To those who have been smoking Proclamation Cigars, manufactured at Factory No. 1017, and sold in this city to the wholesale and retail trade by The Grocer, E. B. Hackburn, I would say that since some merchants have been so very kind as to have a cigar put up at another factory bearing the same name, brand, caution label, etc. as the cigars which I have advertised for over a year, I have had a still better cigar manufactured and the brand registered, and it is really the best 3 for 5 in the United States. Remember the brand, Old Hickory, Factory No. 1017. Try them.

FORAKER is booked for Secretary of War.

BLAINE seems to be the elephant in the Republican china shop.

GENERAL HARRISON received about nine thousand congratulatory telegrams.

SPECULATIONS as to General Harrison's Cabinet are now the order of the day.

THE Parnell Commission is getting tiresome. Mr. Parnell said that he thought it would last twelve months.

WHAT a time we will have with Harrison President and Blaine and Forsaker in the Cabinet? Trust in Providence and keep your powder dry!

If the Cleveland administration does nothing to diminish the surplus, the amount now in the treasury will last the Harrison administration some three weeks or more.

FANCY Mr. Harrison's position about this time. Indiana has always been noted for the office seeking proclivities of her sons, and it is said that they are now more patriotic than ever.

A TERRIBLE explosion has occurred in a mine at Pittsburg, Kansas. A special of November 10th says that ninety bodies have been taken out, and it is believed that there are still forty-six bodies entombed.

It is with sorrow that the country will learn of the serious illness of ex-Senator Barnum of Connecticut. Mr. Barnum was a very hard worker in the recent campaign, and it is probable that he now suffers in consequence of overwork.

ALL the plans have now been completed for Empress Elizabeth of Austria's visit to America. As announced in the World she has been suffering severely from nervous troubles and her physicians have recommended an ocean voyage.

THE World says, when Mrs. Agnew and Miss Dodge were appointed members of the Board of Education it was hoped that the presence of women in the Board would be found beneficial. It is regretted that the experiment proves something of a failure.

THE Whitechapel monster has added another to the list of his victims, making the whole number nine. The mystery is as deep as ever. It is passing strange that nine women have been murdered in quick succession in the city of London, and the murderer remains unknown.

LORD SALISBURY was entirely silent in regard to the Sackville incident until after the Presidential election. Now he has made a speech in which he sneers at President Cleveland. It is particularly unsavory to gloat over a man after he is down, and his lordship is being denounced, as he deserves, both in England and America.

LOCAL NEWS.

We are requested to announce that the Independent Order of Mechanics will hold a meeting at the court house Thursday at 10 for reorganization.

Prayer meetings will be held tonight at the rooms of the Y. M. C. A. at 8:30 o'clock. The subject is "Dwellers in Darkness." D. S. Willis leader. All young men will be welcomed.

It is only three months to the opening of our Fair, and while considerable work has done towards arranging the grounds and fixing the buildings, there is yet a great deal to be done to guarantee the success we all desire.

Second Crop.
We desire to thank Mr. Graham T. Richardson, of the Bellair farm, for a package of green peas, which were received yesterday. Mr. Richardson shipped two boxes yesterday, and we learn that several boxes of snap beans have been shipped during the past week or two. This is the second crop this year. Though this is not the truck season of the year, the peas are fine. This is our climate—green peas in November!

Festival for the Y. M. C. A.
At a meeting of the Ladies Auxiliary yesterday afternoon a handsome sum of money was turned over to the Association for the special purpose of going towards purchasing an organ for their hall. This not being quite enough to pay for it the ladies have decided to hold a festival next Wednesday evening to complete the necessary amount. Now young men, you who are interested, make prompt report in offering your assistance to help in getting up the festival.

Steamer Movements.
The Newberne of the O. D. line arrived last night and will sail today at 12 o'clock for Norfolk.
The Howard of the Independent line arrived last night from up Trent with 194 bales of cotton and a quantity of rice.
The Eagle of the E. O. D. line sailed yesterday with a cargo of cotton, &c. The Vesper of this line will arrive today.

Not Right.
The Wilmington Star makes the following comment on helping Republicans into office:

We have not been able to see the propriety or wisdom of Democrats lending their name and money to help retain in official position Republicans. It is not creditable to their intelligence and consistency. In North Carolina Democrats have held office because there were Democrats of means who went on their bonds. Is this treating their brother Democrats right? Is this treating the whole community with justice and neighborly sympathy? Men whose presence was an annoyance if not an affliction to communities have kept in office through the financial aid of Democrats. This is not right.

Personal.
Mr. J. K. Brogden, of Trenton, is on a business trip to the city.
Mr. T. G. Sparrow, of Idalia, is in the city, stopping at Hotel Albert.
F. H. Pelletier, Esq., left this morning for Washington and Baltimore. He will remain at Richmond while he visits the Exposition there.
J. W. Grainger, Esq., Mr. Stookton Cook and Capt. J. M. White of Kinston arrived last night.
Clement Manly, Esq., attended Kinston court yesterday.
H. R. Bryan, Esq., attended a Justice's court at Dover yesterday on professional business.
Lieut. Jas. B. Hughes of the U. S. A. arrived last night on a short visit to his parents and friends. He has recently been stationed in Nebraska.

