PRICE 5 CENTS.

## BUSINESS LOCALS.

**NO TRUST BAGGING AND TIES** at the Only Cash Store in North Carolina, Humphrey & Howard's old store, New Bern, Hill Humphrey proprietor. No trust sugar, coffee, flour or pork. Have not been North this summer, hence belong to no trust. (Sept 29th)

**HORSE FEED** and Cow Feed of every description at 833 W. S. W. & E. W. SMALLWOOD'S.

**IN** order to make an entire change in our business, we are offering our stock of Dry Goods and Shoes at New York Cost. This is no fraud; we mean business. Either retail or wholesale customers will find it to their interest to call on us. A. M. BAKER.

**HOURS** of receiving ice from the Jarman Ice Factory on Sunday: 7 to 9, 11 to 3 and 5 to 7.

**SPINACH**, Turnip, and Siberian Kale Seed at GEO. ALLEN & CO.

**AGAIN** I am before the public and wish to IMPRESS upon their minds the fact that my Groceries are beyond competition when price and quality are both considered. I have not been North, and thereby incurred an expense of several hundred dollars which the consumer must pay, but have used pen and ink, found the cheapest markets and bought, saving that unnecessary expense of which I propose to give my customers the benefit. I am now receiving, semi-weekly, Butter and Cheese from the finest Dairies in the country. Try a pound of each, and if you are not more than pleased, return them and get your money. My aim is to please and give perfect satisfaction. THE GROCER, E. B. HACKBURN.

**PARIS GREEN** for destroying the cotton worm at GEO. ALLEN & CO.

**PHIL'S BUTTER**, the best in the market, on ice at Dunn's, only 30 cents per lb.

**WHITE LEAD**, Mixed Paint, Varnish, Oil and Glass at GEO. ALLEN & CO.

**IN** order to make an entire change in our business, we are offering our stock of Dry Goods and Shoes at New York Cost. This is no fraud; we mean business. Either retail or wholesale customers will find it to their interest to call on us. A. M. BAKER.

**JOHN L. SULLIVAN**, the champion, is said to be dangerously sick.

It is reported that Emperor William and Prince Bismarck are no longer friends.

**FROST** in Alabama is the good news that comes from Montgomery. Praise ye the Lord!

Now come the farmers of Iowa and say the war tariff must go. It has stayed on its welcome, and the people are tired of it.

**WHY** should political ethics allow purposes, methods and actions which are forbidden by all codes of morals governing personal conduct?

**ANNA DICKINSON** was sent to Indiana to speak for the Republicans and a protective tariff. She has made a failure on the stump. It would have been better to have made her stand in a barrel with plenty of hoops.

**CHIEF JUSTICE FULLER** has made Washington City his home, but will retain Illinois as his political residence. This course is no innovation. Nearly all the Supreme Court Judges maintain their citizenship at their former homes.

**RELIABLE** and unbiased reports from all parts of Kansas are that the working men and farmers are strongly in favor of tariff reform and against high protection, and this sensation is growing. That's the kind of "racket" that brought out the Senate tariff bill.

**THE** World says: "The Tribune is engaged in the easy work of carrying New York for Harrison—on paper, in advance of the election." It has performed this feat regularly for the past six years, but when the votes were counted it was found every time that the Democrats were ahead. New York is a Democratic State.

**THE** material of the century can not be computed, its intellectual progress has been bewildering, in literature and in art there has been a veritable efflorescence, science has attained a development beyond the scope of eighteenth century conjecture; but in economics we have stood still, nay, we have even drifted back from where our fathers were fifty years ago.

We are not of those who have been claiming Illinois for the Democracy, but the following special from Chicago to the New York World is significant and raises expectations not heretofore indulged: "Chicago, Sept. 25. The Democratic State Committee is greatly elated over three recent accessions to the Democratic ranks in Illinois that will be of great importance in the coming election. A joint meeting of the Grievance Committees of the Brotherhood of Locomotive Engineers and Firemen, the Switchmen and Brakemen, has adopted a resolution to support Gen. Palmer, the Democratic candidate for Governor, and has requested the co-operation of all the subordinate lodges of each order in the State. There are about twenty-two thousand brotherhood men in the State who will vote almost unanimously for Palmer. The employees of the Union Steel Works, the largest institution of the kind in Chicago, met Sunday and also voted to support Palmer. Last night the United Labor Party met in its headquarters and unanimously passed a resolution pledging the party to vote for Palmer. The United Labor men have about six thousand votes in Cook county alone."

