A Hopeless Task.

"Now, sir," said the judge who had been sorely tired by the stupidity of the preceding witness, "I want you to give your testimony so that the jury can form an intelligent idea of the matter, or I will commit you for contempt." The witness looked earnestly upon the jury and then shook head despairingly as he rose and left the box. "Send me to jail, judge," he said, resignedly, "there's no use wastin' time here." He was excused.—Bardett, in Brooklyn Eagle.

Man Wants a Tonic

When there is a lack of elastic energy in the system, shown by a sensation of langnor and unrest in the morning, frequent yawning during the day and disturbed sleep at night, Hostetter's Stomach Bitters infuses unwonted energy into the enfeebled and nervous, endowing them with muscular energy, an ability to repose healthfully, and digest without inconvenience. Nervousness, headache, biliousness, impaired appetite and a feeble, troublesome stomach, are all and speedily set right by this matchless regulator and invigorant. The mineral poisons, among them strychnia and nux vomica, are never safe tonics, even in infinitesimal doses. The Bitters answers the purpose more effectually, and can be relied upon as perfectly safe by the most prudent. Fever and ague, kidney troubles and rheumatism yield to it.

African teak wood is so indestructible by wear or decay that vessels built of it have been found perfectly sound in their timber after being in use for more than a hundred years. Of all the woods employed in human industries, it is the most remarkable for its great weight, hardness, and durability, its weight varying from 42 to 52 pounds per cubic foot. It works easily, but from the large quantity of silex contained, the tools for working it require to be hard, and even then are subject to severe wear. It also contains and oil which prevents the iron spikes and nails driven into it from rusting. The East Indian teak wood is somewhat lighter and more easily worked, and is also, from its silicious qualities, a perfect germicide to marine life, so destructive to other woods. It requires from sixty to eighty years for growth sufficient for shipbuilding purposes.

I HAVE been deaf in one ear ten years and partially deaf in the other for two months; have been treated by ear specialty doctors and received no benefit. Having used Ely's Cream Balm for about a month I find myself greatly improved, and can hear well and consider it a most valuable remedy. I had also nasal catarrh, with droppings of mucous into my throat and pain over my eyes, which troubles also have entirely disappeared.—D. B. Yates, Upper Lisle, Broome Co., N. Y.

Ruby's Letter.

A letter from Mr. J. W. Ruby, Union City, Ind., says: "I have used your Clarke's Extract of Flax (Papillon) Cough Cure and find it a complete cure for deep seated cold. It has done more than two of our most skillful physicians. My children had the Whooping Cough and with the aid of your Cough Cure they had it very light compared with neighbors' children who did not take it. I believe it to be the best cough cure in the market." So it is. A large bottle only $1.00.

Clarke's Flax Soap for the Skin. It leads them all. Price 25 cents. Cough Cure and Soap for sale by F. S. Duffy, druggist. 1w

A Pontiac little boy was told at Sunday school that when he died he would leave his body here. After returning home he was much troubled in regard to it and he questioned his parents. His mother explained to him by saying: "You will take all the good with you, but leave all that is naughty here below." He thought a moment, and looking up, said: "Well, I guess I'll be awfully thin when I get there."

Saved from Consumption.

Several physicians predicted that Mr. Asa B. Rowley, druggist, of Chicago, would soon have consumption caused by an aggravated case of catarrh. Customers finally induced him to try Clarke's Extract of Flax (Papillon) Catarrh Cure. He says: "The result was unprecedented. I commenced to get well after the first application and am now, after a few weeks, entirely cured." It will do the same for you. Price $1.00. Try Clarke's Flax Soap for the Skin and you will use no other. 25 cents. All of Clarke's Flax Remedies are for sale by F. S. Duffy, druggist. 1w

CIGARS! CIGARS!
Cigars! CIGARS!

Till you can't rest. I have Cigars to sell, and Cigars that I want to sell. WHY? Because that is my business by it I make a poor living, but I keep as best one. I will say I was a large manufacturer of cigars and, when I could employ all the poor fellows who don't want to work if they could, I would find something for them to do, to keep them out of mischief, but as it is I must sell Cigars and Tobacco; and by the way, if you want GRAVELY'S fine Chewing Tobacco, I have it, and other good kinds. Pipes, and Smokers' Articles generally.

Also, Soda Water, Ginger Ale, Deep Rock Water, and so say, Come and see me.
