A GREAT MAGAZINE.

The Century for 1889.

HE question has often been asked, "to what does The Century owe its great circulation ?" The Christian Union once answered this by the statement that "it has been fairly won, not by adver-

. . .

tising schemes, but by the excellence which characterizes it in every department." In their announcements for the coming year the publishers state that it has always been beir desire to make The Century the one indispensable periodical of its class, so that whatever other publication might be desirable in the family, The Century could not be neglected by those who wish to keep abreast of the times in all matters pertaining to culture. And the unprecedented circulation of the magazine would seem to be the response of the public to this intention. With the November a miber The Contury

begins its thirty-seventh volume. Two great feutures of the magazine which are to continua throughout the new volume are already well (known to the public, the Lincoln history and the papers on "Siberia and the Exile System." The first of these, written by Messrs. Nicolay and Hay, President Lincoln's private secretaries, contains the inside history of the dark days of the war, as seen from the White

House. THE SIBERIAN PAPERS, by George Kennan, are attracting the at tention of the civilized world. The Chicago Tribune says that "no other magazin articles printed in the English language just now touch upon a subject which so vitally interests all thoughtful people in Europe an America and Asia." As is already known, copies of The Century entering Russia have these articles torn out by the customs officials

on the frontier. DURING 1889 The Century will publish the most important art feature that has yet foun piace in its pages. It is the result of four years' work of Mr. Timothy Cole, the leading magazine engraver

of the world, in the gallerie of Europe, engraving from the originals the greatest pictures by the old master A series of papers on Tre-land, its customs, land

scapes, etc., will appear, and there are to be illustrated articles on Bible scenes, treating especially the subjects of the Inter-national Sunday-School Lessons. George W. Cable will write "Strange, True Stories W. Cable will write "Strange, True Stories of Louisiana." There will be noveletter and short stories by leading writers, occasional articles on war subjects (supplement at to the famous "War Papers" by General Grant and others, which have been appearing in The Century), etc., atc. "See the control of the Century Co., of Ren Vork, who will seed grows of the full west."
