

THE DAILY JOURNAL

VOL. VII.-NO. 255.

NEW BERNE, N. C., THURSDAY, JANUARY 24, 1889.

PRICE 5 CENTS.

BUSINESS LOCALS.

HAVING MADE A LARGE purchase of Lorillard Snuff which sells for quite a sum of money, I am compelled to ask all of my customers, whose accounts are over due, to come forward at once and settle. I assure them that I do need the money and they are causing me great inconvenience by delaying.

I have reduced the price of my Fine Rutter to 35 cents per pound, it is extra nice and newly made.

My paroled Coffees are just splendid. Try a pound and be convinced—25, 30 and 35 cents per pound.

To any merchant in or out of the city I will sell Lorillard Snuff by the keg at 40 cents per lb., less 2 per cent off, for cash.

Very respectfully,
THE GROCER E. B. HACKBURN

GEO. ALLEN & CO.

VIRGINIA was visited by a severe snow storm Sunday.

The steel cruiser Atlanta is at sea bound for Hayti.

SENATOR SABIN has been defeated in Minnesota by W. D. Washburn.

The U. S. steamer Valdada left San Francisco last Monday on her way to Samoa.

EDMOND'S PANAMA Canal resolution is now before the House and it is probable that it will pass unanimously.

The English Government has been fully informed of and shares in the United States Government's view of affairs at Samoa.

LORD SALISBURY'S latest news from Apia is of a threatening nature. In consequence of these advices, the British fleet in the Pacific will be increased immediately by at least two powerful vessels.

GREAT excitement has been caused at Midlothian, Texas, by the sinking near the Union depot, without apparent cause, of a strip of territory 200 yards long, over which runs the Fort Worth and New Orleans Railroad.

It is stated on trustworthy authority that the British Government has decided to uphold the treaty, by the terms of which European powers are precluded from obtaining or attempting to obtain dominance in Samoa.

THE Star says: "Rev. Dr. Hawthorne of Atlanta, one of the foremost ministers in the Baptist denomination has accepted the presidency of a new Baptist University to be built at Florence, Alabama." Dr. Hawthorne is a native Alabamian and his devotion to the State is wonderful.

In the discussion of the tariff in the U. S. Senate last Monday Senator George of Mississippi, presented some general observations on the bill, first taking the ground that "the bill which the Senate was considering was not the bill that originated in the House of Representatives, as the Constitution required bills to raise revenue to originate. Technically speaking it might be called an amendment, but the House bill had only been a jurisdictional act by which the Senate has assumed control of the subject." Correct.

THE Charlotte Chronicle suggests and endorses Messrs. Alexander, Jarvis and Waddell for the railroad commission. It says: "North Carolina ought to have the services of ex-Gov. Jarvis, Col. Waddell and Capt. Alexander. They are all

able, honorable men in whom the people have absolute confidence. The present Legislature will create a railroad commission. It ought not to consist of over three members; more would be cumbersome." The Chronicle correctly urges that no better selections could be made than the names of the three defeated candidates for the United States Senate, and Maj. Hughes would fill the bill exactly.

THE Augusta Chronicle says: "The Exposition has within the past month attracted one hundred and forty thousand people to Augusta. These people of course have spent money, but they have done more. They have inspected the advantages of the city, been witnesses of her great pluck and enterprise, felt the impact of her progress, and have contributed to the great vitalizing stream of advertising which has placed Augusta upon a high plane before the world. The Exposition has paid Augusta ten fold for its investment. It has shown the public, and better than that, has convinced our own people that with united and untiring effort we are superior to the greatest of misfortunes and the equals of any community in vim and versatility, North or South." Just what may be said will be the effect of our Exposition on New Berne and the surrounding country.

LOCAL NEWS.

NEW ADVERTISEMENTS.
R. P. WILLIAMS—Notice.
P. M. DRANEY—For 30 days only.

Very fine oysters in market yesterday.

The usual early run of herring is coming in right well.

Three gentlemen from Accomac county, Virginia, arrived on the steamer Manteo yesterday morning prospecting for timber lands.

