TRADE journalism has made gigantic strides of late, but it was not until last year that a trade journal for advertisers was started. Such a paper has just completed its first volume. It is published at New York, and is entitled Printers' Ink. Its object is to teach the art of successful advertising, which it does by plain, comprehensive articles that treat of every plan of advertising from the writing of the advertisement to its insertion in the proper papers.

GOD knows there is little enough of sunshine and happiness in this life, and especially is there enough of gloom and sadness about the profession of a weekly newspaper publisher: and if we can cheer him up and lighten his burden occasionally by a kind and merited word of praise in his behalf let us not be miserly in giving it. Fulsome flattery is to be detested at all times, and suppliant fawning is to be despised as a thing beneath the dignity of respectable journalism, but we can throw a pearl of honest praise at a worthy brother now and then without indulging in either of these. And when it does let there be none within our ranks to begrudge and make light of it because forsooth he happens not to be the fortunate and favored one.—Henderson Gold Leaf.

Election of Principal of New Berne Academy.

At a very large gathering of the Trustees of the New Berne Academy, on Monday evening the 22d, G. T. Adams of Cumberland county was elected principal. There was a large number of applicants for the position, including many successful educators and graduates of universities and colleges. The election of Mr. Adams, under the circumstances, by a large majority vote is a high compliment. Mr. Adams is a graduate of Trinity College, is a Wiley Gray medalist, has made a fine reputation for push, industry and talent, is 24 years of age with some experience as a teacher, and was strongly endorsed and recommended for scholarship and reliable Christian character. After his election Mr. Adams came before the board, and in a plain, manly, straightforward manner accepted the position tendered, and explained his wishes and plans for the establishment, prosperity and success as a school of high grade in New Berne. He made a good impression upon the Trustees. Let the people of New Berne gather around this institution, back up its principal and give it an enthusiastic support, and a better day will dawn for our city.

Personal.

Wm. G. Brinson, Vice Grand Dictator of Grand Lodge, K. of H. and Capt. K. R. Jones, representative of New Berne Lodge, left for Waynesville yesterday morning to attend the meeting of the Grand Lodge. They were accompanied by Mrs. Brinson and Mrs. Jones.

Miss Hattie Dail is spending the summer at Asheville.

Prof. Browne, the optician who has been in the city for the past two weeks, left for Morehead City last night. He did considerable work while here and to the entire satisfaction of his patrons. He says he heard people speak of leaving New Berne for the summer, but he has not yet been able to see what they want to leave for. He has occupied a room at the Gaston House while here and says he never stopped at a more pleasant place.

The talented editor of the Goldsboro Transcript-Messenger, Maj. Wm. A. Hearne was in the city on Sunday.

Mr. E. E. Harper, business manager of the New Berne JOURNAL, left here yesterday to attend the State Press Association that meets today at Lenoir. If the other papers are as well represented as the JOURNAL, the present session will be one of the most successful in the history of the Association.

Lieut. Justice Dismay of the Salvation Army, who has been working in the New England States for several months is home on a furlough.

Mrs. John A. Richardson and children are at Chapel Hill for the Summer.

Miss Maudie Amyette is at the Atlantic hotel, Morehead City, for the Summer.

Mr. Samuel Quinerner and W. B. Bland of Pitt were in the city yesterday.

The State Firemen's Tournament.
The State Firemen's Tournament will be held in Raleigh on Tuesday and Wednesday, August 13th and 14th.

We are glad to see the Atlantic Company of this city is making preparations to go, and will go provided the new boiler for the Button engine is completed by that time.

We trust Mr. Edwards will push forward the work on the boiler in order that the Atlantians may have an opportunity of attending the tournament.

An Important Act.
The citizens of Pitt, Greene, Lenoir, Edgecombe, Nash and Jones counties will do well to read and examine the following act passed by the General Assembly of 1887, and amended by the General Assembly of 1889 so as to include the above named counties. It would appear that the sale of seed cotton is very effectually blocked in those counties especially the sale in small quantities:

SECTION 1. That it shall be unlawful for any person to buy, sell, deliver or receive, for a price or for any reward whatever, any cotton in the seed where the quantity is less than what is usually baled, except as hereinafter provided.

SEC. 2. Every such sale and transfer of seed cotton shall be in writing, signed by all the parties thereto in the presence of two credible witnesses, and shall be substantially in the following form, to-wit:

"I, hereby sell and deliver to _____ of _____ county, _____ pounds of seed cotton, at _____ cents per pound. This the _____ day of _____ 18__.

