PRICE 5 CENTS.

## BUSINESS LOCALS.

**FRESH** Lot Cream Soda Biscuits and Fancy Cakes just received.  
O. E. SLOVER.

**AGAIN** I am before the public and wish to IMPRESS upon their minds the fact that my Groceries are beyond competition when price and quality are both considered. I have not been North, and thereby incurred an expense of several hundred dollars which the consumer must pay, but have used pen and ink, found the cheapest markets and bought, saving that unnecessary expense, of which I propose to give my customers the benefit. I am now receiving, semi-weekly, Butter and Cheese from the finest Dairies in the country. Try a pound of each, and if you are not more than pleased, return them and get your money. My aim is to please and give perfect satisfaction.  
THE GROCER, E. B. HACKBURN.

**FINE** beef at J. H. Thomas's stall, corner of South Front and Middle streets, on Saturday morning.

**PARIS GREEN** for destroying the cotton worm at  
GEO. ALLEN & CO.

**GIN SAWS** filed promptly and satisfactorily by  
aug26d&wim. A. R. DENISON.

**SPINACH**, Turnip, and Siberian Kale Seed at  
GEO. ALLEN & CO.

**PHILIA BUTTER**, the best in the market, on ice at Dunn's, only 20 cents per lb.

**WHITE LEAD**, Mixed Paint, Varnish, Oil and Glass at  
GEO. ALLEN & CO.

**THERE** is a reported alliance between Russia, France and Turkey.

**THE** Democratic fires in Maine about cooked the Republican goose.

**REASSURING** reports come from Connecticut. When the Democratic tide rises in September look out for a flood in November.

**WHO** won in Maine! There can be but one answer, now that the figures are in. Here it is: Republican plurality in 1884, 19,851; Republican plurality in 1888, 18,493; Republican loss in four years 1,356.

**DANIEL BRENETT HILL**, the peerless Democratic Governor of New York, has offered his services to the Democratic Campaign Committee, and will go to Ohio, Indiana and Michigan. New York is considered safe, but the Governor will make a general canvass of the State before the election.

**UNIVERSAL** regret was manifested in Democratic circles when it was announced that Hon. W. L. Scott of Pennsylvania, had declined a renomination for Congress. This regret is greatly modified since it is known that Mr. Scott has gone to New York to assist in the management of the Democratic National campaign.

**THE** President has signed the bill to prevent the immigration of Chinese laborers to this country. This does not mean that America is no longer an asylum for the oppressed, but it means the license to freebooters and marauders has been revoked, and that henceforward American civilization must prevail in these United States.

**REPUBLICAN** bosses are talking about the second rebellion. This has no reference to the South, but to the revolt, against the crazy prohibitory tariff scheme outlined in the Republican platform, by intelligent Republican manufacturers. Its real fun to see Matt Quay looking over towards Connecticut and New Jersey and cursing the rebels.

**THE** people will not forget that the Republicans do not propose merely to return to their old ways, but to go farther than they have ever gone. Mr. Watterson characterized their platform very happily when he said that it proposed to grope back in the dark ages for a fiscal policy, which even there could not be found. There never were such Bourbons in American politics as the Republican politicians of today, and the people will have nothing to do with them or their theories.

**SENATOR MATT QUAY**, the Republican manager, is in trouble. He finds it hard to control his forces. Blaine wants to make a general

canvass, but Quay is only willing for him to speak in New York, California and Oregon. Miller has been making speeches in Brooklyn, and that Quay is not willing to have repeated in New York. But this is not the worst of it. The money is out, and Morton and Alger (the money bags) refuse to give any more. Morton says they have fried the fat out of him until he is as thin as a shadow, and Alger says that all the money he can get is needed in Michigan.

## LOCAL NEWS.

**R. N. Duffy** offers cigars at cost. See adv.

**John Thomas** of the Hotel Albert went out yesterday and brought in a fine buck.

**E. B. Hackburn**, the Broad Street Grocer, tells why he can afford to sell groceries cheap.

**Read** the yellow fever report from Jacksonville and decide whether or not you ought to contribute to the relief of the suffering.

