## BUSINESS LOCALS.

**COTTON TIES and Cotton Gins** at GEO. ALLEN & CO.  
**LARGE** fresh supply of **Lynn Haven Oysters** on hand tonight at Mrs. S. A. Wombie's.  
**ENGINE and Gie Repairs, Belting, Packing, etc.** at GEO. ALLEN & CO.  
**IMPORTED FRENCH BRANDY AND HOLLAND GIN,** just received and for sale by JAMES REDMOND.  
**CORN SHELTERS, Grain Fans, Feed Cutters** at GEO. ALLEN & CO.  
**PURE WINES AND LIQUORS** for Medicinal and other uses for sale by JAMES REDMOND.

**ACTUATED BY THE PUREST MOTIVES.** Whether my arrangements are posted in a conspicuous place or not, (by my friends,) I am still determined to sell good groceries very cheap. I have on hand 500 lbs of Wylie, Smith & Co.'s unrivaled flour, bought before the advance, which I intend to sell very close. Country merchants who are in search of bargains would do well to call and see me. I will surely save them money. To the city trade, both wholesale and retail, I particularly cater, and guarantee to give perfect satisfaction. The **Finest Butter and Whitest Flour** are my leading specialties.  
**THE GROCER, E. B. HACKBURN.**

**PLEASE REMEMBER** that I need money as well as the rest of mankind, and if you owe me please pay me.  
**J. C. WHITTY.**

**GO DOWN** to the Cash Store and get some of those three pound cans of Tomatoes and Peaches for 10 cents per can. No living mortal can sell the same goods for 10 cents except the Cash man.

**JUST RECEIVED—Another lot of GARRETT'S COGNAC BRANDY** for sale by JAMES REDMOND.

**PHILLA BUTTER,** the best in the market, on ice at Dunn's, only 30 cents per lb.

**USE PURE ICE,** manufactured by the Jarman Ice Factory. [11294]

**WHEN** Tharman gets through Indiana, Harrison will be hid away in grandpa's hat, never to peep out again.

**DR. MCKENZIE'S** book, relating to the sickness and death of the Emperor Frederick, is being seized by the German authorities wherever it is found.

**MR. OATES** of Alabama, offered in the House on last Monday a resolution of final adjournment on the 17th inst., and it was laid over until the following day.

**ALLEN, the Great,** is canvassing Indiana, and men, women and children stand half the night by railroads to cheer the old Roman as he rushes on to victory.

**JUDGE SAWYER,** in the United States Circuit Court at San Francisco, affirmed the constitutionality of the recent Chinese exclusion act, and held that all Chinese now on the way from China must be sent back.

**It is admitted, by everybody,** that the placing of raw hides on the fire last was a very successful experiment, benefiting the shoe and leather industry without doing any harm to the farmers. The result of Buck Kitchin's experiments in tanning has not been fully reported, but it is believed that it will prove to be equally as successful and gratifying.

**THERE** has been an outrage in Ohio with regard to which the Republican press is as silent as an oyster. Joseph Peaid, a young colored man of good education, a resident of Arian, Mich., was introduced by Hon. Mr. Sutzgaber to a meeting at Van Wert, Ohio. The Republicans called him a d—n nigger because he attempted to speak for Cleveland, and they hurled rotten eggs and bricks and stones at him, smashing the windows and yelling for Harrison.

**AGAIN** Hill triumphs over Blaine. From all reports we conclude that Governor Hill aroused much more enthusiasm among the Democrats of Indiana than Mr. Blaine got up among the Republicans. Here is one account: The Governor was just going to bed at midnight last night when his train reached Peru. Ten thousand people with flam-

**Hill, Hill, Hill, speech, speech,** came from thousands of throats. Gov. Hill put on his vest and coat, and stepped out on the platform and said: "All that I can say is this: I shall carry to the Democrats of New York the glad tidings that Indiana is certain to be carried by the Democrats. With this I bid you one and all good night and good-bye."

## LOCAL NEWS.

### NEW ADVERTISEMENTS.

GEO. P. ROWELL—To advertisers.