ADVICE TO MOTHERS.
Mrs. Winslow's SCORCHING SYRUP should always be used for children's teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

From a Norfolk Paper.
In reference to the political situation in North Carolina the Norfolk Ledger says:

North Carolina is one of the States in which the Republican party put forth strenuous efforts in the recent campaign, but the result proves that the white voters of that State were proof against the temptation which was offered by the lavish use of money, and that they declined to be intimidated by the threats of unscrupulous politicians, backed by odious detectives from Pinkerton's agency. The Old North State has been true to herself, true to the Democratic party, and has defeated the schemes of those who have been attempting to wrest her from her proper position. The success of her State ticket assures a continuance of the peace and prosperity which has been hers since she was freed from radical control.

The Elections.
Official and unofficial returns from more than two-thirds of the State of Virginia indicate that Cleveland's majority will be about 2,000, and that the Democrats elect eight of the ten Congressmen.

PHILADELPHIA, Nov. 12.—Official returns from every county in the State show a plurality for Harrison of 79,779. Blaine's plurality in 1884 was 81,019.

SAN FRANCISCO, Nov. 13.—Additional returns on the vote for President show a total of 116,734 for Harrison and 108,258 for Cleveland, with 8,000 or 8,000 votes to hear from. The returns to the present time have not changed the status of the Congressional representation.

Three Million Dollars.
New York, Nov. 9.—Senator Quay has closed up the office of the Republican campaign committee and gone home to Beaver, Pa. When questioned about the campaign he smiled and simply said: "All I can say is that we have won." Democratic managers consider that Quay has spent nearly three million dollars in this campaign. A round half million came from Philadelphia.

It may surprise some people to know that Calvin S. Brien has been going down in his own pocket for the use of the Democratic National Committee for nearly two weeks past. The committee ran out of money, and he had the pluck to put up over \$150,000, which he will probably never be paid back. As he is a millionaire several times over he won't miss this much.

Mexican Border Troubles.

EL PASO, TEX., Nov. 10.—The mayor and city council of El Paso took action last night which is calculated to lead to important diplomatic correspondence between the United States and Mexico. In an official communication to the city council last night, Mayor Lightbody stated that Mexican engineers, acting under authority of the Mexican government, were constructing embankments opposite El Paso ostensibly to protect the Mexican bank of the Rio Grande, which embankments he believed would cause the river to damage the American side. Moreover, he believed the Mexicans had extended one of these embankments across the boundary, and were now working on American soil. He urged that immediate action should be taken to stop the work by force if necessary. A telegram was sent to Governor Ross, explaining the situation and asking for advice, and the counsel instructed the mayor to take legal steps in regard to the matter pending instructions from the governor.

Mrs. Cleveland.
WASHINGTON, D. C., Nov. 10.—The Post prints the following: "One day this week, Miss West, daughter of the late English Minister, was in a store on the avenue, and with her was a well known member of the Italian legation. While they were talking over a purchase, Mrs. Cleveland's carriage drove up to the curb, and she came in. She spoke to the gentleman, and for a moment talked with him, and then stepped toward Miss West and extended her hand in greeting, but the young lady would have none of it. She had not forgotten how Mrs. Cleveland's husband had snubbed her father, and with a haughty grace, she folded her hands in front of her, and turned her back on the President's wife. It was embarrassing, very embarrassing, not only to the two at interest, but also to the gentleman, and Mrs. Cleveland relieved it by transacting her business and going without the usual parting salutations."

Will be a Great Event.
COLUMBUS, Ga., Nov. 10.—Columbus is full of visitors collected here by the Chattahoochee Valley Exposition which opens next Tuesday. The races will be the finest ever seen in the Southern States, as some of the most famous race horses are already here. The best collection of agricultural and other wonderful resources of the South, ever before collected at any Southern Exposition is being put in place. The grounds and buildings are lighted by electricity, and many exhibitors are at work on their display tonight. Two days of the Exposition have been set apart for the reunion of the old Veterans, and many of the most distinguished ex-Confederates of the South will be present.

Go to Protect American Interests.
PORTSMOUTH, N. H., Nov. 10.—The steamer Keosauqua, Commander Allan O. Brown, left the navy yard this noon for Port au Prince, Hayti, there to protect American interests.

All our city fathers say "use Salivation Oil, the greatest cure on earth for pain." It costs only 25c.

Since Mrs. Brown has taken to using Dr. Bull's Cough Syrup she has saved an independent fortune in doctors' bills. You can do the same.

YELLOW FEVER.

JACKSONVILLE, Nov. 10.—Dr. Neal Mitchell, President of the Board of Health, reports thirty-three new cases of yellow fever for the twenty-four hours ending at 6 o'clock today. There were five deaths. Total cases to date 4,499; total deaths 884.

The weather is clear and cool. Sergeant Townsend, of the Signal Station, predicts light frosts.

Macon and Augusta, Ga., have both opened their gates for free passage through of "locked cars" of excursion trains from here to points north of Washington and the Ohio river. The first one will leave Tuesday next. Atlanta has not opened her gates as yet.

