Geo. Allen & Co.

SHOE BRUSHES, Wagon Brooms, Hearth Brooms, Shoe Brooming, Shoe Polish, Toilet Soap, Canary Bird Seed, etc.
C. E. SLOVER.

TRY Dall's Packet Beef and Mammoth Cabbages. Broad street.

IN SAWS filed promptly and satisfactorily by
A. R. DEXTERSON.

SPINACH, Turnip, and Siberian Kale Seed at
Geo. Allen & Co.

SPECIAL NOTICE TO CONSUMERS
Having put my delivery wagon on the street, I am now in a position to furnish all my customers with **FIRST CLASS** Groceries at short notice and a very small profit. I defy competition, warrant my goods, and only ask a trial to convince the most doubtful. Now some of my friends say that my advertising and my wagon don't pay me (with my small profits), and that I will soon break. Let me be the best judge of that. I am still paying 100 cents on the dollar, my property is in my own name, and I am determined to sell good groceries cheap.

Very respectfully,
THE GROCER, E. B. HACKBURN.

PHILA BUTTER, the best in the market, on ice at Dunn's, only 30 cents per lb.

WHITE LEAD, Mixed Paint, Varnish, Oil and Glass at
Geo. Allen & Co.

USE PURE ICE, manufactured by the Jarman Ice Factory. 137204

A POOL has been organized in Savannah to fight the bagging trust.

It is gratifying to all good citizens that the political canvass in this State is entirely devoid of violence and bloodshed.

We are told that the speech of Mr. Simmons at Kinston last Saturday was a real eye opener. Many persons heretofore opposed to him were convinced that he is just the man to represent the people of this district in the Congress of the United States.

CLEVELAND and Thurman, according to the present outlook, are safe. The South with New York and Indiana, or the South with New York, Connecticut and New Jersey will elect. It now seems that the South, New York, Indiana, Connecticut and New Jersey are all for Cleveland and Thurman.

EVERYBODY seems interested in procuring the relief of our farmers from the oppression of the cotton bagging trust. Among the means being employed is the return to the South of the bagging used in the hauling of past crops. It is reported that quantities of old bagging can be obtained and will be made available in the present emergency.

THE Boston Post, in commenting on General Harrison's letter of acceptance, says: "The letter appears to be an amiable attempt to make white black and black white. The contrast between its false promises and illogical conclusions and the direct and cogent arguments of Cleveland is a sharp one and will be clearly recognized by the people."

THE refugees at Hendersonville from Jacksonville, Fla., have developed four cases of yellow fever. Charleston, though between two and three hundred miles distant, immediately quarantined against Hendersonville. The latter place may hold an indignation meeting, but we doubt if there is a lumber company there that will boycott Charleston. Perhaps, however, the Argus can get another city council to exhibit.

THE existence of yellow fever at Jacksonville, Florida, is deplored by all men, and by none is it more regretted than it is by the people of North Carolina. We cannot shut our eyes to the painful truth that the glory of Jacksonville has departed. The attractions that made it lately so desirable as a winter resort will be sought elsewhere in our Southern clime. New Bern with hearts full of sympathy for Jacksonville, opens her doors to all in search of mild climate, social refinement and healthful recreation. We have nothing to say in dis-

paragement of other winter resorts.

They are abundant in North Carolina, and we wish for all of them the success they so richly merit. But where in all the earth is there a more delightful winter home than New Bern? Health in every breeze; beauty in every prospect; hospitality in every home, New Bern has only to be known to make it the leading winter resort of the South.

LOCAL NEWS.

It continues to rain.

The first oysters of the season were in market Sunday.

The steamer *Eaglet* of the E. C. D. line took out several bales of new cotton yesterday.

A special business meeting at the Y. M. C. A. is called by the secretary tonight at 9 o'clock.

One hundred and fifty children entered the Graded School yesterday. This is a good beginning for a rainy day.

Hon. F. M. Simmons addressed a large and enthusiastic crowd at Maysville yesterday. A gentleman present says he made votes.

Regular prayer-meeting of the young men of the Baptist church this evening at 8 o'clock. All young men are invited to be present.

The Winter Resort Association held a very satisfactory meeting yesterday evening. Two new members were added to the Association. Work is being mapped out and prepared that will redound to the good of New Bern.

