CORRUPT POLITICAL METHODS.

The June number of the Forum sustains the reputation of that popular magazine.

The first article is a discussion of "Corrupt Political Methods," by Senator George F. Edmunds of Vermont.

It is known by all men that the distinguished Senator is a Republican of Republicans. Learned in the law and familiar with the details of government, he is chiefly remarkable for his opposition to what is popularly known at the North as Southern Methods—or as they are sometimes denominated "Southern Outrages."

Therefore it was to have been expected that, in discussing "Corrupt Political Methods" the Senator's anathemas would be hurled against the South; and that in designating remedies, he would recommend totally different method from those practiced in the South.

But the Senator has displayed unusual fairness in his argument, and has reached conclusions which, however new to himself, long ago received the sanction of the people in this section of the Union.

The last session of the General Assembly of North Carolina passed an election law which has called forth the animadversions of the Republican party. The colored people have been told that it is prejudicial to their rights and utterly subversive of their liberties. Will it be believed that the champion of the colored people, the astute Senator from Vermont, has formulated a system of election laws in harmony with the election law passed by the late General Assembly of North Carolina? It is not pretended that the North Carolina law embraces all that is suggested by the Senator, but there is nothing in the law that is in antagonism with his recommendations.

What does the Senator want? He wants, "1. Improved registration laws, administered by intelligent, respectable and responsible men taken from all parties." "2. The elections must be conducted by officers of the highest character and ability, taken from all parties, under provisions which shall secure the privacy of the voters and the secrecy of the ballot, and at the same time shall secure truth, equality, and justice in the conduct of the election offices." "3. The public canvass of the votes witnessed by representatives of all parties, and the publication of full account of election expenses." "4. The final returns to be canvassed in the same way." "5. Provision for the prompt hearing and decision of disputed questions by the courts." "6. The punishment of false and illegal registration, bribery in connection with registration or elections, aiding or abetting bribery, or attempting or conspiring to bribe, or to register or vote illegally." "7. More stringent qualifications of jurors." "8. Oaths by all persons proposing to register, all voters at the election, and all persons elected or claiming election, that they have not been guilty of, or aided in any way in false or illegal registration or conspiring to bribe or making false canvasses or returns." "9. A large limitation of the influx of foreigners and of the naturalization thereof, and more perfect scrutiny in admitting to naturalization." "10. And last, but far from least, the better education of the voters and their children."

Does the North Carolina election law conflict with the plans of the Senator? Not all. If Mr. Edmunds were asked, "Do you approve the North Carolina law?" He would say "no!" for he will not admit that North Carolina is dealing justly with all the people. But when he comes to formulating a system, he follows the lead of North Carolina, however unconscious he may be of the fact.

Love of justice is inherent in the bosoms of our people, and whoever kneels at the shrine of justice will find North Carolinians worshiping at the same altars.

Swansboro Items.

Harrison's mill at this place is in full force, grinding and sawing all the time.

Rev. Benj. Ward will preach at Piney Grove, near here, on the first Sunday in June.

Dan. Ward has a tame bald eagle, and for a vicious wild bird, is very docile to the children.

We had a big fish fry and banks party at Bear Inlet last Saturday. About 200 persons were present.

Mr. R. W. Freshwater takes the cake on corn growing. He had tassels on the 18th instant, early corn.

Mr. C. Parrott is building a lumber house near the inlet for the purpose of easy shipping his lumber. His mill on Queen's creek is in full blast.

Our quarterly meeting came off last Saturday and Sunday at Queen's creek road. Mr. Swindell, P. E., preached for us here Saturday night to a large audience. He is a fine speaker.

Schooner Ray, Dennis, Master, is on the ways here, being repaired by Capt. R. Fisher. Schooner S. Warren Hall, Capt. Walker, cleared today with 150,000 feet of lumber from Terry's mill for New York.

Guess we will have a railroad in this county, and hope Swansboro will be the terminus from the W. & W. line either from Burgaw or Goldsboro, so will it be, but when we see it we will know it.

Joe Ward went fishing yesterday with hook and line, and caught 98 in 1½ hours. Capt. W. E. Mattocks was sailing master and helpmate. The fish caught are fine; hog fish and spots with white or sand perch intermixed.

