T hose who have been smoking Proclamation Cigars, manufactured at Factory No. 1017, and sold in this city to the wholesale and retail trade by The Grocer, E. B. Hackburn, I would say that since some merchants have been so very kind as to have a cigar put up at another factory bearing the same name, brand, caution label, etc., as the cigars which I have advertised for over a year, I have had a still better cigar manufactured and the brand registered, and it is really the best 2 for 5 in the United States. "THE wisest man is the most conscious of his own ignorance."

THE peerless Simmons leads the van. There is victory in the air!

A FREE ballot and a fair count is the Democratic motto for next Tuesday.

SENATOR VANCE says that Fowle's majority will not be less than 15,000.

EAVES' droppers have always been a stench in the nostrils of honest people.

"PINKERTON'S detectives," are what they call themselves when they are looking for chicken roasts.

LET NO man deceive you next Tuesday. Examine your ticket yourself and see that it is all right.

CLEVELAND restored the Union by bringing the North and South together as one people, with one aim and one destiny.

"HE that blows the coals in quarrels has nothing to do with, has no right to complain if the sparks fly in his face."

CAPTAIN SYD ALEXANDER; the head and front of the Farmers' Alliance, asks every man to stand by the Democratic party.

DO your duty next Tuesday and United States marshals and supervisors will be as meek as lambs and innocent as sucking doves.

THURMAN stood by the South through all the dark days of reconstruction, and was the first to welcome her return to prosperity and power.

LET it be understood that while we intend to have a fair election and a fair count, we do not intend to be bulldozed or run over by Mr. Eaves' "reliables."-Spier Whitaker.

THERE is now very little doubt of the election of Cleveland and

Thurman, of Fowle and the whole State ticket. Confidence naturally elates us, but we must not permit it to relax our energies. Work, work, work, is the demand for every hour until the sun goes down on a victorious Democracy next Tuesday.

"A MAN must have some knowledge before he can see his own ignorance. One born blind never knows what darkness means; one born deaf never knows what silence means. Only in the light of the sun of righteousness can we apprehend the powers of darkness which surround us, and which dim our earthly vision."

THE Wilmington Messenger says: Next Tuesday the people of the nation will decide what candidates and what party shall administer the affairs of the nation for the next four years. Whether taxes shall be cut down, the surplus in the Treasury reduced and the people be freed from at least a part of the needless taxation, is the leading question in the struggle nationally. In this State, however, there is even a bigger stake to be fought for, and that is whether we shall be governed by the party that has plundered us in the past, or continue the rule of the party that has built up the waste places, restored the credit of the State, and given peace and abundance at home, and secured confidence from abroad.

LOCAL NEWS.

NEW ADVERTISEMENTS.
W. H. OLIVER-Insurance.
JOURNAL-Wanted to rent.
G. A. HUSSY-Steamboat line.

Bluff some more, Mr. Eaves, we rather like it.
Coalition is a panacea for the ills of Craven.
Go out and get voters for Nunn and Russell.

Spread yourself for the Coalition ticket.
The opposition are packing their bags for salt river.
The county commissioners will be in session tomorrow.

Roar and shake a calf's tail and maybe somebody will take you for a lion.
After Tuesday the Republican party of this State will be an earnest "Eaves' dropper."
You are a failure Mr. Eaves. You attempt tragedy when nature made you a comedian.

Mr. J. H. Bell, formerly of New Berne, but now in the department at Washington, arrived in the city last night.

The steamer Cobb started on her trial trip to Belle Ferry yesterday afternoon and from the way she traveled gives promise of full average river speed.

If the Republicans have delegated J. B. Eaves to cover their retreat, they have made a bad selection. Everything he does affords evidence of demoralization, and betokens overwhelming defeat.

The steamer Mantoe of the O. D. line that sailed from here Tuesday night carried out the largest cargo of cotton and naval stores ever taken out of New Berne, having nine hundred bales of cotton.

A handsome Kimball organ has been placed in the rooms of the Y. M. C. A. It is from the music house of Walter D. Moses & Co., Richmond, Va. With Dr. J. D. Clerk an organist, good music is now expected at all the meetings.

The regular semi-annual meeting of the Ladies' Memorial Association will be held at the residence of Mrs. John Hughes on Tuesday, Nov. 6th, at 12 m. All members are urged to attend to discuss some matters of importance.

The confidential circulars of Mr. J. B. Eaves are constantly arriving at this office, being usually sent in by Democrats who received them from Republican headquarters. They can do no harm, and are amusing as evidences of the desperation of the opposition.

Read last night's special to the Journal from Spier Whitaker, Chairman of the Democratic State Executive Committee, and then power your souls in patience if you can. The outrage will be rebaked. Democrats pour posts, and do your duty.

Ask your dealer for Old Virginia Cheroots. 5 for 10 cents. F. ULRICH, Wholesale Agent.

Closing the Canvass.

On yesterday P. H. Pelletier and James M. Bristow, Esq., addressed the people at Fort Barnwell and Clement Manly, Esq., was at Vanceboro. These gentlemen have done good service in the campaign for Simmons and Coalition, and they deserve the thanks of all good citizens. They will be remembered in the future.

At McCarthy's corner in this city last night a large meeting was presided over by Rev. John Johnson who opened the meeting with an appropriate address. The Coalition candidates and E. R. Dudley, Esq., followed in telling speeches which were received with frequent and enthusiastic applause.

Notwithstanding the bad weather and the wet condition of the streets, the turnout was good, and the speakers received the most marked attention from those in attendance.

