Good books improve the mind and afford valuable aid as educators. The publishing house we are dealing with do an immense business and give us such rates for their books as can not be obtained by others than publishers. While these books are real handsome and worthy a place in any library, one other strong point should not be overlooked, the print. The type is large, clear, and will not injure the eyes. A large supply will be kept on hand, but should any selection not be in stock it will require only a short while to order it. Now is a good time to begin or enlarge you a nice library. Remember that when books are to be sent by mail, 10c. extra will be required for postage.

A Beautiful Character.

Holiness is beauty. There is no beauty like that of a pure character. The grandest sight on this earth is not the march of the all-conquering storm whose cloudy battalions go rushing through the sounding heavens; the most beautiful thing on earth is not the garden which opens, and sends forth from its censured fragrance; it is not the stateliness of the tree which you sit under through the long summer's day; those are not the most beautiful things on earth that art carved out of stone; the beauty of the soul lies in its secret chambers; and the rich, deep, just, holy and loving natures—these are the things of this world. There is nothing so beautiful as Christ in man.—Beecher.

He who boasts of being perfect is perfect in folly.—S.

AFTER USING Ely's Cream Balm two months I was surprised and delighted to find that the right nostril, which was closed up entirely for over twenty years, was open and free as the other, and can use it now as could not do for many years. I feel very thankful.—R. H. Greenough, 275 18th St., Brooklyn.

From the Pastor of the Olivet Baptist Church, Philadelphia, Pa.: I was so much troubled with catarrh it seriously affected my voice. One bottle of Ely's Cream Balm did the work. My voice is fully restored.—B. F. Leipner.

A lofty ideal is essential to the highest living. He who would make progress for himself or would help others upward, must have clearly before his mind the ideal of the best conceivable attainment.

EPOCH.

The transition from long, lingering and painful sickness to robust health marks an epoch in the life of an individual. Such a remarkable event is treasured in the memory and the agency whereby the good health has been attained is gratefully blessed. Hence it is that so much is heard in praise of Electric Bitters. So many feel they owe their restoration to health, to the use of the Great Alternative and Tonic. If you are troubled with any disease of Kidneys, Liver or Stomach, of long or short standing, you will surely find relief by use of Electric Bitters. Sold at 50c. and \$1 at N. Duffy's Wholesale and Retail Drug Store. Wholesale price, \$3 per dozen.

A handful of common sense is worth a bushel of learning.

ADVICE TO MOTHERS.

MRS. WIMBLOW'S SOOTHING SYRUP should always be used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

A GREAT MAGAZINE.

The Century for 1889

MR. Question has often been asked, "to what does The Century owe its great circulation?" The Century Editor once answered this by the statement that "it has been fifty years, not by advertising schemes, but by the excellence which characterizes it in every department." In their announcements for the coming year the publishers state that it has always been their desire to make The Century the one indispensable periodical of its class, so that whatever other publication might be desirable in the family, The Century could not be neglected by those who wish to keep abreast of the times in all matters pertaining to culture. And the unprecedented circulation of the magazine would seem to be the response of the public to the intention.

With the November number The Century begins its thirty-seventh volume. Two great features of the magazine which are to continue throughout the new volume are already well known to the public, the Lincoln history and the papers on "Siberia and the Kaffir System." The first of these, written by Messrs. Nicolay and Hay, President Lincoln's private secretary, contains the inside history of the war, as seen from the White House.

THE SIBERIAN PAPERS, by George Kennan, are attracting the attention of the civilized world. The Chicago Tribune says that "no other magazine articles printed in the English language just now touch upon a subject which so vitally interests all thoughtful people in Europe and America and Asia." As is already known, copies of The Century entering Russia have these articles torn out by the customs officials on the frontier.

During 1889 The Century will publish the most important art feature that has yet found place in its pages. It is the result of four years' work of Mr. Timothy Cole, the leading magazine engraver of the world, in the galleries of Europe, engraving from the originals the greatest pictures by the old masters. A series of papers on Ireland, its customs, landscape, etc., will appear, and there are to be illustrated articles on Bible scenes, treating especially the subjects of the International Sunday-School Lessons. George W. Cable will write "Strange, True Stories of Louisiana." There will be novelettes and short stories by leading writers, occasional articles on war subjects (supplemental to the famous "War Papers" by General Grant and others, which have been appearing in The Century), etc., etc.

The Century costs four dollars a year, and is published by The Century Co., of New York, who will send a copy of the full prospectus to any one on request.
