TO those who have been smoking Proclamation Cigars, manufactured at Factory No. 1017, and sold in this city to the wholesale and retail trade by The Grocer, E. B. Hackburn, I would say that since some merchants have been so very kind as to have a cigar put up at another factory bearing the same name, brand, caution label, etc. as the cigars which I have advertised for over a year, I have had a still better cigar manufactured and the brand registered, and it is really the best 2 for 3 in the United States. Remember the brand, Old Hickory. Factory No. 1017. Try them.

PROF. WM. BAKER, of Charlotte, tuner and repairer of musical instruments, is in the city for a few days. Any one having work in that line he will be pleased to wait on them.

IMPORTED FRENCH BRANDY AND HOLLAND GIN, just received and for sale by JAMES REDMOND.

THE Tariff is a cow.—J. C. Pritchard.

So far Mr. Parnell has the better of the London Times.

ALWAYS remember that the tariff is a cow, and be sure she never hooks you.

A MAN who can't tell the tariff from a cow, may be in danger of mistaking the penitentiary for the State House.

AT the conclusion of his speech at Waterbury, Conn., Gov. Hill received a present of the most remarkable product of the manufacturing industry of that town—a Waterbury watch.

If you will get a Republican hand-book, and take from it fifty paragraphs, and throw them in the air, saying to them, "Now arrange yourselves," you can form some conceptions of Pritchard's speech on Wednesday night.

THOMAS JEFFERSON and Andrew Jackson were the greatest of Democrats; Henry Clay and Daniel Webster were the most illustrious of Whigs. If they were now living all of them would be in favor of the Democratic tariff for Revenue only.

GEN. BRAGG, of Wisconsin, United States Minister to Mexico, is now on his way home. He is filled with statistics and facts showing how a high tariff does not protect labor in Mexico, where wages are the lowest. He will take the stump for Cleveland and Thurman, speaking mostly in the West.

COALITIONISTS stand together in county affairs, but separate on National and State politics. We differ very widely with our Republican friends, but we do not believe that any of them are in danger of mistaking the tariff for a cow. We trust that none of them will carry it home with the expectation of getting milk from it.

Last week the Republicans were "jumping up and knocking their heels together," over the assertion of one M. M. Estee, that California is going for Harrison and Morton by a large majority. A few years ago Mr. Estee announced, far and wide, that he was going to be elected Governor of California by a large majority. He came out 23,000 behind.

THE whole county has been shocked at the recklessness of railroads. It now appears that "the arrest of a number of railroad employes has been ordered in Pennsylvania, who are charged with involuntary manslaughter and grave negligence of duty in connection with the recent disasters, which resulted in the killing and injuring of many persons."

NEW ADVERTISEMENTS.

WM COHEN—Auction.
MRS WOMBLE—Oysters.
J. F. TAYLOR—Tobacco.
E. HACKBURN—Old Hickory cigar.

The Coalition candidates and P. H. Pelletier, Esq., of this city, speak at Croatan today.

Vote for the Coalition ticket, for if you get in trouble up to the Hubbs they will prize you out.

Vote for Mr. Nunn. There is nothing green about him. He and Russell is just the team to draw the car of progress all over this land.

We ask the patience of our readers in dealing so much in political news. It is only a short while longer before the storm will have blown over.

H. R. Bryan and P. H. Pelletier, Esqs., have returned from Beaufort where they spoke on public questions of the day. Mr. Pelletier also spoke at Newport.

The steamer Tahoma a very handsome boat of its class, arrived last night. The Tahoma will ply between New Berne and lower Neuse and the waters of Pamlico county.

A card from Havelock yesterday announced that there was a good attendance at the speaking of the Coalitionists and that the people are interested of that question.

Moses led the children of Israel out of the Wilderness, and if you will follow our Moses he will lead you to a land flowing with milk and honey. Won't you brother Patterson?

The mill of Major Dennison caught on fire yesterday evening just after dark but was extinguished before much damage was done. The department made its usual quick response.

Mr. Richard Lamb of Norfolk, in connection with Northern parties, is taking steps towards making a survey for building a railroad from New Berne to Jacksonville, Onslow county.

A candidate, driving through the county, accosted a farmer and asked, "How far is Stimson ahead of me?" and was knocked speechless with the answer, "about five hundred votes."

Vote for Mr. Stimson, and if he ever hangs you it will be with a chain of sausages and a good big ham at the end of it. In other words, he gives work and good wages to all his laborers.

In the change of schedule which goes into effect today the mail train arrives here from Morehead twenty-three minutes earlier and from Goldsboro twenty-two minutes later. See schedule.

The funeral of Fletcher Hargess, infant son of S. H. and Nettie Scott, will take place from their residence on Griffith street this afternoon at four o'clock. Friends of the family are invited to attend.