Mr. Will Cook, while boring a well at Bell's Ferry, last week, brought up from a depth of 70 feet a tooth, which was pronounced by the doctors at that place to be human. No one remembers the burial of any person of late years at such a depth, so perhaps it is the remains of an antedeluvian, or may be the well borer struck the grave of an antipode.

Good News
It is reported that the McLean building on the corner of Pollock and Craven streets, which has become an eye sore, has been sold, and will come down pretty soon to give room for an elegant dwelling.

A Great Revival.
Our colored friends are in the midst of a great revival at St. Peter's A. M. E. Zion Church. The pastor, Rev. C. H. Smith, has been assisted by the pastors of several churches in the city and up to this time about one hundred and fifty conversions have been made.

Speaking Postponed.
Owing to the freshet in Neuse river and the swollen condition of other streams, making it difficult to reach Vanceboro on Wednesday, the speaking which was to have been there on that day by Hon. F. M. Simmons has been postponed. He will speak there later in the canvass.

Personal.
Mr. Frank Smaw, who has been at Atlantic City, N. J., for sometime, is home on a visit.

Miss Flora Marks, and Hattie, Bella and Harry Marks have returned from Round Knob, where they have been spending the summer.

Discriminations.
The people of Dover complain that the A. & N. C. R. discriminates against them and give as evidence of the fact that on last Saturday while special rates were given along the line to Kinston, they were required to pay the usual fare. Morehead City, they say, was charged one dollar for the round trip, a distance of about seventy miles, while Dover, a distance of about ten miles from Kinston, was charged seventy cents. It really looks a little discriminating.

Onslow News.
Mr. Uzzy Mills, an aged citizen living near Richlands, had the misfortune to break his leg a few days ago. He is doing as well as could be expected.

A little son of John M. Francke had the misfortune to break his leg a few days ago. He is about to recover.

A dwelling house belonging to W. D. Humphrey, Esq., occupied by colored tenants, was burned on Sunday night, the 9th. It was thought to be incendiary. Loss about \$1,000. No insurance.

WOMAN'S ATROCIETY.
The *BEST SALLY* in the world for Cuts, Bruises, Boreas, Ulcers, Sal Rheum, Fever Sores, Tetter, Chapped Hands, Chills, Corns, and all skin eruptions, and positively cures piles or any required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by R. N. DUFFY.

The First Cotton.

The first cotton of the new crop was sold in this market yesterday. Two bales were brought in by Mr. E. B. Cox and one by Mr. Cad. Perry. They sold for \$28 to \$32. This is about seventeen days later than last year. Some say that the lateness of the crop is an indication of a good one, but we are inclined to the opinion that the rainy weather for the last two weeks has kept the cotton from opening.

Steamer Movements.

The *Vesper* of the E. C. D. line arrived Sunday with a cargo of general merchandise. The *Eaglet* of this line sailed yesterday with a cargo of cotton, lumber, naval stores and general merchandise. The *Vesper* will sail tomorrow afternoon at 4 o'clock.

The *Newberne* of the O. D. line will sail today at 12 o'clock for Norfolk direct. The *Manteo* of the same line will arrive tonight.

Prepare for the Fair.

Our farmers will please remember that in gathering their crops this fall that our Fair will be held in February next, and we want to make a fine exhibit of farm products. A fine lot of stalks of cotton, rice, oats, and a good specimen of potatoes, turnips, peas, or anything else that is produced on the farm ought to be laid aside and taken care of for the Fair. We wish every farmer that can in the counties of Lenoir, Greene, Pitt, Beaufort, Pamlico, Hyde, Carteret, Craven, Jones and Onslow to make an effort to have an exhibit of farm products. Don't refuse to bring your exhibit because you are afraid somebody else will have something better. We also want exhibits of timber, marl and phosphates from these counties.

Begin now to look out for these things and there will be no trouble in showing the resources of our section. If this is done as it ought to be results advantageous to all will soon follow.

The Fair Association will offer liberal premiums for exhibits which will be an additional stimulant for our people to do their best.

An Elegant Substitute

For oils, salts, pills, and all kinds of bitter, nauseous medicines is the very agreeable liquid fruit remedy, Syrup of Figs. Recommended by leading physicians. Manufactured only by the California Fig Syrup Company, San Francisco, Cal.

R. N. DUFFY, agent, New Bern, N. C. sep18dw4w

STATE NEWS CONDENSED.

