## BUSINESS LOCALS.

**ALMANACS.**—Turner's North Carolina Almanac for the year 1889. GEO. ALLEN & CO.

**ONE** Thousand Rolls Wall Paper at very low prices. GEO. ALLEN & CO.

**PURE** Alcohol for drug purposes and the purest of Rye Whiskey for medicinal purposes. Also fine cooking wines at J. F. TAYLOR'S.

**TO** those who have been smoking Proclamation Cigars, manufactured at Factory No. 1017, and sold in this city to the wholesale and retail trade by The Grocer, E. B. Blackburn, I would say that since some merchants have been so very kind as to have a cigar put up at another factory bearing the same name, brand, caution label, etc., as the cigars which I have advertised for over a year, I have had a still better cigar manufactured and the brand registered, and it is really the best 3 for 5 in the United States. Remember the brand. Old Hickory. Factory No. 1017. Try them.

**IMPORTED FRENCH BRANDY AND HOLLAND GIN.** Just received and for sale by JAMES REDMOND.

**ENGINE** and Gun Repairs, Belting, Packing, etc. at GEO. ALLEN & CO.

**JUST RECEIVED.**—Another lot of GARRETT'S COGNAC BRANDY for sale by JAMES REDMOND.

**PURE WINES AND LIQUORS** for medicinal and other uses for sale by JAMES REDMOND.

**USE PURE ICE,** manufactured by the Jarman Ice Factory. (J) 2917

**We** only ask one trial on Old Virginia Cigars. 5 for 10 cents. F. ULRICH, Wholesale Agent.

**PLEASE REMEMBER** that I need money as well as the rest of mankind, and if you owe me please pay me. J. C. WHITTY.

**CORN SHELLERS, Grain Fans, Feed Cutters** at GEO. ALLEN & CO.

**SEWING** Machines repaired. Guaranteed first class work. JOHN EDWARDS, Trenwith's shop, Middle street.

**STANLY** has been heard from, and again the refrain is sounded "Charge Chester charge; on Stanly on."

**EDISON** proposes to have left at each subscriber's house a talking newspaper. Good Lord, deliver us!

**KAISER WILHELM** is again suffering from that ear trouble. Eicasy is the head that wears a crown.

**NORTHERN** sectional papers seem to have adopted the motto, "No matter what the color is, so you paint it red."

**AN** Alabama paper announces the marriage of Mr. Thomas Jones to Miss Lou Hachett. So the hatchet has become a totemhawk.

**WE** had thought to adorn our columns today with *Mirror* gems, but they scintillate, sparkle and blaze so that we dare not touch them.

**"THE Outlook Publishing Company,"** composed of prominent Republicans, was chartered at Richmond last Wednesday. They propose to start a daily and weekly paper.

**NORTH CAROLINA** papers are modestly saying, "Throughout the campaign the tone of our State press was high; creditable alike to those who conducted and those who supported it."

**THE** federal grand jury convened at Indianapolis last Tuesday. The U. S. District Attorney, acting under special instructions of the court, will bring before the grand jury all evidence obtainable tending to show corrupt practices at the late election.

**A** second test of the Bessemer cast steel gun at the proving grounds at the Naval Academy, Annapolis, resulted in the bursting of the great gun in a thousand fragments. Well, that is bad; but it is nothing to the bursting of our big gun on the sixth of November.

**OUR** esteemed citizen, Col. L. L. Polk, editor of the *Progressive Farmer*, seems to be in demand. He leaves Raleigh on Monday to attend the meeting of the National Alliance at Meridian, Miss. He is first Vice-President of the Alliance and Chairman of the Executive Committee. —State Chronicle.

**A HUSBAND'S** exhibition of love is to a woman a glorious idea of rapture, and with no forbidden fruit in its bliss-fringed borders. Though it is forever flowing those rippling brooklets of murmuring joy which makes life ebb away in a thrilling and a beautiful rhythm. Love expressed to her in honeyed endearments is to her of all things on earth the tenderest, the holiest, the purest and the best. It is the very soul of contentment, affection's ministry and sunny dreams. It is the guardian angel of the fireside, and is ever slipping from its richly jeweled fingers those precious gems of indearment that forever makes beautiful and glorious the grand paradise of home. —Henry Blount.

