This Grape is only successfully cultivated in the Southern part of California; it is a very delicate grape and requires certain conditions of climate to bring it to excellence, which conditions are only met in that paradise of the United States. His native North Carolina Wines and Brandy from the vineyards of Garrett & Co. and J. Wharton Green are of very superior quality and are very pure. a31m

**CORNELIUS VAN COTT** has been appointed postmaster of New York City.

It is evident that Democracy is gaining ground in the North and West.

**MISS MARY ANDERSON** sailed by the Germania from New York Thursday for England.

**EDWIN BOOTH**, the greatest living Shakesperian actor, has been stricken with paralysis.

**MR. ROBERT LINCOLN** has formally notified the President of his acceptance of the British Mission.

**SECRETARY NOBLE** is receiving praise from Democrats. Correct. Merit ought to be recognized wherever it is found.

**THE HON. SIMON WOLF** has knocked an old saying out of time; nobody now wants to keep the Wolf from the door.—Charlotte Chronicle.

**PRAIRIE** fires have caused wide spread desolation in Dakota and Minnesota. Towns have been wiped out by the flames, and many families left homeless and shelterless.

**THE Cincinnati Commercial Gazette** is after Senator Preston B. Plumb, who was a Colonel of a band of Missouri marauders during the war. The paper convicts him of the robbery and attempted murder of a Union man at Independence, Missouri, during the war.—Wilmington Messenger.

**HON. JOHN A. J. CRESSWELL**, of Maryland, having been mentioned as probable successor of Justice Matthews on the Supreme Court Bench, the Washington Post says: "Among the great legal business of the country Mr. Cresswell occupies a foremost place, and there is none among them, perhaps, better equipped than he for the duties of a Supreme Court Justice in all the requirements, mental, personal and judicial, which that position."

**AT Hannibal, Mo., April 3d**, ten million feet of lumber in the yards of the Empire Lumber Company and several small residences were destroyed by a fire started by sparks from a locomotive. The losses aggregate \$100,000.

**HON. C. R. BRACKINRIDGE**, who was charged by base partisans with complicity in the murder of Clayton, is using all possible means to bring the guilty to justice. When he ascertained that the Governor was without funds, necessary to follow up the case, he promptly advanced the needed amount.

**THE Georgia State Farmers' Alliance** have resolved that every bale of cotton made by the Alliance men in Georgia shall be covered by cotton cloth instead of jute bagging. This action affects nearly 100,000 farmers and will probably result in the establishment of many new cotton factories in the State.

**THE recent Democratic victories** and increased Democratic vote in the North and West only add to the irrefragible proof that had been adduced before, of the fact that the cause of the National Democratic defeat last fall was a lack, not of Democrats, but of the enthusiasm requisite to make Democrats vote.—Alexandria Gazette.

**WE note with pleasure** that Clement Manly, Esq., of New Berne, has been appointed by Governor Fowle, a delegate to the Centennial Celebration of the Inauguration of George Washington President of the United States, which takes place on the 30th inst., in the City of New York. The honor is most worthily bestowed.

## LOCAL NEWS.

**NEW ADVERTISEMENTS.**  
E. SCOTT—Puppy lost.  
H. DUFFY—Receiving goods daily.

Regular prayer meeting of the young men at the Baptist Church, this evening at eight o'clock.

We publish today the act amending the charter of the city of New Berne, extending the corporate limits.

Rev. L. W. Crawford is conducting interesting meetings at the M. E. Church every evening this week.

The steam tug Swan broke her piston rod down Neuse river on Sunday evening and was towed up by Blades' tug boat.

The steamer Kinston arrived from Kinston yesterday evening and will leave on return trip this morning at 10 o'clock.

The first load of rock for the cemetery road was brought down yesterday evening by Capt. Dave Roberts on the steamer Trent.

Treasurer Daniels is paying off the school teachers of the country districts. The schools were open about fifty-five days upon an average.

Ed Street's white horses and spring wagon make a splendid turnout for a party to go fishing, visit the truck farms or go on a picnic.

The Ladies Auxiliary to the Young Men's Christian Association hold their regular monthly meeting this Tuesday afternoon at 5 o'clock at the rooms of the Association.

