To those who have been smoking Proclamation Cigars, manufactured at Factory No. 1917, and sold in this city to the wholesale and retail trade by The Grocer, E. B. Hackburn, I would say that since some merchants have been so very kind as to have a cigar put up at another factory bearing the same name, brand, caution label, etc., as the cigars which I have advertised for over a year, I have had a still better cigar manufactured and the brand registered, and it is really the best 3 for 5 in the United States. Remember the brand, Old Hickory, Factory No. 1917. Try them.

WE propose to advocate nothing that is wrong, and to surrender nothing that is right.

"WHAT will the future be?" Leave that to God. Act well your part, and morning, noon and eve, repeat "Thy will be done."

Don't get mad. Principles are never passionate. They are the cold deductions of sober reason, and their votaries are the children of truth.

As efforts for the amelioration of Craven county to be given up? No, verily. As soon expect a mother to abandon her child in the midst of a storm.

PATRIOTISM is an instinct of nature. It will live as long as man is controlled by the higher elements of his being. A patriot cannot abandon his party because it has suffered defeat, any more than a child can desert his father because he has fallen into misfortune.

MUCH is being said as to how questions between the United States and England are to be settled. We presume that they will be held in abeyance by England unless the United States presses the issue to an immediate settlement.

In our position, in regard to the signing of Republican bonds, we admit nothing that savors of personal malice or individual vindictiveness. We are opposed to Republican supremacy on principle. He who goes upon the bond of a Republican identifies himself with the Republican party and becomes its security. A Democratic Republican bondsman is an absurdity. As well speak of an infidel Christian.

The friends of Mr. Simmons still hope that he has been elected. This is an excellent occasion for the exercise of patience and hope. It is a good opportunity for a little preaching upon the uses of adversity and the sweets of divine philosophy. It is a good occasion for the exercise of that principle which springs eternal in the breast. To the human vision a great calamity is impending over the country. The great fact remains that Jehovah

has hold of the reins—that the King of king and Lord of lords sits supreme and rules the destinies of nations and peoples. Out of the nettle danger we may yet pluck the flower safety.—W.L. Star.

If you are so constituted as to take within your mental vision a wide expanse, look on North Carolina and identify yourself with her present prospects and future glory. If to a narrower range your thoughts incline, make home your empire, and domestic joys the object of your reign. What are your station, and where are you? "Let all the ends thou aimest at be thy country's, God's and Truths."

THE election is over. While the battle was raging every true man felt that it was his imperative duty to "Strike, till the last armed foe expires; Strike, for your altars and your fires; Strike, for the green graves of your sires, God, and your native land."

Now it is in order to cultivate the gentler virtues and feel the warm pulse of brotherhood that makes the world akin. But, let it be remembered that modesty and gentleness require no abridgement of virtuous manhood.

LOCAL NEWS.

The election is over, now to business. The city council was in session last night and adjourned to Tuesday night next.

Shall we have county officers who are Democrats, or will Democrats help their enemies into fat positions?

The election excitement is wearing off, but the determination of Democrats to keep their names off Republican bonds is wearing on.

Democrats, remember that you pay nine-tenths of the taxes, and that in helping Republicans to get into office by signing their bonds you are simply helping to pay the expense of running a bitter radical campaign.

Our country friends and farmers must remember that it will not be easy to glut the New Berne market with Thanksgiving turkey this year, as the M. E. Conference will be in session here at that time. Get them fat and nice and bring them in.

Steamer Movements. The Eaglet of the E. C. D. line arrived yesterday with a cargo of general merchandise and will sail at 4 o'clock this afternoon. The Veep of this line will arrive tomorrow.

The Newberne of the O. D. line arrived and sailed last night with full cargo. The Manteo will arrive tonight and sail Monday at 12 o'clock.

Week of Prayer. The week of prayer under the auspices of the Y. M. C. A. will begin on next Sunday afternoon at the rooms on Middle street. At night prayer services will be held at the Presbyterian church, sermon by Dr. Vass. Services will be held each night during the week at the rooms beginning at 8:30 o'clock.

The committee is endeavoring to get the business men to close their stores during the week at 5 o'clock in order to give the young men a chance to attend.

The Vote of Onslow. The official count of Onslow gives the following majorities: Cleveland, 734; Fowle, 755; Brock, for the Senate, 907; Gilman, for the House, 487; McClammy, for Congress, 747.

