**NEW YORK State annual tax rate now is 3.52.** North Carolinians may see in a comparison of the tax rate of New York with that of their own State good and sufficient reason for short school terms and a general lack of public improvement. —Charlotte Chronicle.

**INDIANA** seems to have become thoroughly demoralized since she was captured by Dudley and his "blocks of five." The latest development is the arrest of four boys under fifteen years of age who shot, stabbed and drowned another boy of thirteen. —Wilmington Star.

**THE operations of the sugar trust have completely cut off our export trade in refined sugar,** which amounted to \$15,000,000 in a single year, and increased the annual cost of this prime necessary of living to American consumers to the amount of 25,000,000. Is it for this we have a tariff? —Phil. Record, Democrat.

**If Lynch, the negro recently appointed fourth auditor by President Harrison, truly represents the ideas and feelings of his race, it is time for the talk about their desiring nothing more than equal treatment to stop.** What Lynch wants is the obliteration of the social as well as the political color line. —Macon Telegraph.

**THE next Congress, which will be Republican in both branches, will meet the first Monday in December next, and the local Patriots heard Republican campaign speeches last fall and read Republican newspapers to very little purpose, if they did not learn that one of the very first acts of such a Congress would be to "abolish the infernal revenue."** —Statesville Landmark.

**WANAMAKER'S double action chopping knife with eight blades, is going day and night chopping off heads. In one week it struck off 1,012 heads. That was recently. It will do for a Civil Service reform administration. Oh, the possibility of that wicked old party called Republican. It evidently does not believe with a poet that "nothing can need a lie."** —Wilmington Messenger.

**THE Baltimore American has kind words for the South, despite its position. It says: "The South is progressing more rapidly than most people suppose. In eight States—Virginia, Georgia, Alabama, South Carolina, North Carolina, Florida,**

Arkansas and Texas—real estate values have increased \$794,314,902, schools have increased 14,861, and State debts have decreased \$49,472,513 since 1839. This is a most excellent showing, and it is a splendid promise of the future."

Today is "State Day" at the Teachers' Assembly.

Quite a number of the teachers passed up from Morehead City yesterday morning.

The schooner Melvin, Capt. Howland, arrived on Sunday, from South Amboy, with a cargo of coal for Mrs. E. B. Ellis.

This is the last week for listing taxes. After this it will cost twenty-five cents to list. Go along and save quarter by listing in time.

A large crowd passed down to Morehead City last night, among them Treasurer Donald W. Bain and Col. W. L. Saunders.

The prayer meeting of the young men of the Baptist church will be held this evening at 8 o'clock. A cordial invitation to all to attend.

At the morning services of the Episcopal church on Sunday Bishop Watson confirmed a class of thirteen, among them was ex-Judge Green. In the evening a class of six was confirmed at St. Cyprian.

Mr. Eugene Tucker exhibited at the JOURNAL office yesterday a twig bearing eight fine, well developed ripe peaches in eight inches space. They the "Royal Beauties" and the cluster were exceedingly beautiful.

It has changed from a dry to a rainy spell which makes it disagreeable under foot on many of our sidewalks. Mayor Williams is doing a great deal to improve our streets, but much yet remains to be done to prevent water standing on the walks which is a great nuisance after rains.

The steamer Stout of the Clyde line left for Adams creek last night to load lumber for Baltimore.

The steamer Newberne of the O. D. line sails this afternoon at two o'clock. The Mantee will arrive tonight.

The steamer Eagle of the E. O. D. line sailed yesterday with a cargo of truck and lumber. The Annie of this line will sail at 4 o'clock this afternoon.

