**TO** those who have been smoking Proclamation Cigars, manufactured at Factory No. 1017, and sold in this city to the wholesale and retail trade by The Grocer, E. B. Hackburn, I would say that since some merchants have been so very kind as to have a cigar put up at another factory bearing the same name, brand, caution label, etc. as the cigars which I have advertised for over a year, I have had a still better cigar manufactured and the brand registered, and it is really the best 2 for 5 in the United States. Remember the brand. Old Hickory. Factory No. 1017. Try them.

**USE PURE ICE,** manufactured by the Jarman Ice Factory. [J] 201

**CONFIDENCE** ever. Negligence never.

**THE** long contest over the will of Samuel J. Tilden has ended, and the will is sustained.

**WE** repeat, there will be many changes because of the tariff, but the majority of them will be in favor of the Democrats.

**THE** French Minister of War has asked for an appropriation of £50,000,000 for the construction of defenses on the frontiers of France.

**THE** man we need in Congress is one who does what is right, and stands up to the rest, fodder or no fodder. That man is F. M. Simmons.

**MRS. CYNTHIA LEONARD,** the self-sacrificing woman suffrage candidate for Mayor of New York, is unequivocal in her condemnation of marriage and men.

**THE** Grand Vicer at Constantinople has issued a decree forbidding the publication of morning papers in that city, and hereafter only evening newspapers will be allowed to be published.

**AN** exchange says, "If the Republicans capture the State of New York, they will most probably elect their candidate for President." Exactly. When the sky falls we will all catch larks.

**PLEASE** take notice! Lord Sackville West, British Minister at Washington, has written a letter in advocacy of the election of Harrison! Now what becomes of the charge that the Democratic policy is in favor of England? Maybe Lord Sackville is a fool, and don't know his business. He had better go to school to Pritchard and learn something. No, no! Sackville is no fool, and Cleveland is no Englishman.

**"THERE** is too much politics. The waters are too much troubled." The pool of Bathesda had no healing power until after the angel went down and troubled the waters.

**SENATOR VANCE,** in his speech to the farmers at Winston last Wednesday, asked the pertinent question, "How can high taxes enrich the very people who have to pay them?"

**QUAY** continues to send men from Pennsylvania into New York. When he succeeds in turning down New York city political managers, he will be the greatest field marshal of the day; but it is generally believed that he will never rise higher than corporal of the guard, and may be reduced to a private in the ranks.

**IF,** after Mr. Simmons is elected, and Congress is in session, you want anything, at Washington, write to him or go to see him, and if what you want is attainable, and it is right for you to have it, he will do his best to secure it for you. All Mr. Simmons will ask about you will be, "Are you capable, and are you honest?"

**EVIDENCES** of the growing strength of Mr. Simmons are coming in every day. A letter has just been received from a colored man, who formerly resided here, urging his friends to do all they can to re-elect Simmons. His plea is based upon Mr. Simmons' general usefulness, and the earnestness with which he works for every one who needs his services.

**THIS** morning the political atmosphere is heavy with frands. Chairman Jewett of the Democratic State Central Com., of Ind., has information that in Richmond, Evansville, South Bend, Terre Haute and other cities of like size, many new faces are seen among the negro population and that the final poll in each of them shows a large increase in colored votes. The Democrats are on the alert and will "scotch" that game.

**"WE** firmly believe that Cleveland will be elected because he is the embodiment of honesty, of faithfulness, courage and capability. He has but one purpose, and that is the good of all the people, the faithful administration of the law, special privileges to none, equal and exact justice to all. Then we say to young voters who are now to cast your first vote, fall into line, begin your political history on the right side, and let it be known in all coming time that you cast your first vote for Democracy and President Cleveland.

**U. S. District Court.**  
The fall term of the district court will expire by limitation today. The following is a summary of the work done:

**U. S. vs. S. F. Noble,** assaulting an officer; verdict guilty; jury recommended the leniency of the court. Sentence: fine of one hundred dollars and one year's imprisonment at hard labor in the penitentiary at Columbus, Ohio.

