JUST one week to the election.

"WATCHMAN, what of the night?" From every Democratic watch-tower comes back the answer, "All is well!"

THE most remarkable exploit of the season is that performed by the Hahn faction, of Craven county, in calling on a Democratic administration for help. Jerusalem!

HAIL Columbia! Never did the Queen of the West look more beautiful than now! Clothed in the bright robes of Democracy, she is the pride and glory of the world!

THE Henderson Gold Leaf says: "With a long pull, a hard pull, and a pull altogether, we can carry this district for Simmons by a good majority. Then let us do it." Amen! Amen!

It is the duty of executive committees to see that a full supply of tickets are at every voting precinct. But first let them examine the tickets, and see that they conform to the law in every particular.

REPUBLICAN managers are looking to the old North State to break the solid South, by joining the Republican column. As soon expect to see Jupiter leap from its orbit, and like some wild comet through the etherial blue, scattering worlds and systems in its path!

WHAT is the matter with Chicago? A Democratic Club has just been organized among the members of the Board of Trade, in that city, with astonishing success. Over one hundred of them are Republicans, who voted for Blaine in 1884, but are now outspoken for Cleveland and tariff reform.

THE Wilmington Messenger very properly says: "A party that has done so much for the poor people of the State as the Democratic party has done, back to the days when it removed the qualification of suffrage, and made every man a voter without reference to property, ought not to be now regarded as the enemy of the laboring man."

The right of the colored people to testify in the courts of this State was conferred by the Democrats in 1866, long before the Republicans thought of giving them the right to vote.

THE Charlotte Chronicle says: The charge is made that negroes from South Carolina are being colonized in Charlotte, and as an instance of how it is working, it is cited that in ward 2, where two years ago 167 colored votes were cast, there are now over 400 colored voters registered. There is an increase in the registration in all the wards, but not so great as that in ward 2. Negroes are registering who were never known here before, and already a long list of them has been spotted. Frauds of this kind cannot be worked in Charlotte. This puts Democrats on guard everywhere in the State. North Carolina must be protected against such outrages.

THE Superior Court of Jones county is in session this week. Judge Shepherd presiding. Messrs. L. J. Moore, W. E. Clarke, Clement Manly, O. H. Gates, M. DeW. Stevenson and P. H. Poffinger are in attendance.

JUDGE FOWLE AT BAYBORO.

Familio Ablase. Judge Fowle, our next Governor, addressed the people of Pamlico county at Bayboro yesterday.

There were about two hundred present and the Judge was in good trim. He was introduced to the large assembly by W. T. Cape, Esq., and for two hours he held them spell-bound. There were about one hundred colored voters present, and they gave the Judge undivided attention. In their hearts they were evidently converted and shown that it is their interest to vote with the party that is trying to educate their children and make better citizens of them, but the party wish will be rigidly applied and it remains to be seen how many can resist it. When Judge Fowle had concluded several Republicans went forward, took him by the hand and promised him their support.

Watch the Owls! Election one week from today.

STRUDWICK and ROBBINS tonight at the court house.

The office of the Clyde steamship line is being repaired.

The last of the walls of the McLean building were thrown down yesterday.

"Help! help! help!" "What's the matter?" "The Coalitionists are after us, O lordy!"

ROBBINS and STRUDWICK, two of the best campaigners in the State, at the court house tonight.

United States Marshals can only supervise National elections. They have no right to meddle with State or county affairs.

The schooner North Carolina, Capt. C. H. McClintock, sailed yesterday evening for Smith's creek where she will load lumber for Philadelphia.

Prayer meeting will be held tonight at 8 o'clock at the residence of Mr. W. T. Dunn, on King street, near Craven, under the auspices of the Y. M. C. A.

Fire! Fire! Fire!!! "What's the matter?" "Fire! Fire! Fire!!!" "Shut up, there isn't any fire." "But, there might be, and I want to start in time." "Fire! Fire! Fire!!!"

Capt. Steen of the steamer Vesper reports the steamer Alpha of Washington shore, high and dry, on the upper side of Brant Island, where she was in a dense fog on Saturday night. He also reports the "lighted" buoy at Pamlico Point out, a matter that should be remedied at once.

