MR. DR. PEW is reported to have received invitations to make 4th of July speeches from nearly every state in the Union.

SENATOR INGALLS is said to be mending his political fence out in Kansas. He needsn't go far for supplies. He is a sort of barded wire himself.

AN exchange says: 'If Southern iron manufacturers are to make a conquest of the North, as now seems probable, what will Pennsylvania do then, poor thing!'

DURING the war Artemus Ward said he would give the last of his wife's relations to the country. Gen. Harrison seems inclined with the same patriotic sentiment.

EX-CONGRESSMAN SCOTT'S and Mr. Belmont's horses continue to monopolize the honors at Jerome Park. The meeting thus far have been a series of Democratic victories.—Boston Herald.

RICHMOND'S grim old tobacco warehouse will be sadly out of place in Chicago. This city has set its face to the future, which is full of promise. It has no desire to revive burned out hates.—Chicago News.

THE Treasury surplus is \$54,000,000. This is doing very well considering the late Congress; but in view of the fact that a Congress is about to meet, doubt may be pardoned as to whether it is big enough.—Pittsburg Dispatch.

AN agricultural exchange says the best sugar beets are grown in sandy soil. We thought so; that accounts for the sand in the sugar, and here we have been unjustly accusing the honest grower. We take it all back, and will go right on paying thirteen cents a pound for bar sand without a murmur.—Burdette.

THE HARRISON Administration continues to illustrate the Indiana idea of reform by removing Democrats for "effusive partisanship" and appointing in their places the most active and pernicious partisans it can find on its own side. "Oh for a forty parson power to chaunt thy praise, Hypocrisy!"—N. Y. World.

THE contract labor law, which was intended to prevent laborers being imposed upon by contracts made in foreign countries, in ignorance of rates of wages, evidently needs amending, when its provisions forbid the engagement of members for churches or professors for colleges, as recently decided in regard to the faculty of the Catholic University at Washington. A little more care in legislation occasionally would save us some surprising appearances.—Providence Journal.

THE idea may be formed of the vast quantity of water discharged by North Park Lake into Coonman's Valley when compared to the flow over Niagara, 1,000,000

33,000,000 tons of thirty-six cubic feet per hour, and taking the measurement of the lake to have been three and one-half miles long by one and one-quarter miles wide, with a mean depth of thirty feet, we have the enormous volume of one trillion tons of water, which would require thirty hours in passing over Niagara Falls.—Exchange.

An especially notable feature of the gifts which people of every condition are crowding one another to make to their distressed fellow-citizens Western Pennsylvania is the contribution to the general fund made by the prisoners in the Eastern Penitentiary. From the small savings which they are enabled to accumulate from over work the prisoners have contributed the considerable sum, for them, of \$522, and it is certain that in the millions of relief money there is no more precious than this of the universality of sympathy with Johnston and its neighborhood.—Philadelphia Telegraph.

LOCAL NEWS.

NEW ADVERTISEMENTS.
C. E. SLOVER—Choice teas.
A. & N. C. R.—To truck planters and the public.

Piums have appeared in market.

A good entertainment at the Theatre tonight.

Tickets for Theatre at Meadows' drug store. Admission 35 cts.; children 15 cts. No extra charge for reserving seats.

In the case before Justice Hancock Tuesday, Fisher vs. Willis, the defendant was dismissed and the cost imposed upon the plaintiff.

The house on Pollock street recently purchased by Mr. S. R. Ball has been thoroughly renovated and repainted and is now quite a handsome residence.

We surrender our editorial page today to some interesting scraps of New Berne history in Revolutionary times, culled from the N. C. Gazette by Mr. Jonathan Havens.

The entertainment tonight at the Theatre is for the benefit of the Oxford Orphan Asylum. It is worth the money you pay for it, besides helping a noble institution. Buy your tickets and be on hand.

The steamer Eaglet of the E. C. D. line sailed yesterday with one of the largest if not the largest cargo of truck ever carried from New Berne. It consisted of 2,600 barrels of potatoes and 1,700 boxes of beans.

Three boxes of fine peaches, the first of the season, were shipped over the A. & N. C. R. yesterday for Northern markets. They were raised on Fambroke road about one mile from the city by R. G. Mosely, col.

