

THE DAILY JOURNAL

VOL. VIII.—NO. 4.

NEW BERNE, N. C., FRIDAY, APRIL 5, 1889.

PRICE 5 CENTS.

BUSINESS LOCALS.

DICKENS WORKS.—The sample copy of the "Best" edition of Dickens is now on hand. Regular library price, good cloth binding and clear print. We club these works complete with either the DAILY or WEEKLY JOURNAL at astonishingly low prices. Call and see sample. 45 tf

JAMES REDMOND, WHOLESALE LIQUOR DEALER, has just received a good assortment of Native Wines and Brandies, and also some of the famous California Wine known as the "Angelica," made from the famous and delicious Angelica Grapes. This Grapes is only successfully cultivated in the Southern part of California; it is a very delicate grape and requires certain conditions of climate to bring it to excellence, which conditions are only met in that part of the United States. His native North Carolina Wines and Brandies from the vineyards of Garrett & Co. and J. Wharton Green are of very superior quality and are very pure. 45 tf

FRESH supply of very best Butter received semi-weekly, which I offer for 50 cents per pound. 45 tf

DENTAL CHEWING GUM.—Cleanses, Preserves and Beautifies the teeth and sweetens the breath. Recommended by dentists. Sold by druggists and confectioners. Try it. 45 tf

FAMILY MEAT CUTTERS at GEO. ALLEN & CO.

FLOWERS for decorations, bouquets, large and small, or floral designs for any purpose furnished on short notice by leaving orders with Sam. Radcliff on Middle street. 45 tf

FOR SALE.—Cow with young calf. 211

IMPORTED FRENCH BRANDY AND HOLLAND GIN, just received and for sale by JAMES REDMOND.

FERTILIZERS for Truckers and for Cotton Planters, at GEO. ALLEN & CO.

PLOUGHS, Cultivators and Harrows at very low prices. GEO. ALLEN & CO.

JUST RECEIVED.—Another lot of GARRETT'S COGNAC BRANDY for sale by JAMES REDMOND.

ONE Thousand Rolls Wall Paper at very low prices. GEO. ALLEN & CO.

PURE WINES AND LIQUORS for medicinal and other uses for sale by JAMES REDMOND.

THE Senate adjourned sine die last Tuesday.

GEN. BOULANGER has left Paris for Brussels to avoid falling into the hands of the government.

PRINCE BISMARCK, in reply to birthday congratulations, said that he looked forward to a continuation of peace.

WASHINGTON was a fashionable gentleman. His dancing pumps were number eleven, and his every day boots were thirteen.

THE municipal elections of Ohio Monday prove beyond question that Murat Halstead is needed right at home.—Washington Post.

THE Republican Administration believes in giving offices to Republicans. The Democrats should learn a lesson from this.—Williamsport Sun.

THE New York Herald asserts that "President Harrison is the only living ruler who can gather at his table four generations in the direct line, from great-grandfather Scott to the little Russell Harrison baby."

THE latest in regard to the new dam of the cotton bagging combination is that it will control the supply of bagging for the coming crop quite as effectively as did the combination of last year, though not at such high prices.—Wilmington Star.

It is to be regretted that Gen. Harrison has not been able to name a successor to Justice Matthews. The work of the Supreme Court is so far behind now that a vacancy on the bench ought not to be permitted to exist any longer than is absolutely necessary.—New York Star.

ROBERT LINCOLN'S appointment was not especially adapted to please party leaders, any more than Minister Phelps' was. It looks as if President Harrison did not care any more about this than President Cleveland did. More power to the arm of both of them and of all their successors in the same line.—Boston Herald.

CARING for the meritorious old soldiers who have a just claim on the treasury is one thing; satisfying the appetite of the claim agents for public money would be quite another and vastly more expensive thing.—Hartford Courant.

SENATOR TELLER'S resolution in favor of considering nominations in open session coming at the present time looks a little like a bluff. He was one of those who spoke against Mr. Halstead, and he wants it understood that he had just as lief speak it all out before everybody if the rules allowed. Whatever are the motives which prompt this Colorado Senator, his proposal is a sound one, and we hope he will press it persistently and effectively.—Philadelphia Press

LOCAL NEWS.

