**ADJECTIVES** are the jewels of language.

**BOULANGER** was well received on his arrival in London.

"**THERE** are those who claim that the most important personage at the Centennial ball will be Jennie Alog."

"**CANADA** puts up the bars. Boodlers now there may stay but she wants no more of them."

It is reported that **Carter B. Harrison**, brother of the President, is to be United States Marshal of Tennessee.

A **GOLD** mine lately discovered in Franklin county, Virginia, promises to "pan out" better than anything ever yet discovered in the State.

It is easy to work off the few Democrats who obtained office under Cleveland. The great army of hold-over Republicans is the incubus that now roosts on the stomach and crushes the hopes of the office-seekers.—**Louisville Courier-Journal.**

**OUT** in Oklahoma they build a hotel for the tired traveler while he waits, Things rush. Guthrie becomes a city with 15,000 inhabitants in a day, holds a municipal election at which 10,000 votes are cast, and sets the machinery of local government in motion at once.—**Post.**

If the farmers of the country will unite and co-operate faithfully they can accomplish almost anything, and we trust that they will not only be victorious in the present contest with the jute bagging trust, but that it will result in the establishment of factories for the manufacture of their own bagging in the South, for all time to come.—**Raleigh Daily Call.**

**WELL!** That audacious Charlotte Chronicle actually says in so many words, that the Wilmington Star's long editorials are rehashes of magazine articles. Ye gods and little fishes, what are we to look for now?—**News and Observer.** If this be true, is there another man who can feast his readers upon such "rehashes"? If there is, bring him on, and we will chronicle another story.

The Chicago capitalists interested in the transfer of the famous Labor Prison from Richmond to Chicago, have dispatched William Westward of this city to superintend the tearing down of the building and its transportation to Chicago. One hundred and thirty cars will be employed to make the transfer at a cost of nearly \$10,000. The purchase price of the old

prison, with expense of transportation and re-erection will be fully \$75,000.—**Richmond Religious Herald.**

**REPRESENTATIVE EWART**, of North Carolina, is represented by the Washington Post as having said: "I do not think that a single Southern Representative has ever criticized the President for his course, or expressed any dissatisfaction therewith. I feel sure that at the proper time the President will give us the recognition due us. I will add very properly that I do not think that there is very much due us. The South did not give Mr. Harrison a single electoral vote.

A **TOTALLY** different question is now raised in many journals—whether President Harrison is not bound to put colored men into Federal offices in the Southern States on the ground that they formed the bulk of the Republican party in those States at the last election? The argument as it is made proceeds on the old theory that "to the victors belong the spoils." But the question then arises, Are the colored Republicans of the South "victors"? Did they contribute anything to Mr. Harrison's success, or to that of his party? The answer must be: No; they did not.—**N. Y. Herald.**

## LOCAL NEWS.

**NEW ADVERTISEMENTS.**  
C. E. SLOVER—Hams, etc.  
A & N. C. R.—Truck train.  
W. B. LANE—Sheriff's sale.  
O. MARKS—The great opening.  
JAS. W. MOORE—U. S. license.

Only an occasional bale of cotton straggles in now.

Postmaster Manly gives notice that the postoffice will be closed next Tuesday.

Mr. Thos. Daniels had the largest sturgeon of the season at his fish house yesterday. He measured nine feet in length.

Col. F. L. Perry is putting the New Bern House at Morehead City in first-class condition and will open it early in May. He expects to make it specially suitable for families.

The cultivation of the grasses and cereals is engaging the attention of our farmers in this section, and it may be taken as a good sign. It means more stock and better stock, and consequently better beef for market and better living at home for the farmers.

**The Truck Train.**  
The fast truck train on the A. & N. C. R. will begin next Monday. The schedule will be found in this issue. This train will have the right of way over all others. The managers of the road claim that they will put truck in New York from New Bern in thirty-two hours.

**Clean Up.**  
Our city authorities will take notice that yellow fever has again made its appearance in Florida. If it should become epidemic there this early in the season there will be danger of its spreading to other points. Let the city be thoroughly cleaned and kept so. Cleanliness is next to Godliness and is absolutely necessary for the preservation of health and preventing epidemics.

**Personal.**  
Thos. E. Gilman, Esq., and Mrs. W. Venters, of Onslow county, were in the city yesterday.

Miss Bessie Flanner, Miss Lida Patterson, Miss Rockefeller, Mrs. Allen and Mr. W. E. Patterson left on the steamer Manteo yesterday morning for the Centennial in New York.

P. H. Pelletier, Esq., left on the Manteo for New York yesterday morning and will be at the inaugural celebration, though that is not the *Manteo* object of his visit.

We had a pleasant call from Mr. George W. Thatcher, of New York, yesterday. He is visiting the city and looking up points of historical interest in which some of his friends and distant relatives, who resided here nearly a century ago, feel an interest in. He found Col. John D. Whitford's "Bits of History," published in the *JOURNAL* seven years ago, of some value to him in finding these points.

Mrs. Virginia Harrison left yesterday for Chicago on a visit to her son.

