DICKENS WORKS—The sample copy of the "Box" edition of Dickens is now on hand. Regular library list, good cloth binding and clear print. We also have works complete with either the DAILY or WEEKLY Journal, at astonishingly low prices. Call and see sample.

JAMES REDMOND, WHOLESALE LIQUOR DEALER, has just received a good assortment of Native Wines and Brandies, and also some of the famous California Wine known as the "Angelica," made from the famous and delicious Angelica Grapes. This Grape is only successfully cultivated in the Southern part of California; it is a very delicate grape and requires certain conditions of climate to bring it to excellence, which conditions are only obtainable in that part of the United States. His native North Carolina Wines and Brandies from the vineyards of Garrett & Co. and J. Wharton Green are of very superior quality and are very pure.

DENTAL CHEWING GUM—Cleanses, Preserves and Beautifies the teeth and sweetens the breath. Recommended by dentists. Sold by druggists and confectioners. Try it.

FAMILY MEAT CUTTERS at GEO. ALLEN & CO.

FLOWERS for decorations, bouquets, large and small, or floral designs for any purpose furnished on short notice by leaving orders with Sam. Radcliff on Middle street.

FOR SALE—Cow with young calf.

IMPORTED FRENCH BRANDY AND HOLLAND GIN, just received and for sale by JAMES REDMOND.

FERTILIZERS for Truckers and for Cotton Planters, at GEO. ALLEN & CO.

PLOUGHS, Cultivators and Harrows at very low prices. GEO. ALLEN & CO.

JUST RECEIVED—Another lot of GARRETT'S COGNAC BRANDY for sale by JAMES REDMOND.

ONE Thousand Rolls Wall Paper at very low prices. GEO. ALLEN & CO.

PURE WINES AND LIQUORS for Medicinal and other uses for sale by JAMES REDMOND.

"In his engagement with Quay, Postmaster-General Wanamaker won the field."

It is now intimated that Stanley is engaged in the slave trade. Let judgment be reserved until the facts are known.

The many friends of Edwin Booth are gratified that he is much improved, and his early recovery is confidently expected.

A MAN who comes in possession of a plugged quarter can never know true happiness till he succeeds in passing it on some one.—Boston Courier.

The appointment of Mr. Van Cott to succeed Mr. Pearson as postmaster of New York is hailed by the New York Republicans as a triumph of practical politicians over mere theorists.—Hartford Times.

The Washington Post is a great improvement upon any newspaper that has been published at the National capital in many years. The paper is Republican, but it is ably conducted, and furnishes news from all parts of the world. Its literary merits are of a high order.

The disasters, by fire and flood, that befall the cities of Norfolk and Savannah on Saturday and Sunday have awakened very general sympathy. It is estimated that the loss at Savannah by fire is not less than \$1,500,000 and that the loss at Norfolk by fire and flood will reach \$150,000.

GEN. CLINTON B. FISK declares that he is supremely happy because his "old Corrith comrade, Ben Harrison, sleeps in the White House." Yet if Gen. Fisk had had his way last fall his old Corrith comrade would still be bunking out in Indianapolis.—Philadelphia Press.

The New York World has a cartoon representing Halstead at his desk writing with a huge pen nib and on the wall are hanging the scalps of Senators Plumb, Gillen, Swartz, Payne, Farwell and Ingalls. There is force in that. A well-wielded pen is the best scalping knife ever invented.—Toledo Commercial.

It is announced that every Brooklyn representative in the Legislature is opposed to the bill consolidating New York and Brooklyn. It is plain that Brooklyn does not want to be absorbed by the great metropolis. Her autonomy is sacred to the politicians. And yet no Brooklynite is ever found abroad who is not fond of registering himself a New Yorker.—N. Y. World.

EX GOVERNOR PORTER, of Indiana, lately appointed Minister to Italy, is quite ill at his home. Three days ago he took a long walk, and when he returned his feet were so swollen that he could hardly remove his shoes. The next morning the skin began to peel off and great and continuous pain followed. His physician has not been able to make a satisfactory diagnosis of the disease.

The flag that spread its crimson folds to the battle-smoke of Cowpens and Eutaw in the days of the Revolution will be carried in the Centennial parade at New York. The Washington Light Infantry, of Charleston, will be its honored bearers, and there will be nothing in the whole show to so command the reverence and arouse the enthusiasm of the celebrants.—Washington Post.

LOCAL NEWS.

NEW ADVERTISEMENTS.

JOHN DUNN—To the cigar trade.
P. H. PELLETIER—Attorney at law.
E. H. & J. A. MEADOWS—Strawberry crates.

Bishop's mills have started up for cutting lumber for truck boxes.
Fire was raging in the woods near Tuscarora yesterday evening.

"Stewart's Transfer" has been repainted and is quite a handsome turnout.

The new millinery of Mrs. Scarborough & Koonce, located on the second floor of O. Marks' new store, will be formally opened today.

The Democratic committees of the several wards will meet at the police station tonight for the purpose of electing a chairman and transacting other business pertaining to the city election.