**U. S. vs. Frank Harper,** retailing without license. Verdict guilty; judgment, fine of one hundred dollars and imprisonment for thirty days in Lincoln county jail.

**U. S. vs. Jos. Tighman** retailing without license. Verdict guilty; judgment suspended on payment of cost.

**U. S. vs. Jas. E. Abbott,** stealing from mails. Verdict guilty; judgment suspended.

**U. S. vs. Jas. E. Abbott,** receiving check stolen from postoffice, knowing it to have been stolen. Verdict guilty; judgment, imprisonment for one year at hard labor in the penitentiary at Columbus, Ohio.

**C. Humphrey vs. the schooner Henrietta Hill,** tackle, etc. for seaman's wages. Continued.

**Elect** the Coalition ticket and Simmons and then get ready for the Conference.

**Craven** county will be pretty well stirred next week on the issues of the day. The Coalition candidates are sanguine and will doubtless succeed.

**The** pleasant weather that we have had for some weeks is for the present over. It commenced raining yesterday and the atmosphere is damp and chilly.

**The** Goldsboro Argus is trying to beat us on sweet potatoes, but if its "hundred eyes" could see a lot that Coll Hunter has at Havelock there would be no more said about potatoes.

**A** short meeting of the Board of Trade was held last night. Owing to the small attendance some of the important matters to be discussed were deferred until the second Friday night in November.

**You** may plant potatoes and work them, but they will do you no good unless you dig them; you may plant your corn and cultivate it, but it will do you no good unless you gather it. So with your canvass. All your work will be in vain unless you gather in the harvest at the polls.

**Do** not forget that Conference will be held in this city next month. We need not say that no more honorable, enlightened and useful body ever met to advance the good of man and the glory of God. Let us all see to it that homes are provided for them, and their sojourn with us made pleasant to them and profitable to us.

**Yesterday** we wrote Moses, when we intended to write Isaac. Moses was a great leader, but from Isaac sprung a multitude that no map can number. Isaac was ready for the sacrifice, but God delivered him that he might be the father of many nations. Our Isaac is ready for any sacrifice, but that good Providence, that has thus far kept him, will throw his shield around him, and make him the leader and deliverer of his people.

**The** regular canvass of the county is ended, and we come and gratefully acknowledge the obligations of all the candidates and the thanks of the people, to Mr. James Brinson for his services in this campaign. In every neighborhood he has visited his courtesy as a gentleman, and his ability as a speaker, have most favorably impressed all with whom he has come in contact, and very many of his fellow-citizens look to his future advancement with pleasure and confidence.

**The** constant devotion and unremitting labors of Mr. Dudley, for the success of Coalition in Craven, entitles him to the warmest thanks of his people. All of his addresses have been able and effective; but the chief excellence of his campaign is the evidence it gives that the people of Craven, without regard to color or party, are united for the perpetuity of good local government, and the upbuilding of this section of our common country. Other communities may do as they please, but Craven will protect all, and educate all, who live beneath her own bright skies.

### The Colored Fair.

**The** colored Fair at Goldsboro has closed, and is reported to be the best ever held in the State by their race. The Star Band of this city brought off the highest awards for excellence of music, and judging from the serenade tendered the JOURNAL office, they were no doubt deserving them. We also learn that numbers of articles sent from here took premiums.

### Grand Democratic Rally.

**Our** people have made arrangements for a grand public reception and demonstration Monday evening on the arrival of Judge Fowle, Hon. Fred. Stridwick and Hon. W. M. Robbins from Bayboro. Arrangements are going on now for making the occasion one long to be remembered in our good old town.

**Judge Fowle,** we are sure, will be proud of the grand and hospitable reception awaiting him.

### Schooner Arrivals.

**The** Melvin, Capt. Howland, from Philadelphia with coal for Mrs. E. B. Ellis.

**The** E. R. Dyer, Capt. Roberts, from Philadelphia with coal for E. B. Ellis.

**The** Thilo G. Orin, Capt. — from New York with bone and phosphate for E. H. & J. A. Meadows.

**The** North Carolina from Philadelphia with coal for W. F. Barras & Co.

**The** constantly increasing popularity of Dr. Bull's Baby Syrup is a guarantee of its usefulness for children suffering from diarrhoea or dysentery.