Accounts of injury to crops from storms and rains are reported from all parts of the State.

Wilmington Star: Brig Mary E. Dana cleared for Port-du-Paix, Hayti, with 167,000 feet of lumber and 100,000 shingles.—The cotton crop of the United States for the year ending September 1, 1888, amounted to 7,017,707 bales, against 6,518,662 bales in 1887. In the regatta of Friday six boats entered; the *Idler* won.—The Democratic convention of Pender is called to meet at Burgaw, Oct. 1.

News and Observer: Gen. W. P. Roberts has received a letter from Gates county, in which it was stated that on Monday of last week a terrific cyclone swept over the southern part of the county, leaving wholesale destruction in its path. A church was blown down and demolished, a number of houses were completely destroyed, and several people seriously if not fatally injured. Forest trees were felled to the ground and incalculable injury done to the crops.

Greensboro Patriot: Passengers on the train from Raleigh last night inform us that quite a sensation occurred in Raleigh yesterday afternoon between Samuel G. White, ex-cashier of the smashed State National Bank, and John G. Williams, his nephew, who was formerly employed in the bank. White had a cane with which he struck Williams, who then threw him to the floor. The cause of the affair is said to have been evidence against White given by Williams, and also statements made by the latter.

State Chronicle: The county and sub-business agents of the Wake county Farmers' Alliance met in Raleigh Saturday and decided to use Dundee bagging, which weighs about one and a half pounds to the yard.—The Chamber of Commerce and Industry held a meeting Monday night. The first practical work of the chamber ought to be to open subscriptions for a cotton factory.—Gen. Joe Johnston and Senator Ransom will address a reunion of North Carolina soldiers at Hickory, N. C. Sept. 19th.—Dr. Robey's against the Third Party.—The Chronicle rejoices in the fact that the farmers are about to break the back of the Bagging Trust.

IS CONSUMPTION INCURABLE?

Read the following: Mr. C. H. Morris, Newark, Ark., says: "Was down with abscess of lungs, and friends and physicians pronounced me an incurable consumptive. Began taking Dr. King's New Discovery for Consumption, am now on my third bottle, and able to oversee the work on my farm. It is the finest medicine ever made."
Jesse Middewater, Decatur, Ohio, says: "Had it not been for Dr. King's New Discovery for Consumption I would have died of Lung Trouble. Was given up by doctors. Am now in best of health." Try it. Sample bottles free at R. N. DUFFY's drug stores.

To "J. S. B." in the Goldsboro Argus.

We kindly send the greetings of a faithful friend. Most happy that the road is open to candid thoughts so freely spoken. Yes, we sleep in comfort soundly. Parents, children, colored friend. Not expecting death or danger. For our health-rate could not mend. Any cause of trouble brewing. Did not enter in our dreams. Till the news from sister city flashed to us her glimmering beam. But our city fathers, ever watchful of our interest true, Argus-eyed survey'd the prospect. Saw a cloud of doubtful hue. So, to ward off every danger. Though each city lost some freight. And some pockets were the lighter. Edict made it safe to wait. 'Till the truth could once be settled. What our sister town could tell. Was it gas, or liver swell? Sorry that our ireful neighbors Be delayed their daily mail. And complain our early action Made their business interests fall. Just because we choose to manage Business of our own quite right. From a prudent caution given. Not because of useless fright. But to ease the hearts most troubled. And to stop the words profane. Now our city council promise. Mulla to do it—again. And we trust the latest swag. Since a while you had to wait. For the precious food you crave. So abundant as our freight. Hope the tourist found good shelter In our sister city's homes. And disbursed themselves of money. To appease the grumbling dromedary. Trust the weight infection press. May not come and with you stay. For our mules find good market In your town from day to day. Now our grandly flowing rivers With us ask you to come down. And inspect the health condition Of our lovely ancient town. We claim no telescopic sight. To track the planets in their flight. Nor try to touch the comet's tail. Because like others we should fail. So keep us to our native home. And leave the purple oil to roam. Content no discord come between Our friends and us, to cause contention. M. E. S.