Mr. C. B. Bell took passage yesterday on the steamer Manteo for New York.

**Shipping News.**  
The steamer *Vesper* of the E. C. D. line sailed yesterday with a cargo of lumber, naval stores, truck, etc. The *Annie* of this line will arrive today.

The steamer *Tahoma* will sail at 9 o'clock this morning.

**Rev. H. W. Battle.**  
The *Wilson Mirror*, speaking of the discourse delivered by Rev. H. W. Battle on a funeral occasion in that town of the infant daughter of Mr. and Mrs. A. N. Daniels, says:

"We heard an accomplished minister, who is himself the master of a very chaste and ornate style, say that it was one of the most appropriate and beautiful discourses that he has ever heard. It was, indeed, a gem of purest elegance, and flashed out the comforting rays of the warmest consolation to the crushed and bleeding hearts."

**Response by a New Bern Druggist.**  
The citizens of Williamston tendered a banquet to fifty of the returning physicians from the State Medical Convention. The *Tarboro Southerner* says:

An address of welcome was made, which was responded to by Frank Hancock, a druggist of New Bern. The supper was superb, befitting so hospitable a host, and was greatly enjoyed by the guests.  
Frank is getting to be quite an orator. His address to the Pharmaceutical Association at Goldsboro last year had been credited to many who enjoy reputations in that line.

**Truck Shipments.**  
Our truckers are making good shipments of asparagus this season. With today's shipment, Dunn & Willett will have shipped near five thousand bunches, and what is better, they have so far obtained fair prices. The cabbage crop on this farm is very promising.

Mr. J. L. Rhem has also shipped a large amount of asparagus for which he obtained good prices. His cabbage are fine and he has already made shipments. The bean crop on all these farms is looking splendid, while potatoes are fair. The following extract from Hancock & Griffiths' circular, New York, just out may be of some interest to truckers:

New potatoes are ready sale when full size. Beans, peas and cucumbers are steady when green and crisp, but hard to sell at low prices when too old, wilted and tough.

Tomatoes find quick sale when ripe; but prematurely green tomatoes sell more slowly at irregular prices.

Cabbage is in better demand than supply and rules very firm.

Tomatoes and potatoes should not be shipped premature; ripe ones sell best at all times; and in case of a glut, it is the premature that "hang fire."

When the glut struck our market last year, it was only the choice, large tomatoes that moved at current prices, while small and poor stock had no sale at any price.

Beans and peas must not be left on the vines long enough to get tough; but should be picked this hot weather younger, while green and tender; particularly so as the season advances, so they will not arrive tough and consequently sell poorly.

**Judge Phillips Vindicated.**  
Over a year ago the Sanford Express published some severe charges against Judge Fred Phillips, and in consequence thereof the grand jury of Moore county indicted the editor, Mr. D. F. St. Clair, for libel. The case attracted much attention on account of the prominence of the parties, and some of the best lawyers of the State were employed in it. At the Superior Court of Moore county, held last week, the case was settled without any trial, the defendant having signed and filed the following retractions of his charges:

"The defendant, D. F. St. Clair, comes into Court and not confessing his guilt, but protesting his innocence, says that he is unwilling further to contend with the State, and puts himself upon the mercy of the Court. He further says that in the publication of the paper of writing set forth in the bill of indictment, he stated merely what he had been informed, believing the same to be true. That since the publication, he has become aware of the incorrectness of the statements made and admits that by such publication he has done Hon. Frederick Phillips gross injustice. That he regrets the publication of such matters and publicly makes a full retraction."—**Onsham Record.**

**To the Public.**  
In compliance with the proclamation of the President of the United States, and the instructions of the Postmaster-General, the postoffice in this city will be closed after 9 o'clock a. m. Tuesday the 30th instant.

The postoffice will be open Monday night from the time the mail from the west is distributed till 9 o'clock, and on Tuesday morning from 9 o'clock until 9 o'clock for the delivery of all mail matter.

**A SAFE INVESTMENT.**  
In one which is guaranteed to bring you satisfactory results, or in case of failure a return of purchase price. On this safe plan you can buy from our advertised Druggist a bottle of Dr. King's New Discovery for Consumption. It is guaranteed to bring relief in every case, when used for any affection of Throat, Lungs or Chest, such as Consumption, Inflammation of Lungs, Bronchitis, Asthma, Whooping Cough, Croup, etc. It is pleasant and agreeable to taste, perfectly safe, and can always be depended upon. Trial bottle free at R. N. Duffy's, wholesale and retail druggist. Price per dozen, \$8.00.

## NORTH CAROLINA NEWS.

**From the State Papers.**  
Charlotte News: Burglars made an ineffectual attempt to enter the residence of Mr. E. L. Cobb last night—A \$300,000 oil and fertilizer works, and a big Armour meat refrigerator, all inside of a week, is pretty good for Charlotte. This town still moves.