Shipping News.

The steamer Eaglet of the E. C. D. line sailed yesterday afternoon with a full cargo of truck. The Annie of this line will sail this afternoon at 4 o'clock, the Vesper tomorrow afternoon at the same hour and the Eaglet at 7 o'clock Saturday evening. This will give shippers a boat on this line every day this week.

All Rail Route Resumed.

Superintendent Dill of the A. & N. C. R. gives notice that the "all rail" route for truck going North will resume today and that truck will go through to New York from New Berne in thirty-two hours.

The fast truck train on the "all rail" route will leave New Berne every day at 11 a. m., except Sunday. The train for the Portsmouth route will leave at 4 p. m. every day except Thursday, Saturday and Sunday.

The Theatre Tonight.

Miss Lena Higgins arrived last night with a class of eight from the Oxford Orphan Asylum, and will give an entertainment at the Theatre tonight. Every Mason in this city should exert himself to have a full house for this entertainment; every professing Christian should lend his aid and encouragement to such a noble purpose as maintaining an institution like the Oxford Orphan Asylum. Think of the many hundreds of little children that have during the last few years been rescued from ignorance, shame and degradation by the benevolent Asylum of Oxford, and have been educated and reared in good citizenship. It surely must be a heart of stone that will not respond to the call for help, no matter whether it be a distinguished officer or a penniless orphan.

Buy your tickets early this morning.

The School Question Again.

The board of trustees of the New Berne Academy will hold another meeting next Wednesday to further discuss the school question. They are moving slowly in the matter and we think it proper that they should take ample time to fully discuss and reflect upon it before final action.

It ought to be borne in mind that the thing needed in New Berne is a school of high grade—a school where all can receive an academic education at reasonable cost. The facilities for primary and common school education are pretty fair. It is unnecessary to disturb them in order to secure a high school. The high school will have to be maintained by tuition charges. So to make it a success it will have to receive the patronage of the people. If the trustees can aid in establishing the high school without detriment to the public school they ought to do it, but they might as well understand at once that no school can succeed without the patronage of the home people and whatever step they take in the matter had better be in the direction of securing harmony and concentration of efforts so as to establish a school that will command the patronage of the people at home.

Personal.

W. F. Rountree, Esq., leaves for Goldboro this morning to attend a meeting of the directors of the Eastern Insane Asylum.

Messrs. J. W. Mills and F. W. Hargett of Richlands arrived yesterday evening.

Mr. H. C. Focuse, and H. A. White of Jones county, passed down for the district conference last night.

Mr. Daniel Lane, T. A. Green, Esq., Capt. Dan. Roberts, Rev. L. W. Crawford left for the district conference last night.

Rev. T. J. Gattis, agent of colportage of the M. E. Conference, Rev. R. A. Willis and Bishop Granberry left for the district conference last night.

Joshua Exum, Esq., Capt. W. A. Darden, Mr. Dixon and others of Greene county, passed down to the conference Miss Iola Exum of Greene county, is visiting Mr. G. F. M. Dall's family. Hon. C. C. Clark left for Morehead City last night.

J. C. Parker Esq. of Jones was in the city yesterday.

Miss Lucy Taylor of LaGrange arrived last night on a visit to friends in the city.

Rev. H. W. Battle and bride arrived last night.

Miss Lily Bennett of Anson county, arrived last night on a visit to Miss Jennie Battle, and will remain in the city a week and then go to Morehead City.

Gold in the Ground—Hunting for Calhoun's Gold Pitcher.

It has just leaked out that a citizen of Charlotte has been hunting around for some of Sherman's buried treasures, and a good deal of digging and plying in South Carolina soil has been done, but unsuccessfully, so far as raking up the hidden gold is concerned.