**Oxford Female Seminary.**  
President Hobgood has kindly sent us a very handsome catalogue of Oxford Female Seminary. This catalogue shows an attendance during the last session of one hundred and thirty-seven students, drawn from all sections of North Carolina, and some from Virginia, South Carolina, Georgia and Tennessee. Eleven teachers and officers are engaged, and one will have to go far to find an abler corps, if we may judge from the schools from which these teachers hold diplomas. See advertisement in proof of this. There is no finer location for a female college than Oxford. It has long been noted for its healthfulness and for the refinement of its social life; and with its new railroads, it is easily accessible. We wish this rapidly growing school even greater prosperity.

**Personal.**  
Hon. F. M. Simmons went to Bayboro yesterday on professional business.

Mrs. Clement Manly has returned from Richmond.

Rev. Dr. Manly of Wake Forest College was been spending a few days in the city with relatives and leaves this evening for Morehead City.

James Thomas, Esq., left for Beaufort last night.

Major D. T. Carraway left yesterday morning for Winston and other points West.

J. N. Focus, Esq., and daughter Lillian of Jones county, passed down for Morehead City last night.

Miss Ida Hargett of Jones county, went down to the Teachers' Assembly last night.

**Asbury.**  
The proceedings of Craven circuit Sunday school conference, M. E. Church appear in this issue. The conference was held at Asbury church in the midst of the finest section of Craven county. A large crowd of intelligent citizens were out and Dr. Robey entertained them handsomely in an address of about one hour.

Asbury is a neat, well built country church, nicely furnished on the inside, and only needs the paint brush on the outside to make it one of the handsomest churches in the country. The church buildings and school houses of any neighborhood make an index to the character of the people who attend them. So when one goes to Asbury he at once feels that he is in the midst of a genial, noble hearted, live, progressive people, and if he should attend one of their public meetings, like that of last Thursday, he would be convinced that they are a people who live not unto themselves but unto God, caring for one another and moving forward in the bonds of brotherly love, truth and friendship.

**A Terrible Storm.**  
LITTLE ROCK, Ark., June 23.—A heavy rain storm visited Conway and Van Buren counties last Saturday night, and although it lasted but a short while, it worked a loss of life and property that cannot be estimated. An old man named Emerson was with his family in his house near Clinton, the county seat of Van Buren, when the storm was raging.

After an hour's rain the water gradually flooded his house, and fearing danger inside gathered two of his children in his arms and went to the door to escape. As the door opened a huge log floated down the entrance and knocked the children from his arms. They fell at his feet into the swift current and were lost. He then took up the two others and succeeded in getting out with them safely, telling his wife to follow with the others, but in attempting to escape in the same way with the mother, with two children in her arms and three clinging to her dress, was carried down with the flood and drowned.

The father and two children, the only ones left in a family of eleven, escaped. When the waters subsided the bodies of the mother and seven children were discovered here and there for a considerable distance around, the clothing having caught in under the bushes, and the bodies held fast in that way.

**Saved from Consumption.**  
Several physicians predicted that Mr. A. B. Rowley, druggist, of Chicago, would soon have consumption caused by an aggravated case of Catarrh. Customers finally induced him to try Clark's Extract of Flax (Papillon) Catarrh Cure. He says: "The result was unprecedented. I commenced to get well after the first application, and after a few weeks, entirely cured." It will do the same for you. Price \$1.00. Try Clark's Flax Soap for the skin and you will use no other. 50 cents. All of Clark's Flax Remedies for sale by F. B. Duffy, druggist.

**The Inter-State Farmer's Association.**  
This body, which was organized at Atlanta, Ga., in August, 1887, is composed of representatives from Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, Texas and Virginia. These representatives (five or more for each Congressional District) are appointed by the Vice Presidents of the States, respectively.

**VICE PRESIDENTS.**  
R. F. Kolb, Montgomery, Ala.  
L. P. Featherston, Forest City, Ark.  
J. T. Pettersen, Pensacola, Fla.  
Jno. P. Fort, Mt. Airy, Ga.  
Jno. Dymond, Bellair, La.  
J. T. Henry, Greenwood, Miss.  
Elias Carr, Old Sparta, N. C.  
E. B. Melver, Palmetto, S. C.  
L. D. Yarrell, Bellefield, Va.  
B. M. Ford, Nashville, Tenn.  
G. B. Pickett, Decatur, Texas.

