Cleanse the System
DO IT NOW

With that most reliable medicine—Paine's Celery Compound. It purifies the blood, cures Constipation, and regulates the liver and kidneys, effectually cleansing the system of all waste and dead matters.

Paine's Celery Compound
 Contains true Celery and strengthening qualities, reviving the energies and spirits.

"I have been troubled for some years with a complication of difficulties. After trying various remedies, and not finding relief, I tried Paine's Celery Compound. Before taking one full bottle the long troublesome symptoms began to subside, and I can truly say now, that I feel like a new man. Digestion has improved, and I have gained ten pounds in weight since I have commenced taking the Compound."

THE JOURNAL.
THE FOND FAITHFUL HEART.
JENNIE BARTLETT DAVIS.

Deep down 'neath the bosom of ocean
 Unmolested by plummet or line,
 At peace from the storm and commotion,
 That rage o'er its billows of brine,
 There are secrets that time shall not fathom.
 There are jewels unknown to earth's mart;
 As deep, as true, and as precious
 Is the voice of the fond, faithful heart.

THEY SOON GROW OLD.
C. P. CRANCH.

They soon grow old who grope for gold
 In marts where all is bought and sold
 Who live for self, and on some shelf
 In darkened vaults heard up their elf,
 Cankered and crusted o'er with mold;
 For them their youth itself is old.

Stored Sunshine.
 Some writer has given us this thought. In the seasoned firewood put away for winter use, is stored our sunshine for the dark days that are coming. When sombre clouds hide the sunlight of heaven from us, and the cold winds sweep a landscape that is drear and naked, it is to our firesides we turn for warmth and light. During the glorious Summer time we should not forget the dark days that are coming, nor neglect to provide for use, "stored sunshine," in dry and seasoned firewood.

When our lives are bright and prosperous, let us sometimes think of the dark days that must come, and in the storehouse of memory treasure some of the sunshine that now surrounds, to cheer the days that are without its warmth. Thoughts of the happy past with its love and pleasure, will drive the gloom from hours that otherwise will be dark, for, "The memory of things precious keepeth warm the heart that once did hold them." When

"The melancholy days are come,
 The saddest of all the year,"
 and all is gray and dismal out of doors, let the home sunshine be brightest, and the contrast between the inner and the outer world as pleasing as possible. Let the "stored sunshine" of our firewood, that leaps cheerfully up the chimney, be augmented by that which is stored in our hearts out of superabundance that has been given us in the summer-time of life. Though the days may be dark, either from laden clouds or the shadow of sorrow, we may dispel the gloom by stored sunshine, if we are as wise as Nature.

Our Climate not Changing.
 Prof. Cleveland Abbe, of the Meteorological Building at Washington, who is the real founder of our weather service, takes up in the February number of the Forum the popular idea that our climate is changing. After showing in an interesting way how changes, if any occur, are calculated from meteorological tables, he shows that the rational climatology gives no basis for the much-talked-of influence upon the climate of a country produced by the growth or destruction of forests, the building of railroads or telegraphs, and the cultivation of crops over a wide extent of prairie. "Any opinion as to the meteorological effects of man's activity," he says, "must be based either upon the records of observations or on a priori theoretical reasoning. Now the records of experience are exceedingly diverse in various parts of the world, and lead to no uniform conclusion. The paleontological evidences of the former existence of animals and plants where they cannot now thrive, show clearly that great changes have taken place during geological ages perhaps 50,000 years distant; but no important climatic change has yet been demonstrated since human history began."

ELECTRIC BITTERS.
 This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters sing the same song of praise. A purer medicine does not exist and it is guaranteed to do all that is claimed. Electric Bitters will cure all diseases of the Liver and Kidneys, will remove Pimples, Boils, Salt Rheum and other affections caused by impure blood. Will drive Malaria from the system and prevent as well as cure all Malarial fevers. For cure of Headache, Constipation and Indigestion try Electric Bitters. Entire satisfaction guaranteed or money refunded. Price 50 cts. and \$1.00 per bottle at R. N. Duffy's Drug Store. Wholesale price, \$8 per dozen.

By the very constitution of our nature, moral evil is its own course.

IS CONSUMPTION INCURABLE?
 Read the following: Mr. C. H. Morris, Newark, Ark., says: "Was down with a cough of Lungs, and friends and physicians pronounced me an incurable Consumption. Began taking Dr. King's New Discovery for Consumption, and now on my third bottle, and able to oversee the work on my farm. It is the finest medicine ever made."
 Jesse Midgewart, Decatur, Ohio, says: "Had it not been for Dr. King's New Discovery for Consumption I would have died of Lung Trouble. Was given up by doctors. Am now in best of health. Try it. Sample bottles free at R. N. Duffy's Wholesale and Retail Drug Store, New Bern, N. C. \$8 per dozen, wholesale."