**Rev. S. M. Isler** of Goldsboro, will occupy the pulpit and preach in the Presbyterian Church on Sunday next at 11 a. m. and 5 p. m.

**Miss Mace** gives notice of opening of drawing and painting school. She is an excellent teacher of these arts as her work will readily show.

**There** were five cases before the court yesterday morning, his Honor, Mayor Meadows presiding. These were convicted of disorderly conduct and the fines ranged from \$1.00 to \$5.00.

**Our Jacksonville** fund was not increased yesterday. The scourge has something like a month to run yet and all business being suspended, the people will have to depend on the liberality of their fellow men who are more fortunate at this time.

**There** is quite an improvement in the milk carts on the streets. Mr. Staub has a unique cover of his own invention for his, and Harry and Herbert Moore have a brand new wagon with a perfect picture of a beautiful cow painted on the side. It is the finest "milk shake" in the city.

**Two colored boys** in a butcher's stall on Middle St. got up a rough and tumble yesterday. catch as catch can, and for about ten minutes sporting efforts were made to prove superior strength and activity. The test was which could lay the other on the meat block—the altar of his stall. A JOURNAL reporter stepped up just in time to see fair play, and after heroic efforts on both sides he could have wiped up all the sacrifice with a pocket handkerchief without staining it.

**Hyde County Nominations.**

The Democrats of Hyde county have put out the following strong ticket: For the General Assembly, M. Makely; for Sheriff, A. B. Tunnell; for Register of Deeds, John Chadwick; for Treasurer, Alonzo O. Neal.

**Steamer Movements.**

The Eagle of the E. C. D. line sailed yesterday with shingles, cotton, naval stores and general merchandise. The Vesper of this line will arrive today.

The Manteo of the O. D. line sailed yesterday for Norfolk with a large cargo of freight and a good number of passengers. The Newberne of this line will arrive tonight.

**Personal.**

Mr. T. P. Clarke and bride left on the steamer Manteo yesterday.

Mr. Gerit Vyne of Havelock was in the city yesterday.

Mr. J. M. Spencer of Hyde county and Capt. H. W. Wabab returned from the North yesterday.

R. C. Cleave, Esq., of Vanceboro was in the city yesterday. He reports that the Coalition ticket is solid in No. 1 township.

**Nominating Convention.**

The Democratic Convention of the Ninth Senatorial District which assembled at Pollokville on the 12th of September adopted the following resolution:

Resolved, That it is the sense of this convention that hereafter the senatorial convention of this district shall be a nominating and not a ratifying convention.

This resolution was by some means lost or omitted from the proceedings of this convention which appeared in the JOURNAL soon after the Convention. The object is not to do away with the rotating system; but simply to give every county in the district the right to add in selecting the candidate from the county entitled to the nomination instead of simply ratifying the choice of that county.

**Speaking at Vanceboro.**  
Hon. F. M. Simmons will address the people at Vanceboro on Saturday, September 22nd, at 12 o'clock. The people of that section should turn out and hear him.

**Wants His Picture.**

We publish the following communication with the hope that some one may be able to supply Col. Lamb with the photograph of the gallant soldier whom he mentions:

I had a gallant officer with me at Fort Fisher, Lieut. Willie C. Willford of Capt. Hunter's Co., 38th N. C. Regiment. He was from Craven county. He was killed on the ramparts of the fort in trying to dislodge a Federal flag. I considered him unsurpassed in courage in my garrison. I want his picture taken while in the army, if it can be obtained. I would have it copied and carefully returned. Can you put me in the way of getting it? If so you will greatly oblige  
Yours sincerely,  
WILLIAM LAMB

**Prepare for the Conference.**

We note considerable improvements going on in the city in the way of repairing and enlarging dwellings. This is right and proper. The M. E. Conference will be here on the 28th of November, a little over two months off, and New Berne must entertain the ministers and delegates in a becoming manner. There will be about three hundred and fifty of these. There will be at least as many more visitors who will want accommodation. To meet this demand every boarding house should prepare to accommodate as many as possible and in a way to make the most favorable impression.

