THE Tribune says: "Prof. James Russell Lowell will sail for England April 27th." The World adds: "Can this mean that Mr. Lowell is to receive the appointment to the Court of St. James? Who knows?"

GENERAL CLINGMAN fought a duel with Hon. B. M. Yancey, but never, according to our information, with Hon. Jefferson Davis.—State Chronicle. Wrong, Gen'l. Clingman fought the duel with William L. Yancey.

THERE are serious complications in West Virginia. Governor Wilson has called an extra session of the Legislature, but it is learned that the Republican members will not obey the call, as they do recognize Wilson as Governor.

THE New York Herald says that of the proposition to establish Confederate Soldiers' Homes that "the country can afford to do this thing, and we believe it would have the hearty consent of multitudes of Union soldiers."

FROM the editor of Geo. P. Rowell & Co's "American Newspaper Directory," published April first (its twenty-first year), it appears that the newspapers and periodicals of all kinds issued in the United States and Canada now number 17,107, showing a gain of 707 during the last twelve months, and of 7,882 in ten years.

If President Harrison gives us a square administration and leaves the Southern States to death with the "race problem," as it is called, we can fight the next national contest on national fields and try conclusions with the Republicans on principles instead of sections.—Richmond Times.

A SPECIAL dated Rome, March 20th, says: At the banquet yesterday Cardinal Parocchi, the Pope's Vicar, said that in the future it should be necessary for the Pope to leave Europe he would find a pure refuge among the American bishops, who would receive him with honorable hospitality.

SENATOR PLUMB'S praise of the management of the naval department under Secretary Whitney was unexpected as it was deserved. Mr. Plumb points out the fact that it was Mr. Whitney who first abandoned the policy of wasting money in repairing worthless vessels and adopted the wiser course of spending all appropriations in constructing modern vessels. Coming from an opponent, this admission is more than a compliment to a retiring administration; it ought to serve as a chart for the Secretary appointed by General Harrison.—Columbia Record.

Rev. Mr. Dill of Goldsboro preached at the Baptist church during the past week. The sermons were uniformly of a high order, and greatly enjoyed by his congregations. Scholarly, earnest, and possessed of decided dramatic talent, he is no ordinary man, and our Baptist friends of Goldsboro are fortunate. Mr. Dill returned to his home yesterday. The pastor, Mr. Battle, states that his church has been thoroughly revived, and he confidently expects to reap a rich harvest from the faithful sowing in the near future. Whether the series of meetings will continue longer will depend upon developments tonight.

The Craven-Pamlico Case.

It seems that we have had somewhat the wrong view of the case that was set to be heard before Judge Shipp in this city yesterday. Instead of being a case of Pamlico vs. Craven it was Craven vs. Pamlico. Craven county was simply asking for the usual mandamus to compel Pamlico to levy a tax in compliance with a judgment of the Supreme Court obtained by Craven against Pamlico in 1875. Pamlico objected to the mandamus issuing unless a referee was appointed to ascertain the exact amount of the debt now due.

The case is in the Superior Court of Lenoir county, where the motion for mandamus is usually heard, but as the Judge was sick at the last term of the court the case was set for Carteret and by agreement was heard at chambers in this city yesterday. Simmons & Manly represented Craven, M. DeW. Stevenson and W. T. Cahoon represented Pamlico.

Counsel for Pamlico urged that the mandamus should not issue until the amount due Craven should be ascertained; that large sums had been paid to Craven county which had not been applied to the payment of the debt; that Craven since the adjustment of the debt had funded it and included a large amount of floating debt of which Pamlico was not bound to pay any part; that Craven was not entitled to a mandamus because the affidavit of plaintiff did not set forth that the amount asked for had been paid by plaintiff to the creditors.

Counsel for plaintiff insisted that the amount of the debt due Craven by Pamlico had been definitely ascertained and a judgment rendered for it; that the question of what is due now was merely one of mathematical calculation and no referee was necessary; that Craven county alone was responsible to the creditors for the whole of the original debt, and that it had annually levied a tax to meet the interest on the same and to provide a sinking fund to discharge the principal; that the debt of Pamlico is a specific debt due to Craven, and that it is not for Pamlico to say how its payments shall be applied so it gets the proper credit. The plaintiff admitted, however, that they were not prepared to make the proper affidavit for the mandamus because the taxes to make the payment on the debt were yet in process of collection and the payment had not been made.

Upon this admission His Honor dismissed the case without prejudice to the plaintiff.

The above is about the status of the case as we could gather from the arguments. We think we are getting into the merits of it and will give our Pamlico friends a statement in a few days of what they have paid and how it has been credited.

F. M. Simmons for President of the A. & N. C. R. R.
In another column in this issue is a communication recommending Hon. F. M. Simmons for President of the A. & N. C. R.

It is several months yet before Governor Fowle will appoint Directors on the part of the State for this road. It seems to us rather early to begin a discussion of the matter. Some two months ago when a communication was published in this paper recommending W. S. Chadwick, Esq., for President, we held that a nine-months' discussion of the matter would become quite monotonous, and because we did so state we were accused of a disposition to suppress the discussion because a New Berne man was not put forward.

Governor Fowle, we are sure, wants to know the sentiments of the people in regard to this property before he makes the appointment, and if the people want to use the columns of the JOURNAL for that purpose, and want to begin early, why of course we must permit them.
Governor Fowle, in our judgment, could not appoint a man that would give mere universal satisfaction to the East than Mr. Simmons, nor one that will more thoroughly devote his time to the interest of the road and its patrons. Whatever his hands find to do, he does with all his might, energy and good judgment. In saying this we do not mean to disparage the fitness, claims and qualifications of others. We merely state what we believe to be the truth.

