PURE WINES AND LIQUORS for medicinal and other uses for sale by JAMES REDMOND. 1541m

We have read, with much pleasure, the review of North Carolina journalists in the Wilmington Messenger.

The farms of the Northwestern States, valued at about \$5,000,000, are mortgaged for near \$3,000,000,000.

GERMANY is excited over new and serious complications in Samoa. If war ensues look out for Victoria at the head of her regiment!

The total product of fisheries was returned for 1880 at \$23,405,018. The New England product is the most important and is estimated at \$10,014,645.

EX-ATTORNEY-GENERAL GARLAND has been appointed resident attorney of the Northern Pacific Railroad Company at a salary, it is said, of \$25,000.—Washington Post.

The value of the products of the woolen manufacturers for the year 1880 aggregated \$160,606,721. This is a little less than the value of cotton products for the same year, which was \$192,000,110.

It is a little surprising to know that the value of the nitro-glycerine manufactured in the United States is \$1,830,417, and the weight 3,039,722 pounds. Enough to blow up the continent.

A CHICAGO newspaper says: The forthcoming number of The Knights of Labor (newspaper) will say: The General Master Workman states that the present membership of the K. of L. is about 215,000.

The Treasury Department has issued a circular, stating that the appropriation made by Congress to supply the deficiency in the light-house keepers' salaries was insufficient, and that, therefore, the reduction of 4 per cent. will have to be enforced.

LET us all boom the Winston Fruit Fair that comes off August 21st and 22nd. Georgia boasts that her fruit growers will pocket \$5,000,000 this year. North Carolina can raise as much and as good fruit as Georgia, and the truth of this declaration will be demonstrated at Winston.

The contest today is not a contest between parties, but a contest between the people and the moneyed oligarchy that controls all departments of government, finance and transportation, and seeks to control even the private interests of the individual. It is the people against the power of concentrated wealth.—National Economist.

MONEY is power, and the concentration of money is the concentration of power. The taking of the money from the hands of the people and the concentrating of it in the hands of a favored class, by action law is not the transfer of power from the hands of the people into the hands of an oligarchy; it is a process of centralization, the final result of which is territoriality.

THE PENNSYLVANIA REPUBLICANS

are in Convention at Harrisburg. The platform endorses President Harrison's administration, and thanks Senator Quay by name for his conduct of the campaign of 1888. Harrah, for Harrison, Quay and Wanamaker, the Republican Triumvirate!

WHAT the voters of Virginia should keep always first and foremost in their minds when they go to the polls this fall, is that the only point on which they will be called upon to pass is whether the Democratic or Republican party shall rule. That is the only question to be determined, and that, in plain English, means simply whether the Whites or Blacks—the wealth and intelligence or our ignorance and shiftlessness of the State—shall be paramount.—Richmond Times.

LOCAL NEWS.

NEW ADVERTISEMENTS.
JOURNAL—Book-keeper wanted.
J. C. HARRISON—Sale of real estate.
R. N. DUFFY—Sewing machine oil.
F. C. ROBERTS—Stockholders' meet'g.

W. W. Lawrence, col., has been appointed deputy collector of customs.

The steamer Newbern, of the O. D. line, sails today at 12 o'clock for Norfolk.

J. E. Hussey has resigned his position in the postoffice and Riley Moore, col., has taken his place.

In a business local for Mr. Nelson Whitford in Sunday's issue of the JOURNAL there was an error. Country hams were quoted at 5 to 12 cents, when it ought to have been "N. C. hams from 5 to 12 pounds."

Off for Raleigh.
The Atlantic Fire Company left yesterday for Raleigh, about forty strong, including the band. The JOURNAL tossed an old shoe at them as they passed the office, and we predict for them good luck.

Personal.
P. H. Pelletier, Esq., and Mr. A. H. Powell returned from Carteret yesterday afternoon.

Miss Minnie and Miss Sallie Eaton are at Morehead City.

Geo. W. Koonce, Esq., of Jones county is in the city.

Geo. Green, Esq., of Jasper, is in the city. The bottom crop of cotton in his neighborhood he thinks is lost.

Messrs. W. J. Perry and Chas. H. Foy, farmers of Jones county are in the city.

Mayor's Court.
The Mayor called court yesterday at 11 a.m. and disposed of the following cases:

John Ominy, col., for violating chap. 8, sec. 8, of ordinances, was found guilty and discharged on payment of cost.

Joseph Idlet, col., was found guilty of violating chap. 5, sec. 4 of the city ordinances and fined \$5.00 and cost.

A case against Mary Menenall, col., was continued.

Local Politics.
There seems to be, we regret to say, a disposition on the part of some of Hon. C. C. Clark's friends to make an issue with all who disagree with that gentleman. When the editor of this paper expresses a preference for President of the A. & N. C. R. he is told that he is actuated by personal hostility to Mr. Clark. When a private citizen aspires to this position the public is told he is actuated in local affairs and has for the last two or more years, by personal hostility to Mr. Clark. All this is nonsense. Mr. Clark is entitled both to his opinions and his preferences, and so is every other gentleman of the community, and this attempt to make a personal matter out of these differences is ill-advised and a greater injustice to Mr. Clark than any one else.