## LOCAL NEWS.

**NEW ADVERTISEMENTS.** G. H. ROBERTS—Annual meeting. Mrs. E. DUNN—Boarders wanted.

The State Grange, P. of H., meets at Kinston next Tuesday. Our Kinston friends are preparing to do the right thing by them.

The Atlantic Road is taxed to its utmost capacity in carrying freight. Let's extend it to Charlotte and it will be paying a dividend in less than two years.

Our neighbor P. H. Pelletier, Esq., has repaired the damages to his office caused by fire while he was out in the canvass and the painter is using the brush to great advantage.

The eucalyptus bushes are being removed from the Episcopal Church yard, having about all died. This beautiful evergreen seems to have met with a sad fate in New Berne during the last year. It has died on several lots where it was formerly specially prominent.

**Gin Burned.**

Messrs. A. & J. B. Reel, living in Pamlico county about eight miles from Fowler's Ferry, had their gin burned last Thursday. The fire was caused by sparks from the smokestack. Loss about \$300, mostly in seed cotton; no damage to machinery; fully insured.

**A Warning.**

The man or boy who has been firing a pistol at the junction of Craven and Johnson streets recently after night had better quit shooting or go into the country or woods for practice. A gentleman who has a well loaded double barreled shot gun says its contents will be sent after this disturber of the neighborhood if he keeps up his practice there.

**Cotton Thief Caught.**

Policeman Wilson, prompted by information conveyed to him that something wrong was going on at the cotton platform, visited that place last night about seven o'clock and returned with a colored citizen and a sack of cotton. We withhold his name for the present as he claims that the cotton was given to him as a present. As Christmas times are close at hand perhaps some generous hearted man with plenty of cotton did give it to him. He landed at the station house last night.

**The Democrats of Edgecombe.**

The Democrats of Edgecombe county stood aloof from Republican bonds and on the first Monday in December they all, but one, failed to bring up the required bonds. The officers were promptly declared vacant by the board of commissioners. Democrats were elected and filed their bonds at once. A colored man, whose name is Hines, was elected Register of Deeds and was the only Republican elected who succeeded in giving bond. The commissioners of Edgecombe acted promptly; the commissioners of Craven are a little more generous and extended the time.

**Railroad Extension.**

The Board of Trade appointed last night the following committee to wait on Governor Fowle, the private stockholders, and the people along the line of the A. & N. C. R. and the country through which it is proposed to extend it and endeavor to secure their aid in extending said road into the interior of the State. Jas. A. Bryan, Maj. John Hughes, S. H. Gray, Clement Manly, Geo. Allen, J. J. Wolfenden, E. H. Meadows, J. C. Whitty, Geo. Robert Ransom, A. Miller, K. R. Jones, James Redmond, P. H. Pelletier, J. J. Tolson, H. S. Nunn and S. R. Street.

**ADVICE TO MOTHERS.**

Mrs. WHITLOW'S SCORPION SYRUP should always be used for children's teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

**Attachment Vacated.** Soon after the assignment of Dall Bros. last spring, Bountree & Co., of New York, a large creditor, sued out an attachment in the circuit court of the United States against the assignees to prevent the disposal of the real estate conveyed in said assignment upon the ground of fraud. The case was argued before Judge Seymour at Raleigh yesterday and the attachment was vacated.

**Steamer Movements.**

The Vesper of the E. C. D. line will sail this afternoon at 4 o'clock.

The Tahoma will sail this morning at 7 o'clock sharp.

The Newberns of the O. D. line sailed yesterday for Norfolk with full cargo of cotton, etc., and passengers. The Mantec will arrive tonight and sail Monday at 12 o'clock.

