It is not well for a man to pray cream and live skim milk.

"BETTER be small and shine, than be great and cast a shadow."

NEVER suffer your goods to become your God.—Spurgeon.

ALWAYS hold fast to love. We win by tenderness, and conquer by forgiveness.—F. W. Robertson.

ONE of the best things in the gospel of Jesus is the stress it lays on small things. It ascribes more value to quantity.—Jas. F. Clarke.

HUMILITY is to make a right estimate of one's self. It is no humility for man to think less of him self than he ought, though it might rather puzzle him to do that.—Spurgeon.

THERE is no key to these dark letterings; we cannot trace them through our blinding tears; here we have only partial links. But He has the whole chain unbroken in His hand, and this we know—it is enough for us; nothing comes wrong that comes from Him.—M. C. Duff.

SENATOR INGALLS and Plumb are at loggerheads with General Harrison's Indian Commission over the superintendency of Haskell Institute. In truth, every one of much account in the Republican party seems to be at odds with the Presidential coterie about something.—N. Y. Star, Dem.

A SHADOW has fallen upon your household. But it is the shadow of the One who came to give as he came to take, the shadow of him whose shadow is light. God sometimes washes the eyes of his children with tears, that they may see the more clearly to read aright his commandments.—Cuyler.

LET us try to throw a little sunshine into some life every day. It is so easy to make others thankful for having met us on the street, for having ridden beside us in the car, or for having had business to transact with us. A grateful memory of our society is not hard to inspire; and every cause to remember us with pleasure is the cause of comfort and happiness in some other life.—Exchange.

The present Queen of Madagascar at her coronation said: "I tell you that I place my kingdom under the protection of God, for I know that it is governed by dependence upon God that is true and has strength and progress. Go forward in wisdom that the glory of this kingdom may increase. Remember, that it is righteousness that exalts a nation, and that the fear of God is the beginning of wisdom."

You may hammer ice on the anvil, or pry it in a mortar. What does it become, ice still, except for the little portion melted by heat of passion, and it will soon con-

geal again. Melt it in the sun, and it flows down in sweet water, which mirrors the light which loosed its bonds of cold. So, hammer away at unbelief with your logical sledge-hammers, and you will change in shape perhaps; but it is none the less unbelief because you have ground it to powder—the fire of God's love, brought close by a will, ablaze with the sacred glow.—Dr. Alex McLaren.

An Illinois syndicate that had the contract for building the Texas State House has been fined \$64,000 for importing sixty-four foreign laborers in violation of the Federal statute. As the syndicate has in its membership a United States Senator and a member of the House, an arrangement was affected between the attorneys in the case by which the fine is not to be paid pending an appeal of the case to the administration at Washington. That is peculiar. What can the President do? The result of the negotiations at Washington will be looked for with interest.—Phil. Record, Dem.

NOT the great things, but the little things of one's doing in life give the true indications of character. In the doing of great things full energy is summoned and special care is exerted, thus affording the best possible opportunity for the display of unnatural and unhabitual grace, benevolence and virtue. But in the doing of little things one's ordinary character is at work without hypocrisy or thought of creditable effect. How often we forget the truth; and yet how accurately our acquaintances, dismissing our great deeds with but little notice, and gazing upon our inner character through the windows of our little acts, estimate us at our real worth!—Richmond Times.

The marsh hen reporters of the Wilmington papers have been let alone by us as long as we can stand it; they have published stories that made us green with envy. We will say now that we have a stock of sporting yarns on hand that has been accumulating for some time, and if these marsh hen stories are not discontinued we will let go something that will paralyze 'em.

Determined to Use the Law.

Cutting Affray.
A fight at West End yesterday afternoon between Asa Nelson and Jake Davis, both colored, caused some excitement. They had had a dispute about a year ago, which was not entirely forgotten, and a few drinks yesterday stirred up the old grudge. They renewed the quarrel, which led to a fight. Nelson cut an ugly gash in Davis' head with a knife. Davis was taken to Dr. Leinster Duffy, who attended to the wound, while Nelson made tracks for his home in the country. A warrant was issued for him.

A Good Appetite
is essential to good health; but at this season it is often lost, owing to the poverty or impurity of the blood, derangement of the digestive organs, and the weakening effect of the changing season.

Hood's Sarsaparilla is a wonderful medicine for creating an appetite, toning the digestion, and giving strength to the whole system. Now is the time to take it. Be sure to get Hood's Sarsaparilla.

NORTH CAROLINA NEWS.

From the State Papers.

It is gratifying to learn that the colleges of the State have all opened with good attendance. The prospects for some are flattering.

Mr. Julian S. Carr, president of the North Carolina Confederate Veterans Association, announces Wednesday, October 18, as the time for holding the convention at Raleigh. This is Wednesday of State fair week.

Clinton Caucasian: The mail facilities are wretched. Every Caucasian was in the Clinton office on last Thursday before 5 o'clock a. m. Yet we have received complaints from twenty places that the papers did not arrive on time.

Henry Winford, a boy only 12 years of age, is sentenced to be hanged in Salisbury, October 25. He assaulted an old widow lady in Rowan county last March. It is stated that it was only his extreme youth that saved him from being lynched at the time.