The signs of the times are most cheering, and it only remains for the Coalitionists to be promptly at the polls on Tuesday morning to secure a triumphant victory.

Fire.
Yesterday about 11 o'clock a. m. a fire was discovered in the law office of P. H. Pelletier, Esq., in the building adjoining the JOURNAL office. It originated from the stove, Mr. Pelletier being absent at the time. His books and office furniture were quickly removed and the fire department was out in time to prevent the flames making any considerable headway. Loss fully covered by insurance.

Mr. Pelletier was at Fort Barnwell battling for Simmons and the Coalition cause.

Steamer Movements.
The Newberne of the O. D. line arrived last night with a cargo of general merchandise and will sail tomorrow at 12 o'clock.

The Haglet of the E. C. D. line sailed yesterday with a full cargo. The vesper of this line will arrive today and sail tomorrow afternoon at 4 o'clock.

Personal.
Mr. O. S. Becton has returned from a trip through Lenoir, Wayne and Craven counties. He says that Coalition excites much interest at every point in the counties where he has been.

Not a Politician.
Though I am not a politician, yet when the time comes for deciding what men shall represent us and make laws best suited for our country and its people, I feel that a great responsibility rests upon me, and every other voter. The excitement connected with campaigns often makes men say and do things they would scarcely dream of at other times. In a heated passion they lose control of themselves and give way to their temper, which may be excusable once and probably twice, but any man addicted to loss of self-possession should be shunned and not entrusted to represent any cause in which the people's interest is at stake.

An election of the greatest magnitude is soon to take place, and after having carefully considered all questions in which our people are concerned, I, without hesitation, honestly believe that if the people fail to return Hon. F. M. Simmons to Congress, and carry through what has been instituted in Craven County as the Coalition movement, one of the finest opportunities that has ever been presented to us will have been lost, and they will live to regret it. I know what Simmons has done. I see what Coalition can do.

LOYALTY.
We have no hesitation whatever in recommending Dr. Bull's Baby Syrup for children suffering from wind colic, diarrhoea or dysentery.

There are two important considerations which commend Laxador to general adoption as a simple remedy for all bilious complaints, namely, the purity of its constituents and promptness of action.

(Special to JOURNAL.

Reems Democratic State Ex. Com., RALEIGH, Nov. 3, 1888.

To the good people of North Carolina: John B. Eaves, chairman of Republican State Executive Committee in a printed circular distributed over the State, boasts that for three weeks he has had in his employment numbers of Pinkerton detectives.

These hired spies have been travelling through our State watching good men and inflaming negroes. Some of the scoundrels have been escorted out of the State, some are yet here at their dirty work and all of them are closely watched. No greater insult could be offered to law abiding people.

Appeal to all good citizens to see to it that officers of elections are not intimidated in the performance of their duties that no violence is done, that peace is preserved and on the 6th of November they will rebuke this insult to our people in such unmistakable terms that no political party will ever again dare to attempt to secure success by such infamous means.

SABBATH MUSINGS.

On this Sabbath day what is better than to sit down in our quiet homes and reflect upon our duties to God and our fellowmen? This is an important epoch in the history of Craven County, and it behooves every man to seriously consider the situation. On next Tuesday an election is to be held that will influence the destiny of Craven for all time to come. We would not have our pulpits transformed into political platforms, but, there is a large part of our community with whom the influence of the minister is deservedly very great in moulding the opinions and directing the actions of those to whom he ministers in holy things. The Coalition party has for its object the bringing together of all the influences that will cooperate for the upbuilding of Craven, the increase of the value of her property, the education of her children, and the encouragement of that concord and sentiment which ought to actuate all the members of the same community. If any man wishes to keep alive race animosities and perpetuate strife among us, he has no place in the Coalition party; but if he is ready to lay aside all the bitterness of the past and dedicate himself to God and humanity he will be at home in the Coalition party. In Craven we all contend with the same difficulties in the way of successful business, and to overcome these difficulties there must be union of purpose and concert of action. "Forgetting the things that are behind let us press forward to our high calling, and secure the moral elevating, social improvement, educational interests, and material advancement of all the people of Craven. No minister of the gospel, no preacher of righteousness, can do a better service to his Maker and his fellowmen than to direct his people in the paths that lead to public prosperity, private virtue and individual happiness.

Let it be distinctly understood that Coalition has nothing to do with the Presidential or the State elections. Coalitionists who are Republicans are expected to vote for Harrison and Dorey, and Coalitionists who are Democrats are expected to vote for Cleveland and Fowle, but when it comes to Craven County, Coalitionists must vote the whole Coalition ticket. Vote for Nunn and Russell because you need their services in the State Legislature, and for Stimson, Hubbs, Patterson, Shepard and Lovick to secure good home government.

We ask the ministers, to whom special reference is made, to talk to their people, and explain to them the present situation, and impress upon them the importance of good government, and the absolute necessity for harmony and good feeling among all the people. We are all in the same boat, and we must swim or sink together.

"How you brudder Ben?" "Me?"
"Let us see Charley, goodly son's you been?"
"I wis de de-bushin' creeping all about same as a lame snake."
"Charley, buy Salvation Oil, dey cure you."

The shorter the tunnel the sweeter the kiss, but the older the cold the harder the cure; Dr. Bull's Cough Syrup has broken many stubborn coughs.

When you can get 5 Old Virginia Cheroots for 10 cents, why do you pay 5 cents for one cigar?