## LOCAL NEWS.

The colored boy that threw the brick into the theatre Thursday night during the performance of the Gorton minstrels and his young lady was caught yesterday and taken before the Mayor. He was fined \$20.00 or 90 days on the streets.

A little ripple of excitement occurred on the Neuse & Trent Steamboat Company's wharf yesterday evening. One of the crew, a colored man, of a barge laying at the wharf loading lumber, attacked another colored man, a stevedore, with a big knife and run him into the hold of the vessel. Soon they appeared on deck again and a little head cracking was indulged in. The scene closed by the appearance of Constable Judge P. Stanly who took the assailant before Justice Brinson, who, after hearing the evidence, bound him over to the next term of the Superior Court.

**Extra Train for Goldsboro.** Sunday morning an extra train will leave for Goldsboro at 9 o'clock.

**Steamer Movements.** The Vesper of the E. C. D. line sailed yesterday with cargo of cotton, naval stores, lumber, shingles and general merchandise. The Eaglet of this line will arrive today.

**New Bern High School.** This institution is now open for the fall term. In addition to the usual curriculum of first class high schools other important branches have been introduced. For a boy or girl who wants to prepare for college, or wants a good practical business education, we can heartily commend the New Bern High School. The people of this section ought to consider its advantages before sending their children abroad.

**Personal.** Mrs. Capt. E. B. Roberts, Miss Lillian C. Roberts, Mrs. S. B. Waters and Miss Mabbitt left on the steamer Manteo yesterday for points North.

Mr. L. H. Cox of Catherine Lake, Onslow county, left on the Manteo yesterday for Baltimore where he enters the Maryland University to complete his course in medicine and surgery. Mr. and Mrs. Jas. A. Bryan have returned from Asheville.

Hon. F. M. Simmons arrived last night and will speak at Vanceboro' today.

**Fair Play.** "The True Republican," a campaign paper published in this city in the interest of a certain faction of the Republican party has a long article purporting to be a reply to the comparison, made by the JOURNAL a few weeks ago, between the records of Sheriff Hahn and Stimson. This same article was brought to the JOURNAL and we refused to publish it upon the ground that it introduced matter not at all relevant to the comparison that we made, the writer seeming more anxious to make a thrust at Hahn as sheriff than to make an explanation for Sheriff Hahn. We informed "Fair Play" that we would publish any reply or explanation in regard to the comparison we published, but we could not give him space to wade through the administration of Hahn which had nothing to do with

the records of Hahn and Stimson, and we don't think "Fair Play" expected the JOURNAL to help him fight his battle with Mr. Hubbs.

We endeavored to make the comparison between Messrs. Hahn and Stimson fairly and squarely from the records, but "Fair Play" has found a record we cannot find. For instance he says: "This school tax charged against Stimson included \$3,368.95 collected from liquor saloons which amount covers a period of nearly if not two years."

We find in the record of settlement this entry: "Licensed retailers of spirituous liquors and tax on auctioneers to December 5, 1887, \$3,368.95. In the face of this record how does "Fair Play" claim that it covers a period of nearly two years, knowing that Stimson did not go into office until December 1884? Are such statements fair play? Sheriff Stimson has paid in since that record was made up over twenty-three hundred dollars additional funds from the same source, and yet this "Fair Play" would have people to believe that this record covers his entire term of office when it only covers one year.

But the people in the various school districts know whether or not they have had longer school terms since Stimson and Patterson have been in office. Let them seek the truth and abide by the truth, and the JOURNAL will be satisfied.

**Atlantic Baptist Association.** The Union of the Atlantic Baptist Association met in the Baptist Church in this city yesterday. Rev. H. W. Battle Moderator. At 11 o'clock the introductory sermon was preached by Rev. C. A. Woodson of Morehead City, from Gen. 23d chap. 1st and 2d verses—subject, Faith as illustrated in the offering up of Isaac. The sermon was a strong one—profitable and interesting. After this the Union adjourned until 8 p. m.

**AFTERNOON SESSION.** The afternoon session was called to order, and devotional exercises held for half an hour. In the absence of the clerk Mr. George Brinson was appointed clerk pro tem.

The first regular business of the session was an oral report of the condition of the churches. In this connection Rev. A. J. Hires, pastor of the Baptist Churches at La Grange and Kinston, stated that the work of the Master was steadily progressing. Attendance on Sunday School and church services much better than formerly.