There will be services in the Methodist Church every night this week beginning promptly at 8 o'clock. All persons are cordially invited by the pastor to join the congregation in these devotional meetings.

**Smithfield Burned.**

News was received in this city last night that the town of Smithfield, Johnston county, took fire on Sunday evening, burning nearly all the business houses and many residences. The loss is estimated at over one hundred thousand dollars. The fire was still burning yesterday and but few goods were saved. Only about twenty thousand dollars insurance.

**Mayor Hill Nominated.**

The Democrats of Kinston in convention assembled last Friday evening nominated the present mayor, A. T. Hill, for re-election. This is the third time Mr. Hill has been nominated for this position, and is a well-merited endorsement of his administration of the town affairs during the past two years.

## Effects of the Cold Snap.

A visit to the truck farms near the city yesterday found the growing peas and potatoes not damaged so much by the cold as by the winds. But few of the peas are seriously damaged but on the light lands the beans have been literally uncovered and left bare. In some instances the seed are actually scattered about on the ground.

As we have only Sunday's issue of the Norfolk papers we are unable to give the effects of the storm on the truck in that vicinity. The storm at that point was terrible, equal to that of the 15th of August, 1879.

## To the Victors Belong the Spoils.

The Harrison administration is carrying out the old Andrew Jackson Democratic doctrine, "To the victors belong the spoils." It has been said that the policy of the administration is that no officer would be removed unless for inefficiency or other evidence of unfitness; that simply being a Democrat was not sufficient cause for removal. If our information is correct that policy has been abandoned by at least one department of the government. We are informed that Mr. A. S. Willis, a very efficient postal clerk on the A. & N. C. R., has been removed and John Randolph, col., appointed in his place.

## The Fire Department Sustained.

The hearing of the case against John Harris and Hatton Hudson, the two colored men who were charged with resisting and disobeying the orders of the officers of the fire department during the fire at Mr. Stimson's mill on Thursday last, was held before Justice Brinson at the court house yesterday.

The prosecution was represented by Hon. C. C. Clark and Simmons & Manly; the defendants by M. DeW. Stevenson, L. J. Moore and W. E. Clarke.

The evidence was positive and overwhelming that the defendants did, not only refused to obey the chief engineer of the department but used very unbecoming language in refusing—language which came near provoking a riot.

The judgment of the court was that the defendants be imprisoned in the county jail for thirty days. The defendants appealed and gave bond for their appearance at the next term of the Superior Court.

## Another Grand Emporium Opened.

It is gratifying to see that New Berne's merchants are striking out for the wholesale business which they are justly entitled to. With the opening up of our rivers and creeks for navigation, new towns and villages sprung up which commanded a good part of our former retail trade. Our merchants ought to have at once secured the wholesale trade of these towns and villages. They now buy such quantities as to enable them to furnish retailers on better terms than they can get in Northern markets.

These thoughts are suggested by the opening of a very large stock on Middle Street by Mr. H. B. Duffy. But a weeks ago Mr. Marks opened at his new stand, now Duffy opens with his store enlarged to double its former capacity and every foot of space is filled. His stock embraces many classes of goods, and ladies goods have received his special attention. Ready made clothing is a new feature in his business; but it embraces a fine line of goods. In fact every department is full and there seems to be no end to goods of every description in passing the various rooms of his store. New Berne is on a boom for wholesale trade and her merchants are going to "hustle."

## Personal.

Miss Blanche Fulcher, who has been visiting her sister, Mrs. J. C. Green, left for her home in Beaufort Saturday. Mr. John Bissell of Kinston, arrived on the steamer Kinston yesterday evening on his way North.

Mr. A. M. Baker has returned from the Northern markets whither he has been to purchase a spring stock of goods.

## The Storm at Norfolk.

The storm at Norfolk on Saturday night was fearful. Water rose in the warehouses until lime stored therein was washed and set the buildings on fire. The Cotton Exchange warehouse, corner of Fayette and Water streets, and the whole of the old Cotton Exchange building, filled with cotton were destroyed. The loss by fire alone will approximate \$300,000. Perry's warehouse was entirely gutted.

## Shipping News.

The steamer Vesper of the E. C. D. line sailed yesterday afternoon with a cargo of lumber, shingles, cotton, &c. The Annie of this line will sail tomorrow afternoon at 4 o'clock.