We know nothing about the personal differences between Mr. Clark and Mr. Simmons and care less, but the attempt to misrepresent the position in 1886 of these gentlemen or either of them is a matter of public concern, because both of them were then, we believe, honestly trying to serve the people and the Democratic party.

The facts with regard to this contest are matters of common knowledge in this community and it is useless for any one to try to pervert them. In that case, as we understand it, Mr. Simmons said nothing on the stump for Mr. Clark and likewise Mr. Clark said nothing for Mr. Simmons. Mr. Clark said nothing against Mr. Simmons and Mr. Simmons likewise said nothing

THE DEVOURING FLAMES

Two Large Saw Mills and Seven Hundred Thousand Feet of Lumber Destroyed.

On Sunday morning last, the usual quiet of our city was disturbed by the alarm of fire coming from the bell at the railroad shops. The Atlantic engine, the New Berne being in the shops, hastened to the scene to find the large saw mill of Daniel Stimson enveloped in flames. The wind was from the right direction to take the flames across the lumber yard to the old mill which was also soon wrapped in flames.

The engine was planted between the railroad warehouse and Congdon's mill and put on all the streams she could command at that distance. Congdon & Son also laid a line of hose from their mill and did good service with their Donkey engine. The efforts of these saved the dry kiln and the lumber on that side of the street and also the warehouse of the A. & N. C. Railroad.

The mills and the lumber lying on the river side of the street, save what was removed during the fire, were completely destroyed, inflicting a loss on Mr. Stimson of at least \$40,000.

The origin of the fire, Mr. Stimson thinks, was carelessness on the part of the watchman, who left the mill at 6 o'clock. The fire was discovered at 7 and must have been burning at least half an hour when discovered.

Mr. Stimson had no insurance; the loss falls heavily on him, but not him alone; it is a great loss to the community. Not less than one thousand dollars per week has been put in circulation in this community by him for these several years. The hands that received it and the merchants that handled it will miss it.

Mr. Stimson has not decided to rebuild, but it is the wish of every good man in the community that he will rebuild as soon as possible. It is a fine mill and the location a splendid one. Had not the Board of Trade excluded saw mills from the list of factories, for which they have offered a bonus of one thousand dollars, we would say hand it over to Mr. Stimson as an inducement to rebuild.

Shipping News.
The steamer Annie of the E. C. D. line arrived Sunday with a cargo of general merchandise. The Eslet of this line sailed yesterday with a cargo of lumber, shingles, etc.

Thanks.
I hereby tender my thanks to the Fire Department and the citizens generally for their efforts to save my property from destruction at the fire on Sunday. Respectfully,
D. STIMSON.

THE LADIES DELIGHTED.
The pleasant effect and the perfect safety with which ladies may use the liquid fruit laxative, Syrup of Figs, under all conditions make it their favorite remedy. It is pleasing to the eye and to the taste, gentle, yet effectual in acting on the kidneys, liver and bowels.

Assassinated.
CHARLOTTE, August 9.—Robert Parker was assassinated yesterday morning at 6 o'clock, in his garden at Connelly Springs, just west of Hickory, N. C. The murderer is unknown as yet. He shot Parker from ambush and then fled. Parker leaves a wife and two children.

Seven years ago, in a drunken row near Monroe, Parker shot and killed a man named Stock. Parker was convicted of manslaughter and sentenced to eighteen months in the penitentiary, being pardoned before the expiration of his term. At the trial Stock's brother was heard to say that he would "kill Parker yet, if it took twenty years."

After Parker's release he moved to Matthews, near Charlotte, where he rose to considerable local political influence. While at Matthews an attempt was made to assassinate him. Being ambitious, Parker moved to Connelly Springs where there is a second rate college, and it is said he has been studying at the college. A telegram was received here late last night for bloodhounds with which to track the assassin.

ADVICE TO MOTHERS.
Mrs. WHELLOW'S SOOTHING SYRUP should always be used for children's teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

Earthquake.
SARATOGA, August 10.—A shock of earthquake of forty-five seconds duration was felt in the Adirondacks at 8:49 o'clock this morning. Dishes rattled and buildings shook in at least a dozen different places. The motion was from east to west. The noise accompanying the shock was very distinct and sharp. The shock was particularly hard at Warrensburg.

Buckley's Arnica Balm.
THE BEST BALM in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures piles or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by E. N. DUFFY.

THE BROWNS

Brown has a home full of girls and boys. They are healthy and full of noise. They are sprightly at work and bright at their books.

And are noted for smartness and wit and good looks.

Brown is healthy, his wife is fair, and their faces are free from wrinkles of care.

They spend no money for powders and pills.

And never a dollar for doctor's bills.

The reason is that they begin in the right place. Dr. Pierce's Golden Medical Discovery, by keeping the springs of life pure, the blood free from impurities, wards off all those diseases which spring from bad blood. The use of the "Discovery" prevents liver and kidney troubles, dyspepsia, consumption or lung scrofula, stomach and bowel troubles, and forestalls the beginning of disease. That is why the Browns are so healthy. It is also guaranteed to cure these ailments if taken in time and given a fair trial, or money paid for it will be refunded.

Wanted.
AN ASSISTANT BOOK-KEEPER—must have some experience and be willing to do other work about a general store and outside.

Salary small. Apply by mail under "Assistant" to
