E. C. D. line arrived yesterday with a cargo of general merchandise. The Vesper of this line will arrive today. The Eagle will sail tomorrow afternoon at 4 o'clock.

The Newberne of the O. D. line will arrive tonight and sail Tuesday morning at nine o'clock for Norfolk via Ocracoke.

Twenty New Names.
Our regular agent, Mr. J. T. Eaton, sent us twenty new subscribers yesterday for the WEEKLY JOURNAL. They are all from Carteret county and the work of only one day. That speaks well for the time of the year when there is the least ready money on hand. They are cash subscribers, the only kind that we solicit. This being a year of both National and State elections, make it an unusually interesting one, and it is our earnest endeavor and intention to make the JOURNAL worthy the price asked for it. Our campaign rates will be found in the WEEKLY and are so low as to be within the reach of every family.

Personal.
Miss Bettie O'Neal has gone to New York to perfect herself in the millinery art. She has been several years with Miss Harriette Lane and has already had most excellent training in that line of business.

Rev. H. W. Battle arrived last night. Mr. H. B. Duffy has returned from New York where he has been and purchased an attractive stock of goods. He says everybody in New York is hurrahing for Cleveland.

Mr. J. W. Stewart has returned from his mountain trip refreshed and ready for business. He expects to have a full supply of first class horses and mules the coming winter and spring.

List of Letters.
Remaining in the postoffice at New Berne, Craven county, N. C., September 24, 1888:

Mrs. Frances Brown, John Bell, Shadrack Deloatch, Julia Ann Foy, Ruthann Foy, Alvin Hart, Mary Ann Grice, C. O. Mrs. Hill, Hans Jones, Sarah Jackson, Mary Johnson, Elizabeth Lomax, Ann L. Oden, G. W. Parikh, Joe Deeds, C. O. John Path, Lucy Roberts, N. Roberts, Geo. W. Williams, Louis Wilson.

Persons calling for above letters, will say so, and give date of list.

The regulations now require that one cent shall be collected on the delivery of each letter advertised.

Advantage of a Revenue Cutter.
EDITOR JOURNAL:—I see in today's issue of the JOURNAL an item on the revenue cutter for New Berne in which you state that one of the advantages of having the cutter here is that "our mechanics are often given employment in making repairs." There must be some mistake about this matter as I have been informed that all material for repairs on the cutter are now ordered from Baltimore instead of being made or furnished by our home mechanics. It is a question that I have little or no interest in; I simply desire the public to know that the mechanics of New Berne are not at this time a favorite class with the revenue cutter, and that but little or no employment is given them from that source.

Yours, &c.,
MECHANIC.
New Berne, September 1, 1888.

Is it possible that those who have charge of the revenue cutter at this port have such little regard for the interest of the mechanics of this city that they send abroad for their supplies and repairs? If so, an indignation meeting would be in order. Of course we take it for granted that we have competent mechanics, and that they are ready and willing to do any work for the cutter on as good terms as it can be done elsewhere. Even if it cost a little more to have the work done in the port where a cutter is stationed, it would seem that the government could well afford to distribute its patronage and not have special favorites to receive it all.

New Berne has submitted to too much of this sort of foolishness. It is time for the people to demand in unqualified terms their rights. It is time to speak out and be understood thoroughly. They have not been shown that consideration and respect to which they are entitled, and if necessary we can enumerate instances and prove this charge. But we hope to see amendments in the future that will render it unnecessary to prove or ever refer to the past.

Yellow Fever.
JACKSONVILLE, Fla., Aug. 31.—The last day of August finds the epidemic in full way with every part of the city infected. The whole number of cases reported so far is 211; deaths, 30. Today's report, 35 new cases for the twenty-four hours ending at 6 o'clock this evening, 4 deaths.