Rev. C. A. Woodson reported that the churches under his charge at Morehead City and Beaufort were prospering spiritually. He expressed the hope that at no distant day the churches at Morehead and Beaufort would each sustain a pastor, but at present it was not practicable. Mr. Woodson emphasized the importance of churches having comfortable parsonages. His field is a pleasant one.

Rev. J. S. Dill of Goldsboro, stated that his church was getting on nicely. Sixty-two additions were made to the church during the first six months of his ministry there. Congregations large—attendance on prayer meeting excellent.

J. W. Lane reported the church at Fort Barnwell as doing well.

Rev. Mr. Love of Bayboro stated that the spiritual condition of his church was very good. The great drawback to the church was the want of a house of worship. They had commenced to build and hoped to get funds with which to finish.

Deacon John C. Whitty spoke for the condition of the church at New Bern. He represented the present condition as better than it had been for some years. Special mention was made of the regular Thursday night prayer-meeting, and the young men's prayer-meeting on Tuesday night.

Mr. Battle referred to the Ladies' Missionary Society and Ladies' Aid Society as of great usefulness.

Next came the discussion of the query, "What are the best means of securing the attendance of children at Sunday-school and church?" Rev. C. A. Woodson and Rev. J. S. Dill made admirable speeches, after which the Union adjourned until 7 o'clock, at which time Rev. J. F. Love preached an acceptable gospel sermon.

After the sermon the subject "How can the spirit of missions be developed?" was ably discussed by brethren Nelson, Hires, Love, Lewis, Woodson and Dill. The Union meets this morning at ten o'clock. The subject for the morning is Influence of Literature; speakers, Prof. B. H. Lewis and Rev. J. F. Love.

## Able to Take Charge of Himself.

**EDITOR JOURNAL.**—In your notice of my speech last night to a "small crowd" at the court house, will you please be kind enough to explain why Mr. Woodard was not present to expose the fallacy of his position? There is something wrong with Mr. Woodard's party in Craven county.

I would respectfully inform the JOURNAL that nobody took charge of myself. I put myself under the charge or protection of no one. If you or your party expect to bear "my fallacy" exposed you will have to send some one else besides Mr. Woodard, my opponent.

Respectfully J. J. MARTIN.

Mr. Woodard did not meet Mr. Martin at the court house simply because his Democratic friends did not want a joint discussion here. Simply this and nothing more.

As to there being something wrong with Mr. Woodard's party in this county, we think if Mr. Martin will reflect a moment he will see that there is something wrong with his party or with himself. He spoke at a point where there are over one thousand Republican voters within the sound of a whistle and yet there were few over one hundred to hear him. It was understood that the real title or ruin wing of the party was to control the meeting, so the true Republicans staid away and left Mr. Martin with a slim audience and a dull meeting. The writer left the hall after Mr. Martin had been speaking twenty-five or thirty minutes and is certain there were not over one hundred in the room present when he left.

As to Mr. Woodard's ability to expose Mr. Martin's fallacy, any man of ordinary intelligence who has read a half dozen speeches on the tariff will at once see that it requires great ability to do that. The Democrats of Craven have full confidence in Mr. Woodard's ability to discuss the issues of the canvass with any Republican in the district, and they hope to give him an opportunity during the canvass of speaking to them.

## THE YELLOW FEVER.

**LOUISVILLE, Ky., Sept. 26.**—Many people in Louisville in spite of the physicians' assurances that there is no danger, are anxious on account of the presence here of yellow fever refugees from Jacksonville, Decatur, Jackson and even Memphis, numbering nearly 300. The death of young Newberger Wednesday alarmed many, and this morning fully fifty persons called at the Health Office to make inquiries concerning the condition of Dr. P. P. Taylor, who arrived from Decatur last night and who is now ill. The baggage of the refugees will be disinfected to-morrow. Every passenger who had a trunk or valise left the key with the man in charge and every article will be thoroughly fumigated.

B. Grant of Newark, O., who came with the party from Decatur, probably has the fever. Fifteen persons are now being cared for at the hospital. The Newberger family are badly frightened and this morning they tried to get away.

N. J. Carroll, land agent for the syndicate that has been booming New Decatur, arrived last night. He said he did not leave because he was afraid of the fever, but because he was hungry. "The people in Decatur," he said, are all nearly starving, and there is no way for them to get food. There are farmers within a few miles who have provisions they would like to dispose of, but if they came into town they would not be permitted to leave, and the citizens are not allowed to go out after anything, so strict is the quarantine.

