It is learned from official sources that the revenues of the Post-office Department is rapidly increasing. A large number of towns will be entitled to free delivery offices in July, and they will be promptly established. It is also probable that the benefits of the free delivery system will be measurably enlarged by the next Congress. It is believed that the President will recommend a large extension of this service in his message, and it will possibly be one of the first questions to occupy the attention of the national law-makers upon their meeting in December-Baltimore Herald.

THE Republican party is sold to the Money Power, which seeks the establishment of plutocratic rule on the ruin of popular self-government, buys what offices it wants, corrupting both elections and legislatures, and governs the land by barter. It is the mission of the Democratic party to oppose this assault upon free institutions and defeat it: to overthrow the conspiracy of wealth and keep alive that government of the people, by the people and for the people under which the glory and happiness of the Republic have been won.-N. Y. World.

NEW ADVERTISEMENTS. S. W. SMALLWOOD-Equitable life assurance society. NEW BERNE FURNITURE Co.-Furniture and baby carriages. Independence Day. No JOURNAL tomorrow. This is a National holiday. All ex Confederates should report promptly the court house today at 19 o'clock. The postoffice will be closed today. The general delivery will be open from 9 to 10 o'clock. Mayor Williams is making his courts pay expenses. The fines collected last month amount to more than was collected the whole of last year. Jimmie Holton, son of Mrs. A. H. Holton, had the misfortune to break his right arm just above the wrist yesterday while exercising on a gymnasium bar. R. H. Abbott, colored, had a watermelon on the streets yesterday, the first of the season. He said it was from Virginia, but it had the appearance of a Georgian. One of the best things a citizen of New Berne can do on this anniversary of American Independence is to subscribe to the capital stock of the co-operative cotton factory. The number of stockholders in the new cotton factory has reached ninety, and many of these have taken from two to five shares. One of our most substantial men says that after the organization has been completed, and the plan of operation appearing to justify it, he will increase his stock to twenty-five shares.

No Journal Tomorrow. According to custom there will be no JOURNAL issued from this office tomorrow. The Fourth of July is one of the few holidays granted our printers. The JOURNAL will appear again on Saturday morning. Shipping News. The steamer Annie of the E. C. D. line sailed yesterday afternoon with lumber, truck, etc. The Vesper of this line will arrive today. The steamer Stout of the Clyde line sailed last night for Baltimore with a cargo of lumber and shingles. Preparing for the Boys. The following item from the Wilmington Star will be of interest to our firemen: At the regular meeting of Wilmington Steam Fire Engine Company No. 1, last night, it was mentioned that the New Berne Fire Engine Company would visit Wilmington during Emancipation week, and on motion, a committee was appointed to make arrangements for the reception and entertainment of the visitors. The "Atlantic" boys look forward to the visit with pleasurable anticipations, and will do all they can to add to the enjoyment of their guests while here.

It is very important in this age of vast material progress that a remedy be pleasing to the taste and to the eye, easily taken, acceptable to the stomach and healthy in its nature and effects. Possessing these qualities Syrup of Figs is the one perfect laxative and most gentle diuretic known.

CITY COUNCIL PROCEEDINGS.