A general sorrow was caused today by the report that Col. J. J. Daniel, a noble Roman of Florida, whose high Christian character and calm judgment makes his influence felt far above that of any other man in the State, was attacked with yellow fever. He is prostrated by overwork but is resting easily tonight.

Our physicians who were idle two weeks ago are all busy now. Dr. Jos. Y. Porter of Key West is expected to look after the members of the Knights and Legion of Honor Grand and Supreme Lodges. These orders furnish medical attendance, nurses, subsistence, &c., for members of their families who are sick. There is a scarcity of printers, stenographers and typewriters in the city. More nurses will probably be needed soon.

Most of the Southern railroads are passing buses free on the request of the proper authorities. It is understood that the first refugee train for the mountains will start on Sunday.

BIRMINGHAM, Ala., August 30.—Tonight Birmingham and Atlanta are almost as widely separated as though an ocean rolled between them. At noon today, at the suggestion of the board of health, Mayor Lane declared a quarantine against Atlanta, and instructed the officers to rigidly enforce it. No person who has been in Atlanta within twenty days will be allowed to enter or pass through the city.

STATE NEWS CONDENSED.

Fayetteville Observer: The expediting dry weather is causing the cotton to open rapidly. Why is it when apples and peaches are so abundant that our people pay so little attention to drying the fruit? Apples we learn are in some places allowed to rot on the ground.

Twin-City Daily: The special through palace car from Dallas, Texas arrived at 12 o'clock today freighted with its twenty-five blushing, blooming beauties destined for the Salem Female Academy. They all looked fresh and sweet, not at all fatigued by their long journey.

Beaufort Record: Miss Nan Roberts of New Berne, is in town visiting Mrs. C. R. Thomas, jr.—It is strange what little interest the business men of our town take in the Record. A newspaper cannot succeed anywhere unless the business men take an interest in it. We are on the lookout now for a new location.

Wilmington Star: It is the general opinion "along the wharf" that the last half-holiday of the season for business men on Water street will be given tomorrow.—Cotton is arriving more freely, forty-one bales being received yesterday, but buyers are not yet in the market.—The people of Wilmington will doubtless be called on very soon to contribute money for the relief of Jacksonville. Wilmington will not fail to recognize the claims of her unfortunate people as soon as a call for assistance is made.

Asheville Citizen: Asheville is full of visitors, but there are still rooms for more, and we shall be glad to see them come.—Commissioner Robinson is attending every meeting in the State looking to the development of the agricultural and industrial resources of North Carolina, and in doing so pays the expenses out of his own pocket.—Many of our people will learn with regret of the death of that gifted minister Rev. J. L. Lefevre. His period of service in the Presbyterian church here covered four or five months, and he is remembered by its members as one of the most brilliant thinkers that has ever preached at Asheville.

Greenboro Patriot: The court house, even with its oft repeated experience of big political meetings, has hardly ever held a larger crowd than assembled there last evening to enjoy the entertainment given by the orphan children, conducted with great skill and efficiency by Miss Lena Hudgins. Even all the available standing space was occupied, and the Female College girls were ushered in in a body and assigned to seats reserved for their special accommodation. The programme consisted of fine vocal music, interesting recitations, &c., and we are glad to know that substantial aid was given in a collection from the audience.

World's Convention, Y. M. C. A.
At Stockholm, Sweden, a second farewell Y. M. C. A. meeting was held Monday. The address was delivered by the Bishop of Visby, and replies were made by Mr. R. C. Morse of New York, and delegates from Great Britain, France, Germany, Russia, Spain and Italy.

The King and Queen, his Royal Highness the Crown Prince, and other members of the royal family have not only shown their deep interest in the work the associations are doing for young men by their liberal subscriptions toward meeting the expenses of the convention, but they invited all the delegates to a reception at the royal palace of Drolingham, where recently the Emperor of Germany and his suite were so handsomely entertained. The royal palace is six miles from the city. At 11 o'clock the delegates left on three steamers provided for the occasion. The visitors enjoyed a ramble about the palace and elegant grounds of the royal gardens, and at 3 o'clock luncheon was served. In the absence of the King, who was in Christiana, the Crown Prince presided and welcomed his guests, expressing his pleasure at meeting them at the palace, and his interest in the work they are doing. The Rev. Gustave Toppel, of Geneva, spoke for the conference.