Rev. W. Q. A. Graham will preach at Lebanon church, three miles from here, on next Sabbath, (1st Sunday in June), at 11 o'clock a. m., and in this place at night of the same day. The ordinance of baptism will be administered at 4 p. m.

Mr. G. W. Conoway, on Queen's creek, killed two large turkey gobblers this week at one shot. The varmints were fighting, and George took advantage of them and hence the killing. The beard of one was ten inches long, fat and weighed 21 lbs. each when dressed.

Schooner Packet, Joe Bloodgood, Master, was lost on Corn Cake Inlet last Saturday, the 17th inst, with all her cargo, consisting of turpentine, chickens and peanuts; crew was saved, but effects lost. The vessel is a total loss. Naval stores was consigned to Morton & Hall, from D. G. Sanders, Bear creek, this county.

We have a man in our community, Prof. Willard White, who can play on the violin better than any one we ever heard. We have heard many violin performers in our day, but Mr. White excels them all. We heard him a few nights ago, accompanied by Miss Alice Harrison, the accomplished daughter of Col. W. D. Harrison, of the place, on the piano, and although it was 9 o'clock, p. m. when White was playing, the mocking birds came chirping around in answer to the piece played called "Mocking-Bird."

To Parents.

Next to the service we owe to our God is our duty to provide for our children the best that we possibly can, so as to make them useful and happy in this world and prepare them for the world to come. How can parents best discharge this duty? We answer, educate them liberally, both heads and hearts. To enable you to do this without much money, a co-operative school company was chartered by the last Legislature of North Carolina with an authorized capital of three hundred thousand dollars to establish schools near Morehead City on the co-operative or joint stock plan, shares in the company to be sold at ten dollars each. The company is now organized and officers for the present year elected. The subscription books are ready, and over one hundred shares taken by the citizens of Carteret county. The land for the location is secured in sight of Morehead City, and the company propose to commence building at once so as to be able to open a good school by the first of September, 1889. Everybody who wants a good school for very little money are invited to take stock at once in this company. We feel sure we can educate our children at this school for less than one-half the money charged at any other first-class school in the State.

The company propose to build their own houses and employ competent teachers and board the children themselves on their own premises at actual cost (which will be less than four dollars per month.) We feel sure that our location is the best in the State, as we can procure fish (brain food), beef, vegetables, sea breezes and any other necessary commodity in inexhaustible quantities at very small cost from first hands, no commission or profits to pay to any one. This is Grange and Alliance doctrine, and the present president of the company belongs to both organizations.

Now, parents, if you ever want to educate your children, is your time to take stock in our company and educate them without paying two or three times as much anywhere else. No one will be entitled to these advantages unless they take stock in the company.

All information asked for cheerfully furnished by the president or secretary of the company. A few good reliable agents wanted to canvass for the company at a fair salary.

All papers in the State friendly to the cause of education requested to copy and comment on our school.

A True Tonic.

When you don't feel well and hardly know what ails you, give B. B. B. (Botanic Blood Balm) a trial. It is a fine tonic.

T. O. Callahan, Charlotte, N. C., writes: "B. B. B. is a fine tonic, and has done me great good."

L. W. Thompson, Damascus, Ga., writes: "I believe B. B. B. is the best blood purifier made. It has greatly improved my general health."

An old gentleman writes: "B. B. B. gives me new life and new strength. If there is anything that will make an old man young, it is B. B. B."

P. A. Shepherd, Norfolk, Va., August 10th, 1888, writes: "I depend on B. B. B. for the preservation of my health. I have had it in my family now nearly two years, and in all that time have not had to have a doctor."

Thos. Paulk, Alapaha, Ga., writes: "I suffered terribly from dyspepsia. The use of B. B. B. has made me feel like a new man. I would not take a thousand dollars for the good it has done me."

WM. Cheshire, Atlanta, Ga. writes: "I had a long spell of typhoid fever, which at last seemed to settle in my right leg, which swelled up enormously. An ulcer also appeared which discharged a cup full of matter a day. I then gave B. B. B. a trial and it cured me."