The M. E. Church Working Society not wishing to interfere with the attendance at the Fair have decided not to have an entertainment during Fair week.

The Southern Cultivator, one of the best, oldest and most widely circulated agricultural journals in the United States, says: "New Berne, N. C., will have a grand Fair, commencing Feb. 19th, and it promises to be a signal success."

Who Are to be the Judges?
W. B. Flanner's shoe store offers one pair of ladies' fine shoes worth \$4.00 to \$5.00 to the handsome unmarried lady attending the Fair.

Floral Exhibit.
The Floral Committee would ask the ladies who have hot-house plants or cut flowers to send them for exhibition at our approaching Fair.

The plants will be received and kept in a perfectly safe and warm place, and, to prevent injury to them, will be transported in a covered wagon. So the committee beg that all who can will help to make a fine display.

Look Out for Space.
Capt. Alex. Miller has a chart of the Exposition building, and merchants who want space for display ought to apply to him at once. Remember that this Exposition will be taken as an index to the spirit and enterprise of the merchants and manufacturers of New Berne. Let us show our visitors that there is life and enterprise here. Let no empty space remain in the halls.

Make Your County Exhibit.
The Washington Progress, speaking of the Fair and urging the people of Beaufort county to take interest in it, says:

"Beaufort county could if she would, have a fine exhibit there, and we feel safe in saying that our New Berne friends would give separate space to our exhibit if we would get up a creditable one."

Yes, Beaufort county and all the adjoining counties can have space for exhibits. Bring them on, we have handsome brick buildings and beautiful grounds, such as no Fair Association in the South can show.

Note.—Be suspicious of persons who recommend any other article as "just as good" and take nothing but Dr. Bull's Cough Syrup.

A party paid ten dollars for a horse at an auction sale. The horse was lame and bruised all over. A bottle of Salvation Oil costing 25 cents was used; he is now valued at two hundred dollars.

County Expenditures.

The greatest burden on Craven county is in the trial and punishment of criminals and caring for the poor. Some means should be devised to reduce the cost in these departments, provided they are efficiently and properly sustained.

In conversation with a gentleman who recently visited Sampson county, we were informed that the poor of that county are cared for, and well cared for, at a cost of about \$19.00 per head. It is done by means of the poor house farm, which is more than self-sustaining.

Craven county owns a farm which is rented out every year but does very little towards supporting the poor. If a good superintendent was employed to take charge of the farm it could undoubtedly be made self-sustaining. Right here would be a demand for the labor of those who serve out sentences in jail and are fed at the expense of the county. If these prisoners were put upon the farm and the county commissioners were given the power to shorten their terms of imprisonment upon a certificate of good behavior from the superintendent of the farm, we think it would work to great advantage. For instance, if one is sentenced to four months' imprisonment in jail, put him on the farm and if he works and behaves himself let him be discharged at the end of three or two months as the court may direct. If he escapes, double the term of imprisonment if recaptured. In this way the farm might be worked and made to support both the poor and the criminals of the county.

Many of those who are now cared for by the county are able to do light work on the farm or garden. An acre in garden vegetables properly cultivated will support quite a number of people.

The present plan of supporting the poor is not only costly but it is inefficient. A pitiful allowance of one or two dollars per month, which is very often spent at a store before the voucher is issued, is very little help. If the county had good comfortable houses on the farm, these people who receive this little pittance could aid in cultivating the garden and raising chickens and thereby obtain a more decent and comfortable living.

We suggest to our board of commissioners to investigate the matter and see if the expenditures in these departments cannot be reduced and at the same time made more efficient. Perhaps it would pay one of the board to visit Sampson and investigate their plan of operations. As the county already has the farm it ought not to cost a great deal to put it in operation, and if the right man is employed as superintendent we are certain it can be made a success.