June 3, 1889. A regular meeting of the board of city council was held this evening at half-past eight o'clock, Mayor Williams presiding. Present: Councilmen Burrus, Ulrich, Lane, Crawford, Ellis, Bishop, Willis and Kennedy. A petition was read from Mr. A. M. Baker asking permission to erect a shed that connected the house and kitchen formerly occupied by R. H. Hilton on Pollock street. On motion it was referred to the fire district committee with power to act. Mr. Wm. P. Metts petitioned to copy and compute the tax list for \$25.00. On motion of Councilman Lane he was given the contract, Councilman Kennedy voting in the negative. A petition was read from Mr. J. W. Meese asking permission to erect a shed on Bell's alley. On motion it was referred to fire district committee with power to act. Mr. Jas. F. Taylor asked permission to weatherboard his building six feet above the sill. On motion it was referred to fire district committee with power to act. Councilman Ellis moved that a fire well be bored near the old ice house, which was left with streets and pumps committee with power to act, Councilman Kennedy voting in the negative if the records show previous action in the matter. Chairman of finance committee reported that they had borrowed \$2,000 from Mr. F. Ulrich at 8 per cent. Also reported the balance due Messrs. Green, Roy & Co. on the market building, \$491.20, and recommended that a voucher of \$191.20 be issued to them. On motion it was carried. Chairman of wharves and docks committee reported that they had examined the wharf at foot of Metcalf street and deemed it unnecessary to expend any money upon it. Also recommended that the market house be painted. Chairman of cemeteries committee reported the cemeteries in excellent condition. Fire department, no report. The Marshal's report was read and adopted: Arrests 47, all convicted. One was sent to jail, ten worked their time out. Fines collected, \$64.70. Cost, 55.80. Total, \$190.50. One-half of above cost, \$27.90, was deducted for my fees. JAS. T. LEWIS, C. M. The Mayor made the following report: MAYOR'S REPORT. I beg leave to submit the following report: No. of cases tried this month, 47. Amount of fines imposed, \$157. Amount of cost, \$130.40. Some one has been making report to the department at Washington as regards the work on the road leading to the Federal Cemetery, that the work was not as per specifications, and I wrote the following letter and forwarded report of committee on streets and wharves and docks: MAYOR'S OFFICE, NEW BERNE, N. C., June, 29th. TO THE DEPOT QUARTERMASTER, WASHINGTON, D. C. GENERAL-Your Engineer, Major Tomasek, called my attention to some charges forwarded to your department in regard to the character of the construction of the Macadamized road to our National Cemetery. I find they are entirely groundless, and instigated only by the jealousy of your correspondent. I consider that I am qualified to speak on this subject as I have not only noticed the progress of the road but have paid several visits to the quarry. I do not hesitate to fully endorse the manner in which the work has been done so far as it has advanced. The committee on streets and wharves enclose herewith their report of examination of the work: Respectfully Yours, R. P. WILLIAMS, Mayor. At the request of R. P. Tomasek, engineer in charge of the Macadamized roadway from New Berne to the National Cemetery, we the committee on streets and wharves of the Board of Council of said city have made an examination of said road and find the specifications to have been complied with and the road in a satisfactory condition of construction. The road was laid with three courses of stone, the first of which is in the varying from eight to four inches and a second layer of smaller stones, the whole being covered with pulverized shell rock. The portion of the road now completed is largely patronized by vehicles of our best citizens who, express as we do our entire satisfaction with the work. [Signed.] COM. OF STREETS AND WHARVES. I have had Mr. Thomas S. Howard to make some log pumps to put in place of the worthless, cucumber pumps that we now have. Cemeteries. I visited the cemetery Sunday, and to my surprise I found a lot of blank permits signed by the clerk, to be filled out by the sexton or any one that may wish to make use of them. Such should not be the case, as under such circumstances one might be foolishly dealt with and covered up in our cemetery. I recommend that the committee on streets and pumps be instructed to order as many more street lamps, as we can purchase about three for what one now cost. I granted the Sheriff permission to use the shed at the old engine house on Broad street for a stable. Respectfully &c., R. P. WILLIAMS, Mayor. The report was adopted, Councilman Kennedy voting in the negative. On motion of Councilman Ellis, no person hereafter shall be buried in either cemetery without first having the burial permit signed by the clerk and countersigned by the chairman or one of the cemetery committee. Mr. J. W. Waters appeared before the board and asked that Tony Bishop's voucher be issued to Robert Primrose for a lot on George street. On motion of Councilman Ellis it was referred to the committee on streets and pumps. Councilman Lane moved that a dozen or more lamps be ordered for the streets. Carried. The following bills were allowed: R. P. Williams, Mayor, \$33.33; Ferdinand Ulrich, Treasurer, \$16.66; J. T. Lewis, Marshal, \$25.00; J. E. Gaskill, policeman, \$30.00; M. T. Roberts, policeman, \$30.00; Thomas Wilson, \$30.00; J. L. Willis, special policeman, \$30.00; John C. Green, engineer, \$25.00; W. R. Waters, engineer, \$25.00; David Stallings, sexton, \$20.00; Rob't W. Williams, sexton, \$20.00; Joseph Bryan, janitor Rough & Ready Company, \$5.00; New Berne JOURNAL, advertising, \$5.00; New Berne Academy, rents, \$8.00; Clark & Clark, city attorneys, \$16.66; Atlantic engine company, feed for jumper horse, \$10.00; New Berne engine company, feed for jumper horse, \$10.00; Atlantic engine company, rent of hose carriage, \$5.00; Prince Hyman, lighting eight lamps, \$6.00; James C. Harrison, lighting three lamps, \$2.25; Meritt Whitty, lighting one lamp, 75 cents; J. F. McCarthy, lighting one lamp, 75 cents; W. H. Hooten, lighting one lamp, 75 cents; Paul Williams, lighting one lamp, 75 cents; Charles Watton, lighting one lamp, 75 cents; Braxton Latham, lighting one lamp, 75 cents; E. E. Disoway, rent of Odd Fellows hall, \$23.50; New Berne Gas Company, \$81.00; C. R. F. Edwards, disconnecting New Berne steam fire engine boiler, \$17.00; George Allen & Co., supplies for streets and cemeteries, \$4.65; Dennis Wadsworth, pump plungers and boxes, \$4.55; Jonas McDaniel, shoeing horses, \$9.70; N. S. Richardson & Son, printing, 7.00; Whitty & Gates, supplies for prison, pumps and streets, \$97.43; C. Erdmann, rent truck house, \$10.00; Thos. S. Howard, new pumps, \$112.00; J. T. Lewis, feeding prisoners, \$46.15; J. P. C. Davis, shingles, \$2.75; F. Ulrich, supplies for cemeteries, 90 cents; Lucy Jones, coffee furnished at Stimson's fire, \$4.00; Atlantic engine company, cleaning hose, \$5.00; F. Ulrich, treasurer, orders paid streets and pump hands and engine drivers, \$151.50. Total amount of bills, \$919.43. Minutes read and adopted. SILAS FULCHER, Clerk. R. P. WILLIAMS, Mayor. Colonel Harry Tracy. A very small crowd attended the court house yesterday to hear Col. Harry Tracy's lecture on the Farmer's Alliance. He spoke for about one hour and a half and made many good hints that every farmer, and in fact every business man, ought to have heard. Col. Tracy says one great object of the Alliance is to properly educate its members and the children; to teach them the science of government and necessarily politics, but he emphasized the fact that they did not teach partisan politics. He contends that the farmer ought to be so educated that he will know a republic from a monarchy, kingdom or plutocracy, that he must work with his mind as well as his hands. He gave some splendid advice in regard to the homestead. The agricultural class who owned their little homesteads are the people that preserve the government and he thought the greatest cause for alarm for the perpetuity of this government was the fact that the tenth census showed that the owners of small homesteads were rapidly declining in numbers, and even the earth as well as capital was concentrated in the hands of the few. He regretted very much to see an attempt to place the financial feature in the front of the Alliance. Mental development, proper education, protection of the homestead by knowing what laws are just and right and erecting a healthy public sentiment in the community are to be the leading features. His speech, taken all in all, is calculated to do good, and we regret that there was not a larger crowd to hear him. We hope to see him this way again, and that the next time he comes our farmers will give him a good meeting. He leaves for Kingston today where he will have a large crowd. Correction. Rev. C. H. Smith sends the following card which we cheerfully publish. When he went upon the stand he admitted something, but perhaps we did not catch the right: Mr. EDITOR-Please correct that part of the testimony saying that I said the child was mine. There was no such admission on my part, I only admitted a child was born of my wife. C. H. SMITH New Berne, N. C., July 3d, 1889.

