AN action has been begun in the district court of Marion, Iowa, which will prove of great interest to Masonic circles: it is the first time the Masonic order has appealed to the State courts, and the decision will serve as a precedent in other States. THE entire corn crop of 1887 was 1,456,000,000 bushels, and of wheat 456,000,000 bushels.

THE distinction between legitimate trade and gambling is that in the former an equivalent is given in return for value. There is an exchange in which the condition of both parties may be bettered. In the latter the one profits entirely at the expense of and by the loss of the other, giving nothing in return for value received.

LOCAL NEWS.

NEW ADVERTISEMENTS. C. E. SLOVER-Cream cheese. E. W. CARPENTER-Notice, etc. Farmers' picnic today at Streets ferry. Governor Fowle passed down to Morehead City last. A good crowd passed down for the grand ball at the Atlantic last night.

Shipping News. The steamer Manteo of the O. D. line will sail today at 12 o'clock for Norfolk. The steamer Eaglet of the E. O. D. line arrived yesterday with a cargo of general merchandises and will sail this afternoon at 4 o'clock. Personal. J. W. Walker, Esq. of Durham, is in the city. Mr. F. G. Loops of Kinston, was in the city yesterday.

Not for Controversy. Our brother of the Wilmington Messenger is respectfully informed that no "ire" whatever has been aroused in the "owner of the New Bern Journal." We dislike to see our Southern writers imitating the example of Northern fanatics. There are writers North who write just as fluently as the editorial writer of the Messenger, and doubtless set up as much claim to purity of motives and honesty of purpose, but they are ever ready to traduce and slander the best and purest of our Southern men and write them down as men of "low moral character."

At a joint session of the Rough & Ready and Reliance Fire Companies the following resolutions as presented by the committee on condolence were unanimously adopted: Whereas, It has pleased Almighty God in His all-wise providence to remove from our ranks our much beloved fireman, and one who was a charter member of the Reliance Engine Company No. 1, viz: Limbo L. Lewis, who departed this life Monday, July 29th, 1889, therefore be it

Resolved 1, That whilst we bend in humble submission to the expression of Divine Will we sincerely deplore his loss as one not easily replaced, though we at the same time rejoice that our loss has proved his eternal gain. Resolved 2, That we regret his loss not only for ourselves, but for the citizens generally, who he was ever ready to assist in the hour of danger; also for the sake of his bereft widow and orphan children and especially his very sick daughter who by the mysterious working of an All-Wise Providence has been so suddenly deprived of their grandest earthly stay and protector.

Resolved 3, That we tender our warmest and heartfelt sympathy to his bereaved family, believing fully that the All-Wise Benefactor will surely "Temper the wind to the shorn Lamb." Resolved 4, That these resolutions be spread upon the minutes of both companies, published in the JOURNAL and a copy be sent to his bereaved family in token of our esteem and true appreciation of the deceased as a meritorious and worthy fireman.

The point we want to impress upon the directors of the Association is that of premiums, and the encouragement of county exhibits. We are of the opinion that the bulk of the premiums offered should be for county exhibits. A premium of at least \$200 should be offered for the best county exhibit; \$150 or \$175 for the second; \$125 for the third and \$100 for the fourth. Premiums of this kind will stir up an interest in the surrounding counties and will soon make the exhibits what the original intention was, viz: "Eastern North Carolina in a nutshell." Another building must be erected for the exhibition of fish, oysters, game, etc. The cemetery road will be completed which will greatly add to the facilities of getting to and from the grounds. The next Fair ought to and will far exceed the other in the variety and extent of exhibit, but it is about time to begin to plan for it.

Awful Suffering of Locked-Out Miners. CHICAGO, July 31.-Congressman Lawler and other members of the Business Men's Relief Committee left this morning with additional supplies for the half-starved locked out coal miners at Streator, Ill. A reporter talked with Mr. Georty, whose business in Streator has been well ruined by the miners' trouble. Mr. Georty has been in Milwaukee for some days, soliciting relief. "We have two carloads of provisions to distribute," said he, "but what will this amount to when divided among 6,000 starving miners, the majority of whom are married men with families. It will scarcely last two days for the poor fellows. The condition of the men is almost indescribable. I can truthfully say that many people are actually starving. Babies and children cry for bread and wallow in the muddy streets, but their mothers have become callous to their cries, and do not seem to mind. They say but little, and complaints are infrequent; they just keep quiet in their misery. A few are very proud and effect to be light-hearted, when they haven't a thing to eat in the house. I tell you it is horrible, and no one can realize the awful sufferings until he gets right in the midst of the misery. Business has gone to smash, and stagnation rules everywhere. Unless the miners are given work, or further relief comes, you will soon hear of some deaths from actual starvation."

The Seizure of the Black Diamond. ROTTORO, July 31.-A special dispatch to the Empire from Ottawa says: "The latest account of piracy by the United States in Behring Sea continues to be much discussed in official circles. A dispatch has been received at the Fisheries Department from Mr. Baker, M.P., giving additional particulars of the seizure of the Black Diamond. It seems she was seized when seventy miles from land. Mr. Baker says that a strong feeling of resentment and indignation has been engendered among the inhabitants of British Columbia by this wanton outrage, and that a meeting of the citizens of Victoria is to be held to express their indignation. This dispatch was under consideration by the Council yesterday. Until the official report is before the government no action can be taken, and the Minister of Customs accordingly telegraphed to the collector at Victoria to forward full particulars without loss of time. Collector Homly's reply was received by Hon. Mr. Bowell last evening, but it appears that the information which he has to give is no fuller than that already published.

OTTAWA, ONTARIO, July 31.-The report is untrue that the Cabinet is considering the Behring Sea matter. The Minister of Customs has telegraphed to Victoria, B. C., for a report of the affair. As soon as it comes to hand a strong remonstrance will be submitted to the Imperial Government. Sir John Thompson, Minister of Justice, this afternoon signed a warrant for the extradition of Burke, charged with the murder of Dr. Cronin at Chicago.

Unprecedented Rainfall at Danville. DANVILLE, July 31.-There has been an unprecedented summer rainfall in this section. The Dan river is up to the high water mark and is still rising. The bridge at Cascade, on the Danville & New River Railroad, has been washed away, and also bridges over Sandy Creek. The Atlantic & Danville track is submerged for several miles and much damage has been done. Several washouts are reported on the Virginia Midland road, between Danville and Lynchburg, and trains have been stopped. Trains from Washington are running by way of Richmond and thence by the Atlantic Coast Line. Crops of corn and tobacco on the lowlands are flooded and seriously damaged.