The cook on the schooner Mattie E Hiles, which sailed for the West Indies a few days ago, received an injury from a falling barrel at Hatteras and was shipped back to the city by the schooner Melvin. He was not seriously hurt.

As the time of election approaches the question of who is to represent the people grows stronger. As the majority of the people desire, the ballot box is to decide. Every voter has some interest at stake, and for the welfare of himself, his family and the community at large, it is his duty to go to the polls and vote as his conscience best dictates.

"Where is the meeting tonight?" "I don't exactly know. But you cross the creek and follow 'Moses!'" If you get the answer "In the bulge," you may know you are there. But if you get no answer, you beat along up the creek and you will find us somewhere in the high grass.

The regular canvass of the Coalitionists closed on yesterday at Temple's. The candidates have done their duty in the campaign, and now the responsibility rests with the voters of Heaven. We do not mean that the candidates will do no work, but simply that the appointments made for them by the joint action of the Republican and Democratic Executive Committees have all been filled. Every man of them will continue to work, pursuing the course he considers best for the cause.

Speaking at the Points.
The Hahn wing of the Republican party held a meeting at Five Points last night to a very thin crowd for that place.

Our register was on hand but a short while, but long enough to hear the names of Coalition and Simmons barraged, which abated the audience so divided. Hussy, Hancock, Hahn and Chatham spoke. There was very little enthusiasm shown.

Steamer Movements.
The Newberne of the O. D. line arrived last night and will sail today at 12 o'clock for Norfolk direct.
The Vesper of the E. C. D. line sailed yesterday afternoon with a full cargo of cotton, &c. The Eaglet of this line will arrive today.

Personal.
Prof. W. R. Skinner, the energetic principal of Vance Academy, Pollockville, was in the city yesterday in the interest of securing uniforms which he intends introducing in his school. He says his school is in a prosperous condition, and has grown to such proportions that he is compelled to further enlarge his building.

On his return from a visit to South Carolina Mr. R. P. Nixon has brought with him a genuine octopus. He caught it on the beach and now has it in school. It is a horrible looking quadruped.

News From Bayboro.
As it is customary for farmers to speak of the weather, I would say that it is agreeable at the present.

The cotton gins are at work. Fowler & Cowell's gins turned out 3,700 pounds of lint one day last week.

The farmers in this vicinity are housing their crops, and I hear nothing of "short crops" this fall. The horn of plenty is filled.

The Rev. Mr. Becton, Methodist, is holding a protracted meeting this week in the new church. Interest in the meeting is growing. Four joined the church last Wednesday night.

The new Methodist Church is seated with beautiful church chairs, arranged so that all of the audience may face the preacher. New chandeliers have just been put up. They are a credit to the town.

The steamer Tahoma arrived here yesterday from Norfolk. She will run on the line from Bayboro to New Berne. She has ample capacity for freight and passengers, and can easily attain a speed of twelve miles per hour. Those who visit Bayboro will enjoy a ride on the Tahoma.

The academy, under the management of Mr. Geo. T. Farnell, is giving perfect satisfaction among the patrons. The roll numbers fifty-two children, young ladies and young gentlemen. Mr. Farnell says that he expects others in a few days. He has his study hall seated with very comfortable school desks of the Paragon design. His assistant teacher, Miss Sallie Wingate, is making a success of the music department. The people are pleased to see their school succeeding so well. We hope that it will continue to grow.

Politics is warming up in this county. The canvass for the county offices was opened at this place last Saturday. R. D. McCotter, our Democratic candidate for the Legislature, is in town. He puts in a good word for Cleveland and Democracy when it is necessary. Mr. McCotter will represent the people intelligently and impartially. The Republicans imported a speaker, Pritchard, who spoke here yesterday. He excited more discord among the people than we have yet seen in the county. If heads and whiskey can't get up a row, what can? Walker, the Prohibition candidate for Governor, will speak here next Saturday. Daniel G. Fowls will be here on Monday next. The Democrats will have a grand ovation. They have over sixty pigs for the barbecue. Mr. Editor come down and enjoy it.

The Jute Industry.
New York, October 24.—A dispatch from Salem says that the jute industry there has been abandoned, and in consequence 500 employes will be thrown out of work. This action is due to the success of the fine straw bagging industry recently introduced in the South and the cotton bagging trust is considered of no importance.

Hawkes' Wonderful Glasses.
As we read Mr. Hawkes' testimonials from Governors, Senators, Legislators, men of science and distinguished citizens throughout the United States, who testified to having had their eyes improved, and sometimes restored, by the use of his celebrated glasses, we realize that a glass that will reflect such brilliancy of light as to enable the wearer to see as in youth, and to read by candle or other artificial light, surely is to be desired by all spectacle wearers.