The Durham Sun says that last year the sale of stamps in that town aggregated \$538,048.42. This year—for year ending August 31, the sales amounted to \$553,395.95—an increase of \$15,347.53, and representing an increase in manufactured tobacco of 1,454,331 pounds.

Greenville Reflector: It is reported that snow fell near Keelsville, this county, on the 24th of August. We have heard it vouched for by responsible men.—Tobacco has been made in Pitt county this year that will readily bring one dollar per pound. More of our farmers should cultivate it.

News and Observer: We are pleased to note that the number of students at the University is already 180 which is an increase.—The Bingham School opened on the 11th more strongly than ever before in its history. A new feature for a North Carolina school was a through car from Texas containing twenty-six pupils from that State.

Raleigh Progressive Farmer: Any farmer in the State who wishes to cultivate one acre or more in clover or grass, and who will write to Capt. B. P. Williamson, Raleigh, N. C., inclosing stamp and describing land, will receive a reply to his inquiries. We thank Capt. Williamson on behalf of our farmers, for his generous consent to give them the benefit of his large and successful experience in raising grass and clover.

Snow Hill Baptist: Mr. Clayton Edwards, a good and worthy citizen of Hookerton, died last Monday after a few days.—Mr. Richard Heath, of Old's township, says that he has found poke root to be splendid for hog cholera, at any rate he used it with marked success. He says the root must be boiled, and a strong tea made from it, then put the food intended for the hogs into the tea and let them eat it.

Bayboro Tribune: W. T. Cabo, Esq., has several letters from capitalists desiring to purchase land in this section, from one who wants to purchase six hundred thousand acres.—Five accessions to the Missionary Baptist church at this place on last Sunday night.—Prof. W. E. Wilson, who has been elected Principal of the Pamlico Male and Female Institute, arrived last week with his family. School will open next Monday the 16th.

Is It You, Reader!
The Young Men's Christian Association in this Christian land of ours is a most powerful weapon to fight the battle of faith, and bring young men into the advancing church of today.

It can do what the Sunday-school or the church, or the home cannot do.

Our Association in this city was once in a flourishing condition. Many of our best and brightest young men attended its Sunday afternoon meetings, and frequented the reading-room. What has caused the change?

Let me ask that you, dear reader, lift your thoughts above, turn them from earthly to eternal things.

Is it not the duty of the professing Christian mothers, so many of whose hopes are centered in their sons, to see that they take an interest in this great and useful institution, organized for their immediate good and future happiness?

Ought not high-minded, noble spirited, Christian young men to make the resolution that they will lend a helping-hand to turn the wheel of enthusiasm, now being turned by a few active members.

May God help us in our efforts!
Who denies that the liquor-saloons, every day helping, to damn the souls of our young men, are places around which many vices dance in wildest dissipation?

Who denies that our Association by the power of the Holy Spirit can change this style of things?

Who denies that in order to accomplish the high purposes for which we are organized that there must be unity of purpose and action—for in union there is strength?

Let us then rally around the cross of Christ, and, having put on the whole armor of God, do our part for Him who did the shameful death of the cross that we might enjoy happiness here and life hereafter.

Is it you, reader, that the Y. M. C. A. calls to the name of the son of the living God, to the high office and the glorious privilege of aiding in bringing your friends to a better knowledge of the Saviour of men? Let your conscience answer.

Come, we beseech you, to the Association meetings and do all in your power for this salvation of immortal souls.

"What doth it profit, my brethren, though a man say he hath faith and have not works? Can faith save him?" J. S. T.

A peculiarity of Hood's Sarsaparilla is that while it purifies the blood, it imparts new vigor to every function of the body.

FROM LAST NIGHT'S PAPERS.

Mr. Cox's funeral in New York, yesterday, was largely attended, notwithstanding the rain was pouring in torrents.

Cardinal Manning made definite proposals yesterday to the directors of the Dock companies in London, for a settlement of the strike, which, it believed will be accepted.

Reports from the great storm continue to come in, and there is much addition to the losses already mentioned. Rain still continues from Norfolk to Boston, the heaviest fall being experienced in New York, 2.46 inches in twenty-four hours. Waterloo, a summer resort on Delaware bay, is entirely submerged, and of twenty cottages in the place only one remains. Many additional vessels are reported lost.

TO DISPEL COLDS.

Headaches and Fevers, to cleanse the system effectually, yet gently, when colic or bilious, or when the blood is impure or sluggish, to permanently cure habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, use Syrup of Figs.

Ruby's Letter.

A letter from Mr. J. W. Ruby, Union City, Ind., says: "I have used your Clarke's Extract of Flax (Papillon) Cough Cure and find it a complete cure for deep-seated cold. It has done more than two of our most skillful physicians. My children had the whooping cough and with the aid of your Cough Cure they had it very light compared with neighbors' children who did not take it. I believe it to be the best cough cure in the market." So it is. A large bottle only \$1.00. Clarke's Flax Soap for the Skin. It leads them all. Price 25 cts. Cough Cure and Soap for sale by F. S. Duffy, Druggist.
