To arrive by str. **Stout** this morning. A large lot of Fine Norfolk Oysters, also a large lot of Vegetables, Fruits and Candies on hand at Mrs. Womble's, Mill's street.

GO with the crowd to John Dunn's and try his fine groceries and be made happy. Every one is delighted with his goods and his low prices.

To those who have been smoking Proclamation Cigars, manufactured at Factory No. 1017, and sold in this city to the wholesale and retail trade by The Globe, S. B. Hockburn, I would say that since some merchants have been so very kind as to have a cigar put up at another factory bearing the same name, brand, caution label, etc., as the cigars which I have advertised for over a year, I have had a still better cigar manufactured and the brand registered, and it is really the best 3 for 5 in the United States. Remember the brand. Old Hickory, Factory No. 1017. Try them.

IMPORTED FRENCH BRANDY AND HOLLAND GIN. Just received and for sale by JAMES REDMOND.

CORN SHELLERS, Grain Fans, Feed Cutters at GEO. ALLEN & CO.

STOCKS generally have declined.

The country will manage to get along—Thurman.

AND still the principle that men shall be taxed only for public purposes is right."

We join the Wilmington Star in saying, "now for an educational revival in North Carolina."

HON. TOM REED of Maine, will probably be the next Speaker of the House of Representatives.

The switchmen on the New York Central and the Boston and Albany roads have struck for higher wages. A freight blockade is the result.

BELYA LOCKWOOD, one of the defeated candidates for President, was one of the first to telegraph congratulations to Gen. Harrison.

If newspapers are to be believed, and we readily credit them all, Mrs. Harrison and Mrs. Morton will be genuine ornaments of Washington society.

"Two men in Missouri have gone crazy in consequence of the election excitement." It really looks to us as if a majority of the people were a little off.

FOUR months more, and then look out for a clean sweep. Gen. Harrison will take the civil service out of politics by making it unanionally Republican.

We learn, from the Wilmington Star, that the earth crosses the great stream of November meteors known as the Leonides tonight. Astronomers say the part of the meteoric ring we are now passing is not its thickest part and we may have to wait till 1890 for a very grand shower of these shooting stars to bombard our atmosphere. Nevertheless, there may be an unusual display tonight.

It is admitted the Republicans will have a majority in both branches of the Fifty-first Congress. We wanted the Democrats to win the House because we desire truth to prevail in all its contests. But, as the Republicans will have the President and the Senate, it is probable that they have the House also. Now the whole responsibility for the administration of the government will rest upon them, and it will not be long before they will be called to give an account of their stewardship.

MISS ANNIE E. DICKINSON has begun a suit in the Supreme Court to recover \$1,200 from the National Republican Committee. She says in her complaint that she made her arrangements in September with committeeman James S. Clarkson, treasurer Dudley and secretary Fassett to deliver a series of thirty political speeches. She was to have all her expenses paid by the committee and to receive \$125 a day. In case Harrison was elected her pay for the entire series was to be \$5,000. She has been paid \$3,700, and, as the Republicans have been successful, she is suing for \$1,200 more.

THERE is great and important work for the Republican party to perform along the old lines of nationality and progress. Fortunately the party has in General Harrison the man for the hour, now that it has been called by the people to resume its old place and complete its unfinished work. Gen. Harrison believes in and insists upon the reduction of the tariff needed to stop the accumulation of a Treasury surplus, and which can be made without impairing the just protection of American industries.—N. Y. Tribune.

This is exactly the position of the Democratic party on the tariff during the campaign. It was opposed by the Tribune and all leaders of the Republican campaign up to the hour of Harrison's election. They have heard the voice of the people and now pose as tariff reformers.

LOCAL NEWS.

NEW ADVERTISEMENTS.

Mrs Womble—Oysters.
JOHN EDWARDS—Sewing machines repaired.

Some good work is being done on the sidewalks on Craven street by the city force.

An important meeting of the board of directors of the Fair Association will be held tonight at the office of O. H. Guion at half-past seven o'clock.

Let it be remembered that New Berne must be attractive as possible during Conference. There will be a host of people here, and just that class of people whose good opinion is worth a great deal.

A change for the better has taken place in the weather. The latter portion of October and the first ten days of November were almost as warm as summer, but the present change indicates that winter is coming.

Conference convenes on the 28th. Are you ready for it? Brush up your premises. Fatten your pigs and your chickens. Enlarge your hospitality and get your hearts right before God and man. Prepare to receive and impart blessings.