## Steamer Movements.

**The** Eaglet of the E. C. D. line arrived yesterday with a cargo of freight, and will sail at four o'clock this afternoon. The Vesper of this line will arrive tomorrow.

**The** Newberne of the O. D. line sailed yesterday for Norfolk heavily loaded with cotton, etc. The Manteo will arrive tonight and sail Monday at 12 o'clock.

**The** Tahoma sails at 7:30 this morning for lower Neuse and Bay river.

## Personal.

**Bishop** Hald of the Catholic Church arrived on Thursday night and was given a reception by the members of St. Paul's Church at the school room. He has the reputation of being a learned and scholarly gentleman and a very eloquent preacher. He will preach at St. Paul's Church on Sunday morning and evening. Confirmation at the morning services.

**Judge** Green and wife left for New York yesterday.

## The Atlantic Association.

**The** Atlantic Association of which the New Berne Baptist Church is a constituent, will meet in Lorraine on next Tuesday, Oct. 30th.

**The** occasion will be one of great interest, not only to Baptist, but to all Christians and philanthropists.

**The** following arrangement has been made with the A. & N. C. R. R.

**Round** trip tickets on sale Monday and Tuesday, Oct. 29 and 30th. Good to return until November 31.

## The First Ahead.

**We** have heard of the grand reception given Judge Fowle on his brilliant canvass of the West, and we all remember what ovations were given Governor Vance all over the State in 1876, but neither of these were so honored as our young townsman J. M. Brinson, Esq., has been in his canvass of the Coalition ticket. He spoke at Havelock on Wednesday and so captivated the community that a young lady drove out early next morning with a fine steed hitched to a dog cart, took him up and dashed off to Morton's store, a distance of twelve miles, where he addressed a large crowd and made the speech of his life. The ride and the zeal and energy displayed by the young lady seemed to have infused new life into him, and the patriotic words for Craven county and Coalition struck the crowd like a two edged sword.

**The** orators of the West may feel honored by the cavalcades that turn out to meet them but they have met no such greeting as this Coalition orator did at Havelock. There is everything to inspire the young men of Craven of both races to battle manfully for the success of the Coalition ticket, for the welfare and progress of the county depends upon its success. Mr. Brinson is doing his share of the work.

## THE YELLOW FEVER.

**FERNANDINA,** Fla., Oct. 15.—New cases, 16, all colored. No deaths. Our experience is proving that the estimate for the relief fund for Fernandina was much too small. Jacksonville is filling her agreement, but that will not meet our necessities. Our field, both in numbers and extent of territory, is daily increasing.

**ENTERPRISE,** October 25.—We have nine people now sick, six in a critical condition.

**JACKSONVILLE,** October 25.—New cases 71, deaths 2. Total cases to date 3974, total deaths 339.

**DECATUR,** Ala., October 25.—There were three new cases of yellow fever today and one death.

## IN MEMORIAM.

**Fletcher** Hargis, youngest son of Solomon and Nettie Scott of this city, after a long and painful illness, fell asleep at one o'clock p. m., October 23d, aged twenty months.

**Fletcher** was an unusually bright and interesting child and was a great comfort to his fond loving parents. But God in his wisdom and loving kindness saw best to take him from them to himself above, before he became contaminated by sin or corrupted by contact with the evil that is in this world.

**"Suffer** little children to come unto me and forbid them not, for of such is the kingdom of heaven."

**"I** take these little lambs said he, And lay them in my breast; Protection they shall find in me, In me be ever blest.

**Death** may the bands of life unloose, But can't dissolve my love; Millions of infants compose The family above."

**A** remarkably handsome woman is said to be the moving spirit in a philanthropic movement in Russia to supply the poor of that country with Dr. Bull's Cough Syrup.