A news reporter got hold of the story yesterday, and it is worth publishing, because it is true, and because \$27,000 in gold and silver coin, stolen by Sherman's raiders, lies buried in the soil not many miles south of Charlotte. When Sherman was on his famous march to the sea, he collected as he passed through South Carolina, seventeen wagon loads of gold and silver coin, jewelry, gold and silver table ware, etc. These wagons were placed in charge of a special guard. One night while all was quiet in camp the sergeant who was in charge of the guard entered into collusion with his squad, and they stole from a wagon \$27,000 in gold and silver, in addition to the gold pitcher that was voted to John C. Calhoun by the South Carolina Legislature, and which had been gobbled up by Sherman's raiders. They carried their booty to a negro burial ground near by and buried it. That night, after the sergeant's guard had been relieved, the sergeant sneaked off to the graveyard, dug up the treasure, and buried it somewhere else, expecting this move to eventually secure it all for himself. A week later he was bushwhacked and mortally wounded. He was attended by a Federal surgeon, to whom, just before he died, he related the whole circumstance of the hidden treasure, giving him at the same time as good a description of the hiding place as possible. After the war the surgeon spent months endeavoring to find the hiding place of this gold and silver, but had to give it up. Finally, not long ago, he communicated the facts to a friend in Charlotte, and this friend has been trying to find the treasure, but without avail. The Charlotte man found the deceased sergeant's name on the army register at Washington, visited his family in Massachusetts, and gained all the information possible, but has not yet been able to locate the place where the treasure is concealed. The \$27,000 in gold and silver is buried within a half mile of the graveyard, but the exact spot has not been located. In case it is dug up by the Charlotte man, Calhoun's gold pitcher will be returned to the State of South Carolina.—Charlotte News.

They Held the Autopsy Too Soon.

NEW YORK, June 12.—The grand jury has found indictments against Doctors Irwin, Ferguson and Hanco, the physicians who performed the autopsy on the body of Washington Irving Bishop, the mind reader, for violation of the sanitary law. They will be called on tomorrow to plead in the general sessions court.

A Valuable Remedy.

A letter from S. P. Ward, Boston, says: "I used Clarke's Extract of Flax (Painful Catarrh Cure in June last for Hay Fever with great satisfaction, and find it the only thing I have seen which would relieve, without irritation, the inflammation of the nostrils and throat. Its soothing and healing properties were marked and immediate. Large bottles \$1.00. Clarke's Flax Soap is the latest and best. Try it. 25 cents. Ask for them at F. S. Dally's drug store."

Wreckage in the Ohio.

INDIANAPOLIS, Ind., June 10.—A gentleman who returned yesterday from the Ohio River reports that the stream is very high and is rising rapidly, and that a large amount of the wreckage from Johnston is being brought down. He counted several dead animals and saw parts of houses that must have belonged to the unfortunate city. High water has done much damage throughout Indiana.

NORTH CAROLINA NEWS.

From the State Papers.

News and Observer: Intelligence was received last night from a reliable source that there was strong probability that Nichols would be appointed collector of this district. The first cotton stalk with square was brought in to J. J. Thomas & Co. yesterday. The cotton was planted the 23d of April by J. C. Blake of Wake county. National guano was used in its cultivation.

Charlotte News: A news reporter yesterday had a drive of 35 miles through Mecklenburg and Cabarrus counties, and to his eyes the crops on all sides look first-rate. Corn is good, but cotton is late, though the stand appears to be encouraging. In many cotton fields replanted, the plants are just popping above ground, but in fields where replanting was not necessary the plants look vigorous and healthy. The wheat harvest is in full blast and the result is excellent. It is the finest wheat crop known in years. The fruit crop of all kinds is simply immense.

Charlotte Chronicle: On Sunday afternoon, at 2 o'clock, the police captured ten negroes and lodged them in the guard house on the charge of gambling. The negroes were caught in rooms on College street in the rear of Beck & Co.'s drug store. A lot of cards, tables, and poker chips, as well as empty whiskey jugs, were found in the rooms. On Saturday night a burglar entered the store of Brem & McDowell, on College street, broke open the cash drawer, and carried off several postage stamps. He prized open the back window and easily made his entrance. After securing the postage stamps, the greedy burglar left a pewter quarter on the desk and made his exit. The session of the First Presbyterian church held a meeting yesterday afternoon and elected Rev. Ed. Mack, son of Dr. J. B. Mack, to fill Dr. A. W. Miller's place during the latter's tour. Dr. Miller will sail about the middle of next month for a three month's trip to Europe and the Holy Land.