The Stout of the Clyde line arrived yesterday with a large cargo of general merchandise.

**Injunction Made Perpetual.**

The S. H. Gray Manufacturing Co. having gotten an injunction against the collection of the fence tax on their property in No. 7 township, the case came up for hearing before Judge Montgomery at the recent term of the court, and after argument by counsel the injunction was made perpetual. This is a large property and lies within the stock law territory of the township; but as it has no interest in either farm or stock, the company resisted the payment of the fence tax and so far has won the fight.

**Important Financial Transaction.**

The gossip on the streets yesterday was concerning the purchase by Mr. Jas. A. Bryan and Mr. Chas. S. Bryan of the stock owned in the National Bank of New Berne by Maj. R. S. Tucker and Dr. Martin of Raleigh.

Maj. Tucker alone, if we mistake not, owned a majority of the stock and virtually controlled the management of the bank; and we take pleasure in saying that it would be difficult to find a bank in the State that has been more successfully managed than the National of New Berne. But few banks have a cleverer, more prudent, industrious and accommodating set of officers.

While this is true it has been rather a source of regret that at least a majority of the stock in the bank was not owned by citizens of New Berne.

We think the transaction a cause of congratulation for the people of New Berne and surrounding counties, not that any other capital is better than Maj. Tucker's, we want all the outside capital that can be induced here for investment, but because it more thoroughly identifies a young man of talent and means with the interest and progress of the community. Too many of our young men seek other fields for work and investment. It is a good sign when they begin to turn their attention to home, show confidence in the condition of things and are willing to do their part in building up and developing our resources.

**The House Bill Doubtful.**

WASHINGTON, D. C., Dec. 6.—Up to today, 100 out of 325 certificates of election of members of the 51st Congress, have been received by Hon. John B. Clark, clerk of the House of Representatives. No certificates have been received from West Virginia.

"The next House will be close," said clerk Clark today to a representative of the United Press. "It will take an official count of certificates to decide the political complexion of the next House."

There is some talk around the House of the possibility of a re-count in Bacon's district in New York, the 19th, which will result in Bacon receiving the certificate. According to the present count, a Republican is elected over Bacon.

With the uncertainty that exists in this district, the Tennessee district, and the four West Virginia districts, there are some Democrats about the House entrance, the hope that the Democrats will control the next House.

**Anarchist Demonstrations.**

CHICAGO, Dec. 6.—A local paper says: The extensive preparations being made for the reception of Mrs. Lucy E. Parsons, on her return to this city from her trip abroad, are very likely to be knocked in the head by the police. Chief of Police Hubbard says: "If Mrs. Parsons or her friends think they can parade the streets of Chicago behind a brass band, as they did in London, they will find themselves greatly mistaken. There has been enough of this foolishness in the times past, and surely will never be allowed to parade the streets of this city again so long as I am Chief of Police."

Since the conviction of Hornebeck, the Chicago anarchist, each mail the capital brings threatening letters to the Governor. The letters came not only from Chicago, but from cities in the east.

Why let the baby suffer and perhaps die, when a bottle of Dr. Bull's Baby Syrup would at once relieve it and effect a cure. Only 25 cents a bottle.

Persons of sedentary habits and overworked find in Laxado a specific for want of appetite, palpitation, debility, constipation, and many other ailments. At all druggists. Price 25 cents.

## Grand Army Tyranny.

INDIANAPOLIS, Dec. 4.—The work of organizing the Democratic Veterans of this State in an order independent of the Grand Army of the Republic is proceeding, and the head of the new movement in this city, Gen. Koonitz, is receiving many encouraging letters from persons outside of the State. Each of the writers refers to some particular act of the Grand Army, showing political bias, and all wish the new organization to succeed.

A letter from D. S. Sheppard, of Washington, Ill., says that he was a soldier from 1861 to 1864, entering the army as a private and being promoted to Major. He joined the Grand Army Post in this city and thus writes regarding its action. "The Post undertook to boom Pifer, I objected, and when they persisted I demanded my discharge from the Post. They then suspended me for two years for no other reason than that I was a Democrat."

