**SPECIAL NOTICE TO CONSUMERS**—Having put my delivery wagon on the street, I am now in a position to furnish all my customers with FIRST CLASS Groceries at a very small profit. I defy competition, warrant my goods, and only ask a trial to convince the most doubtful. Now some of my friends say that my advertising and my wagon don't pay me (with my small profit), and that I will soon break. Let me be the best judge of that. I am still paying 100 cents on the dollar, my property is in my own name, and I am determined to sell good groceries cheap.

Very respectfully,  
**THE GROCER, E. B. HACKBURN.**

**PHIL'S BUTTER**, the best in the market, on ice at Dana's, only 30 cents per lb.

**WHITE LEAD**, Mixed Paint, Varnish, Oil and Glass at GEO. ALLEN & CO.

**BOTTLED BEER**, ice cold, and all other cool drinks at A. H. HOLTON'S.

If you cannot build a temple, plant a flower to blossom at its portal.

LAST heard of our Fowle he was on the top rail crowing "like blazes."

**PRESIDENT CLEVELAND** has contributed \$200 to the Jacksonville sufferers.

**MAINE** has done the thing handsomely. Republicans and Democrats are alike satisfied.

**MAKE** sure of the Legislature, and be certain that every Democratic Congressman is elected.

**MRS. ELIZABETH OADY STANTON** willump the State of Indiana for prohibition and woman suffrage.

**DON'T** forget the judges. A learned, wise and impartial judiciary is essential to good government.

**MR. THURMAN** did not get sick because he is old. The younger the individual is the more likely he may have cholera morbus.

**THE** President has accepted the resignation of Hon. J. L. M. Curry, our Minister to Spain. The Government loses an able and conscientious servant.

**EVERY** succeeding day North Carolina adds a stone to the imperishable monument she is erecting to the genius, skill and industry of her people.

**THE** President's letter of acceptance, published today, is singularly able and trenchant. We trust that it will be read by every one, for it is one of the best productions of Mr. Cleveland's pen.

**GENERAL HARRISON'S** letter of acceptance reminds one of the circus man who rides two horses at once. The difference is Harrison's horses are going in opposite directions, and he is bound to get a fall.

**DOCKERY** has been allowed several times, but it has always left a bad taste, and we don't advise a repetition of the operation. It is enough that our candidates are bearing themselves gallantly in the fight, and pressing right on to victory.

**THE** great Exposition building at Atlanta, Ga., is nearly completed. The Chronicle claims that Augusta will have the honor and the largest building ever built in the South, and the most perfect Exposition grounds in the United States. The Exposition will open

Harper**; Secretary, **H. J. Beeson**; Treasurer, **T. C. Hancock**. This is the fourth year of the organization of the **Y. M. C. A.** in New Berne and it has steadily gone forward all the while with determination on the part of its members to make it a permanent institution. They are deserving of a building of their own.

**At the Theatre Tonight.**  
From the **Troy (N. Y.) Times** we copy the following comment on the **Thompson Comedy Company** which plays at the theatre tonight:

"A **Huge Joke** is without exception the most unique, original, enjoyable and laughable performance now before the public. From the view of the curtain to the close of the play, the house is in an uproar; the audience, when not laughing or applauding, sit in mute astonishment over the wonderful amount of versatility displayed by **John Thompson**. The original songs and duets, also the latest and most popular songs of the day are rendered in the most artistic manner. The songs and dances by the great comedians, **John Thompson**, are infinitely grotesque and original. The solos on the musical instruments, with their comic accompaniments, defy description. All kinds of instruments are produced—**Violin**, **Big and Little Cornet**, **Clarinet**, **Banjo**, **Chimes**, **Bells**, **Piano**, **Chinese Fiddle**, **Harp**, **Harmonica**. A solo is even played on the horn of a cow. The funny **John** made characters and full-size situations make the whole the most original and most perfect Exposition grounds in the United States. The Exposition will open

## New Berne and the Farmers.

We publish today resolutions passed by **Beaver Creek Alliance** similar to those passed by the **Dover Alliance** in regard to the **Cotton Exchange** of this city. **Mr. Samuel W. Smallwood**, President of the Exchange, publishes a card in this issue in answer to the **Dover resolutions** and which will also apply to the **Beaver Creek resolutions**.