At the Catholic Church on Sunday morning the sermon was by Bishop Haid, after which eleven candidates received the rite of confirmation. The Bishop's sermon was an argument for the Catholic Church as the only faith upon which all Christians can unite and be as one. The choir made excellent music, and an unusually large crowd was in attendance.

An ordinance by the city council, assessing a fine upon any one driving an ox in a cart without proper support for the shafts, in the way of a back strap on saddle, would delight Henry Bergh, even if he is in the spirit land. This is a matter that should be attended to at once. It is a shame to see the poor beasts tortured as they are, and it is common on our streets nearly every day.

One of our good and substantial citizens remarked upon reading the communication of "J. W. W.," which the members of the Board of Trade were taken up task for failing to attend the meeting on Friday night, that if he would have the mud holes on the sidewalks filled up so one could get to the meeting without wading, there would be a better attendance. We trust our city authorities will give special attention to the sidewalks and try to have them in good condition before the assembling of the N. E. Conference.

Most of the sidewalks on the east side of Middle street has been put in splendid condition, but from George Ashe's store down to South Front it is just miserable, in fact a disgrace to the city.

Jones Court.

The Superior Court of Jones county is in session this week. Judge Shepherd presiding. Messrs. L. J. Moore, W. E. Clarke, Clement Manly, O. H. Gates, M. DeW. Stevenson and P. H. Poffinger are in attendance.

THE PRESENT OUTLOOK.

On our second page we have an article on the Present Outlook, in which the Presidential canvass is considered, and we have now concluded to glance at the outlook as it appears in the good county of Craven. To our eyes it is just splendid! It has been apparent from the beginning that the people are in favor of Coalition because its only purpose is to advance the interest of Craven for the benefit of all the people. For a long time we have known that the movement was very strong, but we had no idea that the opposition would make such a confession of their weakness as to ask Judge Seymour to appoint special United States Marshals to supervise the election. But it has been done. The Hahn faction have actually made application for the appointment of special marshals and Judge Seymour has actually appointed them. When we heard that leaders of the Hahn men were holding meetings in remote and unfrequented places at night we knew they were badly scared, but we had no idea they would call on Uncle Sam to help them. They ought to have known, and they did know, that United States Marshals have nothing to do with State and county affairs. Judge Seymour is a gentleman, and it was his duty to appoint special marshals when requested. There is no objection to the men appointed; they will attend to their legitimate business, and if Coalitionists can assist them in any way we will be happy to do it. United States Marshals and Coalitionists work well together for we are all men of law and order, and insist on a fair election—a free ballot and a fair count. There is one thing about the appointment of these marshals that we don't like, and that is the fact that it will produce the impression abroad that our people are a lawless people. Now we deny the justice of any such insinuation. The people of Craven, white and colored, are a law abiding and honorable people, and the Hahn faction had no right to create a different impression. The idea of the broken remnants of a faction of a party asking for United States Marshals at an election in Craven county is preposterous. If there are any persons living in Craven county who are afraid to trust their own people they ought to move away. The Hahn men have made a great mistake. The colored men of Craven are freemen and will vote just as they please without asking leave of any man. Ring-masters may pop their little whips, but they can't drive worth a cent! Colored men will vote to suit themselves, and attend to Dinah and the children all the same.

Judge Fowle Last Night.

The reception of Judge Fowle last night was worthy of the man and the occasion. It was known that he would speak on yesterday at Bayboro, and Mr. E. P. Williams, representing the County Executive Committee, went over and invited him to speak here last night. On his arrival at the Neuse he was met by a large number of citizens on the steamer Trent, under command of Capt. Roberts. As the Trent approached New Berne it was greeted with the firing of cannon and the cheers of the people. A little later Hon. F. N. Strudwick and Hon. W. M. Robbins arrived. At 8 o'clock the distinguished visitors were escorted to the court house where an immense crowd had already assembled. As Fowle, Strudwick and Robbins entered they were received with rounds of enthusiastic applause.

A Second Misfortune.

