**THE construction** of a new Presidential Mansion, in place of the present White House, is being agitated.

**NOTICES** have been posted in various reeling mills in Pennsylvania that the price of wages of employes will be reduced on and after April 1st.

**PARIS, March 26.**—The Gaubois says Gen. Boulanger is suffering from the opening of an old wound and has been compelled to resort to the use of morphine.

**PRESIDENT HARRISON** wants two days of rest from the office-seekers—Sunday, to attend church, and Monday to transact a little public business. — Philadelphia Times.

**NAVAL officers** generally are making efforts to secure assignments to the new gunboat Yorktown. She will probably be commanded by Commander Chadwick. — Wilmington Star.

**THE days** are steadily growing longer—especially for the visiting brethren who come to Washington two or three weeks ago expecting to leave the next day with appointments in their pockets. — Post.

**THE Sun's** cotton review of the 26th says: Futures opened rather firmer on strong Liverpool report, but became very dull, and after 11 a. m. there was decline with dull closing, in sympathy with depression in financial circles aggravated by desquinting Paris rumors.

**BENJAMIN QUAY** and Postmaster General Wamamaker have "locked horns" over the Philadelphia post office. Mr. John Fields is the choice of the Secretary for postmaster of the city of Brotherly Love, while the Senator calls loudly for Mr. Leads' appointment.

**As an** advertising investment, Secretary Wamamaker doubtless deems that his purchase of an appointment to a Cabinet position was the best he ever made in his life. It came high, but cheap advertisements are notoriously worthless. — Norfolk Ledger.

**THE Grand Central** warehouse in Chicago was burned to the ground yesterday morning, causing a loss of \$1,500,000. It was a government bonded warehouse, and 90 per cent of its contents were teas and coffees in bond for import duty. — Wilmington Star.

**"THUS far** the editors seem to be in better favor with the administration than the spellbinders. In truth, editors address vastly larger audiences than orators do, and they address them after campaigns are over and in off years when the voice of the spellbinder is not heard in the land."

**"CHIEF CRITICISM** and fifteen warriors, apparently tired of subsisting on government rations and preferring the outside chances offered by an early spring, are reported on the war-path near San Carlos agency, Arizona, and may cause considerable trouble before they are corralled again."

**ANOTHER crisis** in France. The disorders of the French Government have become chronic. Every time the political barometer falls there is a serious crisis. This condition cannot last long. The government must give immediate evidence of its ability to stand the storms of popular feeling or quickly give place to another.

**SPEAKING** of woman suffrage, the Washington Post says: "Yet the women are zealous workers, as well as patient waiters, and no reverse seems to discourage their endeavors or extinguish their hopes. They are as fond of the agitation apparently as ever they were, though the goal for which they strive is still too remote for the intervening distance to be measured."

We are informed that the usual depositions on the cemetery lots, more or less engaged in every spring by flower thieves, have begun in Cedar Grove. The sexton must keep a sharp eye on them and bring them to justice.

**E. N. Duffy, agent, New Berne, N. C.**

## Where is the Bill?

An amendment to the charter of the city of New Berne concerning the fire department and streets passed the last General Assembly, and, were credibly informed, was raised and enrolled, but has never found its way into the office of the Secretary of State.

The enrolling clerk kept a book in which a record of every bill and its number was entered and it with the bills were taken to the Secretary of State who receipted to the clerk in this book for all bills received by him. It seems that this bill, that is its title and number, was entered on this book by the enrolling clerk, but when the book was taken to the Secretary of State the bill itself could not be found.

We have not heard from the enrolling clerk and know not what explanation he has to make of the matter, but we have been informed that a member of the General Assembly says he took it. Of course he was only joking and did not know that the bill really had been stolen. But who did steal it? This is the serious question for the people of North Carolina to consider. The enrolling clerk ought to be called on for all the light he can throw on the subject and the thief ought to be caught if possible; or if the word thief is too strong, then the man who suppressed the bill ought to be arranged for the offence.

The merits of the bill itself is not considered here. No matter whether it was a bad bill or a good bill, its suppression is a serious offence which, if tolerated, may lead to greater danger in the future. Let the enrolling clerk be called upon to explain.

**Jurors for U. S. Court.**  
The following jurors have been drawn for the spring term of the U. S. District Court which convenes in New Berne on the 23d of April. Jurors are not required to be present until the 23d of April:

Wayne county, E. G. Copeland, John F. Dobeon, Joseph Hollowell, George Cogdell, Robert Kernegay, F. A. Simmons and Benjamin Barnes.

Pitt county, Wylie Whitehead, Council Dawson, Robt. G. McCotter and S. W. Quinlerly.