**WASHINGTON.**—Surgeon J. W. Ross and Assistant-Surgeon Wm. Martin, of the Navy, have been ordered to report to Surgeon-General Hamilton of the Marine Hospital Bureau for service in connection with the yellow fever epidemic. They have each had experience in the treatment of yellow fever cases, and each volunteered his services in the present instance. Surgeon Ross will be placed in charge of the Government service at Fernandina, Fla., and Assistant Surgeon Martin will act as assistant to Surgeon General Hamilton in Washington for the present.

**LOUISVILLE, September 26.**—A distressing incident is related by a passenger who came from the South on the Louisville and Nashville train yesterday. At Boyce's station, in Tennessee, it was learned that there was a woman on board who had come direct from a locality where the fever is raging. As soon as it came to the ears of the train men they went to the baggage car, got her trunk and threw it off. The train then stopped and the unfortunate woman was put off in the woods. It was all done so quickly that the train was moving again before the passengers knew what had happened. Mr. Sweeney says the woman looked as though she was sick. The people at Boyce's station were so badly frightened that they will not care for her, and in all probability she will wander about in the woods and die.

**JACKSONVILLE, Fla., Sept. 27.**—The fever has broken out in Sanderson, the next station west of McClenny, on the Florida Railway and Navigation road. Mr. F. J. Pous, the Democratic nominee for the State treasurer, and his entire family have the disease.

Aid has been asked by the people, many of whom are needy. New cases reported by the Board of Health today—41 negroes and 40 whites, 5 deaths.

**USE PURE ICE**, manufactured by the Jarman Ice Factory. (Sept 29th)

## Lemon Elixir.

**A PLEASANT LEMON DRINK.** Cures indigestion, headache, malaria, kidney disease, fever, chills, loss of appetite, debility and nervous prostration, by regulating the Liver, Stomach, Bowels, Kidneys and Blood.

Lemon Elixir is prepared from the fresh juice of Lemons, combined with other vegetable liver tonics, cathartics, aromatic stimulants and blood purifiers. W. A. Jones, Bail Station, Ala., writes: "I have suffered greatly from indigestion or dyspepsia. One bottle of Lemon Elixir done me more good than all the medicine I ever took."

An Old Citizen of Atlanta, Ga. By the recommendation of Rev. C. C. Davis, I used Dr. Moxley's Lemon Elixir for a severe chronic case of indigestion, palpitation and irregular action of the heart with constipation and biliousness. I also suffered greatly with gravel and great pains in the back and kidneys, much of the time unable to stand alone. I was treated by many physicians and used many remedies, but got no relief. Dr. Moxley's Lemon Elixir alone has made a perfect cure of all these diseases. I am now a well man. My wife has for many years suffered greatly with constipation and sick headaches from which she could get no relief. The Lemon Elixir has permanently cured me. A. C. ARNOLD.

**SEE WHAT MRS. JOE PERSON'S Remedy** WILL DO

**FOR NURSING MOTHERS AND FEMALE TROUBLES.**

Hortwell P. O. Mecklenburg Co., N. C., September 4th, 1888.

**MRS. JOE PERSON** MARY.

Four years ago I took a violent cold, which resulted in Quinzy, and after suffering almost death, got relieved, but alas, the disease was in my system and finally culminated in a womb trouble, which caused me great suffering that winter and spring. I could scarce drag around, and was often so miserable I would pray to die. I begged my husband to let me try your Remedy; he bought me one box and it has made a perfect cure of me. It has also cured me of Indigestion, and furthermore, after the birth of five of my children I would nearly lose the use of my arms, and suffered untold agony with Rheumatism and Neuralgia. I have not been troubled with either with my last two children. I keep a bottle of the Remedy in the house all the time; my husband, says it is better than a doctor. With all my other children, I had great trouble with them during dentition. I can truthfully say, never did children cut teeth with so much ease and as little trouble as my last two have. Whenever I see any sign of their teething, I commence taking the Remedy; it keeps my stomach and bowels regular, and in a healthy condition, and seems to have the same effect on them. It is certainly the best medicine ever tried, a few doses will brace me up, and make me feel like a new person. You publish any part of my letter that will help your cause in the least. I hate publicity, but if my experience with the Remedy will be the means of others trying it, I am willing for the public to know it. If it has done me and mine. May God bless you!

I am very truly, Mrs. A. PERSON'S