The entire county Democratic ticket is elected by a large majority.

Personal. J. W. Mills, Esq. of Richlands, Onslow county, was at the Exchange yesterday.

Mr. J. C. Parker and H. C. Fosous, Esq. of Jones, were in the city yesterday.

Mr. S. K. Eaton, the jeweler, who has been confined to his room for some time, is, we are glad to know, out again.

Dr. Abbott and Mrs. Abbott of Vaidemere, Pamlico county, are in the city.

Dr. Charles Duffy of Catharine Lakes is in the city.

The Babies Cry For It. And the old folks laugh when they find that the pleasant California liquid fruit remedy, Syrup of Figs, is more easily taken and more beneficial in its action than bitter, nauseous medicines. It strengthens the Liver, Kidneys, Stomach and Bowels, while it arouses them to a healthy action.

The Trial Official Vote.

We published yesterday the official vote of Craven county by precincts. There were some typographical errors and some omissions which will be corrected for our Weekly edition. The returns from Stanton precinct were incomplete and were therefore not reported. We give the corrected list this morning on our fourth page and the footing up of the precincts counted.

Our Next Fair.

It is time now to begin to agitate the holding of our next Fair, which is to be in February next. The directors of the association have been at work preparing the buildings and grounds, and every effort will be put forth to make it the largest and most successful exposition ever held in Eastern Carolina.

We wish to direct the attention of farmers, fishermen, mechanics, artisans and all others engaged in industrial pursuits to the importance of preparing their exhibits in time. It is earnestly desired that the exhibits of farm products, of fish, oysters and game, and of the timbers of our forests, shall be full and complete. To this end a liberal premium list should be gotten up as early as practicable in order to stimulate the efforts of our country friends to make the best exhibit of these products ever shown in North Carolina.

It is only about three months to the time when the Fair will open. Last year we had but a few weeks to prepare and made a grand success. We succeeded then because all hands went to work with a will and determination to succeed. With the advantage in many respects over last year we expect to do better. From now on, bear in mind that the Fair will be in February.

Washington and Vicinity. Zsch Credle of Hyde is married. Beachford county has given about 200 Democratic majority.

Evans, the rice mill man, has been in town for several days.

Mrs. Kate Credle continues ill with little or no improvement.

A flat spark of the wharf a night or two since with 250 sacks salt on board.

Mr. James Boyd of Long Acre, Beaufort county, died on the 31st of cancer.

Died, in Washington, on the 31st ult. Mrs. Harman Eason. Deceased was about 84 years old.

Mr. T. P. Howard who lives near Washington has a colt 6 months old which weighs 450 lbs. and is 11 hands and 3 inches high.

A small tenement house in the suburbs of this town was burned about 1 o'clock a.m., Nov. 3d. The Salamanders got to the fire but the house was past saving. The loss was small as it stood alone and was unoccupied.

Serious trouble was anticipated for a while on the 6th, and on the 7th the negroes became so insolent and disorderly, resisting arrest, that the Sheriff appealed to Capt. Warren, by whose assistance (fortunately without firing) the negroes were dispersed. A last straw sometimes breaks the camel's back. At night of the 7th some uneasiness was felt by the whites, as rumors were rife of armed negroes coming to town by two and threes; the military slept on their arms, and the whites were quiet but terribly in earnest, and while they desired no conflict they were fully prepared to do and dare in defense of their homes and loved ones. All is quiet today, and no further trouble is apprehended, as the better element of the negroes is prevailing.

YELLOW FEVER.

WASHINGTON, November 7.—Dr. Porter, at Jacksonville, Fla., reports to the Marine Hospital Service that there were forty-seven new cases of yellow fever and one death yesterday, making the total number of cases to date 4,355, and the deaths 337. There are ten patients at St. Luke's and two at the Sand Hills. Dr. Porter suggests that arrangements be made for convalescents and other persons who have escaped the fever so far, and wishing to go north without stopping to points where frost has appeared this year, to do so without quarantine detention at Camp Perry, with the restriction of disinfection and fumigation of baggage and personal wearing apparel.

JACKSONVILLE, Nov. 8.—Dr. Neal Mitchell, President of the Board of Health, reports 20 new cases of yellow fever today for the 24 hours ending 6 p. m. There were three deaths. Of the 25 cases 6 were white and 20 colored. Total cases, 4,416; total deaths, 375.