Make Exhibits.
We wish to impress upon every lumber dealer and every manufacturer of other goods, and every farmer, the importance of making exhibits at our Fair on the 19th of February. There will be many visitors here from a distance; many will come with an eye to business; they will come to see what manner of country we have, what is in our forests, sounds and rivers; what our farms produce, and what we manufacture. A large and attractive exhibit of woods might be the means of establishing one or more factories for the manufacture of furniture and other wood wares. A bountiful exhibit of farm products will in all probability cause much of our lands that were once fertile and productive to be reclaimed.

Many farmers when asked to bring something to exhibit excuse themselves by saying: "Well, I've got nothing extra to bring; there are so many others that can beat me." This is a mistake. A gentleman brought in a lot of country hams to exhibit last year, not thinking of getting a premium, but he carried home a barrel of the finest flour ever brought to this market. But aside from the consideration of a premium the farmers ought as a matter of pride to make a grand exhibit of their products at this Fair. Prominent newspaper men from the North and West will be here to write up the exhibits and the country.

Shipping News.
The steamer Eagle of the E. C. D. line sailed yesterday with a full cargo of cotton, lumber and general merchandise. The Vesper of this line will arrive today.

A cold of unusual severity which I took last autumn developed into a difficulty decidedly catarrhal in all its characteristics, threatening a return of my old chronic malady, catarrh. One bottle of Ely's Cream Balm completely eradicated every symptom of that painful and prevailing disorder.—E. H. Warner, 155 Hudson St., Rochester, N. Y.

Catarrh.—For twenty years I was a sufferer from catarrh of the head and throat. By a few applications of Ely's Cream Balm I received decided benefit—was cured by one bottle.—Charlotte Parker, Waverly, N. Y.

Sent to Jail.

A few weeks ago a number of pairs of shoes were stolen from one of our merchants. One of the thieves was captured by the name of David Hines was then captured and in default of bond was sent to jail. Two other boys, John and Daniel Daniels, were implicated, but made their escape last Tuesday night when policeman Wilson caught them in the upper part of the city near the suburbs. They were taken before W. M. Watson J. P. yesterday and in default of bond were sent to jail. These petty thefts are quite numerous in New Berne and we believe the principal cause of it is on account of so much idleness. If these boys had been employed they would not have had so much need for the shoes and the county would have been saved the expense of taking care of them.

Persons.
Mr. J. A. Good and wife, with their daughter and son, Mrs. Carrie and Arthur, arrived in the city yesterday from Dover, New Jersey. The father of Mr. Good has been in New Berne sometime a number of weeks, and has been so well pleased with the climate that his son and family will spend a while here. They formerly went to Florida for the winter.

L. A. Haywood, Esq. of Johns and Mr. J. P. Brinson of Trenton were in the city yesterday.

Mr. T. G. Sparrow of Raleigh is in the city stopping at Hotel Albert.

Dr. King of New Jersey, who has spent the two last winters in New Berne for health, was called home yesterday on business. He says that he will try and get back in time for the Fair.

Kinston Items.
There is quite a large amount of cotton yet unseed in our county. Our farmers are determined this year to get the best possible price for their money and make no mistake.

Let Mr. King, the pastor of the Methodist church, is an excellent preacher. His language is beautiful and forcible and we have no doubt of his proving very acceptable to the new charge.

Rev. A. J. Hines gratified many friends by accepting again a call to the Baptist Church here. The time though is only till first of April, thus closing the pastoral year. He filled his pulpit last Sunday.

Messrs. Johnson, Aulse and Quinley, the three young gentlemen who left Kinston for Washington Territory last Wednesday, were heard from, by telegram on Saturday. They were then in St. Paul Minnesota and well.

There was quite a stir in town last Saturday. Trading was very brisk and much merchandise was carried into the country. There is a disposition in our people to do their "level best" this year, and if the season will give them a reasonable chance, they will pull out of the mud.

Mr. Frank Smith, wife and child are on a visit here to relatives. Mrs. Smith has been an invalid for several years, and has been called upon to pass through very serious and dangerous afflictions of body. But we are very glad to see that skillful treatment has almost restored her to perfect health, except the power to walk.