## Freight Train Wrecked.

A freight train was wrecked at West Point, Va., on Sunday, killing two men.

## Push the Boom.

A gentleman writing from New York inquiring about hard woods in this section says: "I would under favorable inducements go to or near your town and put up a factory to manufacture curtain poles, &c. Please let me know what the advantages are for making and furnishing these goods at New Berne."

The advantages are many. The various rivers and creeks tributary, make New Berne easily accessible to all the hard woods to be found in this section. The facilities for shipping the manufactured goods over cheap water lines to points North or to the towns and villages in this immediate section are unsurpassed for cheapness and dispatch. And the advantages of climate, cheapness of labor, fuel and raw material are equal to those of any community.

A number of sites have been offered to manufacturers near the city and a bonus of one thousand dollars to the first manufacturer who will erect thereon a factory with a capital of not less than \$20,000. In addition to this, the rule of assessing property for taxation makes our taxes comparatively light.

The Board of Trade has been entrusted with the duty of advertising these advantages and it is about time to begin to hustle. The gentleman who writes this letter ought to be at once furnished with one of the cards making known advantages and inducements recently offered. Push on the boom.

## NORTH CAROLINA NEWS.

From the State Papers.

Elizabeth City News. The Town Commissioners Monday night contributed \$50 towards the fund for entertaining the State Medical Association when they meet here on the 16th inst. The Association may set their hearts on having a good time.

Salisbury Herald. Mr. J. R. Whitchard, the editor and proprietor of this paper, was married yesterday at Albany, Ga., to Miss Ella C. Roberts. Mr. M. S. Brown met with a very severe and almost fatal accident last Saturday afternoon. A fractious horse threw him out of his vehicle, landing him on his shoulder. He was conveyed home unconscious, but with medical assistance soon recovered, when it was found that his shoulder was dislocated.

Greensboro Patriot. The city fathers have appropriated \$500 for the purchase of guns to be used by the Continental Company at the Guilford battle ground celebration on the 4th of May next. It was ordered by the board of county commissioners, at their meeting Monday, that the hanging of Elijah Moore, on the 19th inst., be public, at a place to be selected by the sheriff. But an appeal having been taken to the Supreme Court in Moore's case, it is not likely that the sentence will be carried out on that date.

Nashville Argonaut. S. D. Marshall will plant twenty-one acres in tobacco this year. He sold the tobacco from nineteen acres last season for over \$3,000, or an average of over \$150 per acre. Our farmers report extraordinary preparation for a crop this year. An unusual quantity of land has been cleared all over the country, and in the Hillsboro section, it is said that during the past ten years, there has not been as much clearing and other preparation made for a crop, as has been this season.

Statesville Landmark. The new 80 horse power boiler for the electric light station arrived yesterday morning. The new engine came last week and has been set up on its foundation. What would probably have very soon turned out to be a jail delivery if the project had not been nipped in the bud, was frustrated by Jailer Joyner last Thursday night. A hole had been cut in the floor of the United States prisoners' room, in which were confined five prisoners (among the number Thomas Brotherton, who is in jail for killing Junius Summers.) and plans were evidently on foot for getting through the floor down to the second story of the building from which an easy escape could have been made through a window. The town had quite a mysterious visitation last Saturday night. About 11 o'clock a flock of birds with a different cry from any ever heard in this region before, made their advent and hovered over first the electric light and then another, keeping up a continual cry but never coming low enough to be seen. Their noise was very singular and attracted the attention of a good many persons. Mr. W. A. Douglas said that while herding sheep in Washington Territory he was acquainted with a bird which had a similar cry.

To Democratic Ward Committees. The members of committees of the several wards are requested to meet at the City Hall Wednesday evening at 8 o'clock to elect a Chairman and attend to such matters as may come before them.  
WILLIAM ELLIS,  
J. T. LEWIS,  
Members Committee 1st Ward.

Nominating Convention. The Republicans of the fifth ward of the city of New Berne are hereby notified to meet at Samaritan Hall on Thursday, May 2d, at 12 o'clock m., to nominate a candidate for city councilman, to be voted for on the first Monday in May.

WM. G. ORUM, Chairman.