We want population and we want industries whereby they may obtain means of obtaining an honest living. Newspaper articles are no sure guarantee of bringing about such a state of affairs. That remains with the people.

It was so bright and beautiful yesterday that many of our citizens were out in the afternoon enjoying the balmy atmosphere. The lively stables were well patronized. Stewart's elegant teams were out in full—single, double and horseback.

Upon solicitation of a number of the members of the Y. M. C. A., Mr. D. S. Willis, Secretary of the Association, has consented to organize and instruct a singing class at the rooms of the Y. M. C. A. two nights in each week—Tuesday and Friday—beginning next week. The work of Mr. Willis will be gratis and we are in hopes of seeing a large number of young men, whether they are members of the Association or not, avail themselves of furthering their knowledge in the beautiful and valued art of vocal music.

In traversing the streets of New Berne it is sad to see so many people idle. It is not only at noon or in the evening when it might be supposed that it was "knocking off" time, but most any hour of the day you can see from one to a group of eight or ten persons lounging with nothing to do. They are not altogether, but principally colored, and while some of them may be at their preferred occupation, we believe the majority would be at work if we had a sufficient number of industries to give them employment.

Fires.
On Saturday last the dwelling house of Mr. R. L. West, of Sand Hill township, Lenoir county, was totally destroyed by fire. The fire originated from a defective fuse in the kitchen. Mrs. West was the only person at the house at the time, but gave the alarm which brought the hands from the fields and neighbors and succeeded in saving most of the furniture. The house was a new and commodious one, and is a heavy loss to Mr. West. No insurance.

Joe McCoy, col., living near Core creek lost his house and all his effects by fire on Monday evening.

Pushing Forward.

The little town of Avoca, Bertie county, is making a big effort to make itself known to the outside world and they are on a pretty sure way to accomplish it. Like our nearer-at-home, and progressive Aurora, Avoca is not only thoroughly advertising and talking up its facilities and inducements, but is acting. A grand celebration has been arranged to come off the latter portion of this month. The program is a long, varied and interesting one. On the 24th Minister Jarvis is to deliver an address on how the people live in Brazil.

We wish these progressive little towns all the prosperity they may deserve, but our principal efforts are to be directed towards our own home.

Personal.
Mr. S. T. Jones of New York, formerly a resident of New Berne, is spending a while in the city, stopping at the Gaston House.

Mr. W. P. Fife is visiting in the city for a few days.

Mr. M. Makely and family of Hyde county, arrived in the city yesterday per O. D. steamer Newberne. Mr. Makely has moved to New Berne with prospects of making this his future home. Our people extend the welcome and wish them a pleasant sojourn in the city of elms.

Mr. A. C. Gooding, Senator Brook, Mr. F. S. Koonce and Mr. Robert Jarman, of Jones county, were in the city yesterday with cotton.

Capt. F. W. Hancock arrived last night and will spend a few days at home. Traveling seems to agree with him.

Capt. J. M. White of Kinston, arrived last night.
Mrs. T. M. Constable and child of West Point, Va., with her sister, Miss Hannah Oliver, and Miss Minnie Bryan from a visit to her aunt, Mrs. Orimes, in Pitt county, arrived on steamer Newberne yesterday morning.

To the Officers and Members of the Young Men's Christian Association of New Berne, N. C.

The regular monthly meeting of the Association will be held in the rooms this evening at 8 o'clock. It is highly important that every member be present. On account of not having a quorum there was no meeting last night, therefore the meeting of tonight will be of unusual importance.
W. P. M. BRYAN, President.

Oriental Items.

Harrison & Betts have just received dry kiln machinery.

Geo. W. Kugler & Son's tram way starts up this week. It penetrates Broad Creek Swamp, and will open up a fine body of timber.

The steam tug Lizzie Massey brought down from near New Berne last week 500 logs scaling 166,000 feet at one tow. This was one-half of an extra lot purchased up there by Geo. W. Kugler & Sons.

Pollockville Items.

Vance Academy is still booming. Three new pupils entered last Monday.

Mr. A. H. White, now at Trinity, will address the Literary Society at Pollockville, June 19th.

Mr. John Pearce received a few days ago from the coast of our good old North State about three tons of bones (mostly whale and porpoise). Mr. Pearce manufactures his own fertilizers. In fact he is one of our best and most practical farmers.

Thomas Jones, an honest, industrious colored man living near this place, was so unfortunate as to lose by fire his barn and stable; the former containing farm implements and about forty barrels of corn; the latter a fine horse and mule. Total loss could not have been less than \$495.

Indians Willing to Give Up their Reservation.

CHICAGO, April 8.—A dispatch from Bismarck, Dakota, says: "The report that the commission would soon be appointed by the President to confer with the Indians for the opening of the Great Sioux reservation, is received with much interest among the Indians at Standing Rock, who are headed by Sitting Bull, Gall, John Grass and other notorious chiefs. The Indians are pleased with the action of the government in increasing the price to be paid them from 60 cents per acre to \$1.25, and many of them have expressed their willingness to accept the terms of the treaty. Even Sitting Bull and Gall, who were so bitterly opposed to the treaty submitted last year, have given utterance to friendly expressions, and there is little doubt of success among the whites who visit the reservation. A recent arrival from the Standing Rock agency says he is positive that Sitting Bull and Gall will accept the treaty."

