PURE WINES and LIQUORS for medicinal and other uses for sale by JAMES REDMOND.

ACTUATED BY THE PUREST MOTIVES Whether my advertisements are posted in a conspicuous place or not, (by my friends,) I am still determined to sell good groceries very cheap. I have on hand 500 lbs of Wylie, Smith & Co's unripened flour, bought before the advance, which I intend to sell very close. Country merchants who are in search of bargains would do well to call and see me. I will surely save them money. To the city trade, both wholesale and retail, I particularly cater, and guarantee to give perfect satisfaction. The Finest Butter and Whitest Flour are my leading specialties.

THE GROCER, E. B. HACKBURN.

IMPORTED FRENCH BRANDY and **HOLLAND GIN**, just received and for sale by JAMES REDMOND.

The Massachusetts Independents are for Cleveland through and through.

MILLER, Hall and Hartwell, of Troy, N. Y., the largest makers of linen wear in this country have come out for Cleveland and Thurman.

"WHAT about bulldozing?" It will not be attempted on our part, nor will it be submitted to from any quarter. "A free ballot and a fair count" is pure Democracy.

THERE is much canvassing in North Carolina. This is well; but public speaking will not take the place of earnest work and vigilance at the polls. See to it that every man is talked to in private and brought out to the election.

THE Democratic National Committee are assured that the union cigarmakers throughout the country will vote solidly against Harrison and Morton, because of their determined opposition to organized labor by Gen. Harrison during his official career.

JUDGE THURMAN received a telegram last Tuesday that hurried him away from Washington. His friends were preparing to give him a reception at the Ebbot House, but the grand old man never indulges in festivities when work is to be done.

GERMANS are independent thinkers. They will not blindly follow the lead of Carl Schurz, but they are proud of him as their countryman, and they will listen to his words and weigh his conclusions. We confidently rely upon the German vote in this election.

THE following cheering dispatch was received by Chairman Brice from Newark, N. J., last Tuesday: "This great manufacturing city has just given a Democratic majority of about 1,000, being a gain of 2,500 over charter election of October, 1884. It is the first time this city has gone Democratic prior to a Presidential election." E. L. PRICE, Chmn. Essex Co. Dem. Com.

Thus New Jersey passes from the list of doubtful States and takes her place in the Democratic column.

THE utterances of Sam Small ought to open the eyes of every Democrat who has listened to the serene voice of the political seducer.

See what he says: "North Carolina will, by the vote of the Prohibition party, probably be placed in the Republican party. We mean to mix the Republican and Democratic babies up so that they cannot be sold apart and then kill both of them." The Wilmington Star very aptly adds: Thank you, Mr. Small, for revealing your plans and calculations. You would like to hand over the white people of North Carolina into the merciful keeping of black Radicalism, but you will fall as you did in Georgia. You will grow small by degrees and beautifully less!

Mr. Arthur L. Butts will be at the theatre Monday night with his panorama and beautiful artistic scenes.

Bishop Petty of the A. M. E. Zion Church from California will preach at St. Peter's Church Sunday morning and at night.

The building committee of the Fair Association is going ahead with the repairs on the grounds and buildings. A large machinery hall and extensive stables are to be erected at once. The property is a magnificent purchase, and when the macadamized road is completed will be worth treble its cost. The Directors did well in the purchase.

Our friend Geo. Ash in a letter published in another column comes out squarely in favor of judicious advertising, though he says it is difficult to get up a good advertisement. This is a fact; it requires tact, but there is one feature in advertising that all can adopt with profit to themselves and pleasure to their customers, and that is, never say in your advertisement that you are doing things that you can not do. Mr. Ash says he endorses that rule heartily and will stick to it.

Steamer Movements.
The Eaglet of the E. C. D. line arrived yesterday with cargo of general merchandise and will sail this afternoon at 4 o'clock. The Vesper of this line will arrive tomorrow.

The Newberne of the O. D. line sailed for Norfolk yesterday carrying out full cargo of cotton, shingles, naval stores, other freights, and passengers. The Manico will arrive tonight.

The Babies Cry For It.
And the old folks laugh when they find that the pleasant California liquid fruit remedy, Syrup of Figs, is more easily taken and more beneficial in its action than bitter, nauseous medicines. It strengthens the Liver, Kidneys, Stomach and Bowels, while it arouses them to a healthy action.

Men of Craven, Look to Your Interests.
The people of Craven county, both Democrats and Republicans, must not let their zeal for their State and National tickets overshadow their local interests. This they did four years ago and our city and section were set back many years on account of it. The General Assembly was overwhelmingly Democratic that year as it has been since 1870, but poor Craven was with the little minority that received no consideration. Legislation was passed that was detrimental to our business, and it was passed simply because there was no one there to resist it.

