DR. BROWN-SEQUARD'S elixir of life is an extract from parts of a guinea pig, and the elixir is administered by injection into the veins of the patient. At first the wonderful powers of the elixir were discredited in this country, but Dr. William A. Hammond has since been making experiments on the same line, with results that apparently confirm the value of Brown-Sequard-discovery. Dr. Hammond, however, will not draw any sweeping conclusions until his experiments have been continued further.—Charlotte Chronicle.

In his address at the dedication of the Pilgrim's monument Hon. Wm. C. P. Breckinridge gave expression to the following noble sentiment. "My countrymen, the chief merit of those to whose memory that monument has been erected was their loyalty to the truth as they saw the truth. This is the noblest attribute of man, that he can love truth supremely. The truth as we see it, to be loyal to that truth is our supreme duty. Reverence for the fathers means constant progress, not stagnation. To do and to believe as they did may be the worst and most unloving return for their toil. To be animated with their spirit, controlled by similar emotions and intent on noble objects, is true reverence."

LOCAL NEWS.

Ladies and gentlemen, go out and see the boys try 'em again this morning.

Another interesting game of baseball at the Fair grounds this morning at ten o'clock.

The New Berne boys have pluck; they will try Goldsboro again this morning.

The county commissioners are engaged this week in effecting a settlement with ex-Sheriff Stimson for the taxes for 1888.

Deputy David E. Barham took to the Eastern Insane Asylum yesterday Thomas Dennis and Frances Fisher. This is Dennis' third trip.

Capt. T. M. Southgate of the Manteo reports that he passed the cutter Stevens in North river on Monday. Lieut. Hand was smiling and waving good cheer in the direction of New Berne.

We have received several large sharks teeth which were taken out of the quarry up Trent river where rock is being obtained for the macadamized road. They are well preserved.

The steamer Kineton will leave her wharf between the O. D. wharf and Howard's shipyard Tuesday the 13th at day light for Neuse river landings and Kinston. Shippers will take notice and have their goods down on Monday the 12th.

The new delivery clerk, J. E. Hussey, had a rusk at the postoffice yesterday. A constant stream poured in all day. It looked as though the whole fifth ward was after mail and that they had just come in possession of some right that had been for a long time denied them.

Rev. C. W. Porter the blind piano tuner, says in his travels through the country he is very often asked if he does not want a light to see how to work on a piano, to retire, and on one occasion when he entered the pulpit at night to preach, the pastor instructed the sexton to raise the lights. He says it tends to show how thoughtless the people are.

Mr. Sam Dill received yesterday morning a present in the shape of an alligator, which he purposes placing in a pen on one of the salt marshes at Morehead and keeping him in good order and condition until the approaching Fair. He is nine feet in length and sufficiently ferocious to suit the average boy. His breakfast yesterday morning was a huge piece of beef for want of a boy of suitable size.

A horse hitched to the Atlantic hose carriage came dashing up Middle street yesterday afternoon, turned on the sidewalk and went headlong against the stone steps at Miles Frances Taylor's residence. He seemed to strike with force enough to have killed him at once, but after the carriage was taken from him and he was helped to his feet he did not appear to be hurt. A baby carriage near by with a baby in it narrowly escaped being run over.

The game at the Fair grounds yesterday was exciting and interesting. It will be more so this morning.

THE LADIES DELIGHTED. The pleasant effect and the perfect safety with which ladies may use the Liquid Fruit Laxative, Syrup of Figs, under all conditions make it their favorite remedy. It is pleasing to the eye and to the taste, gentle, yet effectual in acting on the kidneys, liver and bowels.

Mayor Williams' Communication.

Elsewhere will be found a communication from Mayor R. P. Williams, in which he propounds several questions for us to answer, which we will endeavor to do truthfully and sincerely.

In the first place we will ask Mr. Williams a question. Who narrowed the contest for the Presidency of the A. & N. C. R. down to Bryan and Simmons? Nine-tenths of the people along the line of the railroad from Goldsboro to Beaufort are urging Governor Fowle not to re-appoint Mr. Bryan; they do not attempt to narrow him down to Mr. Bryan or Mr. Simmons. While a great many intimate a preference for Mr. Simmons, yet they are satisfied to leave the matter with Governor Fowle, provided he will not re-appoint Mr. Bryan. Governor Fowle knows this. Mr. Williams for anyone else has a right to narrow the contest down to these two gentlemen.

"Where did Mr. Simmons stand in 1888?"

He stood as a candidate for Congress and had his hands full without joining in a fight against Mr. Clark. Mr. Simmons had friends who were opposed to Mr. Clark; Mr. Clark had friends who were opposed to Mr. Simmons. In our honest opinion Mr. Simmons was no more in opposition to Mr. Clark than Mr. Clark was in opposition to him, and we don't believe either opposed the other, however imprudent some of their friends might have been in the campaign.

Won't you admit that F. M. Simmons was the cause "of your getting about 600 votes less than Mr. Clark in 1888" by making a combination with Hahn and Hancock to do what they could?" etc.