In our presence _____"

Said bill of sale, together with a fee of twenty-five cents for docketing the same, shall thereupon be delivered by the person so buying or receiving said seed cotton, within ten days thereafter, to the nearest justice of the peace in said county, whose duty it shall be to docket and preserve the same on his civil docket for the inspection of all persons.

SEC. 3. Any person buying or receiving seed cotton contrary to the provisions of this act, and any person buying or receiving seed cotton who shall fail, neglect or refuse for ten days thereafter to carry and deliver the written bill of sale, as hereinbefore required, to the nearest justice of the peace in said county, shall be punished by a fine not exceeding fifty dollars, or imprisoned not exceeding thirty days, or two-thirds of any fine so imposed to ensure to the benefit of the common school fund of said county and the remaining one-third to the informant: Provided, that this act shall only apply to the counties of Anson and Richmond.

SEC. 4. This act shall be in force from and after its ratification.

In the generally assembly read three times, and ratified this the 19th day of February, A. D. 1887.

Chapter 187 of the laws of 1889 amends this act so as to include the counties mentioned above.

To Our Dear Sovereign Lord of Onslow.

At a meeting of the Justices of the Peace with the Board of Commissioners of Onslow county, on the first Monday in June last, the chairman of the board of commissioners made a statement that on account of the small tax levy the county would receive, and the decrease in the valuation of property, there would be a deficiency of \$2,000 or more, and requested the Justices to levy a sufficient tax to meet current expenses. He showed them the necessity of this levy, and also that the tax was for no "illegal or unauthorized" purpose. That most of the bridges were sadly out of repair, and the condition of the court house called for immediate attention, it having to be recovered entirely, and other work. He stated that the only reason the commissioners had succeeded in running the county for the last two years within the constitutional limitation was the small amount of the 66 2-3 per cent. on every \$100 worth of property taken by the State.

An outside individual stated that he had made some investigations as to the taxable property of the county, at the request and in the interest of some prospective railroads, and that his examinations had disclosed the fact that the depreciation in value was more than \$127,000 since the general assessment of 1887.

This statement to some extent surprised many of the Justices (if not Commissioners), and after much discussion of the matter it was apparent to many of the board that the county would be running deeper into debt, so they voted the special levy as asked for by the chairman.

For so doing our Justices and one poor outside individual have been put upon the rack in "thoughts that breathe and words that burn," and the poor innocent outsider who had the audacity to show to the tax board the actual depreciation in values of taxable property has almost been compelled to commit hari-kari, or in other words to disembowel himself.

You, my dear sir, designate Onslow Justices as ignorant dupes, conscienceless and accomplices in crime. You put yourself in the line of a Judge sentencing a culprit, or better yet, the line of a pedagogue making a school-boy toe the mark. With a smile of pity you lay bare their faults, weakness and incapacity, and point out their humiliation, and try to impress upon their abstruse minds that since Runnymede and Magna Charta no such audacious assault as this has been attempted upon the rights of man. They are the ravens brooding over the carcass of Onslow citizens, the buzzards hovering about the carrion. Give us more air. The atmosphere is stifling for one breathing with the carbonic gas of such respirations.

A Philosopher says ridicule is a power not in proportion to the truth it contains and should never be used in malice, and only by an expert. Life is too short, the world is too wide, its diversified industries too great, the opinions of man too many, for one to set himself up in judgment upon the actions, the opinions and the intentions of mankind as a SIR ORACLE. But man is a vain creature, and some consider themselves as exceptions to all rules and act accordingly.

Yet my dear sir, we have ONE man among us whose character can be defined by the words that we are in the habit of employing. One who is liberal and progressive in his opinions and in all matters, and a man who is too straightforward, fair and emphatic to suit those who would like to accommodate their principles to special emergencies. A man of sincerity, honesty and endowed with a moral and physical courage far surpassing that of Andrew Jackson. A man who had he not mistaken his calling, his genius ere this would have dwarfed that of the great Napoleon at Rivoli and Austerlitz. A man who is good hearted, not irascible, but gentle and kind; not credulous, or prone to be carried away, puffed up with pride and vanity, or an overwearing false notion of himself, and one who attributes to every one else a share of his virtues.

A man who makes personal feeling a secondary consideration and who is above the dull level of human mediocrity and prejudices, and one who is taught by human reason and touched by human sympathy.

Such a man sooner or later must surmount all difficulties and purify the moral, social and political atmosphere and elevate humanity. Then the things which have heretofore been hollow and insincere will be real and earnest, and there will be a final break with the past.

How can any one in this world of lies and shams, any one in whom is blended these ideal and beautiful qualities could be actuated in a spirit of bitterness, malice, mendacity and disappointment towards the "Onslow Oligarchs" or any one else.