Our city authorities too should be on the alert. Let the streets and sidewalks be put in order. In this connection we congratulate our Middle street merchants upon the improvement they are making. It is to be hoped that the concrete walk will be put down the entire distance from Pollock to South Front. It is the principal business street and the owners of the property can well afford to have a good sidewalk, in fact the city authorities ought to insist on it.

Much depends upon the impression New Berne will make upon the members of the Conference and the visitors here on that occasion. Let us begin in time and be prepared for it. We intend the issue of the JOURNAL during the Conference to be in every respect creditable to the city, containing a full report of the proceedings each day.

## THE YELLOW FEVER

**JACKSONVILLE**, Sept. 20.—The weather today has been almost perfect, the heat being tempered by a pleasant sea breeze. It has been a sad day, however, the death rate being undiminished. One hundred and thirty one new cases were reported to the President of the Board of Health, making the total to date 1,464. The deaths reported today numbered 15, making a total of 185.

**NEW ORLEANS**, Sept. 20.—The Jacksonville special of the Times Democrat, dated September 19, says:

The case of Mr. Hugo Grunthal occupies the interest of the hour. Mr. Grunthal, after weeks of illness, died last night at 8:30 o'clock. His disease was pronounced by his attending physician, Dr. Bottoe, to be congestion of the lungs. The Board of Health, considering the circumstances suspicious, decided to hold an autopsy on the remains, and should yellow fever be discovered to arrest the physician for disobedience of the orders of the Board.

**The situation at McClenny and Glenn St. Mary** is unchanged. No new cases have been reported.

St. Augustine is happy over her clean and healthy city. Tomorrow everything, excepting the mails, will be prohibited from entering that city, and the mails from Jacksonville and Gainesville will not be allowed in at all.

St. Augustine is surrounded by 325 armed men.

Private advices from Hendersonville coincide with official reports. Only two deaths have occurred, and all of the cases are closely confined to the refugees. The latter are well treated and are making the best of an irksome situation. Three hundred refugees are there now, eight of whom are from Camp Perry.

**MEMPHIS**, Sept. 20.—Ten new cases of yellow fever have been reported today at Decatur, Ala., and a regular stampede from that city is in progress.

Later—the news of yellow fever at Decatur is confirmed. Great excitement prevails and people are fleeing and stores all closing up.

**MOBILE**, Ala., Sept. 20.—On receipt of a telegram from the Board of Health of Jackson, Miss., that an autopsy held on the body of a man who died last night in Jackson showed that death was from yellow fever, Mobile established quarantine against Jackson.

**ELECTRIC BITTERS.**

This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters sing the same song of praise. A purer medicine does not exist and it is guaranteed to do all that is claimed. Electric Bitters will cure all diseases of the liver and kidneys, will remove pimples, boils, salt rheum and other affections caused by impure blood. Will drive malaria from the system and prevent, as well as cure all malarial fevers. For cure of headache, constipation and indigestion try Electric Bitters. Entire satisfaction guaranteed, or money refunded. Price 50c. and \$1.00 per bottle at R. N. Duffy's drug store.

## STATE NEWS CONDENSED.

**Goldsboro** Headlight, Wm. Lane, a very peaceable and respectable citizen of Johnston was killed last Saturday at Princeton by Stephen Howell without cause or provocation.

**Charlotte Chronicle** During the remainder of the campaign Judge Fowle and Attorney-General Davidson are to canvass together, and Col. A. M. Waddell is to be accompanied by Rev. G. W. Sanderlin.

**News and Observer** Trial of cases against Cross and White will proceed next week. —Mr. C. M. Bure has been elected Deputy Grand Juror of the Sovereign Grand Lodge of I. O. O. F. The session making this election was held at Los Angeles, California.

