TANNER must go. Even Harrison, Blaine and Wanamaker can't stand him.

SPRINKING of Protection which does not protect, the influence of the London police must not be overlooked.

THE storm along the coast line continues. What damage has been done, or will be done, of course cannot be ascertained.

JUDGE FLEMING, the Democratic candidate for Governor of West Virginia, has been found to have received 214 votes more than his competitor General Goff.—News and Observer.

THERE are over 600 one-armed men in the state of New York, and not over twenty of them were crippled in the war. The railroads and saw mills are responsible for the rest.—Exchange.

GOV. LEE says he thinks arrangements will be made to unveil the Lee equestrian statue early in December, possibly by the 5th; that the statue is now being cast in bronze in Paris.

IT is predicted that there won't be a Shaker or Quaker left in the United States twenty-five years hence. It is too inconvenient to try to be different from one's fellow men.—Detroit Free Press.

A BUEGLER who was captured by a woman at Elizabeth, N. J., says he could have broken loose from two men. She got him by the hair and bang on, and nothing he could do would shake her off.

EX-SPEAKER CARLISLE thinks the issue for 1892 will be Tariff Reform, and that Grover Cleveland will be the Democratic candidate for President. This is the guess of a long-headed statesman.—Norfolk Virginian.

PEOPLE who have any doubt as to the way the negroes will vote this fall may read the signs in Langston's letter of capitulation. The negroes will all vote for Mahone and, in our opinion, this ticket will get the largest negro vote polled since 1852.—Danville Register.

SPRINKING of Major Hughes, the Wilmington Messenger says: "All we know of him as a man, as a citizen, as a Democrat, as a leader in his branch of the Christian Church, into his honor and fame. We share with those who knew him as a friend in their regret in the loss to the State of such a man."

IT is now stated openly that John E. McLean, of the Cincinnati Enquirer, is in the race for United States Senator before the Ohio Legislature which will be elected in November. This announcement adds fuel to a campaign that has already given promise of a large volume of vim.—Durham Daily Globe.

PENSIONS are granted to soldiers disabled in the line of duty, as monuments are erected to brave soldiers upon the field of their bravery. But no American soldier was braver or more effective in any battle of the revolution than Benedict Arnold in the final struggle with Burgoyne. Should we, therefore, build a monument to Arnold at Saratoga? No previous service can condone his crime or commend him to respect. How, then, can the good service of a union soldier obliterate dishonorable discharge?—Harpers Weekly.

LOCAL NEWS.

NEW ADVERTISEMENTS
E. WHITMAN—Pilsener beer, etc.

A colored Disciples Church has been organized in the city.

Yesterday was a lucky day with the fishermen. Several boats came in, having made large hauls.

Williams' ink factory is now in operation. The first barrel of ink sold was shipped to the public schools of Richmond, Va., yesterday.

Invitations are out for the marriage of Miss Sarah Dudley, daughter of E. R. Dudley, a prominent colored man of this county, to Rev. C. C. Petty, next Thursday morning at Ebenezer Presbyterian church.

Col. W. H. Owens of the War Department, Washington City, was in the city yesterday and examined the macadamized road, and formally received it. He complimented the contractor, Mr. T. E. Wallace, of Wilmington, on the excellency of the work.

A large fishing canoe was stolen from J. H. Slade, a huckster at the market, several nights ago, and was carried to North river, near Beaufort and sold for about \$8.00. Mr. Slade went in search of his boat, found it and recovered it by paying half the purchase money. The thief has not been captured.

Mayor's Court.
The following case was disposed of yesterday:

Emanuel Kennedy, larceny, sent to jail. He left a rubber coat at the police station which it is supposed was stolen.

Annual Meeting of the Y. M. C. A.

A large number of young men were present at the annual meeting of the Young Men's Christian Association last night and much interest was developed. We are in hopes that the spirit infused in the Association for a short period back may only be increased to that point of accomplishing the great work that lie within its power. The early hour of our going to press prevents giving any further particulars than the election of officers for the ensuing year was as follows: President, E. E. Harper, Vice, D. S. Willis; Secretary, Dr. J. D. Clark; Treasurer, Willie Rountree.

Gov. Fowle's Appointments.