Having published the correction of Robert Hancock, Jr. in regard to the article "Young colored men read this to your fathers," we now publish the reply of S. N. Hill, editor of the Advocate. We presume that it will not be necessary to refer to this matter again, as we are satisfied public opinion has settled down in regard to it.

This is the annual week of prayer with the Young Men's Christian Association in the United States. The Association here commenced their meetings last night at their rooms with T. C. Hancock as leader. S. R. Ball will conduct the services tonight at 8:30 o'clock. The meeting will continue through the week with the exception of Thursday night which is regular prayermeeting at the churches.

It is reported that the Republicans will have a rousing "jollification" tonight. There can be no objection to their having a good time generally. It is usual for the successful party in political campaigns to celebrate their victory with bonfires and illuminations. We respectfully suggest that this be done in the right spirit, and that everything be omitted that would have a tendency to disturb the peace of the community.

We cheerfully recommend Dr. Bull's Baby Syrup, which is warranted not to contain anything injurious. It is safe and costs only 25 cents. You feel drowsy, listless and despondent. You are fast losing your hold on life. Exactly your liver is clogged up and you need Laxative, the best one specific. Price only 25 cents.

When you can get an Old Virginia Cheroot for 10 cents, why do you pay 25 cents for one cigar? F. Ulrich, Wholesale Agent.

Election News.

We have nothing further of importance from the election. It is still doubtful which party has a majority in the House of Congress with chances in favor of the Republicans. Simmons is defeated by a little over six hundred votes. The Democratic State ticket is elected by between fifteen and twenty thousand and the Democrats have a good majority in the Legislature.

Caught Again.

Chas. Dixon, col., was taken in early yesterday morning by policeman Gaffney as the one who had been committing a number of thefts around the city recently in the day time. He was taken before Justice Brinson and committed to jail in default of one hundred dollars bail. Dixon has been out of the penitentiary only a few months for a similar offense.

The *Vesper* of the E. C. D. line sailed yesterday with a cargo of cotton, lumber and general merchandise. The *Edgell* of this line will arrive today and sail this afternoon at 4 o'clock.

The *Manteo* of the O. D. line sailed yesterday for Norfolk with a full cargo of cotton, naval stores, other freights and passengers. The *Newberne* will arrive tonight and sail tomorrow at 11 o'clock.

Not Discouraged.

Let it not be supposed that the good people of Craven are discouraged by the result of the late election. They will not relax their efforts, but, better instructed in the school of experience, they will employ better methods in the future. There is no part of the globe in which energy and skill will find higher rewards than in the county of Craven. We intend that where one blade of grass has grown five shall flourish; where one flower has bloomed a garden shall dispense its fragrance; where one child has received the rudiments of education a half score shall grow up as cultivated men and women to rejoice and bless mankind. The capital of the community is on the side of intelligent progress, and poverty and ignorance cannot prevent the development of this heaven blessed land. Craven to the front.

Annual Sermon to the Y. M. C. A.

The annual sermon before the Y. M. C. A. of this city was preached last Sabbath evening at the Presbyterian church by Rev. Dr. L. C. Vass. The text was from Prov. III: 18. It was a thoughtful and earnest discourse, applying principally to young men. After the sermon the reports of the secretary and treasurer of the Association were read which showed that there was no abatement of interest, and that good work had been done the past year, though, financially, it was not on as good a foundation as was desirable. Rev. Mr. Crawford then delivered a few remarks relative to the Association. He told the young men that a great responsibility rested upon them, and to the women there was equally as great if not greater. That they had not only given their influence to the Association; but had rendered practical aid all along since its organization, and great credit was due them.

HEAVY SNOW STORM IN KANSAS.
KANSAS CITY, Mo., Nov. 9.—The heaviest snow storm ever known at this season of the year began at 3 o'clock this morning, and is still raging with unabated violence. Reports from Kansas show that the storm is general all over the State.

PERSONAL.

Mr. N. H. Frohlichstein, of Mobile, Ala., writes: I take great pleasure in recommending Dr. King's New Discovery for Consumption, having used it for a severe attack of bronchitis and catarrh. It gave me instant relief and entirely cured me and I have not been afflicted since. I also beg to state that I had tried other remedies with no good result. Have also used Electric Bitters and Dr. King's New Life Pills, both of which I now recommend. Dr. King's New Discovery for consumption, coughs and colds, is sold on a positive guarantee. Trial bottles free at E. N. Duffy's drug store. Wholesale and retail.