To Lose 15,000,000 Acres.

AUSTIN, TEX., June 10.—Judge Key of the District Court, to-day rendered his decision in favor of the State in the case of the State vs. the Southern Pacific Railroad Company to recover one-half of the lands acquired by the Company by virtue of State certificate issued since 1876. This decision, if sustained by the Supreme Court, will unseat the titles of 15,000,000 acres of land and cause endless litigation. Real estate men here are astonished at the decision and appealed at the future outlook should it be sustained. The case today was a test case. The question at issue is one of greatest importance to nearly every railroad in the State.

Thief Arrested.

The news was received with the utmost satisfaction by the community that he had been arrested; but the arrest of a man who is stealing away a loved and valued life is an achievement that should inspire heartfelt gratitude. Children, cold extremities, depressed spirits, and extremely miserable sensations with pale, wan features, are the results of disordered kidneys and liver. Arrest the cause at once by taking Dr. Pierce's Golden Medical Discovery. It is a purely vegetable extract, that will ferret out and capture the most subtle lung or blood disorder. Drugists.

Destructive Cyclone.

WICHITA, KAN., June 8.—This section was visited yesterday by a most severe storm. The western part of Sedgewick county and the eastern part of Kingman county suffered the most, and a space of twenty miles long by five miles wide, was swept over by a cyclone. A farmer named Rogers and his family were killed and many others made homeless. The heavy rain was followed by hail, which laid low the grain and fruit crops. In West Sedgewick county many houses and barns and acres of crops were levelled to the ground.

Secretary Tracy's Movements.

FORT MONROE, Va., June 10.—After exchanging salutes with the fort and German scholarship Nix, the Dispatch sailed for Norfolk at 9 o'clock. NORFOLK, Va., June 10.—The Secretary of the Navy visited the Norfolk navy yard today and left here for Washington this afternoon.

Wreckage in the Ohio.

INDIANAPOLIS, Ind., June 10.—A gentleman who returned yesterday from the Ohio River reports that the stream is very high and is rising rapidly, and that a large amount of the wreckage from Johnston is being brought down. He counted several dead animals and saw parts of houses that must have belonged to the unfortunate city. High water has done much damage throughout Indiana.

Lost Lives in the Flood.

FREDERICK, Md., June 10.—Edward Mayhew, of Emmitsburg, this city, lost six children in the flood at Johnston. John Coal, a student of St. Mary's College, lost twenty-three relatives in the same disaster.

For the Potomac Sufferers.

FREDERICK, Md., June 10.—Gen. Jas. C. Clarke, of Mobile, Ala., has sent \$100 to Frederick for the relief of the sufferers in the Potomac valley.

Arrest of a Noted Robber.

CHICAGO, June 8.—A dispatch from El Paso, Texas, says: Jack Williams, the supposed leader of a gang of robbers who held up United States paymaster Wham several weeks ago, was arrested here yesterday. Thirty-five hundred dollars were found on his person.

Notice is hereby given that an application will be made by the President and Board of Directors of said Company, before the Clerk of the Superior Court of Craven County, on the 15th day of July, 1889, at 12 o'clock, M., to amend the charter of the said Neuse and Trent River Company, in the following particulars, to-wit:

That article six of agreement be amended so that the said Company shall have power to reduce its capital stock to any sum it may determine on, so that it shall not be less than Five Thousand Dollars. That this corporation have a right to sell any of its boats or other property, and accept as consideration therefor shares of stock of the Company. That this corporation have the right to issue its bonds at any time, in any denomination the stockholders may wish, so that the entire amount shall not exceed at any one time Twenty-Five Thousand Dollars, and give mortgages or other conveyance of any or all of the Company's property as security therefor.

That article eight be amended as follows: That the Board of Directors of this Company shall be not less than three. That a director shall not be disqualified from holding other office or offices in said corporation. That no person shall hold any office to which he may be elected by the stockholders of this Company, unless he shall be the holder of at least two shares of stock of said company, and if any person while holding office as aforesaid shall dispose of his stock so that he shall own less than two shares, he shall by such act disqualify himself from holding office, and said office shall be considered surrendered.