**New Berne**, being naturally the market of these sections the people of course want to know what arrangements have been made for receiving their cotton. We suggest to our friends of the Alliance that it was wholly unnecessary to accompany their enquiry, or demand, with a threat. We believe the **Cotton Exchange** of this city so far as we are personally acquainted with the members, is composed of honorable gentlemen who will take pleasure in giving farmers any information within their power about marketing their cotton here, whether they trade in this city or not. Our merchants are willing for their trade to stand or fall upon its merits no matter what kind of bagging cotton is wrapped in.

So far as these resolutions apply to the **JOURNAL** we refer **Beaver Creek Alliance** to our comment on the **Dover resolutions**. If they are not satisfied with the explanations there made, why they can do as their own judgment dictates, and the **JOURNAL** will continue to do what it believes to be right, just and true regardless of consequences.

Messrs. **Roberts & Henderson** also give notice of insurance. It will be seen that all that is required by insurance companies is that the cotton be covered, and the buyers in **New Berne** don't care how light the stuff is that covers it so it is not covered with boards.

**Wood Manufactories.**  
Our former townsman, **J. V. Williams, Esq.**, writes a communication from Richmond which we publish in another column. His assertion that **New Berne** can beat the world on making cheap furniture is literally true. The gentlemen now engaged in that business have but little machinery, yet they can deliver their furniture, almost entirely hand made, to the dealers here as cheap as they can get it from large manufacturing where everything is done by machinery. Why will not some of our moneyed men who have large interests in **New Berne** convert some of their bonds into machinery that will employ the people of the city and at the same time make a better profit than the interest on a bond? A thousand dollar bond employs no one and the interest received by the holder amounts to but little. A thousand dollars put into machinery for manufacturing furniture would give employment to several hands and pay the owner of the money a handsome profit on the investment.

Millions of feet of lumber are shipped from **New Berne** every year in rough boats with the **Beaver Creek Lumber Company** in a barrel in our case by telling us that they will sell us no more manufactured lumber. If we mistake not, much of the material in our new court house was obtained from this **Goldboro** company and they tell us now they will have no more dealings with us. Have we no pride in this matter? Shall our mechanics be compelled to look elsewhere for work while crude material by the million is being shipped off and returned in the shape of manufactured articles? Gentlemen who have capital, stand up now.

**New Berne Cotton Exchange and the Farmers.**  
Having published resolutions of **Dover, N. C.**, Alliance, I will say the **New Berne Cotton and Grain Exchange** has made no ruling against the packing of cotton in other than jute bags, and the statements made by any one to the contrary are misrepresentations and entirely unauthorized by our Exchange.

Messrs. **Roberts & Henderson, Ins. Agents**, have furnished us with a communication from "The National Board of Marine Underwriters," addressed to the **New York Cotton Exchange**, and say that they will insure cotton subject to the same, which are:

"In view of the present agitation of the bagging question throughout the South, the **Cotton Underwriters** of this board, at their meeting today (Sept. 7) passed the following resolution:

"Whereas, it having become known to the **Cotton Underwriters** of the National Board of Marine Underwriters, that for a portion of this season's crop certain changes in style of covering for bales might be adopted, and that expression of their intentions in view of the possible change was desired; be it

"Resolved, That the **Cotton Underwriters** of this board will make no discrimination against cotton covered with any light weight, close woven material of reasonable strength, provided the difference in weight between the material used and good quality bagging be compensated by extra bales, and that sample bales be effectually covered."

In conclusion this Exchange extends its most cordial support to the cotton planters, and will always co-operate with them in matters of interest to the cotton trade of this section.

**Democratic Convention of Ninth Senatorial District.**  
The convention convened at **Pollockville** on Wednesday the 12th of September, and was called to order by **P. M. Pearsall, Esq.**, chairman of the district executive committee. **J. W. Mills** of **Oaslow** was requested to act as temporary secretary.

The chairman read the call and appointed the following committees:

On **Credentials**—**P. A. Koonce** and **S. J. Saunders** of **Carret**; **S. B. Taylor** and **Samuel Geroy** of **Oaslow**; **W. H. Rhodes** and **J. C. Bryan** of **Jones**.

On **Permanent Organization**—**Tobe Henderson** and **H. A. Jarman** of **Oaslow**; **P. A. Koonce** and **S. J. Saunders** of **Carret**; **C. I. Debruhl** and **L. A. Haywood** of **Jones**.