The residence of Mrs. J. A. Patterson on South Front street is being painted.

Dr. James B. Hughes and family have returned home from a four month's visit to the mountains.

We hope our people are all getting ready for Conference. Please remember it will be a privilege to entertain its members.

The county canvass is booming. Coalition leads with flying colors, and our candidates are winning golden opinions and making votes everywhere and are bound to win.

Whatever may be thought of theatres generally, it is gratifying to the New Berners public that the management of our theatre is presenting entertainments of a very high order. Let it be kept up and it will become evident that the classic drama will always be patronized and appreciated here.

Gen. Jos Banks, a nobler and more generous gentleman does not exist, was at the Cotton Exchange with a large lot of cotton, all of which was covered with Dundee bagging. He very justly felt mortified to find many farmers were still using jute bagging. He says old Jones will roll up a rousing majority for our able and energetic Congressman, Hon. F. M. Simmons.

**Steamer Movements.**  
The Vesper of the E. C. D. line will sail at 4 o'clock this afternoon.

The Newberne of the O. D. line sailed yesterday for Norfolk carrying out full cargo of cotton, other freights, and passengers. The Manteo will arrive tonight.

**The Pronouncing Match.**  
The pronouncing match at the rooms of the Y. M. C. A. last night was a decided success. The first prize was won by Rev. Mr. Bull, the second by Mr. E. E. Harper, and the third by Mr. David Willis. The entertainment is to be repeated at an early day. A recitation by Miss Flora Marks was the gem of the evening.

**Board of Trade.**  
The Board of Trade meets again Friday night. It is expected that the next meeting will be a highly interesting and important.

The truth is the present Board is wide awake, and will press New Berners to the front. The improvement of our waterways, and the making of New Bern a winter resort, is only a part of the great work to be accomplished. All hands on deck, next Friday night.

**Steamer Vanceboro.**  
The steamer Florence brought in last night from Vanceboro a new steamer built at that place by Mr. J. G. Price for Mr. J. M. Ippock. The name of the steamer is Vanceboro and she is eighty-eight feet on the keel and ninety-four feet over all, fifteen feet on the bottom and twenty across the deck and four feet in the hold. The machinery will be put in at once, and the Vanceboro will run between this city and Vanceboro as a freight and passenger boat.

The machinery of the steamer Florence will be taken out, and she is to be used as a barge for the transportation of lumber from the mills on Swift creek to this city.

**A Correction.**  
"A Candidate for Lieutenant Governor Hides Himself." This was the caption of a paragraph in yesterday's JOURNAL. We are informed, and requested to say, that J. C. Pritchard was not in the city Tuesday night. Now, the fact is, that paragraph was written on information that we thought to be reliable, but we took the precaution to commence by saying, "It was reported that J. C. Pritchard, the Republican nominee for Lieutenant Governor was in the city yesterday." It is with great pleasure we make the correction, and apologize to the stranger, for we can think of no position more embarrassing than to be taken for Pritchard in a strange place.

**ADVICE TO MOTHERS.**  
Mrs. Wismow's **Soothing Syrup** should always be used for children's teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

**A Boy Thief.**  
Yesterday morning between the hours of eleven and twelve o'clock a colored boy entered the house of Mrs. Susan Dudley on Broad street and went up stairs in her bed room and proceeded to help himself to anything of value he could find. Going into her trunk he took therefrom one gold watch and chain, a gold ring and twenty-eight dollars in money. Mrs. Dudley immediately notified the police, and City Marshal Lewis started out in search of the boy, but up to this time he has not been caught. Mr. Lewis went around and notified several parties to whom he would be likely to sell the articles to look out for the thief, and shortly thereafter the watch was taken to a colored man by the name of West on South Front street for sale. West took the watch, but the boy scented a mouse and took to his heels before he could be identified by any one who knew him. We learn that Mrs. Dudley says she would know him if she were to see him again.