NEW ADVERTISEMENTS.

FLANNER.—Clothing! shoes! JOURNAL—Dickens' Works.

T. J. TURNER & Co.—Furniture, etc.

The delinquent tax list crowds out much other matter, but it is interesting reading to Craven county people.

The reputation of the Japanese Wedding at Stanley Hall last night was again beautifully rendered and much enjoyed by those present.

The Journal office has been doubly treated to cream and cake. First from the Japanese wedding, and then from the boarding house of Mrs. Joseph Nelson.

Mr. J. A. Patterson is negotiating for the new summer hotel at Ocracoke. If he succeeds in getting it and can get a regular line of steamers, such as the O. D. boats, to make regular trips from Washington and New Berne, Ocracoke will become a very popular resort.

Tax Delinquents.—The sheriff, in compliance with law, advertises the property of all delinquent taxpayers. The sale will take place on the first Monday in May and the commissioners are taking steps to have the law complied with in every respect with a view of putting the county in possession of property purchased at said sale.

Onslow Will Have a Railroad.—The Wilmington Messenger has interviewed Mr. Richard Lamb, chief engineer of the Wilmington, Onslow and East Carolina Railroad, who says the road from Wilmington to Jacksonville will be completed by the first of December. This road must be continued to New Berne, and it ought to be done before the opening of our next Fair.

Shipping News.—The steamer Annie of the E. C. D. line arrived yesterday with cargo of general merchandise and will sail at 4 o'clock this afternoon. The vesper of this line will arrive tomorrow.

The steamer Tahoma arrived last night and will sail tomorrow morning.

The steamer Vanceboro arrived from Vanceboro yesterday evening with a full cargo of shingles and lumber.

The Manteo of the O. D. line will sail for Norfolk this morning at 9 o'clock.

Arrested for Disobedience.—Two arrests were made yesterday evening for refusing to obey the chief of the fire department during the fire at Stimson's mills. We have been informed that the parties arrested not only refused to obey the chief but were impudent and insulting. Perhaps they were ignorant of the authority conferred upon the chief of the department under such circumstances, and even if that is true common sense ought to teach them that some one must command when the safety of the community depends upon prompt and judicious action.

It will be a sad day for New Berne when the civil authorities refuse to sustain the officers of the fire department in any reasonable demands they may make during the progress of a fire.

Personal.—Mr. Eddie Lewis, of Wilmington, is in the city on a visit to his sick father.

Cyrus Foscue, Esq., of White Oak, Jones county, is in the city.

Mr. G. F. M. Dail, W. W. Clark, Esq., and L. J. Moore, Esq., returned from Greensboro last night.

Ex Sheriff Hahn returned from Richmond last night with a cargo of mules.

Capt. J. M. White and J. W. Granger, Esq., of Kingston, arrived last night.

Messrs. J. L. Tucker and S. W. Galt, formerly of Pitt, arrived yesterday.

ADVICE TO MOTHERS.—Mrs. Winslow's SOOTHING SYRUP should always be used for children's teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for "diarrhea." Twenty-five cents a bottle.

ANOTHER BIG FIRE SQUELCHED.

A Dry Kiln and 250,000 Feet of Lumber Burned.

Noble Work of the Fire Department Prevents a Destructive Conflagration.

The sound of the fire bell at 6 o'clock yesterday morning caused many to turn out of bed who were in the habit of doing until a later hour. The dense volume of smoke emitted from the dry kiln of Stimson's mills at once designated the cause of alarm.

THE FIRE DEPARTMENT RESPONDS.—With its usual promptness the fire department rushed to the scene, and a large number of citizens of all classes soon gathered, and seeing the danger to which their fellow-citizens in that part of the city were exposed began work in earnest to arrest the flames.

THE SITUATION.—Stimson's mills are located on Neuse river, the larger one being only a few paces from the warehouse of the A. & N. C. R.; the smaller (the old mill) is about fifty or seventy-five yards down the river from the larger one. On the yard between the two mills and on the wharves, there is perhaps over a million feet of sawed lumber. About forty or fifty yards from the larger mill and directly in front of it was the dry kiln and in the yard back of it were several hundred cords of slabs and considerable lumber piled near the kiln. Not far from this slab yard are the residences of General Robert Ransom and Mr. Isaac Patterson and near them are many other residences extending down in the city.