Co-Operation. In the business world there is nothing more potential in assuring success as co-operation. Now and then a man is found who succeeded by operating his business within his own capital, but the most successful enterprises are conducted on the co-operative plan. This is especially so in a community when a large majority of the people are poor and have but little capital. The only way to build up factories in such communities is by co-operation. The fact that some enterprises conducted upon this principle has failed is no proof that another will fail. A cotton factory properly managed will pay as well in New Berne as anywhere. If not properly managed, or if mistakes are made in the purchase of machinery, of course it will not pay, nor would it pay anywhere else under similar circumstances. The cotton mills are coming South; they are being brought nearer to the cotton fields and New Berne has it in her power to demonstrate that no better location can be found for manufacturing than right here. With a favorable climate, cheap fuel and good shipping facilities we dare say New Berne with the same machinery and operatives would show as large net income as any point in the South. A cotton factory can be as well conducted here as elsewhere; as good machinery can be procured for it as elsewhere, then why will it not succeed? IT WILL SUCCEED. Let's give it a fair trial. A Scrap of Paper Saves Her Life. It was just an ordinary scrap of wrapping paper, but it saved her life. She was in the last stages of consumption, told by physicians that she was incurable and could live only a short time; she weighed less than seventy pounds. On a piece of wrapping paper she read of Dr. King's New Discovery, and got a sample bottle; it helped her, she bought a large bottle, it helped her more, bought another and grew better fast, continued its use and is now strong, healthy, rosy, plump, weighing 140 pounds. For fuller particulars send stamp to W. H. Cole, druggist, Fort Smith. Trial bottles of this wonderful discovery for sale at R. N. Duffy, Wholesale Druggist, for sale wholesale at \$8 per dozen. For a disordered liver try Becham's Pills.