### Extend Hospitalities.

The North Carolina Conference of the Methodist Episcopal Church South will meet in New Bern on the 28th day of November and be in session one week. This body is composed of about two hundred and fifty ministers and one hundred lay delegates, making a total of three hundred and fifty persons. This number is to be entertained by the people of our city.

We are told that the Methodist congregation will itself provide homes for 225, which will leave 125 persons to be entertained by others. The JOURNAL did all it could last year to get the conference to hold its next session in our midst, and we ask that a generous hospitality be extended and that we give a warm welcome to this large and influential body of Christian ministers and laymen. No doubt there will be a large gathering of visitors to our city at the same time. We shall gladly welcome all who will come, but we must not fail to provide first for the members of the Conference. Our visiting friends will appreciate that.

**At the Theatre Saturday Evening.**  
In speaking of Madam Janauschek the Raleigh Visitor says:  
"An event in the annals of our local stage of more than ordinary moment is the engagement of this great artist next week at Metropolitan Hall, Madame Janauschek has long held the title of 'Queen of Tragedy,' and is the last great representative of a dramatic school that produced a Forrest, a MacReady, a Cushman, a Rachael and a Ristori. No lover of the drama should miss seeing this great actress. She will produce 'Meg Merriles' Saturday night."  
Seats on sale at Bell's jewelry store.

**The Mercantile Association of the Carolinas.**  
The above the name of an incorporated enterprise soon to be started by Messrs. Meeks, Ricard and Weill of this city, having for its object the promotion of a better system of furnishing to the mercantile world all information and facts concerning the moral and financial status of all traders and merchants in the States of North and South Carolina, and also giving to its subscribers an easy method of collection. The above named gentlemen are well known in this community as lawyers of ability and men of integrity, of good business capacity and industry and their connection with the enterprise is the highest guarantee of its permanent success and usefulness. They have been engaged for many months in developing it and have met with such substantial encouragement by subscriptions both at home and abroad that they are now engaged in obtaining the information upon which to work, and Messrs. Ricard and Weill have within the last six weeks worked up all that section of the State west of Salisbury, while Mr. Meeks has been, and is still engaged in canvassing the North, and Mr. Weill leaves again tonight for the Piedmont section where he will be engaged for several weeks.

The Association already has large subscription lists in Wilmington, Charlotte, Goldsboro, Charleston, Lynchburg, Danville, Norfolk, Pittsburg, Richmond, Baltimore, Philadelphia and New York.

This is a home enterprise and has long been needed by merchants traders in the two States and is fortunate that it has fallen into the hands of men whose characters, business capacity and push will make it all that such an institution should be. The Association will commence business on January 1st and will have its principal office in this city—which is the centre of its territory—and will issue semi-annual volumes to its subscribers and give such other information as is usual and necessary. We bespeak for the Association and its promoters great success and cheerfully commend Messrs. Meeks, Ricard and Weill to the confidence of the public.—Wilmington Messenger.

Parents cannot be too careful in guarding the health of their babies. Only a good and reliable medicine should be given to them; Dr. Hall's Baby Syrup is known not to contain anything injurious.

If your skin is yellow, or if you are troubled with pimples and boils, cleanse your blood with Laxador, the golden specific. Price only 25 cents.

## THE YELLOW FEVER.

JACKSONVILLE, Fla., Oct. 15.—Bishop Wood returned yesterday from his inspection of the situation in Fernandina. He finds that the town is suffering not so much from actual yellow fever as from distress among the people unable to secure work, and consequently looking to the public for support. The officials there think there are at least three thousand people likely to need immediate relief. Of this number about 900 are colored stevedores out of work and they may cause trouble. They are the ones who struck last summer and interfered with the scabs who took their places. On that occasion three companies of militia had to be sent to prevent riot.

The Finance Committee today sends \$1,000 to Fernandina. At least \$3,000 will be needed to tide them over their troubles.

All local assemblies of K. of L. in this city have united in the passage of a resolution asking General Master Workman Mott to withdraw his appeal for aid made to the workingmen of the country. They say that it is not right to their fellow-workmen in other States to aid them here when Jacksonville has a fund for relief designed for general application among all classes. This action is approved here as being both considerate and timely.

