THE BUINED CASTLE AL'S The North wind sweeps amid the leaf-

Tearing the lay from the castle wall.
While borne along upon the stermy The ice-cold raindrope falt.

Ah! in this brave old castle long ago Mirth used to reign, with childhood's gleeful singing. When Christmas came, with softly fall-

ing snow,
And joy bells gladly ringing. But now the once warm hearth is dull

and cold.

The stout eld walls are crumbled, reat and broken,
And the wild night bird screams,

where usught of old Was heard, save kind words spoken. Toe hands that clasped, the hearts that

warmly beat, Are laid to rest beside the restless wave . And few there be who come on friendly

To lay love's token on the mossy

But this life is not all; kind bands will

Wide Opportunities. We often speak of wide oppose tunities for usefulness-meaning by the expression enlarged fields for personal activity, and not the uner sanctuaries of suffering where the soul may reach its highest spiritual development, and where those who witness in us the power of sustaining grace are led to mag nify the Prince of Life. Do we not often err in this? What an opportunity to honor God and strengthen he faith of others in Him is offered us in seasons of trouble. By our silent submission, our freedom from impatience, our tender expressions of attachment to the Saviour, our unshaken confidence in His prosmises and power to succor, and by our bright assurances of eternal felicity-b, all these we preach Jesus as it is not possible to do in health. Equally true is it when suffering earthly reverses of other kinds. The firmness of our integrity is an unanswerable demonstration of spiritual virtues; the com posure of soul under assault is the sign of God's presence which the beholder is unable to resist. Tempted, suffering child of sorrow, yield thyself to thy great opportunity! Here the fields are "white unto harvest." Rewards may be here achieved than ever thou couldst win in the open field Satan, through thy faith, may be

Roman Vanity Originated Miniatures The origin of the word "miniature" is as follows: In the golden days of Roman literature, to be a Brick! Brick! Brick! give successful author was to be as great as a king, for kings looked to their poets for immortality, as Augustus Caesar did to Horace. Hence it was to be expected that authors would feel their importance and For Sale idea of the stock we display more or less vanity. One of their weaknesses was to see their pertraite painted in artistic fashion in their parchment books. This work was intrusted to artists called "miniatores," that is, artists whose Agricultural Implements. work was largely done in vermilion, a color extracted from cinnabar, and called by the Remans "minimum." Those "miniatores" chose Wood's Mowers and Reapers, the oval form for their beautifully brilliant portraits on the parchment books, and hence the origin of the Fertilizers, Land Plaster, Kainlt term "miniature," a small, hand-Mechanics Tools and Hardware, painted eval or round portrait .-
