"IN this life God is with the believer; in the next the believer is with God."

"CHRIST is the light. Moral guidance shines from Him because He is the one perfect specimen of moral living. The marvelous phenomenon of the stainless life."

"LOOK into the brightness of the mount. See there—Jesus, Moses, Elias. They talk together. They are recognized by each other. Yes, We shall know each other there."

COL. JOHN C. HASKELL of Columbia, S. C., has been elected a member of the National Democratic Executive Committee in place of Captain Dawson, late of Charleston. This is an excellent selection.

It has, within the last few days, been said that a British squadron is concentrating at Behring sea for the protection of Canadian sealers, but it was denied in the House of Commons on last Thursday.

"THE Texas 'Spring Palace,' at Fort Worth, has opened in grand style, and is sure to prove a great and creditable success. The exhibits of State products is exceptional fine, and includes everything but politics."

"A KALIDOSCOPIO instrument containing twenty fragments of different forms and colors is capable of so many combinations that, at the rate of one turn of the instrument every second, it would take the incredible number of 75,000, 000,000 years to exhaust them."

The idea that Mr. Blaine is apt to involve this country in war is all wrong. He is ambitious, and whatever glory he can gain must be by diplomacy. In case of war the laurels won by Cabinet officers would belong to the Secretary of War or the Secretary of the Navy.

"No, the soul is in all its parts and powers, alive, alert, in the future State. Death, which does dissolve the body, cannot touch the soul. There is before the soul no horrible abyss of vacancy. The mastery of death, though it is a mighty, yet is the promise of my soul. Death is not a void, but a transition to a higher state."

The Washington Post gives an account of many Federal memorial celebrations, and we are happy to say that nearly all of them evince the kindest sentiments towards the South. This is especially so of Gen. Burdette's speech at Fredericksburg. In the midst of his eloquent remarks he said, "he who puts his life in pawn for the cause he champions has closed discussion on the question of the sincerity of his purpose."

No better illustration of the death of rancor, of the innate malignancy of Americans to whatever section native, is known to me than was the gracious act of those Confederate warriors who, one year ago today, seeing that too few of our comrades were present here to do full justice to the occasion, generously led the way, and made complete the work of garnishing these graves with flowers.—Gen. Burdette at Fredericksburg.

LOCAL NEWS.

Huckleberries have appeared in market, and are selling at retail for ten cents per quart.

Washouts were reported on the W. & W. road yesterday and no Northern mail arrived last night.

The rainfall in this section during the month of May was 4.12 inches. The fall for Thursday and Friday was 1.77 inches.

Commencing tomorrow nearly all the dry goods merchants in the city will close their places of business at seven o'clock.

The Annie of the E. C. D. line, notwithstanding the severe storm on Friday night, arrived at Elizabeth City in time to make all Northern connections.

The new city jail was occupied for the first time by a negro woman who was arrested last night for stealing goods from Mr. W. B. Flanner's store. Another negro woman was also "run in" for disorderly conduct.

"I'd rather go to heaven for giving good measure than go to the devil for bad measure," said a countryman yesterday as he dashed in an extra handful of huckleberries after a satisfactory quart and a half measure had been dealt out to a customer.

New York Truck Market.

The following are yesterday's quotations: New York, June 1.—The few arrivals of N. C. beans are selling at \$1.30 to \$1.35; outlook favorable. Huckleberries 10c a lb. Cherries 10c a lb. Prime potatoes \$3.00 a 50. Do not hurry North Carolina. G. S. PALMER.

Shipping News.

The steamer Newberne of the O. D. line will sail for Norfolk at 9 p. m. on Tuesday. Truck received up to the hour of sailing.

The steamer Vesper of the E. C. D. line arrived yesterday with general merchandise. The Annie of this line will arrive today. The Vesper will sail Monday afternoon at 4 o'clock.

Schooner Lost.

