LOCAL NEWS.

NEW ADVERTISEMENTS.
GEO. DALL, JR.—Dog lost.
C. E. SLOVER—Choice potatoes.
WATSON & STREET—Truck land for sale.

The potato bugs are giving the farmers trouble.

Our Jones county bear killer will have to surrender to Capt. Joe Barker and H. A. Marshall, Esq.

The pea market in New York seems to hold up to \$1.00 to \$1.50. The crop from New Berne is about gone.

A heavy hail storm passed through the western portion of Craven county on Tuesday night. We hear of no serious damage to crops.

Pea vines are being brought in. They make excellent feed for stock and some farmers go so far as to assert that the vines alone are a good profit on a pea crop.

We are requested to announce that Prof. C. W. Porter, the blind piano tuner will visit New Berne and other points on the A. & N. C. R. again in June.

A colored boy, eighteen years old, who was born and raised in this county, was at Merrick's wood yard yesterday, his first trip to New Berne, and the first train he ever saw was that which passed over the bridge yesterday morning.

New York Truck Market.
The following telegram was received yesterday evening:

The market continues firm on strawberries. North Carolina fancy sold today at 20a30c. Peas \$1.00a1.50. Cabbages \$1.50a2.00.

Store Burned.
A telephone dispatch received at the office of F. Ulrich yesterday to Mr. E. B. Hargett of Onslow, who is in the city, announced that a store and contents were burned at Stella on Tuesday night. Our reporter was unable to find Mr. Hargett, and therefore could not ascertain whose store it was, nor the amount of the loss.

Bear Captured.
The following by the Trent River line was received yesterday.

FOX'S FLATS, May 15th, 1889.

EDITOR JOURNAL.—This morning as Mr. Henry Marshall and myself were about crossing the river to the works we saw a bear swimming across. We tried to turn him from the south side and we could get a rifle from the Quaker, but he came ashore in spite of our shouting the river and ran up through the woods and disappeared.

President Bryan says it can't be done. As he said twelve months ago when the JOURNAL suggested and urged a double daily train on the A. & N. C. R. President Bryan now says that it is utterly impracticable, and that the financial condition of the road will not warrant the undertaking. To put on this service he says the road will need for immediate use at least forty or fifty thousand dollars which would have to be borrowed. This money he says would be needed to buy engines and rolling stock, in other words, to properly equip the road for an additional passenger and mail train.

The President bases his calculations on the idea that the additional train will be all expense and no increased receipts. This is not a fair way to calculate. In this age of progress and enterprise, corporations and individuals must seek new business and not wait for new business to push them. The A. & N. C. R. should not wait for new and increased business to force it to put on another daily train, but it should take the lead; put on the train, and invite the business. It is an easy matter to say "it can't be done," "I can't" is a ready excuse for school boys, but the teacher of olden days who knew the virtue of the black gum didn't allow the word to be used.

The President twits the JOURNAL by inquiring why we did not practice what we preach and show progress by giving our readers the daily press dispatches. We admit that the JOURNAL ought to have the dispatches and if it had as much credit as the A. & N. C. R. and could get the additional train we would give the dispatches. Again, it can be said to the credit of the JOURNAL that it took the press dispatches for four months once, but could not make it pay and one of the main reasons we think was because we had but the one train a day. Suppose we were taking the dispatches now, what advantage would we have over any other paper with the postoffice below here on the A. & N. C. R.?

Does not the President know that this paper, published this morning, will go to Morehead City tonight with papers of the same date from Raleigh, Wilmington, Charlotte, Richmond, Washington City and Baltimore? Give us the double daily and we will then bear the people to aid us in taking the press dispatches, and then we will be looked upon by the outside world as a place of some importance and worthy of notice.

The Cantata.
The presentation of the Little Gypsy at Stanley Hall last night was first-class in every particular. It has not been exceeded in this city by professionals nor by amateurs.

After the cantata came the festival, a pleasant sequel to a delightful entertainment.

Shipping News.
The steamer Eaglet of the E. C. D. line sailed yesterday with a cargo of truck, cotton, lumber and naval stores. The Vesper of this line arrived last night and will sail tomorrow at four o'clock.

The steamer Defiance of the Clyde line sailed for Baltimore last night with a cargo of lumber and shingles.

Capt. Geo. S. Dewey.
A beautiful wreath of flowers was received in this city to be placed on Memorial day upon the grave of George S. Dewey. The box came anonymously by express, so that the grateful family do not know to whom they are indebted for this loving tribute. But it is a most worthy one and most worthily bestowed on a noble and chivalrous soldier from amongst our Craven county boys. The following note accompanied the flowers:

"For the grave of that knightly son of old Craven, the true, warm-hearted, generous friend, the gallant, ardent, impetuous soldier,
Capt. George S. Dewey,
Co. H, 1st N. C. Cavalry.
With the love of a comrade who knew him well from Camp Beauregard, 1861, to his last battle at Chamberlayne's Run, Va., 1865."