Certainly and most emphatically we will not admit that Mr. Simmons is the cause of a thing that never existed. As it is not true that we received about 600 votes less in 1888 than Mr. Clark did in 1888, Mr. Simmons nor any one else can be the cause of it. For the information of our friend, the Mayor, we will state that in 1888 Mr. Clark received for the Senate 1,708 votes. In 1888 Nunn received for the Senate 1,545. (These figures we think are within a dozen of being true if not exactly true). Only 163 less, and this simply because the Coalition Republicans, it being a general election, did not support the Democratic portion of the ticket as they did in 1888. As evidence of this, compare the vote of 4th ward, 6th precinct, and Camp Palmer of 1886 with that of 1888. We are always ready and willing to stand on our record, Mr. Williams, but we object to your making the record unless you get nearer right than you have in the above.

"At the bottom of said article where you make your apology," etc.

As there is no apology at the bottom, top or middle of said article, we conclude that the Mayor had just been receiving an apology from a violator of the Sunday law and got a little muddled.

"Come out and admit that you are opposing Mr. Bryan because you think Hon. C. C. Clark favors him."

Friend Williams, you ought not to judge others, in all things, by yourself. So far from opposing a thing because Mr. Clark favors it, we say frankly and truthfully that we feel it an honor to be in accord with such a gentleman and the leaning is consequently in the other direction; that is to favor men and things because he does when we can consistently with our honest judgment.

Is Mr. Clark in favor of Mr. Bryan? We do not believe it. He may prefer Mr. Bryan to remain President of the road rather than see some other particular person put in, but that he is in favor of Mr. Bryan, per se, we do not believe it, nor shall we believe it until the statement comes direct from him.

"As you are well aware that as between Bryan and Simmons, leaving out the Rads, Bryan would get three votes to Simmons' one for President of the road."

On the contrary we are aware, and Mr. Williams in his heart believes it, that if the vote was taken in this county for the two men upon their merits, without "outside aid," Simmons would get at least five votes to his one. If left to a vote of the counties along the line of the road, viz: Wayne, Lenoir, Jones, Craven, Carteret and Pamlico, Simmons would get at least fifty votes to his one.

Your bad memory, Mr. Williams, concerning the vote of 1888 and 1888 will leave a great doubt upon the minds of the people as to whether you know "how things are."

The game at the Fair grounds yesterday was exciting and interesting. It will be more so this morning.

THE LADIES DELIGHTED. The pleasant effect and the perfect safety with which ladies may use the Liquid Fruit Laxative, Syrup of Figs, under all conditions make it their favorite remedy. It is pleasing to the eye and to the taste, gentle, yet effectual in acting on the kidneys, liver and bowels.

Baseball.

Promptly at 4 o'clock yesterday afternoon the baseball contest between the Goldsboro nine and the New Berne nine commenced at the Fair grounds, with W. W. Clark, Esq., as umpire and the Goldsboro nine at the bat. The contestants were as follows.

Goldsboro Nine.
King s. s., Thompson 2 b., Draughn, c., Kain p., Phillips 1. f., Lewis c. f., Howell 3 b., D. King r. f., Pearsall 1 b.

New Berne Nine.
Yates c., C. McSorley 1 b., Rhem s. s., Brinson 2 b., Neale 3 b., Clark 1. f., J. Manly p., Sweet c. f., J. McSorley r. f.

Goldsboro won by a score of 18 to 6. "To the victors belong the spoils," and the cheers that greeted their victory came alike from spectators and the New Berne Club.

The bearing on the field was manly and gentlemanly and nothing occurred to mar the pleasure of the occasion.

We trust that our Goldsboro friends will soon visit us again, and whether they come as champions of the national game or not they will be most cordially welcomed.

The contest will be renewed this morning at 10 o'clock. The grand stand will be in the shade and everything in good shape for visitors.

Things As They Are.
EDITOR JOURNAL:—I see in your paper of August 4th an article headed "On the Political Rack," in which you charge Mr. Washington Bryan with defeating Hon. C. C. Clark in 1888. But as the contest for President of the A. & N. C. R. seems to have narrowed down to Bryan and Simmons, please state where Mr. Simmons stood in 1888, and say if he and his friends were not with Mr. Bryan in the fight against Clark. In said article you admit Mr. Bryan to be a man of influence, but in said article you fail to say who was the cause of your getting about 600 votes less than Mr. Clark in 1888. Come to the front and stand on your record. Won't you admit that F. M. Simmons was the cause, by making a combination with Hahn and Hancock to do what they could to get the said Simmons to Congress, and he to help them to bond for the offices of Sheriff and Register of Deeds, which he failed to do. Don't you know that this combination caused the county to go Republican in 1888.

At the bottom of said article, where you make your apology, you say that you are determined to let the Governor know the sentiments of the people who are in a community of large stockholders. If that's your intention, come out and admit that you are opposing Bryan because you think Hon. C. C. Clark favors him, and not because the community is opposing, as you are well aware that as between Bryan and Simmons, leaving out the Rads, Bryan would get three votes to Simmons' one for President of the road.

By publishing the above you will be representing things as they are, and greatly oblige your friend,

R. P. WILLIAMS.