THE ENGINES GET TO WORK.—Owing to the immense quantities of lumber in every direction the firemen were delayed in getting to work. There was some difficulty in getting to work, but finally both engines were planted on the river between the larger mill and the railroad warehouse and soon four streams of water were turned on. The flames from one hundred and twenty-five thousand feet of lumber in the dry house were beginning to burst out and quickly communicated to one hundred and twenty-five thousand more near by. Fortunately for Mr. Stimson his mills and the larger portion of his sawed lumber were to the windward of the burning kiln. A stiff breeze blew from the northeast and carried the sparks and burning cinders in great flakes towards the residences of Gen. Ransom and Mr. Patterson. It took hard work and constant watchfulness to save these from burning.

GOOD WORK.—The management of the fire after the engines were planted was admirable. The streams were well directed; the hook and ladder companies did good work, but it took two hours hard work to get the fire under control, and it was past noon before the engines stopped work. Had there been no difficulty in getting to water the engines could have been at work much sooner and much of the lumber would have been saved.

THE LOSS.—Mr. Stimson's loss will approximate \$10,000. His mills have been cutting near 60,000 feet per day recently while his kiln would not dry over 25,000 per day. On this account lumber has accumulated rapidly and he has for some time contemplated enlarging the kiln in order to meet the capacity of the mills. It is a heavy loss, as there was no insurance, but a man of Mr. Stimson's indomitable energy is not to be discouraged. He will immediately rebuild the dry house double its former capacity, and the mills will be going again in a short time.

Convict Farm at Core Creek.—The Raleigh News and Observer says:

Gen. W. G. Lewis has written a letter to the Governor informing him that he has made an examination of the section surrounding Core Creek on the A. & N. C. Railroad and expresses the opinion that it would pay the State to put a force of convicts to work to clear up the land and to start a convict farm. He says that part of the land is well timbered and that it is very fertile and productive.

Experiment Station's Bulletin No. 62 1-5.—N. C. EXPERIMENT STATION, March 27, 1889.

Bulletin No. 62 is issued today. It contains in addition to the fertilizer analyses published in No. 61, other analyses completed since that time. The list is printed in 62 embraces with but few exceptions all of the brands licensed for sale in the State.

Write for the Experiment Station Bulletin 62; it and the subsequent publications sent free upon application. H. B. BATTLE, Director.

Hockley's Arnica Salve.—THE BEST SALVE in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetters, Chapped Hands, Chills, Corns, and all Skin Eruptions, and positively cures piles or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by E. N. DUFFY.

Resolutions of Fire Department.

NEW BERNE, April 4th, 1889.

At a called meeting of the members of the Fire Department of the City of New Berne, N. C., Mr. Wm. Ellis, chief of fire department, was called to the chair, and E. Gerock requested to act as secretary of the meeting.

The chairman stated the object of the meeting.

Whereupon a committee of seven was selected to express the sentiments of the members of the fire department.

Gerock, Hilton, Moore, Baxter, Harrington, Green and McSorley were appointed the committee to draft suitable resolutions and reported the following, which was unanimously adopted.

We, the committee appointed to draw up resolutions expressive of the sentiments of the Fire Department of the City of New Berne, N. C., in regard to the action of Mr. Daniel Stimson in withholding and abetting the refusal of certain colored men in his employ to obey the orders of the chief engineer of said department at the recent fire at his mills, also his sustaining them in the use of profane and abusive language to the officers in command.

Resolved, That the Department unanimously condemn his action and enter this their public protest as to his ungrateful and unwarranted action in this matter.

Signed by the committee:

DANIEL STIMMON,
R. H. HILTON,
JAMES W. MOORE,
H. E. BAXTER,
W. D. HARRINGTON,
JOHN GREEN,
J. M. SORLEY.

On motion, a committee of seven consisting of the chief, his two assistants, the foremen of the two companies and assistant foremen be the committee to attend the trial of the case for violation of order of the chief of the department.

Also the said committee was authorized to wait on the board of city council and ask them to appoint a force of special police for duty at all fires.

