One afternoon during Conference a Mrs. W. P. Burrus left yesterday were walking around seeing what was in its jurisdiction, it was clearly uncommorning on a visit to her father in to be seen and hearing what was to be heard about this ancient city. In the Mr. and Mrs. A. L. Way have arrived course of their ramble they were joined by a young gentleman of pleasing address and elegant carriage, who became voluntary guide to the party. He was a charming fellow-knew more than all of the document. the geographies and histories put to-gether, and was not forward about Gun Club, arrived last night.

Mesers. Henry B. and John J. White standing back. He kindly led the way of Brooklyn are stopping at Hotel Alto the Trent; told of its beauty, of its best. They are on a pleasure trip to the innumerable fishes, and the countless bosom. He pointed out the place where the palace had been; described its terraced walks and leaping fountains. When he headed for the Neuse, contracted it with the Hudson and the St. John's, and told how it excelled all rivers in beauty, and how greatly superior its waters are to those of the Jordan. He said that "Naaman was

the Neure and he came out all right."
But it was when the young gentleman came to speak of Washington's visit to rose on most exultant wings. He hitched his horse; the house in which he slept, and even gave the name of the lady with whom he danced. About this time the party came in sight of the say advertised, and give date of list. this time the party came in sight of the The regulations now require that one towaring frame work that supports the cent shall be collected on the delivery fire bell. "What is that?" asked one of each letter advertised. Methodist brother The young gentlecan did not reply, and the old man answered, "That? Why, that's the observatory that was built for Washingint was reached where two and oking houses faced each other like old ies cluiser here ?" saked the old man The young gentleman was again sitent, and the old man replied. "This house over here, is where Christopher Colum bus was born; and that, over there, is where Gallies invested the telescope."
The young pustients was evidently inortified to find that he was not as well posted as he inorght he was.