A Card.

EDITOR JOURNAL—Please allow me through your paper to correct the statement made in Sunday's JOURNAL by Robt. Hancock, Jr. relating to the article in the True Republican accredited to me: "Young Colored Men, Read This to Your Fathers," etc. I was employed by Messrs. Hancock, Hahn and others to edit The People's Advocate during the campaign of 1876. The Advocate was the property of Hancock, Hahn and others. All matter appearing in that paper was subject to the approval or rejection of Robt. Hancock, Jr., as general manager, and oftentimes assistant editor. I desire to inform the public that the article in question was the sentiments of Messrs. Hancock, Hahn and others then, and its reproduction at this time proves that it is now "Bonds or no Bonds," and not my sentiments. Those who have watched my journalistic career since 51 will attest the fact that I have always advocated independent political action on the part of the colored people. I repeat that the Advocate was no property of mine, but the property of the Hahn faction, and therefore expressed their sentiments and not mine. Respy, S. N. HILL, New Berne, Nov. 13 1888.

A CARD.

EDITOR JOURNAL—Reports have been circulated that I have not only appointed a colored man a guardian of the person and property of white children but that I have also bound out white children to a colored man. No one acquainted with me will for a moment believe such reports, nor will the records of my office show any such acts of mine.

Such a report no doubt originated from a suit in our court about the Civil land which ended in 1880, conducted by one of the leading law firms of this city (all Democrats) who had occasion to ask the court in a written petition to appoint John B. Willis, respectable colored man, a guardian of the person and property of a minor who had an interest in said land, which is a form in law necessary to secure a good title. Such an appointment gives no control whatever over the person or property of a minor further than to file an answer as above stated, which answer was written by said law firm. It is the custom in such cases for the attorneys to select the guardian of the person desired. Mr. Willis happened to be present and was thus selected as a matter of convenience to this firm, to hand in this answer. That is all there is to it. E. W. CARPENTER, Clerk Superior Court.

It is Sensible.

EDITOR JOURNAL—If it is sensible and right for white Republicans to teach colored voters and their wives to stand solidly together and vote against the interest of Craven county, it is then also sensible and right for the Democrats to stand solidly together and touch not a single Republican's bond. Respectfully yours, FAIR PLAY.

Fire and Loss of Life.

ROCHESTER, Nov. 10.—Last evening's fire was the worst that ever occurred in this city. At least 14 lives were lost and 20 persons injured. The pecuniary loss will amount to \$250,000. The alarm was sounded at 7:30 and the fire department was soon on the scene. At that time but little fire could be seen from the outside. The building was approachable only on one side and the firemen had only an alley to work in. The building was on the edge of the upper falls of the Ganeece river. These falls are ninety-six feet high. When the firemen arrived the windows on the street side of the building were filled with men calling for help. There were 65 men inside. The firemen answered them telling them not to jump, that they would soon be rescued. The men paid no attention to the encouraging cries and soon the air was filled with falling human bodies. At least 20 men jumped from the third story. All of them were more or less injured. Four of them died of their injuries before they could be removed. There are 21 missing men. It is supposed that all the missing men are dead in the ruins. It is reported at 10 a. m. that ten more bodies have been found in the ruins.

A Gross Lie!

RALEIGH, Nov. 9.—At a meeting held tonight by the board of aldermen of this city, at which were present members of both political parties and both races, preamble and resolutions were adopted denying as absolutely untrue and grossly slanderous the statements made in a despatch dated Raleigh and published in New York on the 6th instant, alleging that political disturbances and riots existed here on the day before the election; that negroes and Republicans had been wounded, and that threats of interference with a fair election had been made. The resolutions declare that not the slightest foundation existed for the statement made, and that not a single arrow had been made in the city during the campaign for a violation of the law, or for disorder growing out of political differences, and that the city on election day was unusually quiet and orderly. The resolutions were adopted on motion of Alderman James H. Jones, a prominent colored Republican, who was seconded by Alderman James H. Harris, an influential colored man, and one of the most distinguished colored voters in the South. H. N. DUFFY.

Mr. A. K. HAWKES—About a year ago I procured my first pair of glasses from some dealer, but they strained my eyes and caused them to ache.