In common with a majority of the people of this section of the State we render to Gov. Fowle sincere thanks for his action in the matter of the A. & N. C. Railroad. The directors appointed on the part of the State will compare favorably with any of the worthy gentlemen who have held the position in the past. It is a matter of congratulation to the State and the stockholders of the road that Mr. W. S. Chadwick has been elected President. A successful business man and a gentleman who wins his way to the confidence and esteem of his fellow men he will render the road profitable and render it a pleasure to have business with his office. We hail his election as an omen of good, and pledge our best efforts to make his administration a successful one. Governor Fowle gave evidence of his wisdom when he made a distinguished citizen of this city the State proxy, and appointed the directors, on the part of the State, from the counties contiguous to the road. The appointment of Mr. Manly as proxy, and those gentlemen as directors will give many friends to Governor Fowle. The directors did well in filling other official positions. The re-election of Mr. Roberts secretary and treasurer, and the election of Mr. Clark, as Attorney gives universal satisfaction and reflects great credit upon the road. The directors selected by private stockholders are in the highest degree satisfactory to all concerned. In a word, a justification is in order. Not to triumph over the defeated, but to rejoice over the prospects that spreads out before us.

TO DISPERSE COLDS.

Headaches and Fevers, to cleanse the system effectually, yet gently, when colds or bilious, or when the blood is impure or sluggish, or permanently cured habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, use Syrup of Figs.

STOCKHOLDERS' MEETING.

In addition to that portion of the proceedings published in the JOURNAL yesterday, we now give the remainder.

The report of President Bryan, which was full and comprehensive, was read and adopted. We hope to give the report entire in a few days.

The reading of the reports from the different departments was dispensed with.

On motion of Mr. Clement Manly all Press representatives present were requested to take seats on the stand at a table and act as honorary secretaries.

A motion by Hon. F. M. Simmons to amend sec. 4 of the by-laws by striking out the words "appointed by chairman," and insert "elected by stockholder," was carried.

The following resolution, with a preamble, was introduced by Mr. J. A. Bryan relative to the extension of the A. & N. C. R.:

Resolved, That it is the sense of this meeting that the A. & N. C. R. should be extended to some point on the Cape Fear and Yadkin Valley Railroad so as to become a part of that system, or to such other point or points in the interior of the State as may be deemed for the best interest of the people along its line and for the State generally.

Resolved, That the A. & N. C. R. R. extended into the interior of the State with quick and efficient water transportation at New Berne or Morehead City to Western points, would be as it now is, the key to the railroad situation of North Carolina, enabling its owners and controllers to fix the rate of freights from said Northern points to many of the points in North Carolina now reached by other roads traversing the State, and therefore that the State should never part with its stock in said road unless to a corporation composed of parties identified with and personally interested in the industrial and commercial development of the section through which it runs, and then only upon the expressed condition that it should never be transferred, sold, turned over or in anywise placed under the management or control of any corporation whose line of railway crosses the State in a north or south direction.

Resolved, That the Governor of the State is hereby requested to aid with his advice and influence such committee or committees as may be delegated by the people of this section to petition the next General Assembly to authorize the A. & N. C. R. Co. to extend its line into the interior of the State upon such terms as may be satisfactory to and agreed upon by the private stockholders.

Resolved, That the secretary of this meeting forward a certified copy of these resolutions to His Excellency the Governor of North Carolina.

After reading it Mr. Bryan made an earnest appeal for its passage. Hon. C. C. Clark spoke in eloquent terms of the plan and wished it God-speed, but thought that the preamble should be omitted, that it might be abbreviated and better understood before its adoption. Mr. Bryan accepted the amendment.

The State proxy requested not to be asked to vote on the question if immediate action was to be taken. His remarks on this line indicated a highly conservative course on the part of Gov. Fowle. He said that the State and the private stockholders felt kindly to Mr. Tucker for the interest he manifests in the road, and that Mr. Tucker being a large stockholder of the company, he could but feel that his interest was allied to the counties and people of Eastern North Carolina who had so much at stake in the proper management of the road. When all pull together it will be a day of triumph for the road, for the people and industries along its line.

Mr. Washington Bryan moved that the resolution be printed and distributed among the stock holders and submitted to the Governor. He thought it best that it should be postponed awhile until it would be considered and better understood. Mr. Simmons spoke in hearty accord of the movement and thought it highly important.

Major R. S. Tucker next made a few remarks stating that he had been misrepresented in various ways in regard to his position in Eastern North Carolina. He also deemed it prudent that this resolution should be postponed to some future date. After some further discussion by Col. Hinesdale and a few others, it was decided that it be published as formerly stated and submitted to a called meeting of the stockholders to be held in the city of New Berne on the 3d Thursday of November next.