The next General Assembly is just as sure to be Democratic as time will last until it meets. And it is of the most vital importance that Craven county has representatives there who are in accord with the majority on political questions.

We do not wish to tire our people by hammering at the same thing continually, but when we see and know a thing that will be of incalculable benefit to a whole section, and a large section of the State, we feel in duty bound to give line upon line, argument upon argument and exhortation without stint until we accomplish the desired end. We believe we have an obstacle in the way of our commercial progress and the development of our country's resources and we would be recreant to our duty if we did not labor day in and day out to remove that obstacle. We beg to call attention to the following extract from Capt. S. B. Alexander's address to the North Carolina State Alliance which assembled in Raleigh last August:

"Not only have the railroad and telegraph forced a change in our agriculture, but they possess a power of taxation and patronage dangerous to the liberties of the people. They have centralized our government and trusts, combines, pools, monopolies are their offspring. A friend, now past three score years and ten, related to me the following incident:

"When I was a young man I visited Boston. I carried a letter of introduction to Mayor Quincy. He received me with that hospitality for which he was distinguished, and invited me to a banquet given in honor of the completion of the first forty miles of railroad that entered Boston. In his speech at the banquet Quincy said: 'We have completed forty miles of railroad. If we can build forty more we can build two hundred; if we can build two hundred we can build one to the lakes; if we can build one to the lakes we can build one to the Pacific Ocean. Give me the transportation of a people and I will control them.'"

The people of New Berne, those who have watched the business, commerce, trade and other industries and know the powers and influences that operate to destroy them, can bear testimony to the power of railroads. Our grain trade can flourish or perish just as the R. & D. R. chooses, and it seems that they have decreed that it shall perish. The only relief for us is in the extension of the A. & N. C. R. to Sanford and Charlotte. The people along the line are ready and anxious for the extension. They will have representatives in the General Assembly who will aid us. Let us send some one who will aid them. This can be done by voting the Coalition ticket.

Personal.
Miss Hattie Dail left yesterday for Stella, Carteret county, where she will conduct a school, her services being solicited and obtained by the citizens of that community. Miss Dail is thoroughly qualified and of most amiable disposition. Her many friends in this city, while they regret to part with her, congratulate the people of Stella and vicinity upon their choice of a teacher.

Miss Mamie Stimson has returned from a visit to Miss Maud Vyne at Havelock.

Dr. and Mrs. Vass have returned from their foreign tour. They visited many points of interest in the different European countries.

THE YELLOW FEVER.
JACKSONVILLE, Oct. 11.—Last night's gale was very destructive in the suburbs. Many small buildings were badly injured. The gale reached a velocity of forty miles an hour just after midnight. The weather today is clear and bracing, and the situation is decidedly improved.

Official bulletin of the Board of Health—new cases 47 deaths 3. Total cases 8,439; total deaths 204; of the new cases only twelve are white.

No contributions were reported by the Finance Committee today.

Bishop Weed as envoy of the Auxiliary Association, will tomorrow visit Fernandina to make an official examination of the conditions there, inasmuch as the people of that city are decidedly uncommunicative. A special train will be provided.

The question of return of nurses to their homes is fast becoming a most embarrassing one. Neither Louisiana, Mississippi, Alabama nor Texas will receive yellow fever attendants until after frost. Meanwhile their pay goes on under the terms of the contract, and with the lessening number of sick their services are no longer required.

DEATUR, ALA., Oct. 11.—Two cases of yellow fever, both colored, were reported yesterday afternoon and one death. No new cases today.

A Popular Southern Line.
The Old Dominion line has become very popular with the traveling public so much so, indeed, that every steamer South is taxed to the fullest extent to accommodate passengers. This has been the case throughout the summer and fall. Naturally it would be supposed that on account of the yellow fever scare South the line would suffer a falling off in traffic. The Old Dominion route to the South and Southwest connecting at New Port News with the Chesapeake and Ohio Railroad, at Norfolk and Portsmouth and Richmond with the great railway lines for the West and South and at Norfolk with its inland steam route through North Carolina, make it a most desirable and comfortable route for the tourist. The route to New Berne, N. C., via the canal, by steamer, is one that is taken mostly by those in search of rest and recreation. The bays and sounds of North Carolina abound in game and fish, and a large number of sporting clubs from the North have their club houses on the islands and shores of these waters. In the neighborhood of New Berne abundant pine forests are found, also the largest and finest trucking farms in the country. In January the truckers are engaged in planting peas and early vegetables for the early New York market. People from the North who visit New Berne in winter generally become so pleased with the route and climate that they become regular visitors to that healthy N. Y. Graphic

The Eastern Carolina Dispatch.
Owing to increased business and to supply fully the needs of this section for prompt and quick transportation, the vessels of this line will, until further notice, make four trips per week, leaving New Berne Monday, Tuesday, Thursday and Saturday afternoons, arriving Mondays, Tuesdays, Wednesdays and Fridays.