R. J. Kavanagh of Denver writes "The Democrats of Colorado are with you in the new movement. We will cheerfully join the new organization, every man of us."

Hugh H. Harbot, of Idaho Springs, says in a letter to Adj. Gen. Koonitz: "I have long believed that the Grand Army was used indirectly for political purposes, and for that reason I have withdrawn from the Post here."

E. J. McKendall, of Detroit, writes that he was in the army, but has been treated by Grand Army men little better than if he had been a rebel because he votes the Democratic ticket. He favors the new organization and thinks that the services performed by the Democratic soldiers in the war will be appreciated when they come out from among the Republicans and the people see how many of them fought for the preservation of the Union.

Reports from Democrats in this State continue to come in, and if the letters received are any indication the separation will be complete. Several hundred have signified their intention of withdrawing from the Grand Army of the Republic, and many are now waiting for charters under which to organize.

Tomorrow an Executive Committee of one representative from each Congressional district in the State will be named, with two from the State at large, and the permanent organization will also be started.

**Stonewall Items.**

Rev. D. B. Clayton, Universalist, is among us and will remain until Monday.

Jno. W. Bryan and Mrs. M. E. Bryan of Goldsboro, are down on a visit to friends and relatives.

Died of hemorrhagic fever in this place, 29th ult., George, son of Jas. C. and Mrs. Julia Ormond. Aged about 4 years.

Sam Campen and Mrs. Campen have the sympathy of their friends in the loss of their little son Sam on the evening of the 4th inst. Dysentery was the cause of his death.

Henry A. Spaul of Wayne county, was down on a visit to S. B. Lane, Esq., a day or so ago and reports Wayne all right politically, and the best of all was the liking that Jno. R. Smith and C. H. Brogden got. Selah.

The steamer Tahoma, Capt. Hussay, is on our line and is giving quite a dispatch to freighting, giving us two trips per week, and quite comfortable accommodations for passengers. Capt. H. H. Dowdy is aboard and is as usual quite clever and accommodating.

**BRINGING GLADNESS.**

To millions, pleasing their palates and cleansing their systems, arousing their livers, kidneys, stomachs and bowels to a healthy activity. Such is the mission of the famous California liquid fruit remedy, Syrup of Figs. R. N. Duffy, agent, New Berne, N. C. nov18dw4w

**The Gun Burst.**

ANAPOLIS, Md., Dec. 5.—At the second test of the Bessemer cast steel gun at the proving grounds at the Naval Academy this afternoon, the gun burst into numberless pieces breaking a heavy timber platform. It was torn into thousands of fragments. The first charge was thirty-six pounds; the second forty-eight, the regulation charge.

The gun was made of Bessemer cast steel, by the Pittsburgh Steel Casting Company; was sixteen feet one inch in length and weighed 10,000 pounds. It was charged with forty-eight pounds of powder, and the shot was a concave ball of one hundred pounds. The Government lost in the destruction of this property about \$5,000 by the bursting of the gun. Ensign Robert A. Dashiell, one of the officers who made the test said:

"The experiment proves that Bessemer cast steel will not do for great guns; it has not elasticity nor tensile strength. The gun exploded had a pressure of fourteen and one-tenth tons to the square inch. It was shattered from trunnions to butt into over twenty pieces. From the trunnions to the muzzle it remained in one piece. The gun showed weakness in the breech where it ought to have strength."

**SAVED HIS EIGHT.**

MR. A. K. HAWES.—About a year ago I procured my first pair of glasses from some dealer, but they strained my eyes and caused them to ache. I then bought a pair of your Crystalized Lenses, and the effect has been wonderful, as a proof of which I do not use any glasses now and see as well as ever. F. E. DANIEL, M. D.

Ed. Tex. Med. Record. All eyes fitted and fit guaranteed by F. S. Duffy, New Berne, N. C. 5183tm