Craven county, B. B. Lane, N. S. Richardson, R. D. Hancock, E. H. Anderson, E. W. Smallwood, Chas. B. Stubbs, George Green, Jr., Wm. T. Thompson, W. F. Rountree, A. R. Denison and Jesse Brooks (colored.)

Jones county, J. H. Parker (col.), H. W. Williams (col.), Chas. H. Foy and John Mercer.

Lenoir county, John Fields, Jr., Elias Jackson (col.), Henry Archbell, F. B. Fields, R. M. Abbott (dead), W. C. Fields, J. M. Wooten.

Hyde county, W. A. Baum.

Beaufort county, B. W. Walling, Hugh Ross, Walter Clark, S. Smallwood and John D. Clark.

Pamlico county, Robt P. Midyette and Asa Whitcomb.

Greene county, Jno. D. Grimsley, Quinny Dunn (col.), James Newell and W. A. Darden.

Onslow county, John Gilman.

Wilson county, Charles Battle (col.).

Nash county, B. F. Tillery.

Edgecombe county, H. B. Bryan.

Carters county, Marion S. Webb.

**Found Dead in the River.**

The dead body of an unknown colored man was found floating in Trent river yesterday just below the railroad bridge. The keeper of the bridge discovered the body, tied it to the bridge and sent for Coroner Oden. The Coroner summoned a jury and after examination agreed upon a verdict that the man came to his death by blows from the hands of some unknown person.

The neck bone was broken and the body terribly bruised in several places. The man was supposed to be about twenty-five or thirty years old, and was supposed to have been dead about one month. He could not be identified by any one.

It is possible that he is the same man who was knocked off a wood boat some two or three weeks ago several miles below the city, but parties who saw the body say no.

The body was turned over to the county undertaker for burial.

**Shipping News.**

The steamer Vesper of the E. C. D. line arrived yesterday with full cargo, and will sail this afternoon at 4 o'clock. The steamer Annie of this line will arrive tomorrow.

The steamer Mantoo of the O. D. line will sail this morning for Norfolk at 9 o'clock.

Acute rheumatism is an inflammation of the joints, marked by pain, heat and swelling. With these symptoms apply Serravallo's Tonic, the great pain-killer, at once. It is made in New York. Nothing tries the patience of a man more than to listen to a hacking cough, which he knows could easily be cured with Dr. Bell's Cough Syrup.

## NORTH CAROLINA NEWS.

From the State Papers.

**Wilmington Star:** The apportionment of the school fund for New Hanover county this year is \$150 for each child of school age.

**Shelby New Era:** This last escape make eight prisoners that have gotten out of jail within the last month. — Three white men, P. A. Cowan, Joe Towsy and Henry Gunter, made their escape from the Shelby jail last Saturday afternoon between half past three and half past six.

**Twin-City Daily Jas. W. Albright,** of Greensboro, has been appointed State Agent of the U. S. Department of Agriculture, taking the place of P. F. Duffy, of this city, who held that position under Mr. Cleveland's administration. Mr. Albright is an uncle of Congressman Brower. Mr. Duffy is the first Democrat in this State to walk the plank under the new administration.

**Stanley Observer** Mr. M. Blalock, of Norwood, is, we believe, the largest farmer in Stanley county. He runs a force of twelve plows, and will this spring cultivate about 300 acres in corn and cotton. — Last week there was quite a mad dog scare in the neighborhood of the Pennington mills. A hog and several dogs were bitten by the rabid animal. It is also reported that Mr. Travis Russell was also bitten at the same time by the same dog.

**Durham Post:** Wested some weeks ago that Durham was a fine field for a live revenue officer. The seizures of the blockade train Sunday morning bears us out in that assertion. This however, did not exhaust the opportunities. Much more may be done along this line. — Judge Bynum says our court house is the best arranged and handsomest one he has seen in the State. — (He has been to New Berne. — Ed. JOURNAL.)

**Wilmington Review:** The board of directors of the Wilmington and Weldon Railroad Company have authorized the payment of three and a half per cent interest on certificates of indebtedness of the Company, payable at the treasurer's office in this city on and after the 1st of April. — They say that the prospects of the truckers and farmers on the coast were never better than they now are. With continued good seasons some of them will have a bonanza. The hail did not touch them.

**Elizabeth City Economist:** The Dismal Swamp Canal was sold to a Northern Company some weeks ago and the sale was confirmed on Saturday. The price to be paid for it is \$85,000, and the work of improvements will commence at an early day. — The sensational case in our court last week was State vs Stegar for attempted arson. His case was submitted upon a plea of guilty by his counsel, J. H. Sawyer, in a short, tasteful and touching speech, and upon proof to the Judge of his age and past criminal conduct he was sentenced to the penitentiary for seven years.