On **Rules and Resolutions**—**T. E. Gilman** and **J. W. Mills** of **Oaslow**, **Lewis Bynum** and **Joe. B. Banks** of **Jones**; **P. A. Koonce** and **S. J. Saunders** of **Carret**.

While the committees were preparing their reports, **H. C. Focue, Esq.** was called upon and he responded with an eloquent and forcible speech, appealing to the Democrats to arouse themselves in behalf of good and honest government.

**P. M. Pearsall, Esq.**, responded to calls and made a telling campaign speech.

**W. H. Rhodes, Esq.**, being called upon gave some practical thoughts on education and put in a lick for **Major Finger**.

**Committee on Credentials** reported every county in the district represented and no contesting delegations. Report adopted.

**Committee on Permanent Organization** reported for chairman, **T. E. Gilman, Esq.**, of **Oaslow**; for secretary, **W. H. Rhodes, Esq.**, of **Jones**. Report adopted and **L. A. Haywood** and **H. A. Jarman** appointed a committee to notify these gentlemen of their election.

The **Committee on Resolutions** reported the following, which were unanimously adopted:

WHEREAS, The Democrats of the Ninth Senatorial district in convention assembled, reaffirming our allegiance and loyalty to the Democratic party, both State and National, hereby

Resolve, 1st. That in **Grover Cleveland** we have found a bold and aggressive exponent of Democratic principles, and a leader of the party, and heartily endorse his past administration, and recommend him for the support of all true Democrats and lovers of liberty, for all classes and conditions of our fellow-citizens.

2d. That in **A. M. Scales** we have found a true Democrat and creditable representative, and faithful Governor of North Carolina.

3d. That the tariff question, as expounded by the Democratic party in their National platform, meets with our hearty approval.

4th. That in our judgment all persons calling themselves Democrats should show their faith by their works and support by their votes and their influence the regular nominees of the party.

The committee also reported in favor of the majority rule in balloting for candidates, which report was adopted. The chair declared nominations in order.

**P. M. Pearsall, Esq.**, in a few pointed remarks, placed in nomination **Benjamin Brook** of **Jones**.

This nomination was seconded by **Col. S. B. Taylor** of **Oaslow** and **Mr. J. C. Bryan** of **Jones**.

No other nominations being made, **P. M. Pearsall** of **Jones** moved that the rules be suspended and **Benjamin Brook** be nominated by acclamation. The motion was adopted unanimously.

## More Resolutions.

Whereas, Certain newspapers have published, and continue to publish, articles calculated to lead public opinion in opposition to our interests and especially so in the matter pertaining to the resolutions adopted in regard to the use of a substitute for jute cotton bagging. Therefore be it

Resolved, That we withdraw our support from such papers and immediately order that the editor of such papers discontinue them to us. Be it further

Resolved, That by these resolutions we call on the buyers and handlers of cotton in **New Berne** to inform us at once through the public press whether they will handle our cotton without detriment to us, baled in accordance with a recommendation of the **F. S. A.**

Resolved, That **Beaver Creek Alliance** 297 will use its utmost endeavor to discontinue its trade with **New Berne** or any other city who joins the side of our oppressors. Unanimously adopted.

Resolved to be published in the **New Berne Journal**, **Progressive Farmer** and **Wilmington Messenger**.

**Beaver Creek Alliance 297**

**Manufacture.**  
**EDITOR JOURNAL**—I notice in your paper this week that **Palmer & Avery** are manufacturing furniture. **Charlotte** and **Asheville** are selling our wholesale trade, and I do know that **New Berne** can beat the world on cheap furniture if she will utilize some of that idle capital you have and make it an immense business. The day may come when "Williams' Ink" will record that **New Berne, N. C.**, manufactures more furniture than any city in the United States. All honor to **Palmer & Avery**. Who will help to keep the ball rolling?

Truly,  
**J. V. WILLIAMS,**  
Richmond, Va., Sept. 11, 1888.

**D. W. MORTON, JR.**

**Will Purchase Cotton.**  
**EDITOR JOURNAL**—We are sorry to see so much disquietude among the farmers on the cotton bagging question. As regards **New Berne**, the cotton buyers here will purchase all cotton that comes here put up in any kind of wrapper sufficiently strong to bear being compressed. The cotton exchange here will not attempt to dictate to the farmers how or in what manner they shall bale their cotton. They will pay as much for their cotton as the owners can get in any market in the State.