On motion, the chief was authorized to employ Simmons & Manly to assist Clark & Clark in the prosecution of the case.

On motion the proceedings were ordered published in the DAILY JOURNAL.

E. GEROCK, Secy.

NORTH CAROLINA NEWS.

From the State Papers.

Goldboro, Apr. 4.—The first pea blooms of the season were sent in to this office yesterday from the fine field of Mr. Walter Creech, in Webbtown. If no late frosts come to nip the crop in embryo there will be a prolific yield this year, in this section.—The electric light men say they intend to begin work in this city by the 5th instant.

Durham Tobacco Plant. It appears probable that our efficient postmaster, Mr. J. H. Allen, will hold his position until April of next year, when his term will expire. It seems to be the policy of the administration not to remove officers of this class without cause, until the expiration of the term for which they were appointed.—We learn that our Presbyterian friends will endeavor to raise funds for the erection this summer of a commodious brick church on the corner of Main and Roxboro streets, where the wooden building in which they now worship, is located.

Wilmington Star. Mr. Thomas J. Loain, the Republican member of the Board of Aldermen from the Fifth Ward, is a Wade by birth and one of the employees at the Carolina Oil and Creosote Works.—Municipally speaking, yesterday was a banana day to the "ins." No icy blizzard froze up their young hopes, and they still rest on the downy bed of official pay.—A change is proposed in the plan for the public building now in course of construction, and the contractor has been asked to make an estimate as to the cost of an additional story on the tower.

Charlotte Daily News. The reward of \$200 offered by the mayor for the detection of Mrs. Bryan's burglars has brought a number of detectives to the city.—Capt. Aaron Griffith, who was in the city today, reports that he has corn up and growing finely. All the farmers, he says, are in better shape than usual at this time of the year.

Col. Wm. Johnston, who left here a few days ago for Mexico, accompanied by his son Mr. Frank Johnston, is detained at San Antonio by the illness of his son. Mr. Johnston was still confined to his bed at latest accounts.

Tarboro Southern. The piping is all laid, the tank is up, and as soon as the pump and boiler are in position the water-works may be tested.—It is now only a question of days, and at most of a very few weeks, when every machine in the cotton factory will be at work and every belt and pulley be turning. Nearly half are at it now, and the whirr and noise sound like the roar of waters.—Maple Swamp Alliance No. 483 makes an encouraging report for the quarter ending April 1st, showing increased membership and interest in the order.—At the last meeting the drainage of land was discussed, and the general conclusion was little if any land was sufficiently drained.

Charlotte Chronicle. A private letter received in this city yesterday from Senator Vance who is at his home, Oombroon, near Black Mountain, says that the Senator though suffering from nervousness is being very much improved by rest and the mountain air. The Senator expects to remain at his country home as much as possible until Congress convenes next December.

General John Augustus Young, postmaster of Charlotte, died yesterday at an o'clock, at his residence in this city, in the 75th year of his age.—It is said that the night of Senator Vance's remaining eye is failing. On this account, the Republicans of the Senate have decided, in caucus, to allow him a personal clerk all the time, instead of only during the session of the Senate.

Card of Thanks.

The firemen of New Berne have my hearty thanks for the excellent work done in saving my property. They fully maintained their reputation as a first class fire department.

I also feel grateful to the citizens in general for their timely help; they also sustained their reputation as a generous and kind people.

D. STIMMON.

Note of Thanks.

I offer my and my family's grateful thanks to the Fire Department and citizens of the city who successfully protected my residence from the destructive fire of yesterday morning, and for the generous kindness we so fully received.

R. RANSOM.

New Berne, April 4th, 1889.

To Whom It May Concern.

NEWBERN, N. C., April 4th, 1889.

This is to certify that we the undersigned, of the executive committee of the Christian Conference, met in this place on Thursday the 28th day of March to investigate the troubles in T. P. Wilson's church, and he closed the doors against us and failed to hear us in any way, and by this and other things we were bound to expel him from the Christian connection and place some one else in his place. So we read him out last night, the 4th, to the public, as all may know that T. P. Wilson is no longer a member of the Christian connection, according to the decision of the eastern and western executive committee.