An Undoubted Majority for Harrison

NEW YORK, Nov. 8.—An extra World says: Chairman Brice of the Democratic National Executive Committee concedes the election of Gen. Harrison, Capt. McMillan, Chairman of the Campaign Committee, was the only member of the National Committee at headquarters this morning, and he made authoritative announcement of Chairman Brice's concession of Republican victory. The World puts California and Indiana in the Republican column and gives Harrison 333 votes in the electoral college. In regard to the Congressional situation the extra World says: Is Congress as well as the presidency lost? As belated returns from Congressional districts come in, the complexion of the next House grows more and more doubtful. This is the most important and interesting of the questions of the campaign yet undecided. It is a possibility that the Republicans may have control of the 51st Congress.

The Democratic majority of 18 is dwindling away. Several estimates made by Democrats in this city bring the margin down to 2 votes. Republicans are claiming that the full returns will give them the House. This is improbable, but a distinct possibility. There have been some surprising Republican gains. Democratic St. Louis has elected three Republican Congressmen. The Republicans make apparently well based claims to their gains in Michigan, but the Democrats have gained in Virginia. New York's delegation is unchanged as to parties. The fact of the situation is that there are enough districts yet uncertain to turn the House majority either way.

Ohio

COLUMBUS, Nov. 8.—The Democratic State Committee, on returns received by them up to midnight from sixty-six counties, claim a gain of over 6,000, leaving the Republicans a plurality of about 17,000. Some of the strongest Democratic counties have not yet been heard from. They concede the election of Morey, Republican, in the seventh Congressional district, and still claim the election of Saltzbar, Democrat, in the 6th. The Republican Committee claims a plurality of 20,222 on the National ticket. No figures are given on State officers.

CINCINNATI—A story is in circulation in Covington, Ky., that Speaker Carlisle is to be deprived of his certificate of election. The ground of this action is the alleged illegality of ballots cast for him in Campbell and Kenton counties. It is assumed that if these are thrown out his majority in the district will be overcome. Kentucky law, it is said, requires that the ballot shall be plain white paper with no distinguishing feature, but the Carlisle ballots were printed on large sheets of perforated paper, so that when the tickets were torn apart the perforations appeared on the edges and make them easily distinguishable from other tickets.

A Notable Event.

AUGUSTA, Ga., Nov. 7.—Everything is propitious for the opening of the Augusta National Exposition tomorrow. Capps Seventh Regiment Band, of New York, arrived tonight. Gov. and Mrs. Gordon will arrive in the morning. Gov. Gordon will make the informal address, and Mrs. Gordon will touch the electric button that will set the machinery in motion. Experienced exposition managers and exhibitors who are present, declare Augusta's Exhibition nearer completion than any they ever saw the day before opening and the variety and excellence of the exhibits exceed any Southern exposition ever held. The fact that this is the work of Augusta people, unaided by appropriations from the city, State or government elicit hearty commendation. Considering the fact that Augusta has only 40,000 inhabitants, and only recently lost a million dollars by the Savannah river freight the feat is marvellous. This display will rank with any exposition made by any State or city in the country, and will be an event in the history and development of the South.

Serious Riot.

WASHINGTON, Nov. 7.—A special to the Post from Norfolk, Va., says: "A riot occurred in Portsmouth about 8 o'clock tonight between whites and blacks. Four hundred negroes marched down High street, the principal thoroughfare in the city, singing 'Hang Grover Cleveland on a sour apple tree.' At the corner of Diddle street a large party of white men were congregated, and a white boy and negro had a scuffle. The negroes came to the rescue of their comrade and were charged by the whites. Hardly had the fighting commenced before shots were fired by the negroes. Then the widest confusion prevailed, and after about forty shots had been fired the negroes retreated. The whites then discovered that three of their men had been wounded. Samuel Oust was shot in the leg, James Mahoney in the abdomen and John Raigor in the eye. The two latter are probably fatally wounded. Immediately after the negroes had retired the whites began arming themselves. Everybody is now armed. Mayor Baird has called out the Old Dominion Guards, and 100 special policemen have been sworn in. Intense excitement prevails and the negroes are reported forming just outside of the city. Another outbreak is feared. A detachment of the Guards will be sent to disperse the mob of negroes."