The Association will meet in the city of Montgomery, Ala., on the 20th of August, next. Reduced rates, on all lines of railway will be secured, as also at the hotels and boarding houses of that city, and will be furnished to delegates in due time by the Secretary.

Composed of leading, practical agriculturists of the South, this body will represent the enterprise and progressive thought, which new conditions and surroundings have involved and which must solve the great economic questions now confronting us. Let every State be fully and strongly represented. Important questions affecting the material advancement and industrial development of the South, and especially the promotion of her great agricultural interests, will be considered.

**Duel Between Louisiana Editors.**  
NEW ORLEANS, June 22.—Messrs. Faquet and Noquin, editors of the Comet and the Sentinel, rival newspapers in Thodaux, La., had a shooting affray yesterday. Noquin was shot in the body and died within an hour. Faquet was wounded in the head, but not dangerously. The Sentinel had accused Faquet of getting drunk at a recent picnic. Faquet demanded an apology, which was refused, and when the two men met they began firing on each other.

**Ten Thousand the Estimate.**  
JOHNSTOWN, Pa., June 23.—All the local physicians met accidentally at the Bedford street hospital last night. They represented all parts of the stricken city, and after discussing the calamity joined in the conclusion that not less than 10,000 people were lost in the flood. On account of the general knowledge of the people possessed by the physicians, the estimate is looked upon as reliable.

**Honoring Captain Dawson's Slayer.**  
CHARLESTON, S. C., June 23.—Dr. Mc Dow, now awaiting trial for the murder of Captain Dawson, was yesterday chosen as surgeon of the Lafayette Artillery Company, the oldest organization of the kind in the South. This company is composed of "solid citizens" of Charleston, is commanded by Captain Belger, one one of the county judges, and includes many other professional men in its membership.

**EPOCH.**  
The transition from long, lingering and painful sickness to robust health marks an epoch in the life of an individual. Such a remarkable event is treasured in the memory and the agency whereby the good health has been attained is gratefully blessed. Hence it is that so much is heard in praise of Electric Bitters. So many feel they owe their restoration to health, to the use of the Great Alternative and Tonic. If you are troubled with any disease of Kidneys, Liver or Stomach, of long or short standing, you will surely find relief by use of Electric Bitters. Sold at 50c. and \$1 at R. N. Duffy's Wholesale and Retail Drug Store. Wholesale price, \$3, per dozen.

**Americans Dine in the Eiffel Tower.**  
PARIS, June 23.—The American engineers visited the exhibition today. They were welcomed by M. Eiffel, the engineer who superintended the building of the Eiffel tower, and entertained as a gala breakfast on the first floor of the tower. Mr. Whitelaw Reid, the United States Minister, was among the guests. M. Eiffel offered a toast to the President of the United States, and Mr. Towne responded with a toast to the fraternity of France and America.

**A Multitude of Ailments.**  
The ailments which afflict the kidneys and bladder are so numerous that merely to name them would fill a space far outrunning the limits of this article. Suffice it to say that they are both obstinate and dangerous. To their prevention Hostetter's Stomach Bitters is well adapted. The stimulus which it lends to the action of the kidneys when they are lethargic, serve to counteract a tendency in them to lapse, first, into a state of pernicious inactivity, and afterwards into one of positive organic disease, which soon destroys their delicate ingredients, poisons the blood and causes death. A double purpose is served by this dependent. It promotes activity of the kidneys, and expels impurities from the blood which have no natural channel of outlet, except these organs. Constipation, biliousness, fever and ague, rheumatism and dyspepsia, are always remedied by this medicine through its action and wide scope.

**TO THE TAX-PAYERS OF CRAVEN CO.**