All eyes fitted and fit guaranteed by F. S. Duffy, New Berne, N. C. s1341m

THE YELLOW FEVER.

LAKE HALEMA, Fla., October 24.—The yellow fever has broken out in Enterprise, eight miles from this place. There are three deaths so far and five new cases in this vicinity.

WASHINGTON, D. C., Oct. 24.—Surgeon-General Hamilton has received a visit from Dr. S. J. Knott, of Atlanta, Ga., who claims to have discovered the cause and the cure of the yellow fever. He believes that the disease is dependent upon certain telluric and atmospheric conditions favorable to the accumulation of phosphorus in sufficient quantities to produce phosphoric poisoning. He is positive that he can produce a case of yellow fever by artificial means on top of Mount Washington.

FERNANDINA, Fla., October 24.—New cases 14, whites 2. No deaths. This week exhausts our supplies. There is no difficulty in shipping lumber ships crews being left on Tiger Island, in shelter prepared by the government. Stevedores desire to resume work. Steamers can come on the same regulations or by returning to the quarantine station at sea down. The government has taken charge of the guards.

JACKSONVILLE, Oct. 24.—Alarming reports come from Enterprise. Rumors that yellow fever was widely prevalent there have been true all day. In response to a query Dr. King Wyley of Sanford, five miles across Lake Monroe from Enterprise, says: "Yes several cases. See my letter to Dr. Porter. Dr. Wyley is a member of the Board of Health of Orange county, and has been in Enterprise of late continuously. According to his report yellow fever has existed in Enterprise since June. Nearly twenty cases are now reported, and two or three deaths. Drs. Cowan and Long are both down with the fever. The last death was that of Mr. Bennett, who died with black vomit Saturday. At present there are about six cases all told. The population of the town is about 700. People are panic-stricken. They have kept their troubles secret till now. There are no disinfectants in the place. Mrs. Carlisle, in conjunction with Mayor Lillenthal of Sanford, has requested aid of Jacksonville.

Enterprise is in Volusia county. Orange county has quarantined against it. Thirty men, armed and mounted, guard all avenues of exit. The action of the authorities there in concealing this state of affairs is severely censured on all sides.

Dr. Neal Mitchell reports thirty-one new cases of yellow fever for the twenty-four hours ending at 6 p. m. today. There were four deaths. Of the new cases twelve are whites and nineteen colored. Total cases, 3,903; total deaths, 387.

If you are afflicted with rheumatism, neuralgia, gout or other bodily pain, or if you have a sprained wrist or ankle you ought at once to procure a bottle of Salyration Oil, the greatest cure on earth for pain. It only costs 25 cents a bottle.

"Lo! the poor Indian" dying with cold. Won't some "good Samaritan" send him a bottle of Dr. Bull's Cough Syrup?

RUDENESS REBUKED.—William Penn and Thomas Story once sheltered themselves from a shower of rain a tobacco-house, the owner of which said to them: "You enter without leave; do you know who I am? I am a justice of the peace." To which Story replied: "My friend here makes such things as these; he is Governor of Pennsylvania."

As an invigorator and tonic, Laxador, the golden household remedy, is non-pareil. It promptly relieves and cures constiveness or constipation or any other bilious affection. Price only 25c.

Another investigation has proven beyond doubt that Dr. Bull's Baby Syrup is the best medicine for teething children. Price 25c a bottle.

A New York correspondent counted fourteen millionaires in a group on the piazza of a Saratoga hotel. That's nothing; we've seen one little woman on a summer hotel piazza put on nearly as many airs as that.

Lemon Elixir.

A PLEASANT LEMON DRINK.
Cures indigestion, headache, malaria, kidney disease, fever, chills, loss of appetite, debility and nervous prostration, by regulating the Liver, Stomach, Bowels, Kidneys and Blood.

Lemon Elixir is prepared from the fresh juice of Lemons, combined with other vegetable liver tonics, cathartics, aromatic stimulants and blood purifiers.

W. A. Jones, Bell Station, Ala., writes: "I have suffered greatly from indigestion or dyspepsia. One bottle of Lemon Elixir done me more good than all the medicine I ever taken."

An Old Citizen of Atlanta, Ga., writes: "By the recommendation of Rev. C. C. Davis, I used Dr. Mozley's Lemon Elixir for a severe chronic case of indigestion, palpitation and irregular action of the heart with constipation and biliousness. I also suffered greatly with gravel and great pains in the back and kidneys, much of the time unable to stand alone. I was treated by many physicians and used many remedies, but got no relief. Dr. Mozley's Lemon Elixir alone has made a perfect cure of all these diseases. I am now a well man. My wife has for many years suffered greatly with constipation and sick headaches from which she could get no relief. The Lemon Elixir has permanently cured me."