To Democratic Ward Committees.

The members of committees of the several wards are requested to meet at the City Hall Wednesday evening at 8 o'clock to elect a Chairman and attend to such matters as may come before them.
WILLIAM ELLIS,
J. T. LEWIS,
Members Committee 1st Ward.

A PLEASING REMEDY.

Of health and strength renewed and of ease and comfort follows the use of Syrup of Figs, as it acts in harmony with nature to effectually cleanse the system when constive or bilious. For sale in 50c. and \$1.00 bottles by all leading druggists.

NORTH CAROLINA NEWS.

From the State Papers.

Durham Plant: A number of colored exodusters from the Raleigh section passed through here yesterday afternoon on the 6 o'clock train.

Rutherford Banner: There are two deeds on the records of this county which bring up a page of forgotten history. They show that there was once a town at Island Ford in this county.

Wilmington Star: The kitchen of Mr. I. B. Rhodes who lives on Fifth street between Dock and Orange, was burglarized Friday night. The steamships Delaware and Yemassee, two of the finest vessels of the Clyde fleet, have been put on the line for passenger service between New York and Wilmington and Fernandina.

Shelby News: John Poston, a colored section hand on the Charleston, Cincinnati and Chicago Railroad, was knocked off a box car near Henrietta on Sunday and almost instantly killed. The case against W. T. Massey who is charged with burning his mill in Lincoln county, was brought to trial at Lincoln court this week and the indictment was quashed by Judge Clark.

La Grange Sentinel: We are glad to learn that Mr. D. C. Marchison, who has been suffering with a dreadful attack of neuralgia, is so much improved as to be out again. The many friends of the Rev. Mr. Morgan of the M. P. Church were glad to see him in town this week. He was on his way to Greene county, where he was united in holy bonds of wedlock to Miss Kate Brown on Wednesday the 31st.

Two City Daily: We learn as we go to press that Rev. Wm. Turner, an aged and respected citizen of Salem, had just died while returning to his home this evening. His death occurred while on the road riding in his carriage near Wauhtown. A fatal accident occurred on last evening in the railroad cut near Rural Hill on the Wikesboro Extension. It seems that a number of hands were at work digging down a steep embankment when suddenly the dirt caved in, killing one negro instantly, breaking another's arm and wounding several others more or less.

Asheville Citizen: On yesterday we saw a deed made by Mr. Alexander Garrett to the Home Board of Missions of the Presbyterian Church of the United States, conveying to that body the Oakland Inn property in the town of Victoria, the consideration being eighty thousand dollars. It was a most cordial greeting which welcomed Gen. R. B. Vance as he stepped from our electric railway cars at court square yesterday afternoon. Crowds quickly thronged around him, and his genial face showed his appreciation of the warm hand-shaking of which he was the recipient.

Newton Enterprise: Clover comes out of the last winter in the best condition we ever saw it. It is very promising. Mr. William Hinson, a prominent citizen of Lincoln county, died at his home near Matthews Church, Wednesday, April 8th, aged about 70 years. About a year ago he had one eye, which had been giving him much pain, removed, and has been gradually sinking ever since. In most parts of the county a portion of the peach crop was killed by frost last Friday morning, but there are plenty left yet. Mr. James Brown, the new owner of the Long Island cotton factory, on the Catawba river has just received machinery for adding 1,000 additional spindles to the factory.

News and Observer: A great many Raisights will attend the centennial at New York, April 30th. On Wednesday, the 24th of April, at Avoca, Hon. T. J. Jarvis will deliver an address, telling among other interesting things how the people live in Brazil. On the evening of the same day there will be an old-time fish supper and steamboat excursion to the light house. While repairing the floor in the rear of the office of the Moseley House, where a barber shop had been located, an old decayed sleeper was pulled out to be hauled off, and when turned over an old rusty grapeshot fell out of the decomposed shell. The old ball was rusty on one side and on the other bore the appearance of what looked like slotted blood. It is supposed to have been shot into the tree from which the log was hewn.

Wilmington Messenger: The train on the Wilmington Seacoast Railroad ran over Mr. A. J. Flanner's fine gray horse last night at 8:15 as the train was coming to Wilmington. The accident occurred at the commissary about five miles from the city. The animal's left hind leg was cut off and his neck and shoulder badly bruised, causing injuries that necessitated his being shot. Mr. Richard Lamb, chief engineer of the Wilmington, Onslow and East Carolina Roadway, and Capt. J. A. Mattocks, engineer in charge of the survey of railway, are still in the city and will be here several days more. A Messenger item seeker found them busy yesterday afternoon making maps and plats of the line which has been decided on between Wilmington and Jacksonville, the county site of Onslow.

Notice.