**Wilmington Messenger:** The whortleberry crop of Sampson county has been seriously damaged by recent forest fires.—Mrs. Francis J. McKoy, widow of the late William H. McKoy, and mother of our townsmen, W. B. and E. H. McKoy, departed this life last night at the residence of her son Mr. W. B. McKoy.

**Greenboro North Star:** A vicious dog attacked a young lady in the college grove last week. What is to be done with the 7,899 worthless, yelping, mangy dogs which go tax free through our city?—In this city, Wednesday April 24th, Major J. S. Jones and Miss Mamie Caldwell, daughter of the late W. P. Caldwell, were married. Rev. Ernest Caldwell, brother of the bride, assisted by Rev. J. Henry Smith, D. D., performed the ceremony.

**Tarboro Southerner:** The bears still have not left these parts. J. H. Moore, living on the opposite side of the river where they were first seen, says that they have been near his house. Some of them voted Monday.—A party of negroes who have been in the habit of coming into Palmyra raising disturbances late Sunday night, attempted the same game last Sunday night. They were met with a volley of eighteen shots. It could not be learned who, if anybody, was hurt.

**Wilmington Star:** Charleston strawberries are selling here at 30 and 40 cents per quart. Berries from the truck farms around Wilmington will be in market next week.—The surveying party which started out a short time since on the W. O. & N. C. railroad have located a portion of the line, beyond the city limits, and work on the construction of the road will begin in a week or two, it is stated. Mr. Whiting, the general manager of the company, is in Onslow, making arrangements for right of way and contracting for the delivery of crosses.

**Asheville Citizen:** Jesse Peterson, a white man charged with the commission of a murder in the lower part of Madison county, was placed in jail here for safe keeping, by officers from that county last evening.—Two countrymen were in the city yesterday with a snake that had two heads where one only should have been. In those two heads were two perfectly developed tongues which darted forth with lightning rapidity every moment or two. The reptile was about twelve inches in length, and was of that species known as "blacksnake."

**Charlotte Chronicle:** In a personal letter received yesterday by a gentleman in Charlotte from Senator Vance, the Senator says, in reply to a question about his sight: "The statement which has been going the round, that my remaining eye is in danger, I am happy to assure you, is unfounded. So far as I can now judge, its sight has been strengthened by the removal of the other. I suppose that the care which I have taken to put no strain upon it that could be avoided, gave rise to the rumor. If I can get a complete rest until next December, I have every reason to believe that I shall be completely restored in bodily health."

**Washington Gazette:** We are informed that the churches of Washington have raised all assessments levied upon them, and that all are entirely free from debt. This is a good showing for God's work.—One night last week our esteemed fellow-citizen, Mr. Brad Morton, took by accident an over dose of some opiate and was seriously affected for awhile. He has recovered now, however.—For the information of mariners we will state that a new light has been established on the shoals off Pamlico Point. It consists simply of a pile 15 feet above water with a powerful lantern on top. The light can be seen for a distance of eight or ten miles, and will prove of great benefit to navigators of our waters.

**Raleigh News and Observer:** The Postal Telegraph force is in camp about a mile north of the city, and is now regularly at work planting poles for the line. About one mile of poles have already been put up. The line is being run north from here to Gaston.—The North Carolina Dental Association, of which Dr. V. E. Turner, of this city, is president, meets this year at Greensboro on June 25th. Dr. Turner informs us that during the session of the Association, which will continue three days, a dental infirmary will be opened at which a corps of clinical experts of this State and distinguished practitioners from New York, Philadelphia and Baltimore will place their skill at the disposal of such patients as may attend.

**Roanoke News:** We stated last week as a current rumor that the Garrett Vineyard, Ringwood, had been sold to the Mass-Arrington Gold Mine Company, and that the price paid for it was \$75,000. The reports had no foundation in fact and we regret having given it publicity.—The farmers throughout this section lost all their corn and fodder last fall by the heavy rains and the freshets in the river, and as a consequence are compelled to buy a good deal more forage than usual.—Last Friday night about 10 o'clock Miss Mary Piers, daughter of Dr. A. B. Piers, went to her room and as she entered discovered a strong African odor. She looked under the bed and found a negro man. Her screams brought her father to the room, but the negro rushed by him and bounded down stairs before he could even be identified, leaving his shoes in the house. He had evidently gone there to steal but was discovered before he got away.

**Washington's Inaugural Centennial—Reduced Rates to New Bern.**  
The Old Dominion Steamship Company will sell a round trip ticket from Newbern to New York and return for fifteen dollars. Good from April 26th to May 9th, 1889. Everybody, and the balance, should take advantage of these very cheap rates. Take into consideration that this cheap ticket entitles you to meals between Norfolk and New York. **E. B. ROBERTS, Agent.**

**ADVICE TO MOTHERS.**  
Mrs. Winslow's SOOTHING SYRUP should always be used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for "diarrhoea." Twenty-five cents a bottle.

**Liquor and Tobacco U. S. LICENSE.**  
I will be at my office TODAY and MONDAY for purpose of writing applications to sell Liquor and Tobacco for those who want them.  
A failure to obtain same before May 1st will incur an additional expense of 50 per cent.
