HEAVEN is never deaf but when man's heart is dumb.—Quarles.

NEW YORK is receiving more appointments from this administration than any other State.

THE happiness of love is in action; its test is what one is willing to do for others.—Ben Hur.

EVERY duty which is hidden to wait, returns with seven fresh duties at its back.—Charles Kingsley.

STANLEY MATTHEWS, Justice of the United States Supreme Court, died in Washington, D. C., a few days ago.

SPOIL-HUNTERS continue to address letters to Mrs. Benjamin Harrison, much to her annoyance and disgust.

A COLORED church in "The Wilderness" has referred a question of discipline to the President and his Cabinet.

THERE is no fit search after truth which does not, first of all, begin to live the truth which is known.—Dushnell.

A SCOTCH-IRISH Congress is to be held in Columbia, Tenn., on the 8th of May. Among those expected to be present are Senator Zeb. Vance of North Carolina, Col. A. K. McClure of Philadelphia, Robert Bonner of New York, and Henry W. Grady of Atlanta.

LOOK how differently the two sections are constituted. The North can dissolve her solidity and never be made aware by any result in disaster that she has done so. The South can dissolve her solidity only upon condition of lapsing into a state of mirrille and humilitation not much better than a condition of absolute barbarism. Practically Republican rule in the South would be negro rule, and negro rule would be death. For her to dissolve her solidity would be to commit suicide.—Richmond Dispatch.

It is gratifying to note that the New York World has turned from criticizing a Democratic administration to criticizing a Republican one.—Mobile Register.

The official quillotine is getting in good working order and Democratic heads are beginning to drop. President Harrison may have some excellent opinions on civil-service reform, but with Blaine, Clarkson, Elkins, etc., in possession of the handle the machine will be kept busy.—St. Louis Post.

THE Wilmington Star, the best and brightest of newspapers, says this of itself: "The Star has completed another half-year. It is now 21½ years old. It has been able to fill all of its appointments, to keep clean its Democracy, to uphold the truth and the right, and has a larger constituency today than it has ever had. It does not pretend to be the best or liveliest or ablest paper in the State or in the South. It does claim to be faithful and honest and pure. It has hosts of friends whereof it is 'mighty glad.' The Star is strictly and always North Carolinian and it hopes to continue to merit public confidence."

Robert Selby, colored, was arrested on South Front street yesterday and taken to the police station. He was found to be an escaped lunatic from the asylum at Goldsboro. Marshal Lewis wired Dr. Miller at Goldsboro of the capture of Selby, and that he would be held for transfer.

A Good sign.

A prominent cotton buyer was yesterday seen examining a cotton planter in front of Messrs. Whitty & Gates' hardware store. It was surmised that he has an eye on agriculture as a pursuit in the near future. If this should be so, the Alliance may take a side step to the right to make room for recruit for a live one is coming.

All our city fathers say "see Salvation Oil, the greatest cure on earth for pain." It costs only 50¢.

Since Mrs. Brown has taken to using Dr. Bull's Cough Syrup she has saved an independent fortune in doctor's bills. You can do the same.

Sinking of the Schooner Charm.

Capt. Fritchard, of the steamer Newberne was in the city yesterday and gave us the particulars of the sinking of the schooner Charm in Pamlico sound, previously announced in the JOURNAL.

The Charm, Capt. Starr, hailed from Wilmington, Del., but was at this time bound from Norfolk, Va., to Leachville, loaded with brick, lime and sawmill apparatus. She left Norfolk on the 7th inst., and was off the mouth of Pamlico river the following Wednesday where she encountered the equinoctial storm. The first accident was the tearing away of the rudder which at once left her almost completely at the mercy of the waves.

