TO those who have been smoking Proclamation Cigars, manufactured at Factory No. 107, and sold in this city to the wholesale and retail trade by The Grocer, E. B. Backburn, I would say that since some merchants have been so very kind as to have a cigar put up at another factory bearing the same name, brand, caution label, etc., as the cigars which I have advertised for over a year, I have had a still better cigar manufactured and the brand registered, and it is really the best for 5 in the United States. Remember the brand. Old Hickory. Factory No. 107. Try them.

THE father-in-law of General Harrison, Rev. Dr. William H. Scott, is a clerk in the pension office at Washington.

COLONEL DANIEL LAMONT, the President's private secretary, is going into the insurance business in the city of New York.

MR. W. S. HENRY, the founder, and until recently the conductor of the Charlotte Chronicle, is now connected with one of the largest publishing houses in Chicago.

HARPER'S WEEKLY says that of all the American girls who have married Englishmen, Mrs. Chamberlain is the best type of the finest product of New England civilization.

IN 1880 the estimated value of our forest products was \$800,000,000. This is nearly double that of wheat, more than ten times that of gold and silver, and forty times that of iron ore.

WE agree with the Wilmington Messenger that North Carolina must take another turn at the Exposition business. Let the work begin for a North Carolina Exposition in the fall of 1889.

"Out of a total of 280 new roads and 5,790 miles of new track, the South has 99 roads and 2,083 miles of track—largely over one-third, and of this number North Carolina builds 11 roads and 204 miles."

MR. JULIAN S. UARR has long been noted for his liberality. Not long since the home of a blind Confederate soldier was sold under mortgage, and Mr. Carr had it bought in for him. He closed his letter of instructions to his agent with these memorable words: "While I have money no blind, worthy Confederate soldier's home shall be sold."

FOR the first time in twenty-eight years Washington society is to know a Vice President's house.

Mr. Lincoln's first Vice-President, Mr. Hamlin, was a widower, and lived at a hotel. In fact, until Mr. Hendricks was chosen, the office seemed to be a refuge for widowers, for then followed Hamlin, Johnson, Wilson, Wheeler and Arthur. Colfax married during his term of office. They were all widowers. Two filled out their terms in the office of President, the daughter of the one and the sister of the other presiding over the White House.

"The contest over T. G. Clemson's will, leaving John C. Calhoun's homestead to trustees for the establishment of an agricultural college, promises to raise a political issue in South Carolina. Miss Isabella Lee, daughter of a New York broker, granddaughter of Clemson, and great-granddaughter of Calhoun, has brought suit to have the will set aside, and is opposed by the Farmers' Alliance, who want the property. Other citizens, who do not care to have the State appropriate \$100,000 to meet the requirements of the will, hope Miss Lee will win."

J. F. TAYLOR—Pickles.
H. B. DUFFY—Bargain house.
L. S. WOOD—Real estate sale.
C. E. SLOVER—Mince meat, etc.

The Superior Court will convene this morning.

Mr. George Bishop is putting a new fence around his lot on Hancock street. The telegraphic wires were down yesterday and no cotton reports were received at the Exchange.

The stormy weather for the last six or eight days has prevented the arrival of a good supply of oysters.

"Humph" said a darkey last night as a number of ministers passed down the street, "turkeys will roost high now."

The Conference postoffice will be in the building next to the church. Messrs. Robert Crawford and Robert Jones will be postmasters.

There will be prayer meeting this evening at 7:30 o'clock at the residence of Mr. Nicholas Arpin, on East Front street, under the auspices of the Y. M. C. A.

Our farmers have been reaping the benefits of Conference in advance of the gathering. Eggs have been wholesaling at 22 cents for nearly a week; a little better price if we mistake not than any other town in the State is paying at this time.

E. D. Stanly, a colored seaman who was convicted for an assault at high sea, at the spring term of the U. S. court, was released yesterday having served out his term of imprisonment. He says it is his first term in jail and with the help of God it will be his last term.

The treasurer of the Ladies' Auxiliary has turned over to the treasurer of the Young Men's Christian Association \$75.41 raised entirely at the hands of the Auxiliary. Sixty dollars of this amount was designated for the special purpose of procuring an organ for the Association and the balance to go in the treasury. Very noble work on the part of the ladies.

Steamer Movements.

The Newberns of the O. D. line sailed yesterday for Norfolk with full cargo of cotton and a number of passengers. The Eagle of the E. C. D. line will arrive this morning and sail tonight.

Notice to Presiding Elders.

Bishop Granberry arrived last night and desires to meet the Presiding Elders at Mr. T. A. Green's residence this morning at 10 o'clock.

To the Ministers and Delegates of the N. C. Conference M. E. Church South.

THE DAILY JOURNAL will contain full daily reports of the proceedings of the Conference, and will be sent to any address during the session of the Conference at twenty-five cents, or to five names at the same office for \$1.00. Single copies, wrapped and ready for mailing, will be sent for five cents including postage.

For cure of rheumatism, neuralgia in its various phases, of sciatica, tic douloureux, neuralgia, etc., the greatest pain cure on earth. Price 25c a bottle.

The great superiority of Dr. Ball's Cough Syrup to all other cough remedies, is attested by the following demand for that old-established remedy.

Personal.

Col. John A. McDonald, representing the large book and stationery house of Alfred Williams & Co., Raleigh, was in the city Monday.

E. M. Focous, Esq., Jones county's representative in the next General Assembly, called to see us yesterday. Mr. Focous will make a useful representative.

Judge Montgomery arrived last night and will open court this morning at 10 o'clock.

Miss Hattie Dall, who is teaching at Stella, Carteret county, is home on a visit.

Centenary M. E. Church.