It is doubly unfortunate that Mr. B. F. Ketchum of the A. & N. C. R. should have received another injury in the breaking of his left arm at the shoulder. Five weeks ago he broke his right arm from a fall, and had just gotten well enough to return to his work when the second mishap took place. He had recently been promoted as conductor, and while at Morehead City on Saturday night he accidentally slipped off the plank walk along Cottage Row near the Assembly Hall, and in the attempt to preserve his already injured arm, his other was broken at the shoulder blade. He was immediately brought back to his home in this city where he now rests as well as could be expected under the circumstances. Surely Mr. Ketchum has the sympathy of the community.

Fire Alarm.

Sunday afternoon about 4 o'clock a report reached a lady in this city that her son had fallen from the railroad bridge and was drowned. She gave an alarm which caused the fire bell to be sounded and the department turned out. But the alarm was made from false information, as the gallant Capt. McClintock of the schooner North Carolina had picked up the Rose that fell from the bridge and rolled it until it was brought back to full bloom, and will make its appearance at the polls on the 6th of November, if nothing further happens to prevent, and will crown the election of the Coalition ticket, Simmons, Fowle and Cleveland.

Steamer Movements.

The Mantee of the O. D. line sailed yesterday for Norfolk with full cargo of cotton, lumber, naval stores, etc. The Newberne will arrive tonight and sail tomorrow at 12 o'clock. The Vesper of the E. C. D. line arrived yesterday and sailed last night with full cargo. The Eagle of this line will arrive today and sail this afternoon.

Hermans is up to many tricks; but he will never take in as much as Dr. Bull's Cough Syrup in its big raid on coughs and colds.

We inform all the proprietors have said relative to the merits of Salvation Oil. It is compared.

A Grand Reception.

LIMA, O., October 26.—Senator Thurman and Speaker Carlisle arrived here at 1 o'clock this afternoon and were met at the depot by a crowd of eight thousand people, political clubs, etc. They were escorted through the principal streets by a procession over five miles in length. Mr. Thurman spoke to several thousand people, and as many more were unable to gain admittance. Mr. Carlisle will speak tonight.

Hawkes' Wonderful Glasses.

As we read Mr. Hawkes' testimonials from Governors, Senators, Legislators, men of science and distinguished citizens throughout the United States, who testified to having had their eyes improved, and sometimes restored, by the use of his celebrated glasses, we realize that a glass that will reflect such brilliancy of light as to enable the wearer to see as in youth, and to read by candle or other artificial light, surely is to be desired by all spectacle wearers. All eyes fitted and fit guaranteed by F. S. Duffy, New Berne, N. C. #1841m

DIED.

We sympathize with the bereaved parents in their afflictions, but must remember their loss is her eternal gain, however hard it may be for them to give their darling little one up to that God who gave it. Florence, we are reconciled to give thee up, because we know that thou art in that bright land of bliss. W.

At the Presbyterian Church,

Rev. J. B. Shearer, D. D., President of Davidson College, preached at the Presbyterian Church, Sunday on the subject "Prepare to Meet Thy God," Amos 4:13. From the announcement of the text he caught the attention of the audience and held it through the entire discourse. He showed the great importance of our making this preparation and the many warnings sent every nation. The same feeling of love God had for his people in the past He had for them today. That it had been the same in all ages. Likewise, human nature was the same today that it had ever been. It was a good sermon, abounding in numerous expressions whereby the sinner might profit.

THE YELLOW FEVER.

JACKSONVILLE, Oct. 27.—The uncertainty of the continuance of the epidemic makes any estimate of further needs very difficult. A heavy rain fell today. There is no communication with Enterprise; the telegraph operator has left there. Some slight discouragement at the continued increase of the number of fever cases is manifested. The official bulletin today reports: New cases 46; deaths, 4. Total cases, 4,043; total deaths, 245. Bishop Wood continues to improve.

How is the baby? is the question often put to a mother, and many an answer comes, "Thanks to Dr. Bull's Baby Syrup, much better today."

Constiveness if not checked will result in constipation, and the latter if not corrected will surely terminate in dyspepsia. Laxador, if taken in time, will restore the normal condition. Price 25 cents.

Ask for Old Virginia Cheroots, 5 for 10 cents. Take no other. F. ULRICH, Wholesale Agent.