The disciples will dedicate the new house of worship at Wise Fork, Jones county, on the first Lord's day in February. J. J. Harper of Smithfield, Johnston county, will preach the sermon. The energy and liberality of a number of brethren and friends has resulted in the erection of a handsome, roomy church. A large attendance is expected.

The clerk of the weather grievously disappointed many of our citizens last Sunday morning. The sky and thermometer gave every indication of snow. Small boys, girls and some of larger growth began to speak of what fun they would have. Some gray heads began to tell yarns about deep snows, long ago. (It is marvelous how deep the snow used to be—and how much game was caught long time ago.) But, alas! before night the rain began to fall, and after dark it rained. The thermometer went up and hopes of snow went down—till all expectation was lost in despair.

Railroad engineers, it is said, are locating a road from Snow Hill towards Jacksonville in Onslow county. Report says that the road will come into Kinston from the west of Dr. Rountree's late residence, run alongside the A. & N. C. R. R. to the space south of Harrell's sash factory. There the depot will be. Then it will continue along side the A. & N. C. track till it reaches the side of the old house (burned last year) just below the premises of Mr. Jno. F. Wooten. Then it turns southward and crosses the river near the residence of Mr. Chauncey Gray. It is said that the engineers are now engaged in location of the road near the river.

A SAFE INVESTMENT.
Is one which is guaranteed to bring you satisfactory results, or in case of failure a return of purchase price. On this safe plan you can buy from our advertised Druggist a bottle of Dr. King's New Discovery for Consumption. It is guaranteed to bring relief in every case, when used for any affection of Throat, Lungs or Chest, such as Consumption, Inflammation of Lungs, Bronchitis, Asthma, Whooping Cough, Croup, etc., etc. It is pleasant and agreeable to taste, perfectly safe, and can always be depended upon. Trial bottles free at K. N. Duff's, wholesale and retail druggist. Price per dozen, \$8.00.

IN MEMORIAM.

Mrs. Evaline Taylor died at her home in LaGrange January 17th, 1889. Her death does death pluck a more lovely flower from earth and transplant it in heaven, and this is natural for heaven is made of earth's richest and rarest treasures. Just after the sun had passed over the western hills to brighten up some darkness or turn night into day her spirit was born from earth home to heaven there to meet mother, sister, children and husband. Oh, seems as if a blessed union of saints, it seems as if the angels must have struck their harps more gently and with more sweetness as the gates of heaven swung open to let her in. Gentle, unselfish and sympathetic by nature, her character was made more beautiful by the indwelling of the Holy Spirit in her heart. She loved all Christians of what ever name—she loved to talk of Jesus and of that rest that remains for the people of God.

Often she has been heard to say, "Oh, I want to meet my Saviour in peace. I want to go to heaven when I die. What is all the world to me? I care not for my show, my great aim is to get home to heaven at last." Then she would be silent and look away as if she was in deed communing with her God. One could scarcely help being better after being with her, she embraced all the elements of a true woman, she would plead with those around her to be noble Christians, to love God, study the Bible and dare to do right.

Now, Lucy, try to be all that your mother would have you to be, cherish her memory, follow her footsteps, and meet her in heaven. Don't think of her as being dead, only gone before, teach your little brother the way he should go, talk to him often of his mother and father who have been taken from him so early, you and he are all that is left, but your loss is their gain for they are at rest—forever at rest.

"Is finished, is done, the spirit is dead."
The prisoner is gone, the Christian is dead.
The Christian is living, through Jesus' love.
And gladly receiving a kingdom above.

Important to seven out of every ten people.—The moment constipation begins that moment the blood begins to be impure and poor, and the system demands the use of Laxador.

If you want to have your baby healthy and beautiful, four things are necessary: Fresh air, good food, bright sunshine and Dr. Bull's Baby Syrup.

For 30 Days Only!

HEATING STOVES FOR LESS THAN COST FOR THE NEXT THIRTY DAYS.

Now is the time to buy. We must reduce our stock. This is no humbug. Come and see me.