A telegram was received by Watson & Daniels yesterday from Big Kimscook, via Hatters, informing them that the schooner Viola Barton, bound from Philadelphia to New Berne with a cargo of coal for them, had gone ashore and the vessel and cargo were a total loss. The telegram was from L. E. Carson, master of the schooner. Cargo insured.

Personal.

Miss Mary S. Brown, who graduated with high honor from the New Berne Graded School a few years ago, and who has had the advantage of a full course of two years training at the Peabody Normal College at Nashville, Tenn., returned yesterday evening, bringing a well earned diploma from the college. We learn that her standing at college has been unusually high which reflects great credit on her New Berne teachers.

Mrs. Clem Manly left yesterday for Richmond.

Mr. James Thomas is attending the commencement exercises of Chapel Hill.

Rev. L. W. Crawford returned last night from Greensboro.

H. B. Bryan, Esq., went down to Morehead City last night.

Mr. C. S. Bryan and wife left for Morehead last night.

M. Dow, Stevenson, Esq., and son left yesterday for Providence, R. I., being called there by the serious illness of his brother.

Meeting of Justices.

Tomorrow the county commissioners and justices of the peace will meet in joint session for the purpose of levying taxes and electing a county board of education.

The financial condition of the county, so far as paying current expenses, is not good. There is not one cent in the treasury to pay the jurors for the present term of the court and they would either not have been paid or no court would have been held if the chairman of the board of county commissioners had not agreed to make arrangements to pay them.

The levy under the constitution does not bring in sufficient funds to pay current expenses. It would, probably bring in something near enough if the privileged class (those who defy the law and refuse to pay) could be induced to come forward and bear their portion of the public burden. But it is well known that enough is not collected to defray the current expenses of the county. This has been known by the justices of the county these several years, and knowing this, a meeting was held the first Monday in February, if we mistake not, and after a full discussion of the matter, a resolution was passed almost unanimously, requesting the General Assembly then in session to pass an act enabling the commissioners and justices to levy a special tax for the purpose of cancelling the floating debt of the county and meeting current expenses. A bill was drawn by the county attorneys and placed in the hands of Senator Green, who is, also a justice and was certainly familiar with the condition of the county finances.

The bill did not pass, and as Senator Green did not, so far as we can learn, make any effort to have it passed, perhaps he has some plan to relieve the county of its financial troubles, if so it is to be hoped that he will bring it forward in the meeting tomorrow. He certainly owes it to his constituents, specially the board of justices, to explain why he ignored their request. We think the board ought to demand an explanation.

The former board of commissioners had been in office so long until some people began to think that there was not that economical administration of the county affairs that ought to be. But a new board finds that with all the economy they can command, consistent with their duties, they can not make the receipts under the constitutional levy meet the current expenses.

It is a matter for the commissioners and justices to discuss, and as Senator Green failed to have the bill passed which would have given relief, he ought, as a member of the board, suggest a better plan than levying a special tax. We hope some member of the board will call him out on this point.

Resolution of Thanks.

OFFICE GEO. & TAYLOR, TRUSTEES NEW BERNE ACADEMY. At a meeting of the board, held May 31, 1889, on motion of the Hon. G. C. Clark the following resolution was unanimously adopted.

Resolved, That the thanks of this board are hereby tendered to Prof. James Thomas for the able address delivered by him on the occasion of the annual exercises of the New Berne Graded School.

The Superior Court.

Court convened Saturday morning at 9:30 o'clock.

The State docket was taken up and the work finished up; James Dunston, the boy convicted of manslaughter on Friday, was sentenced to seven years in the penitentiary.

The sentence of Fred. Moeley to twelve months in county jail for F. & A. was amended so as to permit the county commissioners to hire out.

John Harris and Hutton Hudson, the two colored men who were tried before Justice Hill for interfering with the firemen during the burning of Mr. Stimson's dry kiln, having appealed to the superior court, their counsel asked to withdraw the appeal. The solicitor agreed to this provided a submission should be recorded. It was so ordered and the defendants and their surety confessed judgment for the cost.