CITY COUNCIL PROCEEDINGS.

May 14, 1889.

An adjourned meeting of the board of city council was held this evening at half-past 8 o'clock, Mayor Williams presiding. Present, Councilman Burrus, Ulrich, Lane, Crawford, Ellis, Bishop, Willis and Kennedy.

Councilman Burrus was sworn and took his seat.

The object of the meeting was stated to be for the purpose of appointing the standing committees and accepting the bonds of the officers. The following committees were appointed and announced:

Fire Department—W. Ellis, W. P. Burrus, V. A. Crawford.

Finance—B. B. Lane, W. P. Burrus, H. P. Kennedy.

Sanitary—S. W. Willis, F. Ulrich, V. A. Crawford.

Police—W. P. Burrus, W. Ellis, B. B. Lane.

Streets and Pumps—F. Ulrich, S. W. Willis, V. A. Crawford.

Wharves and Docks—E. K. Bishop, W. P. Burrus, W. Ellis.

Cemeteries—B. B. Lane, E. K. Bishop, V. A. Crawford.

Ordinances and Licenses—W. P. Burrus, B. B. Lane, E. K. Bishop.

Fire District—W. Ellis, W. P. Burrus, S. W. Willis.

The bond of J. T. Lewis, Marshal, was read and accepted.

The bond of Silas Fulcher, city tax collector, was read, and on motion, accepted.

The bond of Ferdinand Ulrich, treasurer, was read, and on motion, accepted.

The following suggestion was made by the Mayor, and read, also one from the port physician:

To the Honorable Board of City Council:
I beg leave to submit the following suggestions: Arrangements should be immediately made to provide suitable accommodations for the city prisoners. As now situated the prisoners are a great nuisance to the citizens in the immediate neighborhood of the station house. On the north side is the residence of Miss Taylor, who is compelled to listen to the blasphemous, vile and unclean language which is continuous, and which has become such a nuisance as to be the remark of all persons near by. The residence of Mr. Cox, on the opposite side of the street, is so subject to this outrageous conduct as to require the windows to be closed to prevent its being heard.

The city hall should be changed so as to have the clerk's office and council room on the second floor, the police office to remain as it now is. The change could be made by running the stairway in the passage from the front part of the hall to the rear, instead of its running from the rear to the front as is now the case. I think this matter should be left to the committee on police with power to act.

Respectfully submitted,
R. P. WILLIAMS, Mayor.

And on motion, it was referred to the committee on police with power to act.

Councilman Ulrich nominated for clerk of the market Mr. S. H. Scott. On motion of Councilman Lane the appointment of clerk of the market was left with the committee on police with power to act. Councilman Kennedy voted nay.

The Mayor was authorized to have notices posted directing the citizens to clean up their lots.

Councilman Burrus moved that the clerk be instructed to issue no more dryman's licenses except in compliance with Sec. 26, chapter 13 of the ordinances. The motion was carried, Councilman Kennedy voting in the negative.

The board adjourned.
SILAS FULCHER, Clerk.

There was a contest at Woodington last Thursday night for a gold medal offered by Democrat to the best declaimer. The judges were Messrs. J. W. Bryan, A. J. Grady and D. E. Wooten. The medal was awarded to Miss Daisy Bright who displayed great talent and reflected much credit upon a girl of her age. It was very appropriately delivered by Mr. M. H. Wooten in a few humorous and well-timed remarks. The judges made special mention of Miss Lizzie Edwards and Master Alfred Hawkins, who rightly deserved the many plaudits which they received.

The new Mayor-elect and town councilmen met last Thursday night and qualified, Justice W. A. Coleman administering the oaths, Mayor Hill presiding. The organization was immediately perfected and the following officers elected: Mayor pro tem W. F. Staley; Secretary and Treasurer, Lafayette McCullen; Street Commissioners, Abbott and Staley; Tax Collector, Jas. E. Dupree; Chief of Police, L. A. Mewborne, Sr.; Assistant, Jas. E. Dupree. The board met again Monday night and disposed of the unfinished business of the preceding meeting. We sincerely hope that the policemen will be supplied with new uniforms.

Crops in Lenoir county are more diversified this year than ever before and are as a general thing well advanced. Corn is looking especially well. Cotton, too, notwithstanding the recent cold weather, is making good progress. The prospect for a good yield in wheat was never more encouraging. Oats are all that could be expected considering the weather. W. H. Worth, one of Lenoir's good farmers, has 30 acres of the prettiest cotton in the county. It was planted on the 4th of April and on the 11th inst. was from 3 to 4 leaves high. Mr. Worth has just finished working it and it is "a thing of beauty" as well as a great source to its owner.