**Kinston Free Press** Since the Prohibition convention in Kinston the Democrats are beginning to take a great deal more interest in politics. The convention aroused the Democratic blood in this community, and we are determined to fight the Republican party and their side show with more zeal than ever before.

**Wilmington Messenger** North Carolina has closed her doors to refugees from yellow fever infected places in Florida. At least the State Board of Health has taken action disapproving of the wholesale influx of Florida people into the State and has advised the proper States that in the light of recent events, it is extremely ill advised to permit it.

**Goldsboro Argus** The Eastern Carolina Fair and Stock Association of this city are to be congratulated upon their selection of a Chief Marshal for their coming fair. Mr. Matt Manly, of New Berne, who has notified them of his acceptance. No man in the State knows better than Mr. Manly how to make it pleasant for all with whom he comes in contact, whether in some public or at popular gatherings. He will give an additional zest to every feature of the exposition, and all who favor our fair with their patronage may be sure of a pleasant time in the midst of the best of good order under his supervision. As soon as Mr. Manly makes up his list of assistant marshals The Argus hopes to be furnished with their names for publication.

**Hucklen's Anker Salve.**

THE BEST SALVE in the world for Cuts, Bruises, Sprains, Ulcers, Salt Rheum, Fever Sores, Tetters, Chapped Hands, Chilblains, Corns, and All Skin Eruptions, and positively cures piles or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by R. N. Duffy.

## OUR WATERWAYS

**J. N. ENGLISH**, Editor, Wilmington, N. C., Sept. 21, 1888.

**Editor JOURNAL.**

**New Berne, N. C.**  
Sir—The following named waterways are named in the River and Harbor bill of the present Congress for examination and survey with a view to their improvement by the United States. Pasquotank river, above Turner's Cut.

Mackey's creek.

Roanoke river, Clarksville to Eaton Falls.

Tar river, Tarboro to Rocky Mount.

Fishing creek.

Ocracoke inlet.

Swift creek.

Trent river, Trenton to upper Spinker Bridge.

White Oak river.

Waterway between New river and Swansboro.

Cape Fear river, below Wilmington, for 20 feet depth at low water.

North East Cape Fear river.

Shalotte river.

These waterways lie in my River and Harbor district, and I am ordered to make these examinations and surveys. In order that these waterways may be properly represented to the next Congress, it is important that I should be furnished with as full information as possible as to their existing navigation, their present commerce, the amount of goods manufactured and crops raised at present in their vicinity, and the advantages and benefits (increase in commerce, manufactures, productions, etc.) to be expected from their improvement.

This information, in as full detail as possible for each waterway, should be carefully collected and arranged, should be put into writing, should be signed by prominent citizens, county commissioners, or boards of trade of each locality, and should be forwarded by mail to my office as soon as possible. By so doing, and by getting your neighbors to do likewise, you will, individually and collectively, be doing the most and best in your power to advance your own interests, and at the same time you will simplify the work of Congress and the Engineer Department so that they can do their utmost to secure to you what you desire.

I enclose herewith a list of questions indicative of the kind of information I desire. Very respectfully,  
Your obedient servant,  
Wm. H. Bixby,  
Capt. of Engineers, U. S. Army.

The following are the questions to be answered:

1st. How wide and deep is the above mentioned waterway at low water and at high water.

2d. Do rafts or boats use this waterway at present? If so, during which and how many months per year, what is their size and draft, what do they carry, how many of each do you suppose pass your neighborhood in the course of a year, what kind of goods do they carry, what is the total amount of each kind of goods carried per year, and how much would these be increased if you had better transportation facilities by water.

3d. What are the resources of the neighborhood in the way of fish, oysters, vegetables, grains, tobacco, cotton, naval stores, timber, live stock, coal,

some, ore, manufactured goods, and how much of each is caught, grown, raised, quarried or manufactured and sent to market each year, and how much would they be increased if you had better transportation by water.

4th. To what extent do you think the present navigation could be improved, to what depth of water and over what length of the waterway do you think this improvement could be carried at any reasonable expense.

And other information of supposed interest of value.