**Murphy Bulletin:** The brush fires on the mountains for the past week have been quite extensive. These fires at eventide present a beautiful sight, and is one which never tire of looking at. — Several hogs and cats which showed every evidence of being affected with hydrophobia, were killed at Valleytown a few days ago. Some days previous to this some of the hogs were known to have been bitten by a rabid dog. — The preliminary work that is being done on the Chattanooga, Cleveland and Murphy Railroad in this county is progressing finely, and it wouldn't surprise us to see from 1,000 to 1,500 men at work on this road in less than 60 days.

**Sanford Express:** There have been several car loads of corn shipped here this season. The Alliance men and others hauling it away remind us of the people going into Egypt after corn in olden times. — In the Methodist church in Carthage on Thursday evening, by Rev. S. D. Adams assisted by Rev. A. E. Shaw, Mr. T. B. Tyson, jr., and Miss Nannie M. Phillips, daughter of the late Rev. B. C. Phillips of the N. C. Conference, were happily married. — Will Minter, col., who escaped from a squad of convicts working on a railroad in Martin county, has again made his appearance in this county. He is supposed to have entered Rev. George Underwood's house in Jonesboro to worship last Sunday. The house was entered and clothing was stolen while the family was away. The farmers in the Lick Creek community have loaded their guns with buck shot and this desperate character will be summarily dealt with when he is caught lurking around.

**News and Observer:** A private telegram received here yesterday evening from a party in Washington stated that Mr. Nicholas was in the lead in the contest for the public printing, and that his friends expect him to win. — The newly appointed justices of the peace are requested to present themselves at their earliest convenience before the clerks of courts and be sworn into office. The time allowed is sixty days from March first. The matter should receive attention in good time. — Several car loads of negroes from the east passed through here yesterday en route to Mississippi. — Another case against Cross and White will come up in Wake Superior Court on next Saturday. The charges in this case are those of false pretenses. This case is one of the last brought in by the grand jury. — Messrs Alfred Williams & Co. have in press "Seventh North Carolina Digest," by Judge Aug. S. Seymour, of the Federal Court. The volume will comprise some 600 pages, and will contain a careful digest of all the cases in the North Carolina Supreme Court Reports from volumes 30 to 100. The profession will receive regular announcement in a few days. — Adjutant General James D. Glenn states that the time set for the annual encampment to begin at Weymouth this year is Tuesday, July 9th. It will continue ten days. — A private letter received by a party in this city gives the sad intelligence of the death by burning of the little

daughter of the Rev. Mr. Rose, who was formerly Episcopal minister at Oxford, and who was well known in this State. He went from there to Birmingham, Ala., about eighteen months ago.

**The Truck Outlook.**  
We get the following information from the Wilmington Star:

The early potato crop in the country around Wilmington has been seriously injured by continued wet weather. One trucker reports that he has eleven acres "totally ruined," and other reports more or less damage. The prospects for other "truck" may be good, and for potatoes even, if on well drained lands. — Charleston truckers say that their cabbage crop is fully twenty days behind last year, but potato crops that are now ruined by the rain are fully twenty days ahead.

Savannah truck growers, it is said, are disposed to try new markets this season, and will ship fewer vegetables to New York, Boston and Philadelphia, which cities, except the few interior Georgia markets, have been getting the bulk of the vegetables grown in that section in past years. They expect to ship to more western cities, such as Pittsburg, and also to interior cities of New York and Pennsylvania.

**ADVICE TO MOTHERS.**  
Mrs. WINDLOW'S SOOTHING SYRUP should always be used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

## DICKENS' WORKS.

HOW TO OBTAIN THEM.

Any subscriber to the DAILY or WEEKLY JOURNAL, who has paid one year in advance, will be entitled to 10 per cent discount on a set of CHAS. DICKENS' WORKS. For the money, this is the best edition on the market. Compared with the cost of former, even recent days, it is amazing how the prices of standard books are now reduced. This is especially true of the works of Charles Dickens, and the most marvellously cheap edition of his works ever published is unquestionably the "Box" edition, now issued by John B. Alden, the "Literary Revolution" publisher, New York, Chicago, and elsewhere. It is printed in good, clear, large-sized nonpareil type (from the same plates as Appleton's Popular Library Edition, price per set \$10.00), double-column pages, small quarto form, easy for the eye, convenient to handle, and is handsomely bound in cloth, in eight volumes as follows:

- 1. Martin Chuzzlewit.
- 2. Barnaby Rudge.
- 3. Bleak House.
- 4. Nicholas Nickleby.
- 5. Tale of Two Cities.
- 6. Utopia of Traveler.