The total contributions acknowledged today by the Finance Committee reach nearly \$10,000. The Executive Committee today discussed the matter of resignations of the volunteer corps of physicians, and a conference with the board of health was ordered. The conference invited the editor of the Metropolitan and the World's representative to appear before them and from unasked the name of his informant, and from the other an explanation of his special Both were non-committal and withdrew. The conference committee will report tomorrow.

The Transportation Committee of Association, through Mr. B. H. Hopkins has been in consultation with the Southern Association of General Passenger Agents and officially announce the action of that body with reference to the extension of excursion tickets from Florida sold through the summer. The time on most of the tickets was limited and is rapidly expiring in some instances, having already run out. The association extends the time indefinitely. The people in different States of the Union holding return tickets can go to the office of the nearest representative of the Southern Association and have the same made good for return at such time as they may wish to come. This will be interesting news to many thousands of Florida people.

The official bulletin today is as follows, new cases 23, deaths 3, total cases to date, 3,369, total deaths 316. Four of the new cases were white and 16 colored. The general impression prevails that the epidemic is near its end.

Such a medicine you will find in Electric Bitters and only fifty cents a bottle at R. N. Duff's drug store.

**Stenography.**

HINES' boarding house.

**Hawkes' Wonderful Glasses.**  
As we read Mr. Hawkes' testimonials from Governors, Senators, Legislators, men of science and distinguished citizens throughout the United States, who testified to having had their eyes improved, and sometimes restored, by the use of his celebrated glasses, we realize that a glass that will reflect such brilliancy of light as to enable the wearer to see in youth, and to read by candle or other artificial light, surely is to be desired by all spectacle wearers.

## OFFICE OF

**GEORGE ASH, THE CLOTHIER.**

New Bern, N. C., Oct. 16, 1888.

DEAR SIR—

Your kind favor to hand and contents noted. Many thanks for your kind suggestions on business matters. I am myself a great believer in advertising and have often been convinced of its value. But has it ever occurred to you how difficult it is to get up a good advertisement, one that should meet all its requirements, what a task it is to tell in limited space and novel manner of all the bargains that a merchant has labored so hard to provide for his customers. Take my case for instance, here I have spent nearly a month in the Northern market—spending both time and money in going together an aggregation of Bargains that would astonish the natives, were they but to know it. How I am burning to tell them of my \$100 Suits, that are so handsome and of such excellent quality that the suit recently exhibited in the House of Representatives as the greatest bargain of the century is nothing compared to it.

How I would like to speak of my fine imported French Worsteds and English corkscocks that are, notwithstanding the high tariff, so cheap and so elegant garments that no American citizen could withstand the temptation to purchase were he but to see them.

I would just like to tell the public of my fine French Albert Suits and stylish Overcoats, and the prices at which I sell them, to have them go faster than I could replace them.

How glad mothers would be to learn that I am now selling single knee pants separate from the children's suits.

And what do you think of an elegant Gent's Kid Gaiter, worth \$1.00 that I sell for 50c.

And how could I into limited space crowd a description of my line of Hats, that comprise the Youmans, Dunlap and Miller Ties, and are bought from first hands and sold at unheard of low prices, and how describe the novelties and beauties I am exhibiting in Neckwear and the Bargains I am giving away in underwear. If you can help me out in my dilemma you will oblige.

In regard to your inquiry I would state that The Battles 3500 Shirts of which I am sole agent, sell as well because the hundreds who have bought them are daily testifying to their merits.

Mr. J. P. HAWLEY of Pamlico is still with me and desires to be remembered to all his friends. He expects a large trade from his county this fall.

Work for the Long Island Freezing Establishment, of which I am still the agent, is coming in daily and giving great satisfaction. We charge nothing for carrying the goods to and from New York.

Trade, in consequence of the big inducements I am offering this fall, is increasing daily and prospects are now really bright.

With best wishes I remain

Yours truly,

**GEORGE ASH.**