Big Trees.
Capt. Jos. J. Robertson, civil engineer of the A. & N. C. R. R., reports that two large trees standing within the right of way of his road, and within five miles of New Berne had recently been converted into wood, and one, a poplar, measured four and a half feet across the stump and was seventy-five feet long, made eight cords of wood; the other was a pine four feet across the stump, one hundred feet long and made ten and a half cords of wood.
Capt. Robertson gives us this item simply to show what sort of timber we have in this section.

Temporary Change in Schedule.

Owing to the necessary delay caused by putting in a new draw in Trent river bridge the mail and freight trains will leave Morehead City one hour earlier than usual beginning Wednesday, the 27th inst. They will probably reach Morehead a little later than usual beginning Tuesday, 26th inst. This longer time will only be temporary, three or four days at the utmost. The new schedule for these days will appear in our Tuesday's issue together with all details of whatever transfer may be necessary.

NORTH CAROLINA NEWS.

From the State Papers.

Sanford Express: The forest fires near Hoffman burnt a section of the R. & A. L. road on Saturday and blocked all the trains that road for several hours.

Durham Tobacco Plant: About sixty-five colored ex-slaves from the Selma section passed up the road yesterday evening.—Our correspondent of Flat River, under date of March 13th, says: "On the 13th inst. Mr. Henry Wilkins died at his home on Flat River, in the 76th year of his age."

Nashville Argonaut: Material is being put on the ground and the erection of the Methodist parsonage will, we are informed, commence at once.—We see it stated that the Gold Leaf Tobacco Works, with a capital of \$50,000, will be organized at Rocky Mount with M. W. Hart, manager.

Durham Tobacco Plant: Chief of Police J. A. Woodall left last night for Raleigh to obtain a requisition from Governor Fowle upon the Governor of Florida for one John C. Hart, who is wanted to answer to the charge of forgery. It is said that Hart, while in Durham, in January last, claimed to be a special correspondent for the New York Herald and got the cash for a \$40 check, to which was forged the name of James Gordon Bennett, the proprietor of the Herald. Hart is in custody at Sanford, Fla. This case may be tried in our superior Court next week.

Shelby New Era: Mr. Anderson Hambricht, who lives about two miles below Grover, was run over on Tuesday by a four-horse wagon and almost instantly killed. Mr. Hambricht was hauling lumber and, while going down a hill about a mile from Grover, the lock chain broke, causing the wagon to run against the mules. The mules started to run and Mr. Hambricht was thrown under the wagon, the wheels of which ran over his stomach. He died in about half an hour.—The Board of Aldermen held a special meeting yesterday and ordered an election to be held on April 18th on the question of issuing \$10,000 in bonds for a fire company and \$8,000 for a school building.

Reidsville Times: Sunday nine more persons connected themselves with the Baptist church of this town.—Brick laying on the cotton factory will be commenced next Monday and the building hurried to completion at the earliest opportunity.—Rev. A. McCullen announced to his people Sunday morning that he had to take up a collection from the 391 members of the M. E. church assessed by the last conference, of \$850, and said he, I propose to raise this amount in about 15 minutes. Who will give \$20? I will, said several. The stewards went around, the amount was added up; result, I have over \$275. Thank you. All sang the long metre doxology and dispersed.

Rockingham Rocket: Mr. LeGrand is somewhat "puffed up" and exclusive since his return from Raleigh, refusing to receive some of his best friends. Cause why—he's got the mumps.—Some of the bar-keepers are very wrath over the \$300 liquor license, and now declare themselves ready to stand shoulder to shoulder with the temperance people to carry the town "dry" at the election in May.—A gentleman informs us that he saw ten drunken men on the streets at one time last Sunday, and ventured the assertion that more liquor was sold in this town on that day than on any day during the week. More than this, he took a peep into a room where six or eight negroes were playing cards.
Roanoke News: The dates of the next annual exhibition of the Roanoke and Tar River Agricultural Society is October 29th, 30th, 31st and November 1st.

A Gentleman who lives in the neighborhood of Aurelian Springs and is himself a practical and observant farmer informed us on Monday that the farmers in his section were much further advanced on the next crop than usual. He also told us that much less guano would be used this year than formerly and that less cotton would be planted, more attention being given to corn, oats and wheat than heretofore.—On Friday morning last the jail at Jackson, Northampton county, was burned to the ground. There were four prisoners in it. Prueitt White awaiting trial for whipping his wife, Anthony Allen, Robert Powell and a boy, the three last being colored. The jail was completely destroyed but none of the prisoners were injured. It is thought that the building was set on fire by some of the prisoners to escape, and the three colored men did escape, but Robert Powell and the boy were captured and are now in jail at Halifax for safe keeping.

F. M. Simmons for the Next President of the A. & N. C. R. R.

EDITOR JOURNAL—The people in this section are discussing the propriety of memorializing the Governor through petition for the appointment of the Hon. F. M. Simmons of New Berne as President of the Atlantic & North Carolina Railroad for the next ensuing term. They do not intend to prefer any specifications against the present incumbent. Only the present management which we think operates against us. We are told that while the passenger freights are less now under Mr. Bryan's management, than under Col. Whitford's administration. At least I understand the receipts show it. Where is the trouble? What say you, other counties who are interested? WILD GOOSE.