Besides the captain, there was only three others to man the now uncontrollable boat. It was undertaken to make Pamlico river, but the weather was too heavy to accomplish much. Not being able to handle her, the spar was blown overboard and the yawl boat carried away. All Wednesday night and Thursday the waves were battled with without any abatement in the severity of the storm. At night the vessel showed signs of straining and began to leak. The pumps were put to work and were kept going all night and the next day and night. Friday evening the steamer Mantoo of the Old Dominion line was sighted but too far off to signal. Saturday morning the captain let go anchor with hopes of drifting to shore. There was then six feet of water in her hold and it was evident that she must soon go down. The schooner Charles Lister and the steamer Vesper of the E. C. D. line were spoken, but the high sea that was running rendered it impossible for them to give any assistance. The boat was now fast sinking, compelling all on board to take to the rigging. At this juncture a tremendous sea broke over her causing a lurch that threw them all into the water. The captain and a negro man were the only ones that could swim. They each, with great undertaking as to their own safety, helped the two others back to the rigging where they climbed into it, thoroughly drenched and exposed to the bleak winds. In this perilous condition they were sighted from Brant Island Light, two miles distant. The keeper of the light, W. J. Simmons, and assistant Ireland, with strong devotion to their duty and love for fellow-man, lowered a boat, and in almost certain danger of swamping went to the rescue.

The sufferers were taken back to the Light and cared for until Tuesday when they were taken aboard the steamer Newberne and carried to Norfolk.

Capt. Starr says that everything was lost except the clothing they had on. He had something over a hundred dollars in money besides some valuable notes about his person but it was all lost except a silver quarter.

The Charm lies in twenty-one feet of water and at a point where it is dangerous to navigation.

A Valuable Sermon.

In his sermon last Sunday night at the M. E. Church, the pastor, Rev. L. W. Crawford, delivered one of the best talks we have ever had the pleasure of listening to. We doubt if there was ever a sermon preached that did not contain some good point, some utterance whereby man might profit, but the sermon which we consider most valuable, is the one that contains the most good for the greatest number of people.

Special stress was given to the better care for the poor and needy. It was the duty of all who are able, to in some way provide means whereby this class of people might labor and make an honest living. Begging was to be deplored. It was humiliating and a destroyer to pride and dependence upon one's self. We wish every person in New Berne could have heard this sermon because there was so much in it. It was plain, pointed, and practical, and carried weight with it from beginning to end. Adopt the principles on which this sermon was based and you do away with a great deal of street soliciting. The impostors will not be so numerous and the too modest needy will be looked up and their condition inquired into and relieved.

Recaptured.

Frank Blount, who escaped from the police station a few weeks ago by breaking through a window and jumping from the second story to the ground, was again taken in yesterday by Dave Busham, the jailer. Frank is a small colored boy who kept chicken too well. He was carried before Justice Watson for a hearing, and in default of bond was remanded to jail.

ADVICE TO MOTHERS.

Mrs. Winkler's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. Twenty-five cents a bottle.

Personal.

Mr. J. W. Chapin of Aurora was in the city Monday. He tells us of a serious hurt to Miss Sallie Thompson, formerly of New Berne. She was out witnessing a game of baseball when the bat flew out of the striker's hand and struck her in the face.

Dr. Alpheus Fields of Aurora has moved to New Berne for the practice of his profession. Dr. Fields is an honorable and courteous young man. We welcome him to our midst.

Mr. Hugh Becton, who has been visiting relatives in Alabama during the past two months, returned home Saturday night.

Mr. T. B. Ippock, of Cove, was in the city yesterday with a specimen of Brazilian corn. He says that it yields prolific and when boiled and mixed with a small proportion of flour it will make up like all flour and is equally as palatable.

Mr. R. H. Berry left on an insurance tour yesterday.

Messrs. H. R. Bryan, M. P. W. Stevenson, F. M. Simmons, Cement Manly, J. W. Waters, P. H. Pelletier, W. E. Clarke and L. J. Moore are attending Jones Superior Court.

O. H. Guion, Esq., returned from Washington, N. C., Sunday morning per steamer Newberne, where he had been on a visit to his son—just a week old today. A few hours after arriving he received a telegram announcing that Mrs. Guion was seriously ill and he returned to Washington immediately. A telegram since his return says she is better.

Miss Annie Blount of Seven Springs is visiting Mrs. A. J. Scarborough in the city.

Mr. H. B. Duffy left for New York yesterday in search of goods enough to fill his double store.