Last Sunday closed the Conference year with the M. E. Church in this city. Reports were read by the pastor, Rev. L. W. Crawford, the superintendent of the Sunday school, J. K. Willis, the treasurer, B. G. Credle, and by Mr. T. A. Green, President of the Church Working Society. Reports were also handed in from the Woman's Missionary Society and the "Little Helpers."

All these reports showed great activity in the church during the past year. All the assessments of the Conference have been met in full, and the spiritual and financial condition of the church is in good condition. About one hundred and thirty members have been added to the congregation, making a membership now of nearly five hundred.

We take it for granted that the present pastor will be retained another year. He has done a good work for his congregation and can better continue it just at this time than any one else.

Conference Arrivals.

Bishop J. C. Granberry and a large number of ministers arrived last night. The committee of reception met them at the depot and assigned them to their homes.

The Bishop's home during the session of the Conference will be at the residence of Mr. Phos. A. Green. The Secretary, Donald W. Bain, Esq., will also stop with Mr. Green.

The Presiding Elders will stop at the following places: Rev. S. D. Adams with T. A. Green; Rev. W. H. Bobbitt with Mrs. C. Bangert; Rev. W. S. Black and Rev. V. A. Sharp with J. A. Meadows; Rev. J. Richmond Terminal.

PHILADELPHIA, Nov. 24.—A private telegram received in this city says that Chancellor Gibson, of the Chancery Court at Knoxville, today granted an injunction against the lease of the East Tennessee road by the Richmond & Danville Railroad, deciding that the two lines were competitive and that the charter of the East Tennessee gave no authority to lease.

The motion for a receiver was denied, upon condition that the East Tennessee Co. in good faith, reassume control of its property; but if this was not done, or if complainants could show that there was any collusion, whenever the same was brought to his attention the Chancellor would appoint a receiver.

Ask your dealer for Old Virginia Cigars. 5 for 10 cents.

Stonewall Items.

There are two three masted schooners at A. H. Whitcomb's mill wharf loading lumber for Philadelphia.

Well, Harrison is elected, and the colored voter is a privileged character. If I am not mistaken they will find out that D. G. Fowle is a so elected.

The Rev. D. B. Clayton, Universalist, will preach at Bayboro on the second Sunday in December next, and the Thursday, Friday and Saturday before as his friends may appoint. Come and hear him.

On Monday night the colored individuals at the colored church in the suburbs of Bayboro had a free fight at a festival in their Green Hill Church where knives and razors were freely used, and the result is that our county jail has more occupants than usual.

Well, the election is over and our population is still on the increase. A fine boy has arrived at the residence of Jno. T. Cooper of Bayboro. A fine little lady at W. A. Readitt's. A fine little lady at both Thos. Jones and Jno. W. Brabble of Stonewall, and the increase holds good throughout the county.

Fall Superior Court for this county was presided over by Judge C. McKee and no Judge has ever presided more acceptably to all parties interested and more favorably to himself than he. He simply did his whole duty and what more could he have done for his own honor. There was no case of great interest to the public press, and but one criminal sent to the penitentiary and he for robbery and armed with a gun. He was colored.

The mail carrier gave us trouble by on the 24th inst. No mail yet this time passed all day going and coming to and from Bayboro. I suppose his excuse was the condition of the street or road in Bayboro. There is no doubt about its being, but it does seem that if a lady, Mrs. Hollis, could pass Sunday, the mail could. There is a question why the grand jury did not indict the proper one, the town supervisor, commissioner or whomever is in fault.

As there seems to be such strife between the ins and the outs in your city concerning the A. & N. C. Road, would there be any impropriety in a citizen of Pamlico suggesting to the Governor-elect that Pamlico is laboring under an onerous tax for that Road, and that her taxpayers are somewhat of opinion that she is entitled to some recognition, Gov. Soles to the contrary notwithstanding? And in the event of a change, would suggest the Hon. W. T. Caho as a competent man for President, and I can truthfully say that no more faithful servant has the Democratic party.

Convention of Labor.

CHICAGO, Nov. 24.—A local paper says: "The new eight hour movement among the workmen of Socialistic propensity has already begun, and meetings are being held in various places throughout the city for the purpose of electing delegates to a Convention of Labor, to be held at St. Louis next December. At that convention the eight-hour movement will be taken up, and the advisability considered of organizing a mammoth strike, to go into effect in June, 1890. The men interested in the movement have issued a printed list of questions, which they have sent to all organizations favorable to their cause. The object of the questions is to obtain information concerning the number of members in the different societies, their financial standing, and their general ability to stand up under a strike should one be ordered."

Water courses and marshes are the abodes of fever and ague; Laxador has proved a most valuable preventive of malaria and an efficacious remedy in the treatment of malarial diseases.

Nothing stupefying or dangerous, no laudanum or opium, enters into the composition of that famed remedy, Dr. Bull's Baby Syrup. Price 25c.

Official Canvass of the Vote of San Francisco.

SAN FRANCISCO, Nov. 24.—The total official canvass of the vote of this city was completed last night. It shows Cleveland, 28,704; Harrison, 25,702; Curtis, 487; scattering votes, 473. The canvass also shows the election of T. J. Glavin, Democrat, as Congressman from the 5th congressional district, by a plurality of 50 votes. This district is now represented by Charles N. Felton, Republican. The congressional representation of the State in the next Congress will be four Republicans and two Democrats, the same as now. Thompson, Democrat, in the 1st district, being defeated by De Haven, Republican.

THEIR BUSINESS BOOMING.

Probably no one thing has caused such a general revival of trade at R. N. Duffy's drug store as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup, and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size \$1. Every bottle warranted. For sale wholesale and retail, at R. N. Duffy's drug store.

When you can get 5 Old Virginia Cigars for 10 cents, why do you pay 5 cents for one cigar?

F. UARR, Wholesale Agent.