DECATUR, Ala., Nov. 12.—There was a slight frost yesterday and a white frost this morning, with ice in many places. Tender vegetation is killed.

Five new cases of yellow fever were reported today. Nearly all our recent cases have been amongst nurses and persons greatly exposed, and all have been mild. A great many refugees have returned.

GAINESVILLE, Fla., Nov. 12.—Surgeon Martin reports one new case of yellow fever, Mrs. Miller. The relief committee has no funds and its needs are daily increasing. The weather is cooler.

Lawyer Burned to Death.

Gavin I. Hyman, a member of the bar residing at Halifax, N. C., and clerk of the inferior court of that county, was burned to death last Friday night. He occupied a room in the court house, and retired to rest at the usual hour. During the night a fire was discovered in his room, and on breaking open the door it was discovered that he and his bed had been burned. There was no material damage to the court house, the fire being discovered in time to prevent this. It was supposed that Mr. Hyman's lamp exploded. The unfortunate gentleman was about 41 years old. News and Observer.

Mr. Barnum Critically Ill.

NEW HAVEN, Conn., Nov. 10.—A telephone inquiry from W. H. Barnum's house, at Lime Rock at noon, showed him to be in a very critical condition. His death is expected at any moment. The Senator has not been well for months past, and overtaxed himself during the National Committee's work for Cleveland during the past campaign. He is 70 years old, and has long been a sufferer from disease of the kidneys.

SAVED HIS EIGHT.

MR. A. K. HAWKES.—About a year ago I procured my first pair of glasses from some dealer, but they strained my eyes and caused them to ache. I then bought a pair of your Crystalized Lenses, and the effect has been wonderful, as a proof of which I do not use any glasses now and see as well as ever. F. E. DANIEL, M. D.

An Explorer of Greenland.

LONDON, Nov. 9.—A vessel which has arrived at a port in Norway, reports that Nansen, the explorer, has accomplished his perilous journey across Greenland on the inland ice, and has arrived safely at Godthaab on the west coast of Greenland. The journey was made on snow shoes, and was for the purpose of exploring the unknown interior of Greenland.

Dyspepsia is our national disease requiring a national remedy. The cure is found in Laxador, the "golden" household specific for this troublesome malady. Price only 25c a package.

If babies could talk, they would often express their thanks to their nurses for relieving them of suffering by the use of Dr. Bull's Baby Syrup.

The West Virginia Legislature Democratic.

WASHINGTON, November 10.—Senator Keena, in a private telegram, received here today, says that the Legislature of West Virginia will have a Democratic majority of five on joint ballot.

Notice.

There will be a regular communication of St. Johns Lodge No. 3 of A. F. & A. M., Wednesday, Nov. 14, at 7 p.m. By order of W. Master.

E. G. HILL, Sec.

Bunn's Majority.

We have not yet obtained the official returns as to the Congressman from Johnston and Orange, but from the best information at hand from those counties it appears that Bunn's majority is 2,437. The final figures will not vary from that much.—News and Observer.

PERSONAL.

Mr. N. H. Frolichstein, of Mobile, Ala., writes: I take great pleasure in recommending Dr. King's New Discovery for Consumption, having used it for a severe attack of bronchitis and catarrh. It gave me instant relief and entirely cured me and I have not been afflicted since. I also beg to state that I had tried other remedies with no good result. Have also used Electric Bitters and Dr. King's New Life Pills, both of which I can recommend.

Dr. King's New Discovery for consumption, coughs and colds, is sold on a positive guarantee. Trial bottle free at R. N. DUFFY's drug store. Wholesale and retail.

When you can get 5 Old Virginia Cheroots for 10 cents, why do you pay 5 cents for one cigar?

INDIVIDUALITY.

This is our own specific virtue. Our remedy possesses only what we claim for it but that is enough to satisfy any—even the skeptical.

PURE BLOOD IS OF PRICELESS VALUE.

The Blood Balm Co., Atlanta, Ga.
My dear Sir—I have for some time past used "B. B. B." as purifier of the blood and to build up the system generally, and consider it without exception the finest remedy of the kind in the market.

I am with best wishes,
ARTHUR H. DENNIS,
Editor Southern Society.

EVAN L. ALA, JR.,
B. B. B. Co., Atlanta, Ga.

Gentle I cannot say enough in praise of your Blood Purifier. Twenty-five dollars per bottle would be a small price for it compared to good food and in so short a time, I was covered with sores all over my body and limbs, and I took stacks of so-called blood purifiers and none did me any good. In fact I was daily growing worse. I bought a bottle of B. B. B. and before I had used the first bottle I knew I had got hold of the right medicine, and after taking four or five bottles I was a well man.

FIVE YEARS SUFFERING FROM CATARRH RELIEVED.

VALDOSTA, GA., May 30, 1888.
I have been a sufferer from catarrh for four years. I have used several different medicines that proposed to cure it, but never found any relief until used Botanic Blood Balm "B. B. B." Since using that I have experienced great relief, and believe I will get a permanent cure.