This is the nearest approach to a daily service that New Berne has ever had and we have no doubt the public will appreciate it.

Lemon Elixir.
A PLEASANT LEMON DRINK.
Cures indigestion, headache, malaria, kidney disease, fever, chills, loss of appetite, debility and nervous prostration by regulating the Liver, Stomach, Bowels, Kidneys and Blood.

Lemon Elixir is prepared from the fresh juice of Lemons, combined with other vegetable liver tonics, cathartics, aromatic stimulants and blood purifiers.

W. A. Jones, Bell Station, Ala., writes: "I have suffered greatly from indigestion or dyspepsia. One bottle of Lemon Elixir done me more good than all the medicine I ever taken."

An Old Citizen of Atlanta, Ga.
By the recommendation of Rev. C. C. Davis, I used Dr. Mozley's Lemon Elixir for a severe chronic case of indigestion, palpitation and irregular action of the heart with constipation and biliousness. I also suffered greatly with gravel and great pains in the back and kidneys, much of the time unable to stand alone. I was treated by many physicians and used many remedies, but got no relief. Dr. Mozley's Lemon Elixir alone has made a perfect cure of all these diseases. I am now a well man. My wife has for many years suffered greatly with constipation and sick headaches from which she could get no relief. The Lemon Elixir has permanently cured me.

The Highest Award.
The JOURNAL is carrying an advertisement for the Bergher & Engel Brewing Company of Philadelphia, which Company is represented in Norfolk by F. W. Adams, and in New Berne by Jas. Redmond. The Company had their manufactured articles on exhibition at the great Belgian Exposition and have just received cable advices from the U. S. Commissioner at Brussels announcing that the highest award and diploma of honor for the excellence of their beer, ale and porter had been awarded them. This is a high compliment to an American manufacturer.

ADVICE TO MOTHERS.
Mrs. WHITLOW'S SOOTHING SYRUP should always be used for children's teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

THE praises of others may be of use in teaching us not what we are, but what we ought to be.

OFFICE OF GEORGE ASH, THE CLOTHIER.
NEW BERNE, N. C., Oct. 11, 1888.
DEAR SIR—
Your kind favor to hand and contents noted. Many thanks for your kind suggestions on business matters. I am myself a great believer in advertising and have often been convinced of its value. But has it ever occurred to you how difficult it is to get up a good advertisement, one that should meet all its requirements, what a task it is to tell in limited space and novel manner of all the bargains that a merchant has labored so hard to provide for his customers. Take my case for instance here I have spent nearly a month in the Northern markets, spending both time and money in getting together an aggregation of bargains that would astonish the natives, were they but to know it. How I am burning to tell them of my \$10.00 Suits, that are so handsome and of such excellent quality that the suit recently exhibited in the House of Representatives as the greatest bargain of the Century is nothing compared to it.

How I would like to speak of my fine imported French Worsteds and English Corkscrews that are, notwithstanding the high tariff, so cheap and such elegant garments that no American citizen could withstand the temptation to purchase one, were he but to see them.

I would only need to tell the public of my fine Prince Albert Suits and stylish Overcoats, and the prices at which I sell them, to have them go off faster than I could replace them.

How glad mothers would be to learn that I am now selling single knee pants separate from the children's suits.

And what do you think of an elegant Gent's Glove, worth \$1.50, that I sell for 50c.

And how could I into limited space crowd a description of my line of Hats that comprise the Youmans, Dunlap and Miller blocks, and are bought from first hands and sold at unheard of low prices, and besides I am exhibiting in Neck wear, and the Bargains I am giving away in Underwear. If you can help me out in my dilemmas you will oblige.

In regard to your inquiry I would state that The Battles \$2.50 Shoes of which I am sole agent, sell so well because the hundreds who have bought them are daily testifying to their merits.

MR. JOE BAXTER of Pamlico is still with me and desires to be remembered to all his friends. He expects a big trade from his county this fall.

Work for the Long Island Dyeing Establishment, of which I am still the agent, is coming in daily and giving great satisfaction. We charge nothing for carrying the goods to and from New York.

Trade, in consequence of the big in increments I am offering this fall, is increasing daily and prospects are now really bright.

With best wishes, I remain,
Yours truly,
GEORGE ASH.