At 4 o'clock the party returned to the city much pleased with their reception by royalty. Delegates were at the Convention from every quarter of the globe.

The Richmond State, commenting on the rapid growth and progress of this organization and the great work now being accomplished by its branches throughout the world, says:

"The Young Men's Christian Association, which is doing more than any other organization now in existence for the preservation and elevation of the moral character of young men, has been holding its World's Convention in Stockholm. Some of the most prominent men in Europe, titled by birth and for achievements, are taking part in its deliberations, and its members were invited in a body to lunch with the King on Monday. This is a royal tribute to that patient merit which is even higher than royalty itself. The report of work of the Association is most gratifying. There are now 3,804 associations, one thousand have been added to the list since the last report was made. America reports an increase in value of property in the last four years of from three to seven millions. There are the brightest prospects for an equally rapid increase in the growth of the Association in the coming years. The cordial welcome of the Young Men's Christian Association, its brightly lighted hills, its innocent pastimes, its rich stock of literature, current and of the past, its many attractions, which all serve to elevate, none to degrade, are having as powerful as it is gratifying an influence on the young men in every community where the association exists. There is found under the shelter of its wings a place for young men to spend their evenings always in harmless pleasures and for their own benefit. It is making fewer empty purses, and headaches and heart-burnings, and sluggish,

feverish days, only to end in renewed dissipation, and it is no doubt making what human eye cannot detect, but what its influence must naturally effect, fewer defaulters, and fewer men slayers and fewer offenders of other kinds against the law of God and man. All honor to its tireless efforts, which are making it a great and useful power in so many lands.

Lemon Elixir.
A PLEASANT LEMON DRINK.
Cures indigestion, headache, malaria, kidney disease, fever, chills, loss of appetite, debility and nervous prostration, by regulating the Liver, Stomach, Bowels, Kidneys and Blood.

Lemon Elixir is prepared from the fresh juice of Lemons, combined with other vegetable liver tonics, cathartics, aromatic stimulants and blood purifiers. W. A. Jones, Bell Station, Ala., writes: "I have suffered greatly from indigestion or dyspepsia. One bottle of Lemon Elixir done me more good than all the medicine I ever taken."

An Old Citizen of Atlanta, Ga.
By the recommendation of Rev. C. C. Davis, I used Dr. Moxley's Lemon Elixir for a severe chronic case of indigestion, palpitation and irregular action of the heart with constipation and biliousness. I also suffered greatly with gravel and great pains in the back and kidneys, much of the time unable to stand alone. I was treated by many physicians and used many remedies, but got no relief. Dr. Moxley's Lemon Elixir alone has made a perfect cure of all these diseases. I am now a well man. My wife has for many years suffered greatly with constipation and sick headaches from which she could get no relief. The Lemon Elixir has permanently cured me.

Judge Shepherd's Opinion.
WASHINGTON, N. C.,
June 13, 1888.

Mrs. Joe Person's Remedy has been used by a member of my family, and the result has been very beneficial. I believe it to be a good medicine.

JAS. E. SHEPHERD,
Mrs. Brown, the case alluded to in Judge Shepherd's testimonial, says:

Washington, N. C., July 20, 1888.
It is with pleasure I add my grateful testimony to the hosts of witnesses who have attested the virtues of Mrs. Joe Person's great Remedy. After years of debility and suffering, it has proven to me the best of tonics and blood purifiers. An obstinate, irritable ulcer on my ankle, from which I suffered agony for years, seems to have healed entirely and healthfully under its purifying effects, and my general health has greatly improved.