Mr. O. Marks returned from the Northern markets last night and the Weinstein building will show in a few days what he went after.

Capt. J. M. White and J. W. Granger, Esq., of Kinston, arrived last night.

Mount Olive Telegram: Mr. Davis Wiggins had a hen to die last week that was old enough to vote, having entered her 21st year.—The truckers and fruit growers of this town and vicinity met in the Y. M. C. A. hall on Saturday last for the purpose of forming a Truckers Association.

Leaksville Gazette: We learn that the negro exodus racket in a mild form has struck portions of this county. What has Leaksville done that it cannot share in the same blessing?—The wheat crop in this vicinity has improved greatly within the past few weeks, and promises a satisfactory yield. Oats also look well.

Twin City Daily: There has not been a case of fever in Webster county, in this State, for over thirty years. A splendid record. [Where is Webster county?—JOURNAL.]—The indications are that there will be a large number of new houses built this year in Winston and Salem. People would prefer to build brick rather than frame houses if an ample supply of brick could be depended upon at a reasonable price.

Charlotte Democrat: Convict Kiser, who escaped some months since from the stockade near Charlotte, was captured last Monday morning near Pioneer Mills and brought to Charlotte jail.—The annual meeting of the Mechanics' Perpetual Building and Loan Association was held in the Opera House last Monday night. The net profits of the concern were 9.50 per cent, which would have run up to 11.25 per cent, but the fact that the Association had to pay tax on its own stock.

Salisbury Herald: The seventh series in the Building and Loan Association which began March first, is running well. It has already more shares in it than the 4th series ever had.—Our Lutheran friends are happy and deservingly so, over the fact that the last dollar of the debt on their splendid house of worship has been paid. Last Sunday the contributions for this purpose amounted \$905.00, more than enough to liquidate the debt. The church will soon be dedicated.

Asheville Citizen: We have not heard the last of Capt. Johnston, in political life, however, and future Democratic legislation may bring out of the depths of Republican misrule the very messengers in which he was such a potent and energetic promoter.—An immense

quantity of roofing slate is being shipped to Asheville over the W. N. C. Railroad.—The electric railway freight car hauled over seven thousand pounds of freight on one trip yesterday.—There are over fifteen thousand people, including residents and visitors, in the city at present, and more are coming.

Concord Times: A few days ago Deputy Geo. W. Means captured a blockader in the northern part of the county. Seven gallons of fire water was taken.—The stockholders of the street railway held a meeting in lawyer W. M. Smith's office last Monday evening, and the company was formally organized.—Mr. M. A. Walter is the owner of a Poland China hog that is the happy mother of 17 nice little pigs, all the same age.—All the stock in the street railway has been subscribed and the company was organized last Monday evening. John P. Allison was elected President.

Concord Times: Measles and mumps are plentiful here now.—The legislature passed a bill allowing Concord to issue 6 per cent bonds, not to exceed \$15,000, for the purpose of grading, improving and paving the streets and sidewalks. Election is to take place within six months from May 1.—Mr. W. L. D. Benson, of No. 3, died March 5, aged 84 years. January 1, in an epileptic fit, he fell in the fire and got so badly burned that he never recovered. He leaves many friends.—The stockholders of the J. M. Odell Mfg. Co. met here last Tuesday. A semi-annual dividend of 6 per cent was declared, and the mills are shown to be in a prosperous and healthy condition.

Snow Hill Baptist: There is a great deal of interest being manifested in our midst over the organization of a Y. M. C. A. This is a good move in the right direction.—On last Saturday, the 17th inst. the funeral of Mrs. Luna Nobles was preached at Ormonds chapel by Rev. J. E. Thompson. Mrs. Nobles died at her home in Vanceboro.—Mr. Joseph Newson, who resides near Shino in this county, started from his home last Thursday morning in company with his wife, and his wife's mother. When only a short distance from his home the horse took fright at a dog and jumped to run, the horse in the effort to get away threw Mrs. Newson and her mother from the vehicle. Mrs. Newson's arm was broken in two places and her mother was bruised by the fall but was not seriously injured.