After a few appropriate introductory remarks on the death of Major John Hughes, H. R. Bryan Esq., offered the following resolution on the death of that honored gentleman:

Whereas, We, the stockholders of the Atlantic and North Carolina Railroad company have heard with profound sorrow of the death of Major John Hughes, a former President of this company. And whereas it is meet and proper that we should express our appreciation of his services and deep regret at his demise, therefore be it

Resolved, 1st, That as President of this company, Major Hughes was faithful in the discharge of his duties, and

ever alive to the best interest of the corporation.

2d, That in his death, the State has lost a wise, conservative and patriotic citizen, and this company, a stockholder, the memory of whose many virtues will be ever cherished.

3d, That a copy of these resolutions be sent to the family of the deceased.

After their adoption Major Tucker in a few remarks paid a beautiful tribute to the deceased, and Mr. M. A. Gray moved that they be sent to the bereaved family and that they be published in the New Berne JOURNAL, Atlantic Seaside, Kinston Free Press, Goldsboro Argus, Wilmington Messenger and Raleigh News and Observer and Pamlico Tribune. Carried.

Mr. Washington Bryan offered the following resolution on the New Berne Fire Department which was carried:

Resolved, That the thanks of the stockholders of the A. & N. C. R. R. Co. are hereby tendered to the New Berne Fire Department for the valuable services performed in saving the property of this Company at the late fire on Neuse river in New Berne, and that in our belief the preservation of the Company, extensive property on Neuse river is due to the efforts of the New Berne Fire Department.

On motion of Mr. Manly it was resolved that future annual meetings be held on the third Thursday in July of each and every year. Meeting adjourned.

NORTH CAROLINA NEWS.

From the State Papers.

Elizabeth City Carolinian: It is with a saddened feeling that we announce the death of one of our bright and promising young men, C. L. Biddle, Esq., which sad event occurred after an illness of over five weeks, at his room in the Albemarle House at two o'clock on Saturday morning last. He was born and reared in Chatham county, this State, and after graduating at Chapel Hill and admission to the bar, located here about five years ago to practice his profession.—Interviewing a number of our farmers during the past week, the general opinion expressed in relation to the crops was that it will be at least an average one. The fair weather has had a decidedly good effect on the cotton.

Wilmington Star: At the champion compress yesterday out of about three hundred bales of cotton stored in one of the warehouses, it was noticed that there were perhaps a dozen bales in pine fibre bagging, and three or four in cotton bagging. All the other bales were covered with jute bagging. It is probable, however, that as the season advances more of the Alliance bagging will be used.—A colored man who came here recently from Rocky Point and secured employment at the Hilton Mills, was killed yesterday morning by a piece of strip from the edging-saw, which struck him in the stomach. The unfortunate man was named Thomas Lewis, and leaves a wife and one child in this city.

N. C. Insane Asylum.

RALEIGH, Sept. 12.—The Board of Directors of the Insane Asylum met today and elected Dr. W. E. Wood, of Scotland Neck, Superintendent. Dr. J. R. Fearall, of Fayetteville, was elected assistant physician. It was decided that the term of the steward, Crawford, should be continued until March next.

The selections by the Board give general satisfaction here.

IT WON'T BAKE BREAD.—In other words, Hood's Sarsaparilla will not do impossibilities. Its proprietors tell plainly what it has done, submit proofs from sources of unquestioned reliability, and ask you frankly if you are suffering from any disease or affection caused or promoted by impure blood or low state of the system, to try Hood's Sarsaparilla. The experience of others is sufficient assurance that you will not be disappointed in the result.

Yon sturdy oak whose branches wide Boldly the storms and winds defy, Not long ago an acorn, small, Lay dormant 'neath the summer sky. Not unlike the thrifty oak in its germ, development and growth, is consumption. But even this mighty foe of mankind positively yields to the wonderful curative properties of Dr. Pierce's Golden Medical Discovery if taken early. Don't be blind to your own interests and think yours a hopeless case. This remarkable remedy has rescued thousands. It is the only medicine of its class, sold by druggists, under a positive guarantee that it will benefit or cure in all cases of disease for which it is recommended, or money paid for it will be promptly refunded.

The Storm.

Further reports from the great storm on the North Atlantic coast show that it was of an unprecedented character, and that there has been great destruction of life and property. The Delaware coast is lined with wrecks of vessels, and the loss of life will reach nearly one hundred. Atlantic City was nearly swept away, and many narrow escapes from drowning are reported; the property loss is estimated at not less than \$150,000, and months will elapse before the city can recover from the effects of the storm.

Get rid of that tired feeling as quick as possible. Take Hood's Sarsaparilla, which gives strength, a good appetite, and health.

A Rare Chance For Some One.