The grand jury submitted the following report and were dismissed:

To His Honor J. C. McRae, Judge of Superior Court of Craven County, N. C., May 31st, 1889:

We, the Grand Jury of Craven County, beg to submit through our foreman, James H. Hunter, Esq., the following report, to-wit:

Accompanied by Dr. Leinster Duffy, the county superintendent of health, we visited the poor house yesterday, and found the premises clean and in good order, and the inmates well fed, well clothed and generally well taken care of.

We also, accompanied by Dr. Duffy, visited and inspected the county jail, which we found in like good order, and safe condition, and the prisoners well looked after and well provided for. All of which is respectfully submitted.

JAMES H. HUNTER, Foreman of Grand Jury.

The civil docket was called and motions were heard. The calendar will be considerably shortened on account of Mr. Stevenson's being unexpectedly called away.

Court adjourned to Monday morning 9 o'clock.

NORTH CAROLINA NEWS.

From the State Papers.

Lenoir Topic: The measles epidemic is over, though the family of Mr. J. C. Idol is now enjoying the full benefit of the visitation. Every member of the family has been down with it.

Asheville Journal: There is talk of a \$300,000 manufacturing enterprise being started up near this city during the next eight months. Large capital is behind the movement and it means a good deal for this section.

Raleigh Call: The latest from Washington concerning the revenue office in this city is to the effect that Young and Hawkins declare that White has not the ghost of a chance and that the fight lays between them.

Goldboro Argus: Those of our truckers who have Irish potatoes coming on for market are very hopeful of good prices. It seems that the crop of this desirable commodity has suddenly developed a shortage that is alarming to some individuals, but very gratifying to those who have good crops.

Wilmington Star: The construction corps of the Wilmington and Onslow railroad are going ahead rapidly with the grading, beginning just beyond the track of the Seaboard road, east of the city. The surveyors have staked out a line to the river through the rice field just below Kidder's saw mill, which it is said has been selected for the permanent location of the road.

Statesville Landmark: The case of the State vs. J. B. Connelly, charged with embezzlement in the use of the "Flyer money," was tried in the Superior Court last Saturday and the defendant was acquitted. If nine lawyers cannot bully Judge Geo. H. Brown, Jr., amidst the howls of the bench sitters, how many will it take to bully him after he has been on the bench six years?

Fayetteville Observer: Whortleberries have made their appearance on the Fayetteville market at 10c per quart.—Mr. J. M. Lamb's little 7 year old son, Crawford, was shot in the chest here last Monday by a colored boy. A physician was summoned and probed for the bullet, but without avail. No cause was assigned for the negro's recklessness, and he has since disappeared.—In all there have been 137 cases of typhoid fever converted during this city by these converted during the Pearson meetings. This of course does not include those converted in other sections and who have connected themselves with the Church of God in other communities.

Charlotte News: Yesterday morning a sad accident occurred about four miles west of Davidson College. Two children of John M. Henry, a boy about 12 years old and a little sister aged 7 years, were going out to work early in the morning, and as snows were quite troublesome, the boy loaded up his shot gun and carried it with him. As the two were wending their way along the boy in front, and the girl following closely behind, she asked him if the gun was loaded. Almost at the same instant the boy was about to change the gun to the other shoulder when his hand accidentally caught on the trigger, discharging the entire load in the breast of the little girl, causing death instantly.

Greensboro North State: The Pearson meetings continue to attract our people and the numerous tent and large enough to hold the vast numbers which attend them. It is to be hoped that some day we can have a similar meeting in this city.

Justice next Monday, that the subject of working the roads by the jail-birds be discussed. Also, that the young criminals be provided with a house of correction, as they are called up north. No person should be allowed to lie in jail at the expense of the county who is able to work; but boys should not be placed with old, debased criminals. Many citizens have talked on this line, and we believe the time has come for action.