THE YELLOW FEVER

MEMPHIS, September 14. Many telegrams have been received here from Eastern and Western cities asking if it is true that yellow fever had developed in Memphis. To all such inquiries the replies have been emphatically "no." Neither is there any grave apprehensions for a visitation of the dreaded scourge. Memphis has suffered too much in the past to cause her to lessen the vigilance necessary to keep the disease from entering her limits. The city council yesterday afternoon at a general meeting, adopted and put in force the most stringent quarantine regulations—everything is being done to protect the lives of the people not only of this city, but of the Mississippi Valley to the South who look to Memphis for precaution. If a case should develop here the fact would be promptly noted through the Associated Press, and until such publication is made the outside world should respect the assertion that Memphis was never healthier than at present.

NEW ORLEANS, Sept. 14.—A dispatch from Col. Southam, of the Red Cross Society, who went to Florida, says he left ten nurses at McDienny yesterday. There have been about sixty cases of fever in the past few weeks and nine deaths. At present there are twenty sick, four seriously. The people all along the railroad are in a panic, and travel and business almost entirely suspended.

ASHVILLE, N. C., Sept. 15.—Thurs day a train load of refugees, about 400, arrived at Hendersonville in charge of Dr. Guiteras, under government control. They scattered through the town, where they were reared unhesitatingly into the hotels and boarding houses. Three cases had already developed on the cars. Soon after leaving Jacksonville six new cases were reported. One patient died this morning. The sick are isolated in a hospital established by the government in the suburbs of the town. Considerable excitement and alarm exists, but the physicians do not fear a spread of the disease among the native population. The refugees are no poverty-stricken and are generally paying board. An easterly rain-storm has been prevailing for twenty-four hours. There is no sign of clearing.

JACKSONVILLE, Fla., Sept. 15.—During the past twenty-four hours ending at noon today, twenty-five new cases of yellow fever have been reported, making a total of 844 cases reported to date. Four deaths from the disease were reported, since noon yesterday, making the total number of deaths from the disease to date 120. There are 503 persons now on sick beds, and thirty-eight cases have been pronounced cured during the past twenty-four hours.

The weather is more favorable today, the sun being able to show itself more brightly through the rapidly evaporating mist, giving the convalescent a chance to recuperate in the fresh air on the piazza, and in the sunny window, which has been taken advantage of by numbers of patients.

News from McDienny states that there have been sixty-six cases of yellow fever there, and twelve deaths from the disease. The physicians, nurses and supplies which arrived yesterday are of great assistance, the local physicians and nurses being sick and the supplies exhausted. The place is almost depopulated, no more than 240 people remaining.

WASHINGTON, D. C., Sept. 15.—Miss Clara Barton today received the following dispatch from Col. Southam at Jacksonville dated yesterday: "Express me as soon as possible arm badge for nurses. Your associate

societies can help largely by sending clothing, shoes and blankets. The fever has about destroyed all business, and there is, and there will be, much distress."

ADVICE TO MOTHERS.

Mrs. WINSLOW'S SOOTHING SYRUP should always be used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

Sale of Land.

Pursuant to a judgment of the Superior Court of Craven County, rendered in the case of James C. Harrison, Adm'r of the Estate of Peter Harrison, deceased, vs. Patrick Cheevers and others, heirs at law, defendants, the undersigned will sell at Public Auction, at the Court House door in the City of New Bern, N. C., on MONDAY, OCTOBER 22nd, 1888, at TWELVE O'CLOCK P. M., the following Real Estate belonging to the Estate of Peter Harrison, deceased, to-wit:

A certain tract of land in the State of North Carolina, containing 500 acres more or less, which tracts of land were conveyed by Needham, Lotin, Esq., Peter Cheevers by deed bearing date 20th Feb. 1857, and by deed bearing date 20th Feb. 1857, to the said James C. Harrison, Adm'r of the Estate of Peter Harrison, deceased, adjoining the lands of Wm. P. Biddle, purchased of Dr. J. L. Lane, containing 1/2 acre more or less. Also one other tract of land adjoining the above tract, containing 500 acres more or less, which tracts of land were conveyed by Needham, Lotin, Esq., Peter Cheevers by deed bearing date 20th Feb. 1857, recorded in Records of Craven County, Book No. 87, folio 92, to which deed reference is hereby made for a more full and complete description of said tracts of land. Said lands also adjoin the lands of Wright, Moore and others.

Terms of Sale: One half cash; balance on six months credit.

New Bern, N. C., Aug. 20th, 1888.
